Independent Auditor's Report

To the Plan Administrator
PriorityOne Capital Corporation 401(k) Profit Sharing Trust
Magee, Mississippi

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of PriorityOne Capital Corporation 401(k) Profit Sharing Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The ERISA-required Supplemental Schedule H, line 4i- Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For

information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of the Plan

The following description of PriorityOne Capital Corporation 401(k) Profit Sharing Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of PriorityOne Capital Corporation (the Corporation or Plan Sponsor) who, as of January 1, 2025, have at least one month of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Capital Bank and Trust Company (the Custodian or Capital) is the custodian of the Plan. American Funds Service Company (American Funds) is a subservice organization used by Capital to provide certain services to the Plan. The Plan is administered by the 401(k) Administrative Committee which is appointed by the Board of Directors of the Corporation.

Contributions

Participants may contribute any amount up to seventy-five percent of their compensation subject to regulatory limitations, as defined in the Plan. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contributions plans (rollover). Participants direct the investment of their contributions into various options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at two percent of eligible compensation and their contributions invested in a designated fund until changed by the participant. Participants are subject to an automatic deferral rate increase by one percent annually until the maximum auto-enrollment deferral percentage reaches eight percent.

The Corporation contributes a discretionary match equal to a uniform percentage of the first eight percent of base compensation that each participant contributes to the Plan. The matching contribution percentage for 2025 and 2024 was fifty percent. Additional profit-sharing amounts may be contributed at the option of the Corporation's Board of Directors. The Corporation may also make qualified non-elective contributions (QNEC) to the Plan (discretionary contributions made for all non-highly compensated participants in order to satisfy the non-discrimination requirements of the Internal Revenue Code). There were no profit sharing or QNEC contributions made by the Corporation during 2025 and 2024.

Participant Accounts

Each participant's account is credited with the participant's contributions, Corporation's matching contributions, and allocations of (a) Plan earnings or losses, (b) the Corporation's profit-sharing contributions, which are allocated to a participant's account in proportion to total eligible compensation and (c) the Corporation's QNEC, which are allocated to non-highly compensated participants in proportion to total eligible compensation of such participants. Participants are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant compensation or account balances as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

PriorityOne Capital Corporation 401(k) Profit Sharing Trust

Notes to Financial Statements

Vesting

Participants are vested immediately in their contributions plus actual earnings or losses thereon and are immediately vested in QNEC. Vesting in the Corporation's matching and profit-sharing contribution portion of their accounts and earnings or losses thereon are based on a five-year period based on years of continuous service, as follows:

Years of Service	Vested Percentage
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum payment or installment payments over a period not more than the participant's assumed life expectancy (or assumed life expectancies for the participant and beneficiary). For termination of service due to other reasons, participants with account balances of \$5,000 or less or not 100% vested may only receive distribution in the form of a lump-sum. If a participant's account balance exceeds \$5,000 the participant can elect to receive distribution in the form of a lump-sum or in installments, as defined in the Plan. Hardship distributions and in-service withdrawals for participants aged 59 ½ are also available from a vested portion of a participant's account subject to regulatory requirements.

Forfeited Accounts

Forfeited non-vested accounts had an outstanding balance of \$1,163 and \$3,067 at December 31, 2025 and 2024, respectively. Forfeitures, which result from employees withdrawing from the Plan prior to fully vesting, may be reallocated to participants as additional non-elective contributions in the same manner non-elective contributions are allocated to participants, or may be used to reduce future employer contributions. Forfeitures in the amount of \$15,082 and \$13,638 were used to reduce employer contributions in 2025 and 2024, respectively. No forfeitures were reallocated to participants in 2025 or 2024.

2. Summary of Accounting Policies

Basis of Presentation

The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting.

PriorityOne Capital Corporation 401(k) Profit Sharing Trust

Notes to Financial Statements

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's expenses are paid either by the participants or the Corporation, as provided by the Plan document. Expenses that are paid directly by the Corporation are excluded from these financial statements. Administrative expenses of the Plan, to the extent that the Corporation does not pay such expenses, are paid by the participants.

Note 3. Information Certified and Provided by Capital Bank and Trust Company

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520. 103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Capital Bank and Trust Company has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

<i>December 31,</i>	2025	2024
Investment at Fair Value:		
Interest-bearing accounts	\$ 370,816	\$ 4,142
Mutual Funds	14,993,123	12,663,444
Collective Trust Funds	-	342,317
<i>December 31,</i>	2025	2024
Net appreciation of investments	\$ 1,302,504	\$ 808,342
Dividend and Interest Income	959,236	622,343
Other Investment Income	340	211

PriorityOne Capital Corporation 401(k) Profit Sharing Trust

Notes to Financial Statements

Effective November 8, 2024, the Plan eliminated the Federated Hermes Max-Cap Index IS Collective Trust Fund as an investment option. Participant balances invested in the fund were transferred to the Fidelity 500 Index Fund in accordance with the investment mapping provisions communicated to participants. As a result, the Plan held no investments in collective trust funds at December 31, 2025.

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Interest-bearing accounts: Valued based on quoted prices in active markets for identical assets. The Plan's interest-bearing cash accounts include money market funds. The interest-bearing accounts held by the Plan are deemed to be actively traded (Level 1).

PriorityOne Capital Corporation 401(k) Profit Sharing Trust

Notes to Financial Statements

Mutual funds: Valued at the daily closing price as reported by the fund. The mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”). The mutual funds held by the Plan are deemed to be actively traded (Level 1).

Collective trust fund: Valued based on NAV of units of the collective trust fund. The NAV, as provided by the Custodian, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. ASC Topic 820 allows NAV per share to serve as a practical expedient to estimate the fair value as long as certain requirements are met. The Plan Administrator has determined the collective trust fund held by the Plan meets the requirements for the NAV practical expedient.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2025:

	December 31, 2025			
	Level 1	Level 2	Level 3	Total
Interest-bearing accounts	\$ 370,816	\$ -	\$ -	\$ 370,816
Mutual funds	14,993,123			14,993,123
Total Investments at Fair Value	\$ 15,363,939	\$ -	\$ -	\$ 15,363,939

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2024:

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Interest-bearing accounts	\$ 4,142	\$ -	\$ -	\$ 4,142
Mutual funds	12,663,444			12,663,444
Investments measured at NAV practical expedient ^(a)	-	-	-	342,317
Total Investments at Fair Value	\$ 12,667,586	\$ -	\$ -	\$ 13,009,903

(a) In accordance with ASC Topic 820, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

PriorityOne Capital Corporation 401(k) Profit Sharing Trust

Notes to Financial Statements

5. Related Party Transactions

Certain Plan investments are managed by Capital. Capital is the custodian of the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Additionally, American Funds provides certain services to the Plan on behalf of Capital. Therefore, the Plan funds invested with American Funds qualify as exempt party-in-interest transactions. Certain administrative expenses of the Plan have been paid by the Plan Sponsor.

6. Plan Termination

Although it has not expressed any intent to do so, the Corporation has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

7. Income Tax Status

The Plan operates under a non-standardized 401(k) plan adoption agreement in connection with a defined contribution prototype plan and trust. The Plan sponsor obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("Code"). The Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Subsequent Events

The Plan has evaluated subsequent events through August 6, 2026, the date these financial statements were available to be issued. The Plan has determined that no significant events occurred after December 31, 2025, but prior to the issuance of these financial statements, that would have a material impact on its financial statements.
