As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of Widener University Defined Contribution Retirement Plan. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

Widener University Defined Contribution Retirement Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which accompanying financial statements may have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Widener University Defined Contribution Retirement Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct audits of Widener University Defined Contribution Retirement Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors' report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of Widener University Defined Contribution Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule.

WIDENER UNIVERSITY DEFINED CONTRIBUTION RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

NOTE 1 DESCRIPTION OF THE PLAN

The following description of the Widener University Defined Contribution Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions, including definitions of key terms.

General

The Plan is a defined contribution plan originally effective July 1, 1961. The Plan has been amended throughout the years to comply with tax legislation and most recently amended and restated effective July 1, 2025. The Plan excludes students who are enrolled at Widener University, adjunct faculty, postdoctoral and predoctoral fellows, graduate assistants, student aides on work-study programs, and seasonal project employees. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Eligible employees of Widener University (the University) are able to participate in the deferral component of the Plan following commencement of employment. Participants are eligible for the employer contribution component of the plan when they satisfy eligibility requirements, which include turning 21 years of age and completing one year of service with the University. Effective July 1, 2025, the one-year service requirement for University discretionary nonelective contributions will be waived for employees who previously worked at a college or university and have completed at least one full year of employment at that institution.

Contributions

The Plan includes a salary deferral arrangement allowed under Section 403(b) of the Internal Revenue Code (IRC). Eligible participants are permitted to elect to have a percentage, limited by Plan provisions, of their compensation contributed as pretax 403(b) or Roth contributions to the Plan. During the year ended December 31, 2024, the University made discretionary nonelective contributions totaling 5% of annual salary to eligible employees. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Effective July 1, 2025, the Plan was amended to introduce University discretionary matching contributions, which commence in accordance with an employee's own contributions to the Plan. During the year ended December 31, 2025, the discretionary matching contribution was 1.00% of eligible compensation.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

DECEMBER 31, 2025 AND 2024

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions, the University's matching contribution, an allocation of the University's discretionary contribution, and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

Vesting

Participants are immediately vested in both their contributions and University contributions, plus actual earnings thereon. As such, there are no forfeited nonvested accounts as of December 31, 2025 and 2024.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Plan Loans

Participants may borrow from TIAA a minimum of \$1,000 and up to the lesser of \$50,000 or 50% of the vested portion of their TIAA fund account. These loans are direct loans between the participant and TIAA, the insurance company of the Plan, and as such they are not treated as a transfer from the investment funds to a note receivable from participant or as a Plan asset. However, 110% of the outstanding loan balance is collateralized by the participant's account.

This portion of the participant's account is transferred at the time of the loan initiation and is maintained in the TIAA Traditional Annuity within the participant's account. Loans must be repaid to TIAA by the participant in accordance with the repayment terms of the agreement. In the event of default, foreclosure on the participant's account balance will not occur until a distributable event occurs in the Plan.

Outstanding loans between Plan participants and TIAA totaled \$130,785 and \$117,296 as of December 31, 2025 and 2024, respectively, and were collateralized by approximately the same amounts of investments included in the statements of net assets available for benefits as of December 31, 2025 and 2024.

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Benefit Payments

Upon termination of service due to death, disability, or retirement, a participant may elect to receive the value of the vested interest in his or her account in the form of lump-sum payments, partial payments, installments, or annuities. Participants whose account balances total less than \$1,000 are permitted lump-sum distributions only. Participants may withdraw, roll over, or transfer contributions at any time. Participants are also permitted to take hardship withdrawals from their deferral contribution accounts in cases of immediate and heavy financial need. In addition, participants may elect in-service withdrawals of their elective deferral account balances after reaching age 59-1/2 and are permitted to withdraw pre-1989 elective deferrals in an annuity contract. Minimum required distributions for participants who have reached age 70-1/2 also apply per IRS regulations.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for doubtful accounts has been recorded as of December 31, 2025 or 2024. Delinquent notes receivable are recorded as distributions on the basis of the terms of the Plan document.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Contributions

Contributions from participants and Employer matching contributions are recorded in the year in which the employee contributions are withheld from compensation.

Benefit Payments

Benefits are recorded when paid.

ERISA Account

ERISA accounts at TIAA-CREF will hold any investment earnings under the Plan that have not been allocated and can be used by the University to pay administrative expenses of the Plan, as determined by the University, in its sole discretion. The ERISA account balance was \$104,941 and \$19,186 at December 31, 2025 and 2024, respectively, and will be allocated to pay administrative expenses. Certain administrative expenses of the Plan were funded from the ERISA account for the year ended December 31, 2025.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the University and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expense. Investment-related expenses are provided in the Plan document, administrative expenses may be paid either by the Plan or by the University. The University has historically paid the operating expenses for the Plan.

Subsequent Events

The Plan has evaluated subsequent events through July 29, 2026, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

TIAA and CREF and TIAA Trust, N.A., the qualified institutions of the Plan, have supplied the Plan administrator with a certification as to the completeness and accuracy of investments and notes receivable from participants as of December 31, 2025 and 2024, and investment income and interest income on notes receivable from participants for the year ended December 31, 2025, in the accompanying financial statements and ERISA-required supplemental schedule.

NOTE 4 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2025 and 2024.

Shares in Registered Investment Companies: Valued at the daily closing price as reported by the fund. Shares in Registered Investment Companies held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Accounts: Investment types within the accounts are money market and mutual fund investments. They are traded in active markets on national and international securities exchanges and are valued at closing prices on the last business day of each period presented.

Pooled Separate Account: Valued at the NAV of units as determined by the insurance company. NAV is a readily determinable fair value and is the basis for current transactions.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

Subaccounts of Variable Annuities: Valued at the NAV of accumulation units held by the Plan in CREF (College Retirement Equities Fund, a registered investment company) variable subaccounts. NAV is a readily determinable fair value and is the basis for current transactions.

Insurance Company General Accounts: Certain annuity contracts within the TIAA Traditional Annuity (see Note 5) are valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs:

	2025 Fair Value	2024 Fair Value	Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values	Weighted Average
				Risk-Adjusted Discount Rate Applied	3.55% - 6.50% (RA)	5.00% (RA)
TIAA Traditional Annuity Contracts	\$ 96,604,489	\$ 99,557,697	Discounted Cash Flow			
			Theoretical Transfer (Exit Value)			

NOTE 5 INSURANCE COMPANY GENERAL ACCOUNTS

The TIAA Traditional Annuity contracts are guaranteed fixed annuity contracts available as investment options to Plan participants. Each contract is fully and unconditionally guaranteed by TIAA. The Traditional Annuity is offered through a variety of contract types, including the Retirement Annuity (RA) and Retirement Choice Plus Annuity (RCP).

The type of contract through which a participant invests in the Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement.

All RCP contracts provide for full participant-directed liquidity. Therefore, the RCP contracts meet the fully benefit-responsive investment contract criteria and are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by TIAA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

All RA contracts require withdrawals in the form of a lifetime payout annuity or in periodic installments over a 10-year period. Therefore, the RA contracts are not fully benefit-responsive and are recorded at fair value, which approximates contract value.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

NOTE 5 INSURANCE COMPANY GENERAL ACCOUNTS (CONTINUED)

When participants choose to allocate a portion of their retirement savings to the Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a specified minimum rate of interest, is guaranteed by TIAA's claims-paying ability. The Traditional Annuity also provides the potential for additional interest if declared by TIAA's Board of Trustees.

Additional interest, when declared, remains in effect for the declaration year, which for the Traditional Annuity contract begins each March 1 for accumulating annuities and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate.

When a participant's accumulation in the Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance and the entire amount is recorded as a distribution in the statement of changes in net assets available for benefits.

NOTE 6 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 PLAN TERMINATION

Although it has not expressed any intent to do so, the University has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 8 PLAN TAX STATUS

The Company has adopted a pre-approved plan document that has received an opinion letter from the Internal Revenue Service (IRS) stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although, the Plan has been amended since adopting the pre-approved plan document, the Plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

WIDENER UNIVERSITY DEFINED CONTRIBUTION RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

NOTE 8 PLAN TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 PARTY IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the qualified institutions as defined by the Plan and, therefore, the investment transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 10 HISTORICAL PLAN ADMINISTRATION

Prior to 2009, the Plan's third-party administrator, TIAA, tracked contributions, investment earnings, distributions, and other activity on a "contract" basis. Each participant was set up as having a separate "contract" and Plan level activity was not captured. This method of administration was utilized prior to January 1, 2009, as the regulations governing 403(b) plans did not require Plan level reporting. As a result of this administration and lack of historical Plan level financial reporting, the Plan administrator is unable to obtain Plan level information prior to January 1, 2009.
