Scope and Nature of the ERISA Section 103(a)(3)(C) Audits for the Financial Statements

We have performed audits of the accompanying financial statements of Van Doren Sales, Inc. 401(k) Savings Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements are comprised of the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4i – Schedule of Assets (Held at End of Year), as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Van Doren Sales, Inc. 401(k) Savings Plan
Notes to Financial Statements
December 31, 2025 and 2024

1. Description of the Plan

The Van Doren Sales, Inc. 401(k) Savings Plan (the Plan) is a defined contribution plan covering all eligible employees of Van Doren Sales, Inc. (the Company).

The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established effective January 1, 1987 under the provisions of Section 401(a) of the Internal Revenue Code, which includes a qualified deferred arrangement as defined in Section 401(k) thereof. The Plan was most recently amended and restated effective July 1, 2023 (see Note 4) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The most recent amendment was primarily administrative in nature and did not have any significant impact on the Plan. The Plan excludes leased employees, nonresident aliens, and employees covered under a collective bargaining agreement.

Eligibility

Employees of the Company are eligible to participate in the Plan after completing six months of service. Employees can enroll in the Plan on January 1, April 1, July 1 or October 1, following fulfillment of the six-month service eligibility requirement.

Employee Contributions

Participants of the Plan may make elective deferrals of up to 75% of their eligible pretax compensation, not to exceed annual limitations prescribed by the Internal Revenue Service. For 2025 and 2024, the elective deferral limit was \$23,500 and \$23,000, respectively, for individuals under the age of 50, and \$31,000 and \$30,500, respectively, for individuals who had attained the age of 50 by the end of the calendar year. Participants may also contribute amounts representing rollover contributions from other qualified defined benefit or defined contribution plans.

Employer Contributions

The Plan's provisions permit the Company to make certain types of employer contributions. The first type is Employer Matching Contributions, which are calculated based on employees' elective deferral contributions, their compensation for the pay period and their years of service with the Company. Employer Matching Contributions are made for all employees who were active participants at any time during the payroll period.

Employees with less than ten years of service received Employer Matching Contributions equal to 50% of the employee's first 8% of elective deferral contributions. Employees with ten or more years of service received Employer Matching Contributions of 75% of the employee's first 8% of elective deferral contributions. In either case, the Employer Matching Contributions were limited to elective deferral contribution on up to \$350,000 and \$345,000 of eligible employee compensation for 2025 and 2024, respectively. Based on these formulas, Employer Matching Contributions for 2025 totaled \$320,195.

1. Description of the Plan, Continued

Employer Contributions, Continued

The second type of employer contribution is a discretionary Employer Profit Sharing Contribution which may be made each Plan year to eligible participants who had 1,000 or more hours of service in the Plan year and are employed on the last day of the Plan year. The amount of any Employer Profit Sharing Contribution is discretionary and determined by the Company annually. The Employer Profit Sharing Contribution is allocated pro rata to eligible employees based on their annual pay divided by the total annual pay of all participating employees who get a share. For the year ended December 31, 2025, the Company did not make any Employer Profit Sharing Contributions.

The Company in its discretion may also make additional Qualified Non-Elective Contributions for the benefit of certain non-highly compensated employees as determined by the Company. For the year ended December 31, 2025, the Company did not make any Qualified Non-Elective Contributions.

Participant Accounts

Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's rollover contributions, the participant's elective deferral contributions and allocations of: (a) the Company's contributions, if any, and (b) net plan earnings. Participants direct the investment of their contributions and any Company discretionary contributions to any of the Plan's investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting of Contributions

Participants are immediately 100% vested in their elective deferral and rollover contributions to the Plan and related earnings. Company contributions and related earnings vest 100% following three years of service.

All Company contributions and earnings thereon, become 100% vested upon a participant being employed on or after their Normal Retirement Age, or upon death or disability. Normal Retirement Age is 65, as defined in the Plan document.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum of the lesser of \$50,000 or 50% of the participant's vested account balance. Loan terms cannot exceed five years except for the purchase of a primary residence which cannot exceed fifteen years. The loans are secured by the balance in the participant's account and bear interest at the rate in effect as of the date of the loan application. Interest rates are determined periodically by the Plan administrator. Principal and interest payments are paid ratably through periodic payroll deductions.

Payment of Benefits

Upon termination of service due to retirement, death, disability or termination of employment, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account, or periodic installments. If a participant terminates employment and the participant's account balance does not exceed \$5,000, the Plan administrator will authorize a lump-sum distribution without the participant's consent. Withdrawals due to "financial hardship" are also permitted.

1. Description of the Plan, Continued

Forfeitures

The non-vested portion of a participant's account is forfeited upon the earlier of the distribution of the entire vested portion of the participant's account, or the last day of the plan year in which the former participant incurs five consecutive 1-year breaks in service. Forfeitures are retained in the Plan and may be used to reinstate forfeited balances of re-hired employees, pay Plan administrative expenses, or reduce future employer contributions.

For the year ended December 31, 2025, forfeitures totaling \$5,007 were used to pay administrative expenses and forfeitures totaling \$0 were used to reduce the Employer Matching Contributions. At December 31, 2025, remaining unallocated forfeitures was \$0.

Administrative Expenses

The Plan permits all Plan-related fees and expenses to be charged to individual participant accounts or to be paid from forfeitures. Administrative expenses are charged to participants' accounts quarterly on a pro rata basis. Administrative expenses charged directly to participants' accounts totaled \$51,271 during 2025.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of a Plan termination, all participants would become 100% vested in their employer contributions, and benefits under the Plan would be distributed based upon participant account balances accumulated on the date of termination of the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements have been prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, as certified by the Plan's custodian, Principal Trust Company ("Principal"). Quoted market prices for mutual funds and net asset values available to investors for the pooled separate accounts are used to value investments. Shares of registered investment company funds (mutual funds), pooled separate accounts and collective investment trust funds are valued at the net asset value of shares held by the Plan at year end. However, as these investments are deemed to be actively traded at a price that is readily available to participants, they are considered to be recorded at fair value.

Unrealized appreciation or depreciation in the fair value of investments held at year end is recognized as an increase or decrease in net assets available for Plan benefits. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

2. Summary of Significant Accounting Policies, Continued

Notes Receivable from Participants

Notes receivable from participants are stated at their unpaid principal balance, plus any accrued but unpaid interest.

Benefit Payments to Participants

Benefit payments to participants are recorded when paid.

Fair Value Measurements

ASC Topic 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy for those assets and liabilities measured at fair value, that distinguishes between assumptions based on market data (observable inputs) and the Plan's own assumptions (unobservable inputs). The hierarchy consists of: Level 1 – quoted market prices in active markets for identical instruments; Level 2 – inputs other than Level 1 inputs that are observable; and Level 3 – unobservable inputs developed using estimates and assumptions determined by the Plan.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during the Plan year ended December 31, 2025.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and therefore are included in Level 1 of the hierarchy.

Pooled separate accounts: Valued at net asset values that are computed daily and are available on Principal's website. Although the net asset values are not publicly quoted prices in an active market, they are available to current investors or when Plan participants access their account values and therefore are considered to have "readily determinable fair values." Because the pooled separate accounts are valued similar to mutual funds, they are included in Level 1 of the hierarchy.

Collective investment trust funds: Valued at net asset values that are computed daily and are available on the custodian's website. Although the net asset values are not publicly quoted prices in an active market, they are available to current investors or when Plan participants access their account values and therefore are considered to have "readily determinable fair values." Because the collective investment trust fund is valued similar to mutual funds, they are included in Level 1 of the hierarchy.

Money market fund: Interest-bearing cash equivalents are recorded at fair value, which approximates cost.

2. Summary of Significant Accounting Policies, Continued

Fair Value Measurements, Continued

At December 31, 2025 and 2024, the assets or liabilities of the Plan that were measured at fair value on a recurring basis are summarized as follows:

December 31, 2025

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 2,480,706	\$ --	\$ --	\$ 2,480,706
Pooled separate accounts	79,582	--	--	79,582
Collective investment trust funds	19,417,621	--	--	19,417,621
Money market fund	978,283	--	--	978,283

December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 19,787,066	\$ --	\$ --	\$ 19,787,066
Pooled separate accounts	56,199	--	--	56,199
Money market fund	884,301	--	--	884,301

Certain assets and liabilities are measured at fair value on a nonrecurring basis; that is, the instruments are not measured at fair value on an ongoing basis but are subject to fair value adjustments only in certain circumstances (for example, when there is evidence of impairment). The Plan had no assets or liabilities measured at fair value on a nonrecurring basis during 2025 or 2024.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates and affect the amounts reported in the financial statements.

3. Investments

Investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2025 and 2024, net appreciation in the fair value of investments for the year ended December 31, 2025, interest and dividends on investments for the year ended December 31, 2025, and interest on notes receivable from participants for the year ended December 31, 2025, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Principal Trust Company ("Principal"), the Plan's custodian, as permitted by 29 CFR 2520.103-8 of the Department of Labor's *Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974*.

4. Plan Tax Status

Effective January 1, 2016, the Plan was fully restated to comply with the restatement requirements of the Pension Protection Act of 2006 (PPA). As the restatement was adopted under a prototype submission, there was no requirement to obtain a determination letter from the Internal Revenue Service. Rather, the Internal Revenue Service has issued an Advisory Letter stating that the form of the plan is acceptable under Section 401 of the Internal Revenue Code.

The Plan was most recently restated effective July 1, 2023. The restated document is substituted in lieu of the prior document with the exception of any interim amendments and any model amendments that have not been incorporated into previous restatements. Such amendments shall continue to apply to the restated Plan until such provisions are integrated into the Plan or such amendments are superseded by another amendment. As the restatement was adopted under a prototype submission, there was no requirement to obtain a determination letter from the Internal Revenue Service.

The Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as restated, remains qualified and the related trust remains tax exempt.

5. Information Certified by the Custodian

The Plan administrator has received certification from Principal that the following information is complete and accurate:

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities may occur and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

8. Reconciliation of Financial Statements to Form 5500

Form 5500, which is filed with the Department of Labor, may have items that differ from the amounts shown on the accompanying Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits. These differences, if any, are classification differences only and have no effect upon net assets available for benefits or net changes in assets available for benefits.

9. Subsequent Events

The Plan's management has evaluated subsequent events through August 31, 2026, the date as of which these financial statements were available to be issued. No material subsequent events have occurred since December 31, 2025 that required recognition or disclosure in these financial statements.
