INDEPENDENT AUDITORS' REPORT

To the Participants and Plan Administrator of

DISTRICT MEDICAL GROUP, INC. PROFIT SHARING AND 401(K) PLAN & TRUST

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of ***District Medical Group, Inc. Profit Sharing and 401(k) Plan & Trust*** (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

(1) Description of the Plan

The following description of the ***District Medical Group, Inc. Profit Sharing and 401(k) Plan & Trust*** (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

- A. General** - The Plan is a defined contribution plan covering all employees of District Medical Group, Inc. (the "Company" or "Sponsor") who are age twenty-one or older excluding leased employees and residents of Puerto Rico. Participants are eligible for the Company's contributions if they are regularly scheduled to work at least 1,000 hours or actually work a 1,000 hours in a year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
- B. Contributions** - Each year, participants may contribute up to 100% of annual compensation on a pre-tax or Roth basis, subject to Internal Revenue Service ("IRS") limitations. Effective January 1, 2021, participants are automatically enrolled at a 2% pre-tax deferral, to be increased 2% per year until it reaches 10%, if the employee does not opt out or elect a different deferral rate. For participants hired prior to January 1, 2021, the pre-tax deferral continues to increase at a rate of 1% per year until it reaches 10%, if the employee does not opt out or elect a different deferral rate. Participants may also contribute on an after-tax basis. Automatic enrollment occurs on the first pay date at least 30 days after the employee becomes eligible. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Each year, at its discretion, the Company may elect to make profit sharing contributions to participants hired prior to December 31, 1998 based on their employment category per the criteria stated below, and in addition the Company will also contribute an amount equal to 6% of these participants' compensation.

<u>Group</u>	<u>Description</u>	<u>%</u>	<u>Age</u>	<u>Annual Compensation</u>

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

(1) Description of the Plan (continued)

Effective January 1, 2021, the Plan implemented a new employer match formula for new employees hired on or after January 1, 2021. The discretionary employer match is 2% in the first year of employment, 4% in the second year of employment, and 6% in the third year of employment and beyond.

Contributions are subject to certain limitations.

- C. Participant accounts** - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution (discretionary matching contribution, discretionary profit-sharing contribution, and successor to money purchase contribution) and (b) Plan earnings and charged with an allocation of administrative and investment expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds, common collective trusts, and self-directed brokerage accounts as investment options for participants.
- D. Vesting** - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company contribution portion of their account plus earnings thereon is based on years of continuous service. Participants hired on or prior to December 31, 1998 vested on a 3 year vesting schedule. Participants hired on or after January 1, 1999 vest 40% after 2 years of service and then 20% more each year until fully vested after 5 years of service. Upon death, disability or attaining retirement age while employed, a participant becomes 100% vested.
- E. Notes receivable from participants** - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate which is based on current interest charged by persons in the business of lending money or similar loans at the time the loan is made. The interest rates on notes receivable from participants at December 31, 2025 were 5.25% - 10.50%. Loan terms are 5 years or less. Principal and interest are paid ratably through semi-monthly payroll deductions.
- F. Payment of benefits** - Upon termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in their account or annuity payments. Participants and beneficiaries whose employment terminates or who is entitled to commence payment while employed, may elect partial distributions from time to time. Participants may also elect to accelerate installment payments over the period specified by the participant enrollment or a participant may elect distribution in more than one form of payment.
- G. Forfeited accounts** - At December 31, 2025 and 2024, forfeited non-vested accounts totaled approximately \$212,000 and \$220,000, respectively. These accounts will be used to reduce future employer contributions or plan expenses. For the year ended December 31, 2025, forfeitures totaling approximately \$798,000 were used to reduce employer contributions.

DISTRICT MEDICAL GROUP, INC.
PROFIT SHARING AND 401(k) PLAN & TRUST

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

(1) Description of the Plan (continued)

H. Investment and administrative expenses - Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. The Plan's investment and administrative expenses are paid by either the Plan or the Plan's Sponsor as provided by the Plan document.

(2) Summary of significant accounting policies

A summary of the Plan's significant accounting policies follows.

Basis of accounting - The accompanying financial statements of the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) using the accrual method of accounting. Accordingly, income and contributions are recognized when earned and expenses are recorded when incurred.

Management's use of estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect reported amounts of net assets and the reported amounts of additions to and deductions from net assets. Management is also required to make estimates associated with the disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment valuation and income recognition - The self-directed brokerage accounts primarily consist of common stocks, corporate and government obligations, unit investment trusts, mutual funds, and cash. Common stocks, corporate and government obligations, and unit investment trusts are stated at fair value, which is based on the closing price reported on the active market on which the investment is traded. Investments in shares of mutual funds are stated at net asset value, which are readily determinable fair values of those shares as they are published daily and are the basis for current transactions. Common collective trusts are valued based upon the quoted redemption value of units, or the equivalent of net asset value, which is a practical expedient for estimating fair value. The investments have no unfunded commitments as of December 31, 2025 and 2024 and can be redeemed daily with no redemption notice period or other redemption restrictions.

These methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair value. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and uncertainties - The Plan provides for various investment fund options, which in turn invest in any combination of stocks, bonds and other investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

**DISTRICT MEDICAL GROUP, INC.
PROFIT SHARING AND 401(k) PLAN & TRUST**

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

(2) Summary of significant accounting policies (continued)

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued interest.

Payment of benefits - Benefits are recorded when paid.

Subsequent events - The Plan has evaluated subsequent events through August 28, 2026, which is the date the financial statements were available to be issued.

(3) Fair value measurements

The fair value measurement framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or collaborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table summarizes the valuation of the Plan's investments by the above categories as of December 31, 2025:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
