Independent Auditors' Report

To the Trustees
Eagle Distributing Company, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the financial statements of Eagle Distributing Company, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of Eagle Distributing Company, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Eagle Distributing Company, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date these financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of

Eagle Distributing Company, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Eagle Distributing Company, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of Asset Held at the End of Year, December 31, 2025, is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by Empower Trust Company LLC and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Eagle Distributing Company, Inc. 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2025 and 2024

Note 1 - Description of Plan

The following description of the Eagle Distributing Company, Inc. 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions. Copies of this booklet are available from the Company.

General – Effective May 1, 1983, Eagle Distributing Company, Inc. (the “Company”) established the Plan. The Plan is a defined contribution plan covering all employees of the Company who have completed one year of service and are age twenty-one or older. Effective 10/31/14, the Plan was amended to cover employees of Eagle Distributing of Memphis, LLC who have completed one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Each year, participants may contribute up to 100% of pretax annual compensation to a maximum contribution amount permitted by tax regulations, as defined in the Plan. The Company contributes up to 100% of the first 3% of compensation that a participant contributes to the Plan as a fixed match. The Company contributed 100% of the first 3% of participant compensation in 2025 and 2024. Additional amounts may be contributed at the option of the Company.

The Plan accepts participant rollovers from other tax-qualified plans.

Participant Accounts - Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution, and (b) Plan earnings or losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting - Participants are immediately vested in their contributions and actual earnings thereon. Vesting in the Company’s contribution portion of their accounts is based on years of service. A participant is 100% vested after six years of credited service as follows:

Years of Vesting Service	Less than 2	2	3	4	5	6 or more
Vesting %	0%	20%	40%	60%	80%	100%

Investment Options - Participants direct the investment of their contribution into various investment options, the majority of which are mutual funds seeking long-term capital growth and capital appreciation, along with both international and domestic stocks and securities. Generally, the Plan’s investments are collateralized by the proportionate share of the respective fund’s underlying net assets. The maximum loss, if any, which would be incurred by the Plan if the counterparties to the Plan’s investments failed to perform and any collateral was insufficient is the recorded amount of such investments.

Payment of Benefits - On termination of service due to death, disability or retirement, a participant (or a participant’s beneficiary in the event of the death of a participant) may elect to receive either a lump sum amount equal to the value of the participant’s vested interest in his or her account, or purchase various annuity contracts in accordance with the Plan. For termination of service due to other reasons, a participant may receive the value of vested interest in his or her account as a lump sum distribution.

Eagle Distributing Company, Inc. 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2025 and 2024

Note 1 – Description of Plan (continued)

Forfeited Accounts – At December 31, 2025 and 2024, the Plan's forfeiture account totaled \$9,642 and \$6,003, respectively. Forfeitures arising from nonvested participant accounts may be used to reduce future employer contributions, pay eligible Plan administrative expenses, or for other purposes permitted by the Plan document.

During 2025, \$6,026 in forfeitures were used to offset employer contributions, and \$168 in forfeitures were used to pay plan administration expenses. The Plan recovered \$1,263 related to uncashed force-out distribution checks issued in prior years to participants who could not be located. The recovered amounts were deposited into the Plan's forfeiture account for administrative purposes and are included in the forfeiture-account balance at December 31, 2025.

The Plan separately tracks these recovered amounts because they remain subject to payment or restoration if subsequently claimed by the affected participants or beneficiaries. Accordingly, such amounts are not considered ordinary nonvested forfeitures available to reduce employer contributions or pay plan expenses.

Administrative Expenses – Certain fees for legal, accounting and other administrative fees are paid by the Plan sponsor.

Plan Termination – Although the Company intends for the Plan to continue indefinitely, the Company has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 2 – Summary of Significant Accounting Policies

Accrual Basis of Accounting – The financial statements for the Plan are prepared using the accrual basis of accounting, as are annual returns filed under applicable provisions of ERISA and the IRC.

Investment Valuation – The Plan's investments are stated at fair value. Shares of mutual funds are valued at the net asset value of shares held by the plan at year-end. Participant loans are measured at their unpaid balance plus any accrued but unpaid interest. The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities could occur and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Contributions and Benefit Payments – Participant contributions are recorded in the period the Company makes payroll deductions from the Plan participants' earnings. Receivables for these contributions are unsecured. Benefit payments are recorded when paid.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Note 3 – Notes Receivable from Participants

Subject to approval by the Plan administrator, participants may borrow part of the value of their before-tax contributions the Plan. The amount must be at least \$1,000 and not more than the lesser of one-half of the borrower's vested individual account balance or \$50,000. The loan is fully secured by the participant's account. The loans are required to bear interest and be repaid over periods not exceeding five years.

Participant notes receivable are measured at unpaid principal balance plus any accrued but unpaid interest.

Note 3 – Notes Receivable from Participants - continued

Upon default of participant notes receivable, the entire outstanding principal and interest shall be immediately due and payable. If a distributable event, as defined by the IRC, has occurred, the note receivable will be foreclosed on and be offset against the participant's account balance. If a participant's note receivable is in default, the participant shall be treated as having a taxable deemed distribution whether or not a distribution event has occurred.

Note 4 – Income Tax Status

The Plan obtained its latest determination letters on June 30, 2020, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax years in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

Note 5 – Investments Held by Custodian (Unaudited)

The plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following investment information was certified by Empower Trust Company LLC and was not subjected to any auditing procedures performed by the independent public accountants:

- a. As of December 31, 2025 and 2024, investment funds and cash equivalents held by the Custodian had a fair value of \$13,334,334 and \$11,626,901, respectively (all included in Custodian funds). These investments experienced \$682,913 in interest/dividend income and net appreciation in fair value of \$1,303,460 in 2025.
- b. Participant loans totaled \$509,230 and \$361,720 as of December 31, 2025 and 2024, respectively. Interest income on these notes totaled \$34,234 in 2025.
- c. All investment-related information in the accompanying supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025.

Note 6 – Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Fair Value Measurements

The fair value of mutual funds is based on unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2 Fair Value Measurements

The fair value of the level 2 mutual fund is based on inputs other than quoted prices within Level 1 that are observable for the asset, either directly or indirectly.

Level 3 Fair Value Measurements

The investment's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for investments measured at fair value:

Mutual funds: Valued at the net asset value of shares held by the plan at year end.

Stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Note 6 – Fair Value Measurements - continued

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

		Fair Value Measurement Using:		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

Note 7 – Risks and Uncertainties

The Plan investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with its investment, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Note 8 – Reconciliation Between Financial Statements and Form 5500

The Plan is required to file Form 5500 with the U.S. Department of Labor. The Form 5500 is prepared on the cash basis of accounting, while the accompanying financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

Accordingly, certain differences exist between amounts reported in the financial statements and amounts reported on Form 5500.

The following is a reconciliation of the net assets available per the Statement of Net Assets Available for Benefits on the Form 5500 as of and for the year ended December 31, 2025:

Net assets available for benefits per the financial statements	\$ 13,830,713
Excess contributions payable as of December 31, 2025	21,033
Employer contributions receivable as of December 31, 2025	<u>(8,182)</u>
Net assets per the Form 5500	<u>\$ 13,843,564</u>

The following is a reconciliation of the changes in net assets available for benefits per the financial statements to the changes in net assets as reflected on the Form 5500 as of and for the year ended December 31, 2025:

Net increase in net assets available for benefits per the financial statements	\$ 1,856,125
Excess contributions payable as of December 31, 2025	(23,085)
Employer contributions receivable as of December 31, 2025	9,052
Excess contributions payable as of December 31, 2025	21,033
Employer contributions receivable as of December 31, 2025	<u>(8,182)</u>
Net income per the Form 5500	<u>\$ 1,854,943</u>

Note 9– Subsequent Events

Subsequent events were evaluated through August 3, 2026, which is the date the financial statements were available to be issued.
