Independent Auditors' Report

To the Board of Trustees of
Soltesz, Inc. Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Soltesz, Inc. Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of November 30, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended November 30, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Soltesz, Inc. Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of November 30, 2025 and 2024 and for the year ended November 30, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Soltesz, Inc. Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Soltesz, Inc. Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Soltesz, Inc. Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Soltesz, Inc. Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of November 30, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

SOLTESZ, INC. PROFIT SHARING PLAN

Notes to Financial Statements

November 30, 2025 and 2024

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Soltesz, Inc. Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan documents for a more complete description of the Plan's provisions.

General - The Plan is defined as a Profit Sharing Plan with a 401(k) provision. The Plan, which became effective December 1, 1984, and was fully restated effective December 1, 2022, is a defined contribution plan covering the employees of Soltesz, Inc. and all of its wholly owned subsidiaries (together, the "Company" or "Plan Sponsor"). The Plan is intended to qualify under Section 401(k) of the Internal Revenue Code ("IRC") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). An employee is eligible to participate in the Plan at the beginning of the month following employment commencement date and attainment of the age of 21.

The Plan is administered by the Company. The Chief Executive Officer and the Chief Financial Officer of the Company serve as the Plan's trustees. The Plan's assets are held in the custody of Voya Retirement Insurance and Annuity Company ("Voya" or the "Custodian").

Contributions - Each year, eligible participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan. Contributions are made through payroll deductions. In addition, participants 50 years of age or older may elect to make a catch-up deferral contribution (\$7,500 for the year ended November 30, 2025). For participants 60 to 63 years of age, the allowable catch-up deferral contribution is further increased to \$11,250. Distributions from other qualified retirement plans can also be contributed to the Plan and retained as a rollover contribution. Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6 percent of eligible compensation and their contributions invested in a designated investment until changed by the participant.

Pursuant to the plan document, the Company may make discretionary matching contributions. The Company may make discretionary matching contributions up to 50 percent of the first 6 percent calculated based on employees' deferrals at the end of each pay period. The discretionary matching contributions for the year ended November 30, 2025 were \$241,129. Each year, the Company may also make a discretionary profit-sharing contribution that is allocated based on eligible wages. Eligible participants who are employed on the last day of the plan year, as defined, are to receive the profit-sharing contribution. There was no profit sharing contribution during the year ended November 30, 2025.

All contributions are subject to certain IRS limitations.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based upon participant net earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is that which can be provided from the participant's vested account.

SOLTESZ, INC. PROFIT SHARING PLAN

Notes to Financial Statements

November 30, 2025 and 2024

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and profit sharing contribution portion of their accounts plus actual earnings thereon is based on years of continuous service as follows:

Years of Vesting Service	Vesting Percentage
Less than 1 year	0%
1	25%
2	50%
3	75%
4 or more	100%

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of 50 percent of their vested account balance not to exceed \$50,000. Loan terms cannot exceed five years. A participant is permitted to have one outstanding loan at a time. The loans are secured by the balance in the participant's account and bear interest at 8.0 to 10.5 percent. Principal and interest are paid ratably through biweekly payroll deductions.

Payment of Benefits - On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a 10-year period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In the event a participant terminates or retires, and the participant's vested account balance is less than \$7,000, the balance will be rolled into an IRA if in excess of \$1,000 or paid in a lump-sum distribution if less than \$1,000.

Forfeitures - Terminated participants forfeit non-vested company contributions. Remaining forfeitures shall be applied in accordance with specific provisions of the Plan. As of November 30, 2025 and 2024, the balance of the forfeited non-vested funds from forfeited accounts totaled \$17,758 and \$50,097, respectively. During the year ended November 30, 2025, forfeited non-vested accounts were reduced by \$58,442 for employer contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements of the Plan are prepared using the accrual basis in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates - The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Investments Valuation and Income Recognition - Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. The Plan invests in pooled separate accounts that determine fair value using the net asset value ("NAV") of the funds. The NAV is determined by each fund's trustee using the fair value of the underlying securities within the fund at year-end (see Note 3 for further detail).

Purchases and sales of investments are recorded on a trade-date basis. Earnings from assets are recorded as earned using the accrual method of accounting. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

SOLTESZ, INC. PROFIT SHARING PLAN

Notes to Financial Statements

November 30, 2025 and 2024

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits - Benefits are recorded when paid.

Expenses - Administrative expenses include certain fees paid by participants, such as related loan fees. Certain investment management fees and other charges paid to the Custodian are offset against fund performance in net realized and unrealized appreciation in fair value of investments and are not, therefore, separately reflected as administrative expenses.

Risks and Uncertainties - Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

Subsequent Events - In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through August 25, 2026, the date the accompanying financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under U.S. GAAP are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- a. Quoted prices for similar assets or liabilities in active markets.
- b. Quoted prices for identical or similar assets or liabilities in inactive markets.
- c. Inputs other than quoted prices that are observable for the asset or liability.
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable and significant inputs for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

SOLTESZ, INC. PROFIT SHARING PLAN

Notes to Financial Statements

November 30, 2025 and 2024

NOTE 3 - FAIR VALUE MEASUREMENTS - CONTINUED

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at November 30, 2025 and 2024.

Pooled separate accounts are valued at unit value, which is based on the aggregate fair value of the underlying assets in relation to the total number of units outstanding. Unit value is the equivalent of NAV, which is a practical expedient for estimating the fair values of these investments. Each of these investments may be redeemed daily with a notice period of one day and the Plan had no unfunded commitments on these investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Sponsor believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of November 30, 2025 and 2024, the Plan's entire investment balance that is measured at fair value consists of investments using NAV as a practical expedient. Therefore, no investments are included in the fair value hierarchy.

NOTE 4 - INVESTMENTS

The Custodian has certified that certain information related to investments and notes receivable from participants included in the accompanying financial statements and supplemental schedule is complete and accurate.

The following table summarizes the information included in the Plan's financial statements, which was prepared by the Custodian for the years ended November 30, 2025 and 2024, and furnished to the plan administrator. The plan administrator has obtained a certification from the Custodian that such information is complete and accurate.

	2025	2024
Investments, at fair value	\$ 27,582,825	\$ 23,902,304
Investments, at contract value	961,463	960,080
Notes receivable from participants	30,526	73,571

For the year ended November 30, 2025, the Custodian has also certified to the completeness and accuracy of the activity related to the investment income as follows:

Investment income:	
Net appreciation in fair value of investments	\$ 2,906,219
Dividends	31,119
Net investment income	\$ 2,937,338
Interest, notes receivable from participants	\$ 5,581

SOLTESZ, INC. PROFIT SHARING PLAN

Notes to Financial Statements

November 30, 2025 and 2024

NOTE 4 - INVESTMENTS - CONTINUED

The Plan maintains a guaranteed investment option, the Voya Fixed Account, issued by Voya. The contract underlying this investment option is considered to be fully benefit-responsive. Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investment and charged for participant withdrawals and administrative expenses.

As discussed in Note 2, the contract is included in the accompanying statements of net assets available for benefits at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk.

There are no unfunded commitments. Under the terms of the contract, the plan sponsor must provide a minimum of 90 days notice prior to the redemption of the contract.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) plan amendments (including partial or complete termination of the Plan or merger of the Plan with another plan); (2) the failure of the Plan's trust to qualify for exemption from federal income taxes or any required prohibited exemption under ERISA; and (3) changes in the Plan's prohibition on competing investment options. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable of occurring.

NOTE 5 - TAX STATUS

The IRS has determined and informed the Company by a letter dated June 30, 2020, that the Plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified as tax exempt.

U.S. GAAP requires plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of November 30, 2025, there are no uncertain positions taken or expected to be taken. It is the Plan's policy to recognize interest and/or penalties related to uncertain tax positions, if any, in income tax expense. As of November 30, 2025, the Plan had no accruals for interest and/or penalties. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.
