REPORT OF INDEPENDENT AUDITORS

To the Valvoline Retirement Committee
and Participants of the Valvoline 401(k) Plan
Lexington, Kentucky

Opinion

We have audited the financial statements of Valvoline 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

INDEPENDENT AUDITOR'S REPORT (Continued)

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

INDEPENDENT AUDITOR'S REPORT (Continued)

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, line 4i, - Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL Rules and Regulations for Reporting and Disclosure under ERISA.

Valvoline 401(k) Plan

Notes to Financial Statements

NOTE 1 – DESCRIPTION OF THE PLAN

General

The Valvoline 401(k) Plan (the “Plan”) is a contributory, defined contribution plan established on January 1, 2017 available to substantially all U.S. employees of Valvoline LLC (“Valvoline” or the “Company”). Employees in designated eligible groups may immediately enroll in the Plan, regardless of the amount of Company service. The Plan is designed to qualify under sections 401(a), 401(k), and 401(m) of the Internal Revenue Code of 1986, as amended (“IRC”) and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Contributions and funding

All eligible employees of the Company may defer a portion of their eligible compensation by making contributions to the Plan. Participants may elect to contribute up to 65% of their eligible compensation, up to certain IRC limits. Newly hired or rehired employees who are not hourly employees of Valvoline Instant Oil Change (“VIOC”) and who do not opt out or elect to contribute a different amount of their eligible compensation are automatically enrolled in the Plan at a pre-tax contribution rate of four percent of eligible compensation. Annual contributions per participant for 2025 were limited to \$23,500.

As soon as administratively feasible after their date of hire, participants, who are not hourly employees of VIOC, are eligible to receive employer matching contributions equal to 100% of their employee contributions, up to a maximum of four percent of eligible compensation. In addition, Valvoline contributes another four percent of eligible compensation to those participants as a basic retirement contribution. Hourly employees of VIOC, who have met a one-year minimum service requirement, are eligible to receive employer matching contributions equal to 100% of their employee contributions, up to a maximum of five percent of eligible compensation.

The Plan also allows eligible employees, aged 50 and older to elect to make additional catch-up contributions, subject to IRC limits. Catch-up contribution amounts are eligible for employer matching contributions. In 2025, the annual limit on catch-up contributions was \$7,500, with an enhanced catch-up contribution limit of \$11,250 for participants ages 60-63.

Participants may direct their contributions and employer contributions, which include employer matching and basic retirement contributions, among various investment options, including market index funds, collective trusts, a Company stock fund, money market funds, and self-directed brokerage accounts.

Vesting

Participants are immediately fully vested in employee and employer contributions plus actual earnings on these contributions, and upon termination of employment, participants are entitled to full distributions of these amounts.

Participant accounts

Employee and employer contributions are credited to the participant’s account. Investment fund returns are allocated to participant accounts based on the participant’s account balance and the earnings or losses generated by the fund during the period it was owned by the participant. A participant is entitled to the participant’s account balance including allocated returns.

Transfers to other benefit plans

Certain participants are given the option to transfer certain amounts from the Plan to the Company’s U.S. qualified pension plans once they meet retirement age. These transfers are presented in Transfers to U.S. qualified pension plans within the Statement of Changes in Net Assets Available for Benefits.

Employee Stock Ownership Plan

Under the terms of the Plan, the Valvoline Common Stock Fund is an employee stock ownership plan in accordance with IRC Section 4975(e)(7).

Notes receivable from participants

Participants may hold one loan and borrow up to a maximum of \$50,000 or 50% of their account balance, whichever is less, reduced by the difference between the highest outstanding loan balance during the twelve months prior to the loan origination and the actual balance on the date of the loan origination. Participant loans are collateralized by the balance in the participant's account and bear a monthly fixed interest rate based on the prime rate in effect on the last business day of the month prior to loan origination plus one percent.

Annual interest rates on notes receivable outstanding as of December 31, 2025 range from 4.25% to 9.50%. The term of the loans may be up to five years and participants may make early payments. A loan origination fee and annual maintenance fees are deducted from the participant's account. Principal and interest are paid ratably over the term of the loan and are allocated to the investment funds elected for current contributions.

Withdrawals and payments of benefits

There are certain restrictions on a participant's right to withdraw contributions and any returns thereon while actively employed by Valvoline based on the source and use of the funds and the participant's age. Participants may withdraw their account balances upon reaching the age of 59½, with frequency restrictions, or upon termination of employment. Upon termination of employment, a participant will receive a lump-sum distribution equal to the value of the participant's account if it is equal to or less than \$1,000 (unless the participant chooses an indirect rollover within 60 days). A terminated participant with an account value of more than \$1,000 may elect to receive a direct rollover to another tax-qualified plan or individual retirement account, a lump-sum payment, periodic installment payments, or the participant may leave the benefits within the Plan, subject to Internal Revenue Service ("IRS") Required Minimum Distribution rules. Upon the death of a participant, the participant's beneficiary shall be eligible to receive a distribution of the participant's account.

Plan termination

The Company currently has no plans to terminate the Plan; however, the Company reserves the right to terminate the Plan at any time, subject to the provisions set forth in ERISA.

Risks and uncertainties

The Plan provides for various investment options in securities. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect the values of investment securities, participant account balances, and the amounts reported in the financial statements.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation

The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of estimates

The preparation of the financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are stated at fair value as disclosed in Note 3. Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. The Plan presents net appreciation or depreciation in the fair value of investments within the Statement of Changes in Net Assets Available for Benefits, which consists of the realized and unrealized gains and losses on investments purchased, sold and held during the year.

Payment of benefits

Distributions of benefits are recorded when paid.

Rollover contributions

Participants may elect to rollover balances from other tax-qualified retirement plans into the Plan, which are included in the Rollover caption within contributions in the Statement of Changes in Net Assets Available for Benefits.

Notes receivable from participants

Notes receivable from participants are recorded at their unpaid principal balance plus accrued but unpaid interest and are written off when deemed uncollectible. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document. Deemed distributions remain a plan asset for purposes of these financial statements until a distributable event occurs and they are offset against plan assets.

Administrative expenses

The costs and expenses of administering the Plan are shared by Valvoline and Plan participants, except loan origination and periodic account maintenance fees, which are paid by participants. Investment management fees are paid to the investment managers from their respective funds.

NOTE 3 – FAIR VALUE MEASUREMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. As part of the framework for measuring fair value, the accounting guidance provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three broad levels. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). An instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the instrument's fair value measurement. The three levels within the fair value hierarchy are described as follows:

Level 1 – Observable inputs such as unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2 – Inputs, other than quoted prices included in Level 1, that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in markets that are not active.

Level 3 – Unobservable inputs for the asset or liability for which there is little, if any, market activity at the measurement date.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments that are measured at fair value as of December 31:

	2025		2024	
	Level 1	Total	Level 1	Total
Valvoline Common Stock Fund:				
Money market fund	\$ 379,222	\$ 379,222	\$ 503,108	\$ 503,108
Valvoline Inc. common stock	41,207,836	41,207,836	58,417,747	58,417,747
Self-directed brokerage accounts	16,920,940	16,920,940	16,761,515	16,761,515
Total assets in the fair value hierarchy	58,507,998	58,507,998	75,682,370	75,682,370
Collective trust funds ^(a)	—	268,290,280	—	237,253,150
Investments, at fair value	\$ 58,507,998	\$ 326,798,278	\$ 75,682,370	\$ 312,935,520

(a) Collective trust funds that are measured at fair value using the net asset value ("NAV") per share practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented as investments in the Statements of Net Assets Available for Benefits.

The following is a description of the valuation methodologies used for investments measured at fair value:

Valvoline Common Stock Fund

Certain assets of the Plan are invested in employer common stock through a unitized stock fund, which includes Valvoline Inc. common stock and investments in a money market fund for liquidity purposes. Valvoline Inc. common stock is valued based on the underlying shares held by the Plan at the closing quoted price from the active market in which the securities are traded. Money market funds trade in an active market and are valued using quoted market prices.

Self-directed brokerage accounts

Self-directed brokerage accounts allow participants to invest in a broad range of mutual funds and are valued using quoted market prices of the underlying investments in active markets. These accounts may also include uninvested cash recorded at carrying value, which approximates fair value.

Collective trust funds

Collective trust funds represent investments held in pooled funds that are valued based on the NAV provided by the funds as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust funds, twelve months notice would be required for \$488,883 invested in the PIMCO Stable Value Fund and \$7,847,469 invested in the Invesco Stable Value Fund. There were no other significant redemption restrictions or unfunded commitments on these investments as of December 31, 2025.

NOTE 4 – TRANSACTIONS WITH PARTIES-IN-INTEREST

Related party transactions during the year included investments in Valvoline Inc. common stock and loans made to participants presented in Notes receivable from participants on the Statement of Net Assets Available for Benefits. The Plan held 1,418,026 and 1,614,642 shares of Valvoline Inc. common stock as of December 31, 2025 and 2024, respectively, which had a respective fair value of \$41,207,836 and \$58,417,747.

Certain investments of the Plan were held in investment funds managed by Fidelity Management Trust Company ("Fidelity"), who also acts as the trustee and recordkeeper of the Plan. Fees of \$369,444 were paid by the Plan to Fidelity in 2025 for investment management.

Certain investments of the Plan were held in investment funds managed by Aon Investments USA, Inc. ("Aon"), who acts as the investment advisor to the Plan. Fees of \$292,470 were paid by the Plan to Aon for investment advice in 2025.

The Company also provides certain administrative and accounting services to the Plan for which it is not compensated.

None of these related party transactions are prohibited transactions as defined under ERISA.

NOTE 5 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	2025	2024
Net assets available for benefits per financial statements	\$ 333,633,688	\$ 318,801,950
Less certain deemed distributions of participant loans	(7,217)	—
Net assets available for benefits per Form 5500	<u>\$ 333,626,471</u>	<u>\$ 318,801,950</u>

The following is a reconciliation of the net asset appreciation per the financial statements to the Form 5500 for the year ended December 31, 2025:

Increase in net assets per the financial statements	\$ 14,831,738
Less certain deemed distributions of participant loans and related interest	(7,217)
Total Increase in net assets per Form 5500	<u>\$ 14,824,521</u>

NOTE 6 – TAX STATUS OF THE PLAN

The Plan received a favorable tax determination letter from the IRS dated August 1, 2018, which states that the Plan is qualified under IRC Section 401(a), and therefore, the related trust is exempt from federal income taxes. Although the Plan that the IRS reviewed in issuing its most recent determination letter was since amended, the Plan administrator believes that the Plan is designed and operated in compliance with the applicable requirements of the IRC to maintain its qualified status. Accordingly, income taxes are not provided for in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits of the Plan for any tax periods in progress.
