INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
General Credit Forms, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of General Credit Forms, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of General Credit Forms, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of General Credit Forms, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about General Credit Forms, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of General Credit Forms, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about General Credit Forms, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, (the "supplemental schedule") is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following description of the General Credit Forms, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, a defined contribution plan sponsored by General Credit Forms, Inc. (the "Plan Sponsor") and participating employers (collectively, the "Company" or "Employer"), is designed to qualify under Section 401(a) and related provisions of the Internal Revenue Code ("IRC"). The Plan was established effective September 1, 1979, and restated effective January 1, 2022. The Company is the Plan Administrator and the Plan Sponsor, and has contracted with Fidelity Management Trust Company (the "Trustee") to act as the Plan's trustee and Fidelity Workplace Services, LLC, an affiliate of the Trustee, to perform the recordkeeping services. The Plan is subject to the provisions of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. Effective during 2025, the Plan administratively adopted section 304 of SECURE 2.0, which increased the force-out threshold from \$5,000 to \$7,000. The effective dates of provisions within SECURE 2.0 vary through 2026. The Plan Sponsor is required to operate the Plan in accordance with the applicable provisions as they become effective and generally has until December 31, 2026, to adopt any required plan amendments related to SECURE 2.0. As of the date the financial statements were available to be issued, the Plan had not been formally amended for all applicable SECURE 2.0 provisions.

Eligibility

The Plan covers substantially all employees who are residents of the United States with the exception of leased employees and certain employees covered by a collective bargaining agreement. The Plan allows eligible employees to enter into the Plan the first day of the month following date of hire.

Contributions

Participants may contribute up to 60% of their eligible compensation as pre-tax or after-tax (as Roth contributions) deferrals, as defined in the Plan documents and subject to IRC limitations. Plan participants who have attained age 50 or older before the end of a calendar year are allowed to make additional contributions called "catch-up contributions" to the Plan, up to the annual contribution limit as defined in the IRC. Participants are also allowed to make rollover contributions of amounts received from other tax qualified employer-sponsored retirement plans and individual retirement accounts. All contributions are deposited in the appropriate investment funds in accordance with each participant's direction and the Plan's provisions.

1. DESCRIPTION OF THE PLAN (continued)

Contributions (continued)

The Company makes Employer safe harbor matching contribution equal to 100% of the participant's elective deferrals up to 3% of eligible compensation and 50% of the next 2% (up to a maximum of 4% of eligible contributions). Employer safe harbor matching contributions were \$426,522 for the year ended December 31, 2025.

In addition, the Company may make a discretionary Employer profit-sharing contribution. In order to be eligible for any Employer profit-sharing contribution, an employee must be eligible to participate in the Plan, earn at least 501 hours of service and be employed as of the last day of the Plan year. Discretionary Employer profit-sharing contributions of \$134,055, net of forfeitures, were made for the year ended December 31, 2025.

Participant accounts

Each participant's account is credited with the participant's contributions, rollover contributions, allocations of the Employer's contributions, if any, and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan.

Vesting

Participants are immediately vested in their contributions, plus any earnings thereon. The Company's Employer safe-harbor matching contributions also are fully vested and nonforfeitable at all times. The Company's discretionary Employer profit sharing contributions are vested on a graduated five-year vesting schedule as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less than 1	0 %
1	20 %
2	40 %
3	60 %
4	80 %
5	100 %

Forfeited accounts

At December 31, 2025 and 2024, forfeited nonvested accounts totaled \$18,470 and \$10,343 respectively. At the discretion of the Plan Administrator, these accounts may be used to reduce Employer contributions as well as pay any administrative expenses. For the Plan year ended December 31, 2025, forfeited nonvested accounts in the amount of \$28,634 was used to reduced Employer contributions.

1. DESCRIPTION OF THE PLAN (continued)

Payment of benefits

Distributions and withdrawals are payable to participants upon retirement, termination, disability, or to a beneficiary upon a participant's death. If the vested account balance is less than \$1,000 upon termination, the distribution will be paid in the form of a lump-sum cash payment. If the account balance is over \$1,000 up to \$7,000 upon termination, the participant can consent to either a distribution paid in the form of a lump-sum cash payment or a direct rollover into another qualified plan. If the account balance is in excess of \$7,000, the participant can request installment distributions or postpone payment to a later date and remain in the Plan as described in the plan documents. Also, participants may request in-service distributions from their vested account balance at any time after having attained age 59 ½, withdrawals of previously made after-tax contributions, or their rollover contributions that may have been rolled into this Plan from another qualified Plan. Withdrawals from the Plan may also be made upon circumstances of financial hardship, as defined in the Plan.

Administrative expenses

Administrative expenses are generally paid by the Company, but may, at the discretion of the Plan Administrator, be paid by the Plan. Transaction fees for certain participant-initiated activity are charged to the specific account of the participant initiating any such transaction. The Plan is not required to reimburse the Company for expenses paid on its behalf.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") and in accordance with the provisions of ERISA.

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator and management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments in mutual funds are reported at fair value. The Plan's investment in a collective investment trust fund is reported at net asset value ("NAV") as a practical expedient to fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment valuation and income recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Administrative expenses are recorded when incurred.

Contributions and contributions receivable

Contributions from participants are recorded based on the date the contributions have been separated from a participant's pay by the Company, which is the pay date. Employer contributions are recorded in the year earned which coincides with the year in which the Company records the contributions in its general ledger. The Plan records receivables for contributions based upon contributions recorded in the Plan year but received by the Plan subsequent to year end. Rollover contributions from participants are recorded based on the date the contributions are received by the Trustee.

Subsequent events

The Plan has evaluated all subsequent events through August 27, 2026, the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE (UNAUDITED)

The Plan Administrator, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the Plan's investment information, and related activity, certified by the Trustee, determined to be a qualified institution by the plan administrator (Note 1), as complete and accurate, except for comparing such information to corresponding information included in the Plan's financial statements and the supplemental schedule of assets (held at end of year). The Trustee certified that the following investment information included in the financial statements is complete and accurate:

- Investments as shown in the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024.

3. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE (UNAUDITED)
(continued)

- Net appreciation in fair value of investments and interest and dividends as shown in the accompanying statements of changes in net assets available for benefits for the year ended 2025.
- Investments reflected on the schedule of assets (held at the end of year) as of December 31, 2025.

4. FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset and liability;
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

4. FAIR VALUE MEASUREMENTS (continued)

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified within level 1 of the valuation hierarchy.

The collective investment trust ("CIT") is valued at NAV as calculated by the issuing financial institution, as a practical expedient to fair value. The NAV is based on the fair value of the underlying investments held by the CIT, minus its liabilities and expenses, divided by the number of shares outstanding.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets, by type, at fair value as of December 31, 2025:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Mutual funds	<u>\$ 48,810,921</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 48,810,921
Investments measured at NAV (a)				<u>800,865</u>
Investments at fair value				<u>\$ 49,611,786</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets, by type, at fair value as of December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Mutual funds	<u>\$ 47,391,067</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 47,391,067
Investments measured at NAV (a)				<u>1,270,512</u>
Investments at fair value				<u>\$ 48,661,579</u>

(a) In accordance with Subtopic 820-10, certain investments that are measured at fair value using the NAV per share as a practical expedient (or its equivalent) have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of investments listed within the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. INVESTMENTS MEASURED USING THE NET ASSET VALUE PRACTICAL EXPEDIENT

The following table summarized investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2025:

<u>Investment type</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Collective investment trust	\$ 800,865	N.A.	Daily	Daily*

The following table summarized investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2024:

<u>Investment type</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Collective investment trust	\$ 1,270,512	N.A.	Daily	Daily*

*Participant withdrawal of funds can be initiated daily. Disbursements of funds for plan sponsor terminations will be provided as soon as practicable within twelve months following written notice.

6. TAX STATUS

The Fidelity pre-approved plan document used by the Plan obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service state that the form and content of the pre-approved plan document is acceptable under IRC Section 401 for use by employers for the benefit of their employees. The Plan is required to operate in conformity with the IRC to maintain its tax preferred status. The Plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes therein.

December 31, 2025 and 2024

8. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

ERISA defines a party-in-interest similarly to the definition of a related party under U.S. GAAP, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Management did not identify any related parties to the Plan that were not also considered to be parties-in-interest.

Party-in-interest transactions include those with any fiduciary of the Plan, any party rendering services to the Plan, an employer whose employees are covered by the Plan, employees of the Plan, and certain others. As such, transactions conducted by the Trustee and its affiliates, including fee offset agreements, qualify as party-in-interest transactions. The Plan Sponsor pays certain fees and expenses on behalf of the Plan. The Plan is not required to reimburse the Plan Sponsor for expenses paid on behalf of the Plan. These transactions qualify as exempt party-in-interest transactions.

Certain fund-level fees incurred by the funds in which the Plan invests for such services as record-keeping are paid through fund-level revenue-sharing agreements as an offset. Fund-level fees not offset by revenue-sharing reduce fund earnings, thereby impacting the investment return applied to participants' accounts.

9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.
