INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
Schumacher Automotive Group 401(k) Plan
West Palm Beach, FL 33409

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Schumacher Automotive Group 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023 and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Schumacher Automotive Group 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Schumacher Automotive Group 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Schumacher Automotive Group 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that Schumacher Automotive Group 401(k) Plan transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing

standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Schumacher Automotive Group 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Schumacher Automotive Group 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (held at end of year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. SCHUMACHER AUTOMOTIVE GROUP 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023

NOTE 1 - DESCRIPTION OF PLAN

The following description of Schumacher Automotive Group 401(k) Plan and Trust provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. *General*. The Plan is a defined contribution plan covering eligible employees of Schumacher Auto Group, Inc., Schumacher Automotive, Inc., Infiniti of the Palm Beaches Inc., Schumacher Volkswagen, Inc., Schumacher Automotive Delray, LLC and Schumacher Insurance Group, LLC (collectively referred to as the Sponsor). Employees are eligible to become participants after completing two months of service attaining age eighteen. Effective January 1, 2024, long-term part-time employees who complete at least 500 hours of service in three consecutive 12-month periods are eligible to make elective deferrals. Employees are automatically enrolled upon meeting the eligibility requirements at a default deferral rate of 5% of eligible compensation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees oversees governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Trustee.

Empower Annuity Insurance Company of America serves as recordkeeper and custodian of the Plan. The Plan has an advisory agreement with LPL Financial LLC, under which LPL Financial provides investment advisory services to the Plan and its participants for an annual fee based on the value of the Plan's investments.

2. *Contributions*. Each year, participants may contribute an amount set forth in a salary reduction agreement. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds and a fixed annuity (guaranteed interest) options as investments options for participants. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 5% of eligible compensation, which is Escalating 1% per year to a 10% cap, changing on the first of the Plan Year. Contributions are automatically invested in a T. Rowe Price Target-date fund until changed by the participant.

The Company may choose not to make matching contributions to the Plan for a particular Plan year. Additional amounts may be contributed at the option of the Company. Contributions are subject to certain limitations.

3. *Participant Accounts.* Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution and (b) Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
4. *Vesting.* Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is 100% vested at the normal retirement age of 65 and after six years of continuous service.

<u>Years of Service</u>	<u>Vesting Percentage</u>

2	20
3	40
4	60
5	80
6	100

5. *Investment Options.* Upon enrollment in the Plan, a participant may direct employee contributions to various investment options under the Empower Annuity Insurance Company of America. Funds are invested in registered investment companies (mutual funds) and fixed annuity contract issued by the insurance company.
6. *Participant Notes Receivable.* Participants may borrow from their fund accounts a minimum of \$1,000 and to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 9.50%, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest is paid ratably through monthly payroll deductions. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Notes fund. Loan terms range from one to five years or up to fifteen years for purchase of a primary residence.

7. *Payments of Benefits* . On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump - sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten year period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump - sum distribution.
8. *Forfeited Account* . At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$31,512 and \$49,066, respectively. These accounts will be used to reduce future employer contributions. During the years ended December 31, 2024 and December 31, 2023 the Company's contributions were reduced by \$86,180 and \$82,309, respectively, from the forfeited non-vested accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure of the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Notes Receivable - Participant Loans

Notes Receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2024 and 2023, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment Valuation and Income Recognition

Investments are reported at fair value or contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Operating Expenses

Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan and are recorded in the accompanying statements of changes in net assets available for benefits. Fees related to the administration of the notes receivable from participants are charged directly to the participant's accounts and are included in administrative expense. Investment related expenses are included in net appreciation of fair value of investments. Other expenses of the Plan are paid for by the Company and are not included in the statements of changes in net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 - FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Level 2 Fair Value Measurements

The fixed annuity option is a general account obligation of the insurance company for which no quoted market price exists. The contract is stated at contract value, which represents contributions and transfers into the contract, plus interest credited at the rate declared by the insurance company under the terms of the contract, less withdrawals, transfers out, and applicable charges. Values are determined and reported daily by the insurance company in accordance with the valuation provisions of the annuity contract. Contract value approximates fair value. The contract is classified within Level 2 of the hierarchy because the significant inputs to the valuation are the contractual crediting rate and contract terms, which are observable to the Plan, rather than quoted prices in an active market.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024, and December 31, 2023.

Mutual Funds:

The fair value of mutual funds is based on quoted net asset value of the shares held by the Plan at year-end.

Fixed Annuities

The fixed annuity contract is a general account obligation of the insurance company. Contract value, which represents contributions and transfers in, plus interest credited at the contract rate, less withdrawals and transfers out, approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with market participants, the use of different methodologies, or assumptions to determine the fair value of certain financial instruments could result in a different fair value at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan's assets at fair value as of December 31, 2024 and 2023:

Investments at Fair Value as of December 31, 2024				
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Unobservable Inputs (Level 3)	Total

Mutual Funds	26,822,237	-	-	26,822,237
Total Assets at Fair Value	\$26,822,237	\$ 1,455,998	\$ -	\$ 28,278,235

Investments at Fair Value as of December 31, 2023

Total Assets at Fair Value	\$23,781,760	\$ 1,788,780	\$ -	\$ 25,570,540

NOTE 4 - CERTIFIED INVESTMENTS (Unaudited)

The Plan's administrator has received certifications as to the accuracy, completeness, and valuation of investments, and investment transactions from Empower Annuity Insurance Company of America as of and for the years ended December 31, 2024 and 2023.

Investments as of December 31, 2024 and 2023 are participant-directed and consist of the following:

	<u>December 31,</u>	
	<u>2024</u>	<u>2023</u>
Investments at fair value - Fixed Annuity Contracts	\$ 1,455,998	\$ 1,788,780
Investments at fair value - Mutual funds	<u>26,822,237</u>	<u>23,781,760</u>
Total	<u>\$ 28,278,235</u>	<u>\$ 25,570,540</u>

During 2024 and 2023, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciation) in value as follows:

	<u>Years Ended December 31,</u>	
	<u>2024</u>	<u>2023</u>
Mutual Funds	<u>\$ 1,859,812</u>	<u>\$ 2,330,306</u>

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

NOTE 6 - RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments are held under a group annuity contract with Empower Annuity Insurance Company of America. Empower is the custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Empower also provides recordkeeping services to the Plan. LPL Financial LLC provides broker/adviser services to the Plan, therefore, LPL Financial LLC is also a party-in-interest to the Plan. Aggregate fees paid to Empower and LPL Financial LLC for the years ended December 31, 2024 and December 31, 2023 were \$96,339 and \$76,649, respectively. Of these amounts, \$28,019 and \$18,334, respectively, were paid directly by the Plan and are recorded as administrative expenses in the statements of changes in net assets available for benefits; the remainder represents indirect compensation paid by the investment providers through revenue sharing, and is not an expense of the Plan. Additionally, certain other investment related fees incurred by the Plan are included in net appreciation in fair value of the investment as they are paid through revenue sharing, rather than as direct payment. The Company pays directly any other fees related to the Plan's operations.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of Net Assets Available for Benefits.

NOTE 8 - TAX STATUS

The Plan is a non-standardized pre-approved defined contribution plan sponsored by Empower Annuity Insurance Company of America, adopted by the Sponsor effective January 1, 1994 and most recently restated effective July 26, 2021. The pre-approved plan document received a favorable opinion letter from the Internal Revenue Service dated November 14, 2022. (serial number Q702518a), upon which the sponsor is entitled to rely. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and is exempt from Federal income taxes.

Accounting principles generally accepted in the United States of America require the Plan's Management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2021.

NOTE 9 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through July 30, 2026, which is the date the financial statements were available to be issued.
