MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		224076
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)		☒	
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?	☒		
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☒ Yes ☐ No

Report of Independent Auditors

To the Trustees and Participants
Stanpac USA 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Stanpac USA 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statements of net assets available for benefits as of March 2, 2026 and December 31, 2025, and the related statement of changes in net assets available for benefits for the period from January 1, 2026 to March 2, 2026, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Stanpac USA 401(k) Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained a certification from a qualified institution as of March 2, 2026 and December 31, 2025, and for the period from January 1, 2026 to March 2, 2026, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Stanpac USA 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter

As discussed in Note 6 to the financial statements, management of Stanpac USA 401(k) Plan resolved transfer the Plan with and into the Imagine Retirement Plan. As of March 2, 2026, all plan assets have been transferred out to the Imagine Retirement Plan. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, which raise substantial doubt about Stanpac USA 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Stanpac USA 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, which raise substantial doubt about Stanpac USA 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

NOTES TO FINANCIAL STATEMENTS
*As of March 2, 2026 and December 31, 2025, and
for the Period from January 1, 2026 to March 2, 2026*

1. Description of Plan

The following description of the Stanpac USA 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The Plan was a defined contribution plan available to qualifying employees of Stanpac USA, LLC and Stanpac NJ, LLC (collectively, the “Company”). The Plan was intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (“IRC”). The Plan was established January 1, 2013 and was subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Plan amendment

Effective March 1, 2026, the Plan was amended to merge with and into the Imagine Retirement Plan. The Imagine Retirement Plan will be the successor plan to the Plan effective March 1, 2026.

SECURE 2.0 Act

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023, which included the Setting Every Community Up for Retirement Enhancement (“SECURE”) 2.0 Act. The SECURE 2.0 Act contains over 90 new retirement provisions, with varying effective dates through 2033. Since the provisions of the SECURE 2.0 Act include both required and optional elements, applicable provisions will be evaluated and implemented in accordance with accompanying regulations and guidance prior to the deadline, December 31, 2026. Effective January 1, 2025, the Plan implemented increased catch-up limits for participants who attain ages 60 through 63 during the calendar year. The adoption of these provisions did not materially impact the Plan prior to its merger into the Imagine Retirement Plan.

Transfers Out

In conjunction with the merger of the Plan with and into the Imagine Retirement Plan all assets were transferred out of the Plan. Assets totaling approximately \$2,334,000 were transferred by March 2, 2026. This transaction is reflected as “Transfer out” on the Statement of Changes in Net Assets Available for Benefits.

Eligibility

Prior to March 1, 2026, employees were eligible to participate in the Plan upon their date of employment. Union and nonresident alien employees were not eligible to participate in the Plan. Employees who had completed one year of service were eligible to receive employer matching contributions.

Contributions

Participant Contributions

Prior to March 1, 2026, participants were allowed contribute up to 90% of pretax annual compensation, as defined by the Plan, subject to Internal Revenue Service (“IRS”) limitations. Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants were also allowed contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants had the option of designating a portion of their elective deferral contributions as after-tax “Roth” contributions.

NOTES TO FINANCIAL STATEMENTS
*As of March 2, 2026 and December 31, 2025, and
for the Period from January 1, 2026 to March 2, 2026*

1. Description of Plan (continued)

Contributions (continued)

Employer Discretionary Matching Contributions

Prior to March 1, 2026, at the discretion of the Company, the Company was allowed to contribute and credit employer matching contributions to eligible participant accounts, up to a maximum of 3% of compensation. For the period from January 1, 2026 to March 2, 2026 and during the year ended December 31, 2025, the Company authorized discretionary matching contributions equal to 100% of each participant's deferrals, up to 3% of compensation.

Employer Profit-Sharing Contributions

Prior to March 1, 2026, the Company was also allowed to make discretionary profit-sharing contributions to the Plan. There were no discretionary profit sharing contributions made by the Company for the period from January 1, 2026 to March 2, 2026..

Contributions from Plan participants and the Company's matching contributions were recorded in the year in which the employee contributions were withheld from compensation.

Participant Accounts

Each participant's account was credited with the participant's contributions, the Company's contributions, and Plan earnings. Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Investment Options

Participants directed both employee and employer contributions to be invested amongst various investment options that were made available and determined by the plan administrator, which were more fully described in the Plan literature.

Vesting

Participants were vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts was based on years of continuous service. A participant vested in 20% increments annually after their second year of service, until 100% vested after six years of continuous service.

Payment of Benefits

The Plan provided that upon normal retirement age, death, disability, or termination of employment of a participant, the Plan was allowed to commence distribution of the participant's vested account balance by a lump sum payment in accordance with the provisions of the Plan. Participants with account balances of less than \$7,000 at the time their termination automatically had their balance rolled into an IRA of the Company's choosing or processed as a lump sum distribution upon the election by the participant. A Participant was allowed to withdraw part of the vested interest in his or her account upon attainment of age 59 1/2, subject to Plan provisions. Participants were also allowed request hardship distributions if they can demonstrate an immediate and heavy financial need, as defined by the Plan.

NOTES TO FINANCIAL STATEMENTS
*As of March 2, 2026 and December 31, 2025, and
for the Period from January 1, 2026 to March 2, 2026*

1. Description of Plan (continued)

Participant Loans

Participant loans were not permitted under the Plan document.

Forfeited Accounts

Upon separation of service for any reason other than death, disability, or retirement, participants forfeited any unvested portion of their employer contributions. The Plan allowed forfeitures to be used to reduce Plan expenses and employer contributions. For the period from January 1, 2026 to March 2, 2026, forfeitures totaled \$1,261. Forfeitures of \$1,261 were used to reduce the Company's employer contribution for the period from January 1, 2026 to March 2, 2026. As of March 2, 2026 and December 31, 2025, the Plan did not have a forfeiture balance.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements were prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on an accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation included the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefit payments were recorded when paid.

Expenses

The Company paid certain administrative expenses incurred by the Plan. Certain investment and administration fees were deducted directly from participant's investment returns. Transaction costs borne by the Plan were charged to the individual participant who initiated the transaction to which the charge related by reducing the participant's account balance.

NOTES TO FINANCIAL STATEMENTS
*As of March 2, 2026 and December 31, 2025, and
for the Period from January 1, 2026 to March 2, 2026*

2. Summary of Significant Accounting Policies (continued)

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS were recorded as a liability on the Statements of Net Assets Available for Benefits with a corresponding reduction to contributions. The Plan had no excess contributions payable for the period from January 1, 2026 to March 2, 2026. The Plan distributed the 2025 excess contributions to the applicable participants prior to March 15, 2026.

Subsequent Events

Subsequent events have been evaluated through the date of the report of independent auditors, which is the date these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in the financial statements.

3. Information Certified by the Plan's Custodian (unaudited)

Certain information related to investments disclosed in the accompanying financial statements, including investments held at March 2, 2026 and December 31, 2025, and net appreciation in fair value of investments for the period from January 1, 2026 to March 2, 2026, was obtained by management and agreed to or derived from information certified as complete and accurate by John Hancock Life Insurance Company (U.S.A.), the custodian of the Plan.

4. Fair Value Measurements

The fair value hierarchy prioritizes the inputs used to measure fair value, giving the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

4. Fair Value Measurements (continued)

The three levels of the fair value hierarchy under FASB accounting guidance are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Separate accounts: Valued at the net asset value ("NAV") (or "unit value") of the units held by the Plan at year-end based on information reported by the custodian. The NAV is used as a practical expedient to estimate fair value. The NAV of each of the separate accounts is calculated in a manner consistent with the U.S. GAAP for investment companies and is determinative of their fair value and represent the price at which the Plan would be able to initiate a transaction. Several of the separate accounts invest in publicly quoted mutual funds or actively managed stocks. Some of the separate accounts also invest in fixed income securities. The fair value of the underlying mutual funds or stocks and of the underlying securities, which is based on quoted prices of similar assets, is used to determine the NAV of the separate account which is not publicly traded. Investments in these funds can be redeemed daily upon request. There were no significant unfunded commitments as of March 2, 2026 and December 31, 2025

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods were appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurements (continued)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient. There were no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

As of December 31, 2025:

Investment	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Separate Accounts	\$2,240,763	N/A	Daily	12 months

5. Related Party and Party in Interest Transactions

Certain Plan investments were shares of separate accounts provided through or managed by John Hancock Life Insurance Company (U.S.A.). John Hancock Life Insurance Company (U.S.A.) was the custodian for the Plan, and therefore, these transactions qualified as party-in-interest transactions. All investment fund earnings or losses posted to each Plan participant's account were net of investment management fees charged by each investment fund under the Plan.

During the period from January 1, 2026 to March 2, 2026, the Plan made direct payments to the recordkeeper, custodian, investment advisor, and other third-party administrators totaling \$4,290. These costs incurred by the Plan are included in administrative expenses on the statement of changes in net assets available for benefits. The Company paid directly any other fees related to the Plan's operations.

6. Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Effective March 1, 2026, the Plan was amended to merge with and into the Imagine Retirement Plan. Substantially all assets were transferred by March 2, 2026, at which time the Plan ceased operations. As the result of the Plan merger the assets and obligations were transferred to the Imagine Retirement Plan, therefore, plan management has determined that the liquidation basis of accounting was not applicable. Substantially all benefits available under the Plan were incorporated into the Imagine Retirement Plan.

7. Income Tax Status

The Plan adopted a non-standardized pre-approved defined contribution plan document sponsored by Nova 401(k) Associates, Inc.. Nova 401(k) Associates, Inc. received an opinion letter from the IRS dated June 30, 2020, which states that the plan was designed in accordance with the applicable sections of the Internal Revenue Code ("IRC"). Although the Plan had been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believed that the Plan was designed, and was operated, in compliance with the applicable requirements of the IRC and, therefore, believed that the Plan was qualified, and the related trust was tax-exempt. Accordingly, no provision for federal income taxes were provided in the accompanying financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan was subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2023.

8. Risks and Uncertainties

The Plan invested in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net assets available for benefits.

9. Reconciliation to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

As of	March 2, 2026	December 31, 2025
Net assets per financial statements	\$ -	\$ 2,235,448
Add: corrective distribution payable	-	5,315
Net assets current year per Form 5500	<u>\$ -</u>	<u>\$ 2,240,763</u>

The following is a reconciliation of the financial statements to the Form 5500 for the Period from January 1, 2026 to March 2, 2026:

Net change per financial statements	\$ 98,504
Less: prior year corrective distribution payable	<u>(5,315)</u>
Net change per Form 5500	<u>\$ 93,189</u>
