Report of Independent Auditors

To the Plan Administrators of the
Michigan Sugar Company 401(k) Savings Plan
Bay City, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Michigan Sugar Company 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Michigan Sugar Company 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Michigan Sugar Company 401(k) Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Michigan Sugar Company 401(k) Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Michigan Sugar Company 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Michigan Sugar Company 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Michigan Sugar Company 401(k) Savings Plan

Notes to Financial Statements

December 31, 2025

1. Description of Plan

The following brief description of the Michigan Sugar Company 401(k) Savings Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information of the Plan's provisions.

General

The Plan is a defined contribution plan of Michigan Sugar Company (Company) for the benefit of eligible employees of the Company. The following groups are eligible to participate in the plan as follows:

- Local Nos. 260-G (including 259-G, as this Local was combined with 260-G in 2015), 261-G, and 262-G, Bakery, Confectionery, Tobacco Workers & Grain Millers, AFL-CIO-CLC (Michigan Union) regular rated employees become eligible on their regular seniority date with the Michigan Union. Packaging and warehousing and intercampaign employees become eligible to participate in the Plan after six months of service.
- Local 263-G, Bakery, Confectionery, Tobacco Workers & Grain Millers, AFL-CIO-CLC (Bay City Union) regular rated, packaging and warehousing, or intercampaign employees become eligible to participate after completion of one hour of service.
- Local No. 19, Bakery, Confectionery, Tobacco Workers & Grain Millers, AFL-CIO-CLC (Ohio Union) employees become eligible to participate after 12 months of continuous service.
- Non-union employees become eligible to participate after completion of four months of service.

Effective March 1, 2019, AmCane Sugar, LLC (AmCane) became an adopting employer of the Plan with respect to its non-union employees. AmCane was dissolved in 2020 and certain employees became employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Plan Administration

The Plan is administered by the Michigan Sugar Company Retirement Plans Committee, which is appointed by the Company. As of January 1, 2025, Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (Principal) became the third-party administrator and trustee of the Plan. All Plan investment and asset balances were transferred to Principal in January 2025. Vanguard Fiduciary Trust Company was the trustee for the Plan during 2024.

1. Description of Plan (continued)

Contributions

Eligible employees can contribute up to the maximum percentage of compensation and dollar amount permissible under the Internal Revenue Code (IRC). Roth and catch-up contributions, for those eligible, are allowed under the Plan.

The Plan includes an auto-enrollment provision whereby all newly eligible Bay City Union, Ohio Union, non-union, or salary employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled Bay City and Ohio Union participants have their deferral rate set at 5% of eligible compensation. Automatically enrolled non-union and salary employees have their deferral rate set at 6% of eligible compensation. Auto-enrollment does not apply to Michigan Union employees.

The Company provides discretionary matching contributions to non-union employees equaling 40% of a participant's eligible contributions up to a maximum of 6% of the participant's eligible wages. In addition, qualifying non-union employees also receive an additional discretionary defined contribution of 5% for employees age 46 and under, 10% for employees age 47 to 59, and 11% for employees age 60 and over. The Company has elected to classify 3% of these contributions as safe harbor.

Union employees receive a Company contribution based upon their respective collective bargaining agreement. The participant contributions and the Company contributions may be allocated to various investment options as the participant directs.

Vesting

Participants are always vested 100% in their contributions and related earnings. Non-union participants vest in the Company's discretionary contributions and related earnings based on years of service and a two-year vesting schedule (previously a five-year schedule before 2025). Safe harbor contributions are immediately 100% vested. Union-member participants are fully vested in company contributions immediately upon entry to the Plan.

Benefits

Upon retirement, death, disability, or termination of service, a participant (or the participant's beneficiary in the event of death) may elect to receive a lump-sum, installment, or partial distribution related to the participant's vested account balance.

1. Description of Plan (continued)

Benefits (continued)

Hardship withdrawals and distributions to participants over 55, 59 ½, or with five years as an active participant, are also permitted in certain circumstances, as defined in the plan document.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer contributions, as well as the participant's share of the Plan's income and any related administrative expenses. Allocations of income and expenses are based on the proportion that each participant's account balance bears to the total of all participant account balances or account balances, as defined.

Notes Receivable from Participants

Participants shall be permitted to borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. Such loans are secured by the balance of the participant's account and shall be charged an annual prevailing rate of interest. Such loans shall be fully repaid on or before five years from the date of disbursement.

Forfeitures

Forfeitures may be used in any permissible method, such as to reduce Company contributions, or pay Plan expenses. Forfeited nonvested accounts totaled \$16,214 as of December 31, 2025 and \$39,640 as of December 31, 2024. The Plan used \$84,196 in forfeitures in 2025 to pay administrative expenses and fund reissued checks. The Plan used \$23,483 in forfeitures in 2024 to pay administrative expenses and fund reissued checks.

Administrative Expenses

The Company pays certain administrative expenses related to the Plan; such expenses are excluded from these financial statements.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

2. Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrators to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation

The Plan's mutual funds are valued by obtaining quoted market prices on nationally recognized security exchanges. The money market fund is valued at cost, which approximates fair value. The common collective trust funds are stated at estimated fair value based on the net asset value of the participation units in the fund as a practical expedient. There are no lock-up periods, redemption restrictions, or unfunded commitments associated with the common collective trust funds.

Participant notes receivable are valued at cost which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Income Recognition

Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent Events

Plan management has evaluated subsequent events through September 1, 2026, the date the financial statements were available to be issued.

3. Information Certified by the Plan's Trustee - Unaudited

The Plan's financial information and data was certified by Vanguard Fiduciary Trust Company during 2024, and by Principal during 2025, the Plan's trustees, in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the investment balances, notes receivable from participants, dividend and interest income, interest income on participant notes receivable, and net appreciation (depreciation) in fair value of investments included in the financial statements and supplemental schedule were obtained from data that has been prepared and certified as complete and accurate by the trustees. This certified information has not been audited by independent auditors.

4. Fair Value Measurements

Accounting standards require certain assets and liabilities to be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value. In determining fair value, the Plan uses various methods including market, income, and cost approaches. Based on these approaches, the Plan often utilizes certain assumptions that market participants would use in pricing the asset or liability, including assumptions about risk or the risks inherent in the inputs to the valuation technique. These inputs can be readily observable, market corroborated, or generally unobservable inputs.

The Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. Based on the observability of the inputs used in the valuation techniques, the Plan is required to provide the following information according to the fair value hierarchy. The fair value hierarchy ranks the quality and reliability of the information used to determine fair value.

Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

Level 1 – Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2 – Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3 – Significant unobservable inputs that reflect a company's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

Notes to Financial Statements

4. Fair Value Measurements (continued)

For the years ended December 31, 2025 and 2024, the application of valuation techniques applied to similar assets and liabilities has been consistent.

In instances whereby inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 86,979,673	\$ -	\$ -	\$ 86,979,673
Total investments in the fair value hierarchy	\$ 86,979,673	\$ -	\$ -	86,979,673
Common collective trust investments measured at net asset value as a practical expedient				9,959,580
Total investments				\$ 96,939,253

	2024			
	Level 1	Level 2	Level 3	Total
Money market	\$ 39,640	\$ -	\$ -	\$ 39,640
Mutual funds	79,289,895	-	-	79,289,895

Investments measured at net asset value				7,806,202
Total investments				\$ 87,135,737

5. Party-in-Interest Transactions

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others.

Michigan Sugar Company 401(k) Savings Plan

Notes to Financial Statements

December 31, 2025

5. Party-in-Interest Transactions (continued)

The Plan paid investment and administrative fees to the trustees or their affiliates (i.e. The Vanguard Group, Inc./Principal Life Insurance Company). The trustee or its affiliates manage certain investments held by the Plan, therefore, these transactions qualify as party-in-interest. In addition, Rehmann Financial previously provided financial consulting for the Plan. Effective in March 2024, Creative Planning, LLC began assisting the Plan with investment advisory and fiduciary responsibilities and is considered a party-in-interest. Participant notes receivable are also considered parties in interest under the Plan. The auditor is also considered a party-in-interest for audit services provided to the Plan.

6. Plan Termination

Although it has not expressed any interest to do so, the Company has the right under the Plan to discontinue its contributions at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, all participants would become immediately vested and would receive the balance in their account.

7. Federal Tax Status

The Plan obtained its latest determination letter dated June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Generally, tax years 2022 through the current year remain open to examination. The Plan does not believe that the results from any examination of these open years would have a material adverse effect on the Plan.

8. Risks and Uncertainties

The Plan provides for investment options in various investment securities. Investment securities are exposed to various risks, including interest rate, market, liquidity, and credit risks. Due to the level of risk associated with certain investment securities and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is reasonably possible that changes to the value of investment securities in the near term could materially affect the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.
