Independent Auditors' Report

To the Plan Administrator of
Mayer Electric Supply Company, Inc. Associates Capital Accumulation Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Mayer Electric Supply Company, Inc. Associates Capital Accumulation Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of October 9, 2025 and December 31, 2024, and the related statement of changes in net assets available for benefits for the period from January 1, 2025 through October 9, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Mayer Electric Supply Company, Inc. Associates Capital Accumulation Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of October 9, 2025 and December 31, 2024, and for the period from January 1, 2025 through October 9, 2025, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Emphasis of Matter

As discussed in Note 3 to the financial statements, effective October 9, 2025, the Plan merged into the Rexel USA, Inc. Section 401(k) Savings Plan, and substantially all net assets available for benefits were transferred to the successor plan. Our opinion is not modified with respect to this matter.

Baker Tilly Advisory Group, LP and Baker Tilly US, LLP, trading as Baker Tilly, are members of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities. Baker Tilly US, LLP is a licensed CPA firm that provides assurance services to its clients. Baker Tilly Advisory Group, LP and its subsidiary entities provide tax and consulting services to their clients and are not licensed CPA firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Mayer Electric Supply Company, Inc. Associates Capital Accumulation Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Mayer Electric Supply Company, Inc. Associates Capital Accumulation Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Mayer Electric Supply Company, Inc. Associates Capital Accumulation Plan's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Mayer Electric Supply Company, Inc. Associates Capital Accumulation Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Capital Accumulation Plan

Notes to Financial Statements

October 9, 2025 and December 31, 2024

1. Description of Plan

The following description of the Mayer Electric Supply Company, Inc. Associates Capital Accumulation Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established effective January 1, 1955, as restated January 1, 2022. The Plan covered all employees of Mayer Electric Supply Company, Inc. In September 2022, the Board of Directors approved freezing the Plan effective December 31, 2022, so that employees would be able to participate in the Rexel USA Inc. Section 401(k) Savings Plan (the Rexel Plan) following Rexel USA, Inc.'s acquisition of Mayer Electric Supply Company, Inc. in November 2021.

The Plan applied for the Voluntary Correction Program (VCP) with the IRS and received the compliance statement regarding the VCP in 2025. This indicates that the IRS has given its approval regarding the corrective actions and changes to administrative procedures described in the statement. The Plan was merged into the Rexel Plan on October 9, 2025. See Note 3 for additional information.

Prior to December 31, 2022, the Plan was a 401(k) salary deferral and profit sharing plan covering substantially all employees of Mayer Electric Supply Company, Inc., and was subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Mayer Electric Supply Company, Inc. (the Company) was the Plan's sponsor and served as the Plan Administrator.

Eligibility

Prior to December 31, 2022, employees of the Company were eligible to participate in the elective deferral portion and Plan upon reaching age 21 and after completing 30 days of service. Participants, upon reaching the age of 21, must have been employed as of the last day of the Plan year, to be eligible to receive any employer paid profit sharing contributions.

Contributions

Participant contributions - Prior to December 31, 2022, participants could contribute between 1% and 100% of pretax annual compensation, as defined in the Plan, each year. Participants could also elect to make Roth contributions utilizing after-tax contributions. Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan also included an auto-enrollment provision whereby all newly eligible employees were automatically enrolled in the Plan unless they affirmatively elected not to participate in the Plan. Automatically enrolled participants had their deferral rate set at 4% of eligible compensation and their contributions invested in a designated fund until elected otherwise by the participant. Unless elected otherwise by the participant, pretax deferrals were automatically increased annually by 1% up to a maximum auto-deferral of 10%.

Employer match and profit-sharing contributions - Prior to December 31, 2022, the Company could elect to make discretionary matching and profit-sharing contributions to the Plan. The amount of the matching contributions was based on a sliding scale formula, which uses Company profits and return on investments. Profit-sharing contributions, made at the option of the Company's Board of Directors, were allocated to participants in the same proportion as a participant's compensation bears to the total of all participants' compensation.

Contributions were subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Prior to December 31, 2022, each participant's account was credited with the participant's contributions as well as allocations of the Company's contributions. Each participant's account was credited with Plan earnings. Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant was entitled was the benefit that can be provided from the participant's vested account. Participants directed the investment of their account into various investment options offered by the Plan.

Vesting

Participants were vested immediately in their contributions and the Company’s contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts was based on years of continuous service. Effective December 31, 2022, all participants were 100% vested.

Notes Receivable From Participants

Prior to December 31, 2022, participants could borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans were issued by the Plan and secured by the balance in the participant's account. The loan interest rate, determined annually, was set at 1% above the prime rate, as defined. Principal and interest were paid ratably through monthly payroll deductions. Terms ranged up to 5 years or up to 20 years for loans used for the purchase of a primary residence. The loans were merged into the Rexel Plan as of October 9, 2025.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant could elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or installment payments as provided in the plan document. For termination of service due to other reasons, a participant could receive the value of the vested interest in his or her account as a lump sum distribution. If a terminated participant’s vested balance was less than or equal to $5,000, the amount could have been automatically distributed in the form of Lump Sum Cash Payment. In addition, the Plan allowed for hardship distributions if certain criteria were met.

Forfeitures

Forfeitures were the nonvested portion of a participant's account that were lost upon termination of employment. Forfeitures were retained in the Plan, must be used in the subsequent year, and could have been used to reduce the Company's contributions or pay the Plan's administrative expenses. As of October 9, 2025, there were no forfeited nonvested accounts. As of December 31, 2024, forfeited nonvested accounts totaled $1,009. For the period ended October 9, 2025, no forfeitures were used to offset expenses.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments were reported at fair value and contract value. Fair value was the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value was the relevant measure for assets invested in fully benefit-responsive investment contracts because contract value was the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's trustee, T. Rowe Price Group, Inc., determined the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company, as applicable. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation included the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Prior to December 31, 2022, contributions from participants and corresponding matching contributions were recorded in the year in which the employee contributions were withheld from compensation.

Notes Receivable From Participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. Related fees were recorded as administrative expenses and were expensed as incurred.

Delinquent notes receivable from participants were reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan Agreement. No allowance for credit losses has been recorded as of October 9, 2025, nor as of December 31, 2024.

Payment of Benefits

Benefits were recorded when paid.

Expenses

Certain expenses of maintaining the Plan were paid by the Plan, unless otherwise paid by the Company. Expenses that were paid by the Company were excluded from these financial statements. Fees related to the administration of notes receivable from participants were charged directly to the participant's account and were included in administrative expenses. Investment related expenses were included in net appreciation in fair value of investments.

Subsequent Events

Subsequent events were evaluated through September 2, 2026, the date the financial statements were available to be issued.

3. Plan Merger

Effective October 9, 2025, the Plan merged into the Rexel Plan. The merger was approved by the Plan Sponsor in accordance with the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code (IRC).

In connection with the merger, substantially all of the Plan's net assets available for benefits were transferred to the Rexel Plan on October 9, 2025. Following the transfer, participants became fully vested participants in the Rexel Plan, and all account balances and related participant rights were transferred.

As a result of the merger, the Plan had no net assets available for benefits as of October 9, 2025. The Statement of Changes in Net Assets Available for Benefits includes the activity of the Plan through the date of the merger, including the transfer of net assets to the Rexel Plan. The transfer of net assets to the Rexel Plan is presented as a separate line item, "Transfers to another plan" in the accompanying Statement of Changes in Net Assets Available for Benefits.

These financial statements represent the final financial statements of the Plan prior to its merger into the Rexel Plan. No assets remained in the Plan as of October 9, 2025, and no further benefit payments will be made from the Plan.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

Assets at Fair Value as of December 31, 2024	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 15,080,644	$ -	$ -	$ 15,080,644
Self-directed brokerage accounts	4,316,767	-	-	4,316,767
Total assets in the fair value hierarchy	19,397,411	-	-	19,397,411
Investments measured at net asset value (a)	-	-	-	134,170,465
Total investments at fair value	$ 19,397,411	$ -	$ -	$ 153,567,876

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Fair Value of Instruments That Calculate Net Asset Value

The following table summarizes investments measured at fair value based on net asset value (NAVs) per share as of December 31, 2024. There were no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Collective trusts	$ 134,170,465	None	Daily	None

5. Guaranteed Income Fund

The Plan entered into a fully benefit-responsive investment contract (FBRIC) with Prudential Retirement Insurance and Annuity Company (Prudential) which was acquired by Empower Annuity Insurance Company of America (Empower). Prudential and Empower maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer was contractually obligated to repay the principal and a specific interest rate that was guaranteed to the Plan. The FBRIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract met the FBRIC criteria and was therefore reported at contract value. Contract value is the relevant measure for FBRICs because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Prudential and Empower, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants could have ordinarily directed the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due was dependent on the issuer's ability to meet its financial obligations, which may have been affected by future economic and regulatory developments.

Certain events might have limited the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (such as divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events were probable of occurring that might limit the Plan's ability to transact at contract value with the participants.

During the year ended December 31, 2024, the Plan Sponsor appointed T. Rowe Price Trust Company as the successor trustee after authorizing Empower Trust Company, LLC to terminate the Group Annuity Contract. As discussed in Note 3, during 2025, the Plan transferred substantially all net assets to the Successor Plan. As of the merger date, the administrative transfer of the Plan's Guaranteed Income Fund had not yet been completed by the investment provider. The rights and obligations associated with the contract were transferred to the Rexel Plan effective with the merger; however, the transfer of the contract by the investment provider was completed administratively in January 2026. Accordingly, the subsequent administrative transfer did not represent an additional transfer of net assets by the Plan after the merger date.

6. Information Certified by Trustee

The plan administrator has elected to have an audit performed pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA for 2025 and 2024. Accordingly, certain information in the Plan’s financial statements was agreed to or derived from information certified as complete and accurate by T. Rowe Price Trust Company, the Plan's Trustee and a qualified institution. The certified information includes the Plan's investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits as of October 9, 2025 and December 31, 2024, and the related investment activity (including net appreciation, interest, and dividends) and interest income on notes receivable from participants reported in the accompanying Statement of Changes in Net Assets Available for Benefits for the period from January 1, 2025 to October 9, 2025.

7. Related-Party and Party In Interest Transactions

The Plan paid expenses related to the Plan's operations and investment management to various service providers. Certain Plan investments were managed by T. Rowe Price Trust Company, and were formerly managed by Empower Annuity Insurance Company. Empower Annuity Insurance Company was the trustee of the Plan through January 2, 2024. Effective January 3, 2024 and through October 9, 2025, T Rowe Price Trust Company was the trustee of the Plan. Therefore, transactions with these entities qualify as exempt party-in-interest transactions.

Certain administrative functions of the Plan were performed by officers or employees of the Company. No such officer or employee received compensation from the Plan.

Additionally, the Plan issued loans to participants, which were secured by the participant's account balances. These transactions qualified as party in interest transactions.

8. Tax Status

The Company has adopted a pre-approved plan document offered by T. Rowe Price that has received an IRS Opinion Letter dated August 19, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan had been amended since receiving the IRS Opinion Letter, the plan administrator believes that the Plan was designed and operated in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan was qualified, and the related trust was tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan had taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan was subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invested in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could have materially affected participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

10. Form 5500

The Form 5500 has certain items that differ from amounts shown on the accompanying financial statements. These differences relate to classification only and have no effect on the net assets available for benefits for either period presented.
