REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Retirement Committee
Sandisk Corporation 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Sandisk Corporation 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the period ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the period ended December 31, 2025, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter - supplemental schedule required by ERISA

The supplemental Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Sandisk Corporation 401(k) Plan
NOTES TO FINANCIAL STATEMENTS
As of December 31, 2025

NOTE 1 - DESCRIPTION OF THE PLAN

General

The following description of the Sandisk Corporation 401(k) Plan, as amended (the “Plan”), provides only general information. The Plan is a defined contribution plan as defined by the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Plan is sponsored by Sandisk Corporation (the “Company” or “Sandisk”). Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

The Plan was established effective February 24, 2025. The Plan was established in connection with the separation of the Company from Western Digital Corporation (“Western Digital”), and certain participant account balances associated with the Western Digital Corporation 401(k) Plan (“Western Digital Plan”) in the amount of \$494,694,529 were transferred into the Plan as of the effective date. The Plan allows eligible employees of the Company and participating affiliates to save for retirement through employee and employer contributions. The Company serves as the Plan sponsor and administrator and is responsible for the administration and operation of the Plan. The Plan provides for participant-directed investments, and participants may allocate their accounts among various investment options. The Plan is intended to qualify as a defined contribution plan under Section 401(a) of the Internal Revenue Code and includes a qualified cash or deferred arrangement under Section 401(k). The Plan is subject to the provisions of the ERISA, as amended.

Administration of the Plan

The Retirement Committee (the “Committee”), appointed by the Company’s Board of Directors or its delegate, has the authority to manage the operation and administration of the Plan. The Committee determines the appropriateness of the Plan’s investment offerings and monitors investment performance, among other fiduciary duties. The Plan’s assets are held in trust and are maintained by Fidelity Management Trust Company (“Fidelity”), which serves as trustee and custodian of the Plan’s assets. Fidelity also provides recordkeeping services for the Plan, including maintaining participant account balances and processing transactions.

Eligibility

Employees of Sandisk and participating affiliates are generally eligible to participate in the Plan upon hire, as there are no age or service requirements for participation. Certain categories of employees, including individuals who are residents of Puerto Rico, covered by collective bargaining agreements, nonresident aliens with no U.S. source income, leased employees, and other excluded classifications as defined in the Plan, are not eligible to participate. Employees meeting the definition of a temporary employee have a one year (defined as 1,000 service hours) requirement before becoming eligible to participate in the Plan.

Contributions

Participants can elect to contribute 1% to 85% of their pre-tax eligible compensation, as defined by the Plan, subject to the limitations of the Internal Revenue Code (“IRC”). Participants are also allowed to make after-tax contributions to the Plan subject to the same IRC limitations and such contributions can be converted to Roth contributions on a regular basis. Participants who have reached age 50 before the end of the Plan year are eligible to make catch-up contributions in accordance with Internal Revenue Service (“IRS”) provisions. In addition, the Plan allows for “super” catch-up contributions for participants who have reached at least age 60 and no more than age 63 before the end of the Plan year, subject to IRS provisions.

Sandisk Corporation 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

As of December 31, 2025

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("Rollovers"). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. The initial participant contribution percentage for all new employees automatically enrolled in the Plan is 6% of their eligible compensation.

The Company makes non-discretionary matching contributions equal to 50% of participants' eligible deferral contributions, up to 6% of eligible compensation. In addition, the Company may make discretionary nonelective contributions, which are allocated based on participants' relative compensation, subject to plan provisions. The Company did not make a discretionary nonelective contribution for the Plan year ended, December 31, 2025.

All contributions are subject to limitations imposed by the IRC.

Participant Accounts

Participant accounts are self-directed and may be invested in available investment options offered under the Plan. Each participant's account is credited with the participant's contributions, including pre-tax deferrals, Roth contributions, after-tax contributions, catch-up contributions, and rollover contributions, as well as employer matching and any discretionary contributions, as applicable. Participant accounts are adjusted for allocations of Plan earnings and losses, which are based on the participant's account balance in accordance with the Plan's provisions. Participant accounts are also reduced by distributions, withdrawals, and an allocation of administrative expenses. The benefit to which a participant is entitled is equal to the participant's vested account balance.

Vesting

Participants, other than as described further below, are at all times fully vested in their employee contributions, including pre-tax, Roth, and after-tax contributions, as well as rollover contributions and related earnings. Participants are also immediately vested in employer matching and discretionary matching contributions and the earnings thereon.

Investments

All funds of the Plan are participant-directed. The Plan offers various investment options available to participants in mutual funds, common collective trust funds or a participant self-directed brokerage account. Subject to certain limits, participants were able to transfer all or a portion of the balance in their accounts or future contributions between investment funds on a daily basis. The self-directed brokerage account allows Plan participants to invest in various publicly-traded securities and exchange-listed closed-end funds, as well as certain open-end mutual funds.

Notes Receivable from Participants

Notes receivable from participants consists of participant loans that are secured by the balance in the participants' accounts. Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, reduced by the participant's highest outstanding loan balance during the preceding 12 months, or 50% of the participant's vested account balance. Participants may have only one loan outstanding at any given time. Loans bear interest at the prime rate plus 1%. The interest rate is fixed for the duration of the loan. Interest rates ranged from 4.25% to 9.50% as of December 31, 2025. Loans are generally repayable through payroll deductions over a period not to exceed five years, unless the loan is used to purchase a primary residence, in which case the repayment period may be extended. The plan also allows participants to continue to repay their loans once they have left the company by sending their

Sandisk Corporation 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

As of December 31, 2025

repayments directly to the recordkeeper. Principal and interest payments are allocated to the participant's account as repayments are made.

Forfeitures

The nonvested portion of terminated participants' accounts, if any, is forfeited in accordance with the terms of the Plan. Plan forfeitures may be used to reduce employer contributions or to pay Plan administrative expenses, as permitted under the Plan. For the year ended December 31, 2025, approximately \$31,000 of forfeitures were utilized to pay administrative expenses. As of December 31, 2025, the ending forfeiture account balance was approximately \$77,000.

Payment of Benefits

Upon termination of service, death, disability, or retirement, a participant may elect to receive the value of the participant's vested account balance in either a lump-sum amount or in installment payments if certain criteria are met. If a participant dies at any time before payment of benefits occurs, payment will be made to a surviving spouse or designated beneficiary. Participants may withdraw all or part of their vested balance once they reach the retirement age of 59^{1/2}. Participants may also request that all or a portion of their account be distributed in the case of severe financial hardship, as defined in the plan document. As required by law, participants must begin receiving annual required minimum distributions by April 1 of the year following the year in which they reach age 73. Additionally, the Plan provides for automatic lump sum distribution for participants who terminate employment with a vested account balance of less than \$7,000. All benefits requested before December 31, 2025 were paid prior to year-end.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits, the reported amounts of additions and deductions from net assets available for benefits and disclosure of contingent assets and liabilities during the reported period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for additional information regarding fair value measurements. Certain investments, such as, Common collective trust funds are measured at net asset value ("NAV") per share as a practical expedient to estimate fair value, and are not classified in the fair value hierarchy. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued and unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as

Sandisk Corporation 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

As of December 31, 2025

administrative expenses and are expensed as incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded in accordance with the terms of the Plan.

Payment of Benefits

Benefits paid to participants are recorded by the Plan when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Transactional fees and fees related to the administration of notes receivable from participants are charged directly to the respective participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Risks and Uncertainties

The Plan invests in various investment securities that are exposed to various risks, including interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 3 - INVESTMENTS AND FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

As of December 31, 2025

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: Valued based principally on quoted market prices. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. The mutual funds held by the Plan are actively traded.

Self-Directed Brokerage: Consists of interest-bearing cash and mutual funds. The mutual funds have readily determinable fair value with quoted market prices in an active market.

Common Collective Trust Funds: The fair value of the common collective trust funds are based on the NAV of each fund's underlying investments, as reported to the Plan by the contract issuer. The NAV, as provided by Fidelity, is used as a practical expedient to estimate fair value.

The preceding methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	December 31, 2025			Total
	Level 1	Level 2	Level 3	
Self-directed brokerage account	\$ 28,315,809	\$ -	\$ -	\$ 28,315,809
Mutual funds	133,361,387	-	-	133,361,387
Total investments in the fair value hierarchy	161,677,196	-	-	161,677,196
Common collective trust funds(1)				431,596,406
Total investments at fair value				\$ 593,273,602

- (1) In accordance with ASC 820, *Fair Value Measurement*, common collective trust funds were measured at NAV per share as a practical expedient to estimate fair value, and have not been classified in the fair value hierarchy. The above presentation was intended to permit reconciliation of the fair value hierarchy, including investments measured at NAV per share, to the line items presented in the statements of net assets available for benefits.

NOTE 4 - RELATED PARTIES AND PARTIES-IN-INTEREST

Investment and administrative fee related transactions paid to Fidelity, along with notes receivable from participants are considered party-in-interest transactions. Total administrative expenses by the Plan to Fidelity totaled \$156,604 for the year ended December 31, 2025.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, each participant's Company contribution account balance will become fully vested.

NOTE 6 - CERTIFIED INVESTMENT INFORMATION

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity (the Trustee of the Plan), has certified that the following investment information included in the accompanying financial statements and ERISA required supplemental schedule is complete and accurate.

- Investments, at fair value, and notes receivable from participants, as shown in the statement of net assets available for benefit as of December 31, 2025;
- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefit for the year ended December 31, 2025;
- Schedule H, line 4(i) – Schedule of assets (held at end of year) as of December 31, 2025.

NOTE 7 - TAX STATUS

Upon formation of the Plan on February 24, 2025, the Plan adopted a Fidelity pre-approved plan that has received a favorable opinion letter from the IRS dated June 30, 2020. The form of the plan is acceptable under the applicable provisions of the IRC. The Plan has since been amended since the date of the opinion letter. The Company, as Plan Administrator, and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the Plan's tax positions and has concluded that, as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through July 20, 2026, the date the financial statements were available to be issued. The Plan is not aware of any subsequent events that would require recognition or additional disclosure in the financial statements.
