Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **FORVIS MAZARS, LLP**

(2) EIN: **44-0160260**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		5000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	☒		
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)			
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the financial statements of Grinnell Mutual Retirement Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2025 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025, and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the "Auditor's Responsibilities for the Audit of the 2025 Financial Statements" section:

- The amounts and disclosures in the accompanying 2025 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2025 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the “Auditor’s Responsibilities for the Audit of the 2025 Financial Statements” section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the “Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements” section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2025 Supplemental Schedules Required by ERISA

The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2024 Financial Statements

Predecessor auditors performed an audit of the 2024 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated August 27, 2025, indicated that (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedules, other than the information in the 2024 supplemental schedules that agreed to or was derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of the Plan

General

The following description of Grinnell Mutual Retirement Plan (the Plan) provides only general information. Additional information about the vesting and benefit provisions and the Pension Benefit Guaranty Corporation's (PBGC) benefit guarantee is contained in the Plan Document and *Summary Plan Description*, which are available from the Plan Administrator.

The Plan is a non-contributory defined benefit plan sponsored by Grinnell Mutual Reinsurance Company (the Company) covering eligible employees hired on or before December 31, 2010. Employees were eligible to participate upon completion of one year of service and attaining age 21. Participants were given a one-time option of continuing to accrue benefits under the Plan or freeze their benefit accrual and be eligible to receive additional Company contributions in the Company sponsored defined contribution plan. The Plan covers substantially all employees of Grinnell Mutual Reinsurance Company, a participating employer. Effective January 1, 2011, the Plan was amended to freeze entry to new employees hired or rehired after the effective date. The Plan is subject to provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (Principal) is the trustee of the Plan. Principal is the recordkeeper and custodian of the Plan.

The Company's Administrative/Investment Committee (the Committee), which is a committee assigned by the Board of Directors of the Company, has oversight responsibility of the Plan. The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Company's board of directors.

Contributions

The Company has agreed to voluntarily contribute such amounts as are necessary to provide assets sufficient to meet the benefits to be paid to Plan members. There were no contributions required or made to the Plan in 2025 or 2024.

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

Pension Benefits

The Plan provides benefits for participants who are 100% vested. The provisions are based on years of credited service, the average of the highest five consecutive years of compensation, as defined in the Plan, that produces the highest monthly average at retirement date. Effective October 31, 2019, participants can elect either a single lump-sum amount or receive benefit payments in the form of a monthly annuity. Prior to October 31, 2019, participants received payments in the form of a monthly annuity and for benefits earned during plan years up through December 2003, the participant could have elected an immediate lump sum payment. A participant whose accrued benefit is greater than \$1,000 but less than \$5,000, and no election made, will automatically be rolled over into an individual retirement account (IRA) managed by Principal. A participant whose accrued benefit is \$1,000 or less will automatically receive an immediate lump-sum distribution.

In December 2024, the Company approved the annuitization of the pension benefits of 177 active participants with 177 contract purchases in the Plan. As a result, there was a transfer of pension obligations to the insurance company to complete the annualization of these benefits, resulting in payments to the insurance company for \$26,625,000 on the transfer. A partial refund of annuity premium paid of \$215,335 was made. This resulted in a final net amount of \$26,409,665. Effective December 16, 2024, the insurance company assumed the pension obligations related to these participants.

Vesting

Participants become 100% vested after five years of service. Participants electing to freeze their benefit accruals under the Plan, who were not 100% vested as of December 31, 2010, continued to earn additional years of service to become 100% vested.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, disclosure of contingent assets and liabilities and the actuarial present value of accumulated plan benefits at the date of the financial statements and changes therein. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end.

The Plan's interest in collective investment trusts (CITs) are valued at the NAV, as a practical expedient, of shares held by the Plan at year-end based on share value using the audited financial statements of the collective trust at year end.

The Plan's Committee determines the Plan's valuation policies utilizing information provided by its investment advisers, custodians, and insurance companies. See Note 6 for a discussion of fair value measurements.

Purchases and sale of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Accumulated Plan Benefits

Accumulated plan benefits (see Note 7) are those estimated future periodic payments, including lump sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to:

- (A) Retired or terminated employees or their beneficiaries
- (B) Present employees or their beneficiaries

Grinnell Mutual Retirement Plan
Notes to Financial Statements
December 31, 2025 and 2024

Benefits under the Plan are based on employees' compensation during five consecutive years of credited service out of the last ten years of credited service that give the highest average benefits payable under all circumstances – retirement, death and termination of employment – are included, to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits to be provided via annuity contracts excluded from plan assets are excluded from accumulated plan benefits.

Note 3. Plan Termination

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- (A) Benefits attributable to employee contributions, taking into account those paid out before termination
- (B) Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under plan provisions in effect at any time during the five years preceding plan termination
- (C) Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. government agency) up to the applicable limitations discussed below
- (D) All other vested benefits (that is, vested benefits not insured by the PBGC)
- (E) All nonvested benefits

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the plan sponsor and the level of benefits guaranteed by the PBGC.

Note 4. Certification of Plan Custodians and Trustees

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal, a qualified institution, has certified the investment information detailed below and included in the accompanying financial statements and ERISA-required supplemental schedules are complete and accurate:

- Investments as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.

Grinnell Mutual Retirement Plan
Notes to Financial Statements
December 31, 2025 and 2024

- Investment income as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024.
- Investment information included in the accompanying schedule of assets (held at end of year) as of December 31, 2025, and the schedule of reportable transactions for the year ended December 31, 2025.

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedules.

Note 5. Related-Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

The Plan invests in mutual funds managed by Principal, the recordkeeper of the Plan. Therefore, these transactions qualify as party-in-interest transactions. The Plan paid \$268,619 and \$254,150 of recordkeeping fees to Principal for the years ended December 31, 2025 and 2024, respectively. The Company provides certain administrative services at no cost to the Plan.

Note 6. Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

December 31, 2025 and 2024

Recurring Measurements

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2025 and 2024:

		2025

Grinnell Mutual Retirement Plan
Notes to Financial Statements
December 31, 2025 and 2024

(A) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There were no significant changes in the valuation techniques during the years ended December 31, 2025 and 2024. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections, and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2025 and 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	December 31, 2025			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective investment trusts (A)	\$ 69,977,780	\$ -	Daily	None
	December 31, 2024			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective investment trusts (A)	\$ 70,975,264	\$ -	Daily	None

(A) Collective investment trusts (CITs) invest in a collective trust fund as well as mutual funds. The fair value of the CITs are not publicly quoted pricing inputs. The fair value of the mutual funds are publicly quoted pricing inputs (Level 1). CITs can be redeemed at NAV as of the measurement date. Unfunded commitments are typically not found in CITs.

Note 7. Accumulated Plan Benefits

Actuaries from USI Consulting Group determine the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The accumulated plan benefit information as of the beginning of the plan year was as follows:

	<u>January 1, 2025</u>
Vested benefits	
Participants currently receiving payments	\$ 37,542,424
Other participants	<u>12,301,238</u>
Total vested benefits	49,843,662
Nonvested benefits	<u>-</u>
Total actuarial present value of accumulated plan benefits	<u><u>\$ 49,843,662</u></u>

Changes in the actuarial present value of accumulated plan benefits for the period January 1, 2024 to January 1, 2025 were as follows:

	<u>2025</u>
Actuarial present value of accumulated plan benefits, beginning of prior plan year	<u>\$ 75,496,719</u>
Increase (decrease) during the year attributable to	
Change in actuarial assumptions	-
Benefits accumulated	4,524,453
Increase for interest due to the decrease in the discount period	3,389,497
Benefits paid	(6,942,007)
Annuity purchases	<u>(26,625,000)</u>
Net decrease	<u>(25,653,057)</u>
Actuarial present value of accumulated plan benefits, beginning of plan year	<u><u>\$ 49,843,662</u></u>

Significant assumptions underlying the actuarial computations are:

- Discount rate: 5.75%
- Assumed rate of return on investments: 5.59%

Grinnell Mutual Retirement Plan
Notes to Financial Statements
December 31, 2025 and 2024

- Salary Scale: 4.00% per year
- Mortality basis: Pri-2012 with mortality improvements Scale MP-2021 (Fully Generational)
- Retirement: Rates from age 65 to 67
- Asset valuation: Market

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2025. Had the valuations been performed as of December 31, there would be no significant differences.

Note 8. Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated September 27, 2016, stating that the Plan was in compliance with the applicable requirements of the Internal Revenue Code (IRC) and therefore not subject to tax. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Plan Amendments

Effective September 3, 2025, the Plan was amended to establish a Voluntary Retirement Incentive Program for certain eligible employees retiring in 2025. The amendment provides eligible participants who elect retirement under the program with a one-time voluntary retirement benefit in addition to their vested accrued benefit. The amendment also provides enhanced benefit service by calculating the participant's accrued benefit as if the participant had continued employment through his or her normal retirement date. The voluntary retirement benefit may be paid as a lump sum or in annuity form and is subject to the terms and conditions of the program.

Note 10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Note 11. Subsequent Events

Subsequent events have been evaluated through September 1, 2026, which is the date the financial statements were available to be issued.

Statement of Actuarial Assumptions and Methods

Minimum Funding Annual Interest Rates	24-month segment rates averaged through the end of August 2024 and published in September 2024 (as prescribed by IRC 430) and adjusted to reflect ARPA: - Segment 1 (0 – 5 years) 5.07% - Segment 2 (5 to 20 years) 5.31% - Segment 3 (more than 20 years) 5.50% - Effective Interest Rate 5.39%
Maximum Deductible Annual Interest Rates	24-month segment rates averaged through the end of August 2024 and published in September 2024 (as prescribed by IRC 430) as follows: - Segment 1 (0 – 5 years) 5.07% - Segment 2 (5 to 20 years) 5.33% - Segment 3 (more than 20 years) 5.36% - Effective Interest Rate 5.33%
Annual Expected Return on Assets	Interest Rate for developing Actuarial Value of Assets; limited to third segment rate 5.59%
	Rationale: as selected by the Plan Sponsor
PBGC and LDROM Annual Interest Rates	24-month segment rates averaged through the end of December 2024 and published in January 2024 using the Standard Method (as prescribed by IRC 430) as follows: - Segment 1 (0 – 5 years) 4.65% - Segment 2 (5 to 20 years) 5.28% - Segment 3 (more than 20 years) 5.63% - Effective Interest Rate 5.41%
Salary Scale	4.00% per year
	Rationale: as selected by the Plan Sponsor based on expectations of future salary increases
Mortality	Funding: Mortality as provided in Notice 2022-22 male and female, with different rate for annuitants and nonannuitants (as prescribed by IRC 430).

Rates of Retirement

Eligible participants are assumed to retire based on the following:

Age	Rate
55 – 64	0%
65	50%
66	50%
67	100%

Terminated Vested participants and Deferred Beneficiaries are assumed to commence at Normal Retirement Date.

Rationale: as selected by Plan Sponsor to meet historical experience

Weighted Average Retirement Age is 66. This is the average retirement age for someone eligible to retire at all ages using the assumed retirement rates and no other decrements.

Rates of Turnover

Rationale: as selected by Plan Sponsor to meet historical experience

Rates of Disability

None assumed

**Assumptions Made In
Valuing Spouse's Benefit**

100% of participants are assumed to be married with husbands assumed to be the same age as wives.

Provision for Expenses

Administrative expenses assumed equal to expenses paid during prior plan year.

Standing Elections

The client has not signed an election that provides for the automatic use of the Carryover Balance and/or Prefunding Balance if necessary to meet the minimum funding requirement.

Optional Form Selection	100% of retiring or terminating participants are assumed to elect a cash lump sum of their frozen accrued benefit as of December 31, 2003, if available. Participants are assumed to elect the normal form of payment for any benefit accrued after December 31, 2003. Spouses of deceased employees are assumed to elect a cash lump sum commencing at the earliest available date.
Asset Method	Funding: Market Value of Assets plus interest adjusted accrued but unpaid contributions as of the valuation date plus an adjustment to defer full recognition of investment losses and gains over a two-year period. The investment (gain)/loss for every year equals the market value at the beginning of the year projected to the end of the year using the interest rate above, but no greater than the third segment rate for the plan year, minus the end of the year actual market value. The actuarial value of assets will be no less than 90% and no more than 110% of the market value (including interest-adjusted accrued but unpaid contributions). Note that due to the regulatory constraint on the interest rate, a characteristic of this asset valuation method is that, over time, it may be more likely to produce an actuarial value of assets that is less than the market value of assets.
Funding Method	Pure Unit Credit The actuarial liabilities shown in this report are determined using software purchased from an outside vendor which was developed for this purpose. Certain information is entered into this model in order to generate the liabilities. These inputs include economic and non-economic assumptions, plan provisions, and census information. We rely on the coding within the software to value the liabilities using the actuarial methods and assumptions selected. Both the input to and the output from the model is checked for accuracy and reviewed for reasonableness.
Employees Valued	Only participants as of the valuation date were valued.
Changes in Assumptions and Methods since the Last Actuarial Valuation	The interest rates used for determining the funding target were 4.75%, 4.87% and 5.59%. These rates were updated to the rates required for the current plan year. The mortality table for the funding target was changed as required under PPA '06.
Justification for Changes in Actuarial Assumptions	The only assumption changes were to prescribed actuarial assumptions or as a result of At-Risk status. Therefore, the plan did not need IRS approval to change assumptions and there is no need to disclose any "Change in Actuarial Assumptions."

Statement by Enrolled Actuary
To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Description of Weighted Retirement Age

Grinnell Mutual Retirement Plan
Plan Year: 2025
EIN/PN: 42-0245990/002

The following describes the calculation of the Weighted Retirement Age effective January 1, 2025:

1. Rates of Retirement

<u>Age</u>	<u>Probability of Retirement</u>
65	50%
66	50%
67	100%

2. The weighted average retirement age is determined by multiplying each retirement age by the probability of retirement at that age, then adding the components.

<u>Age</u>		<u>Probability of Retirement</u>		
65	X	(.50)	=	32.50
66	X	(.50)(.50)	=	16.50
67	X	(.50) ² (1.0)	=	<u>16.75</u>
				65.75
			=	66

Summary of Principal Plan Provisions

Plan Sponsor	Grinnell Mutual Reinsurance Company
EIN/PN	42-0245990/002
Effective Date	January 1, 1969; restated effective January 1, 2016 and amended effective September 13, 2017.
Plan Year	The 12-month period beginning each January 1.
Participation	All employees, except employees who are compensated on the basis of commission, employees who are categorized as pay status AC (active variable crop adjusters), and effective January 1, 2011, employees who are categorized as pay status AV. Employees who elected to freeze their benefit in the plan effective January 1, 2011 as part of the Choice Plan election no longer accrue benefits in the plan. Employees hired or re-hired after December 31, 2010 are no longer eligible for the plan.
Compensation	Compensation for any Plan Year is the actual base pay earned for the calendar year. For calendar years prior to 2004, the compensation was defined as the annual pay rate in effect at the end of the calendar year.
Average Monthly Compensation	The average of Compensation over the highest 5 consecutive Plan Years from the date of participation which produce the highest average.
Years of Service	An employee receives one Year of Service for any Plan Year in which they had completed at least 1,000 hours. For purposes of determining participation only, the initial Year of Service begins on date of hire and ends on the one-year anniversary. Future Years of Service are based on the Plan Year.
Plan Year of Service	An employee receives one Plan Year of Service for any Plan Year during which the employee was a participant and completed at least 1,000 hours.
Monthly Accrued Benefit	One-twelfth of the sum of the (1) and (2) multiplied by (3) and (4). Payable at age 65. 1. 20% of a participant's Average Compensation. 2. 16.25% of a participant's Average Compensation in excess of \$10,000. 3. Years of Service the participant would have accumulated had they continued employment until their Normal Retirement Date (maximum 25) divided by 25. 4. Plan Years of Service at termination divided by Plan Years of Service the participant would have accumulated had they continued employment until their Normal Retirement Date.

Schedule SB, Part V – Summary of Plan Provisions

**Grinnell Mutual Retirement Plan
Plan Year: 2025
EIN/PN: 42-0245990/002**

**Benefits Available
As Lump Sums**

This plan pays partial lumpsums of the benefit accrued prior to December 31, 2003.

This plan also pays full lump sums if the Life Annuity calculated at the Benefit Commencement Date is under \$100

Note that the restrictions on distributions rule of Code §1.401(a)(4)-5(b)(3) provides that plan assets after an accelerated distribution to certain highly compensated employees must equal or exceed 110% of the plan's current liabilities. There is an exception if the lump sum is less than 1% of the plan's total liability. As of the valuation date, plan assets were 121.67% of the plan's liability. Final determination of whether a lump sum will be restricted depends heavily upon the value of plan assets and the interest rate used to determine liabilities as of the distribution date.

**Maximum Benefit
Limit**

The Internal Revenue Code Section 415 Maximum Benefit payable as a life annuity at Social Security Normal Retirement Age.

**Plan Compensation
Limit**

The Section 401(a)(17) Maximum Compensation that can be recognized for benefit calculation purposes.

**Changes in Plan
Provisions**

The automatic changes, if any, in the plan compensation limit and maximum benefit limit were recognized as amendments for funding purposes.
