# Report of Independent Auditors

The Plan Administrator
Deutsche Bank Matched Savings Plan

## Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Deutsche Bank Matched Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

## Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Shape the future
with confidence

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

**Other Matter**

*Supplemental Schedule Required by ERISA*

The supplemental schedule of assets (held at end of year) as of December 31, 2025 (referred to as the "supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## (1) Description of the Plan

The following description of the Deutsche Bank Matched Savings Plan (the Plan) provides only general information about the Plan's provisions. Participants should refer to the Plan Document for a complete description of the Plan's provisions.

### *(a) General*

The Plan is a defined contribution plan covering employees of Deutsche Bank Americas Holding Corp. (the Company) and certain affiliates of the Company. The Plan was established on October 1, 1993, through the merger of predecessor plans and various other affiliate plans have subsequently merged into the Plan.

Effective April 2, 2018, the Plan became a multiple employer plan with DWS Investment Management Americas, Inc., DWS Distributors Inc., and RREEF Management LLC (DWS Companies). Deutsche Bank Americas Holding Corp. continues to be the Plan Sponsor.

The Plan has Investment Committee (the Committee) with the responsibility for establishing investment objectives and policies, appointment of Appointing Manager and performance evaluation of investment managers. Benefits team within Human Resources is responsible for the operations and general administration for the Plan. Fidelity Management Trust Company is the trustee and recordkeeper for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The SECURE Act 2.0 ("SECURE 2.0"), signed into law on December 29, 2022, includes a vast array of required and optional provisions applicable to ERISA plans, with varying effective dates beginning 2023 and beyond. Mandatory provisions in the law have been operationalized and implemented pursuant to the requirements under the law. The law allows for an extended period before formal plan amendments must be adopted to reflect any changes under SECURE 2.0, which must occur before December 31, 2026.

### *(b) Contributions*

Eligible employees may start to contribute to the Plan as soon as administratively feasible, however eligible employees will be automatically enrolled after 60 days from their hire date. The Company will contribute to the Plan on behalf of each eligible participant after completion of six months of service.

Each participant may contribute 1% to 40% of compensation, in 1% increments, on a pre-tax, after-tax or Roth contribution basis or any combination, up to the maximums allowable under the Internal Revenue Code (IRC). Employees are eligible to make Roth Contributions to the Plan. Pre-tax and Roth contributions are limited to $23,500 for 2025. Participants who will be age 50 or older by the end of the Plan year are eligible to make catch-up contributions limited to $7,500 for 2025. Participants who will be age 60-63 are eligible to make an additional catch-up contribution limited to $3,750 in 2025.

The Company provides a matching contribution, on behalf of each participant of 100% of the participant's contribution up to a maximum of the lesser of (i) 5% of participant's compensation and (ii) $4,000, for employees hired, rehired or localized prior to January 1, 2005; or up to 4% of participant's compensation for participants hired, rehired or localized on or after January 1, 2005. To be eligible to receive matching contributions participants must have at least six months of service and be employed on the last business day of each year, subject to certain exceptions.

The Company also provides a fixed contribution for participants hired on or after January 1, 2005 in the amount of 4% of the first $100,000 of compensation for participants with less than ten years of service and 6% of the first $100,000 of compensation for participants with ten or more years of service as of the end of each plan year. To be eligible to receive the fixed contribution, participants must be hired, rehired or localized on or after January 1, 2005, have at least six months of service and be employed on the last business day of each year, subject to certain exceptions.

In addition, DWS Companies provide a supplemental contribution to employees of DWS Companies who were participants receiving contributions to the Deutsche Bank Cash Account Pension Plan on the day prior to Deutsche Bank AG owning at least 80% of the DWS Companies. Supplemental contributions equal 6.5% of eligible compensation. To be eligible for this contribution the participant must be employed on the last business day of the year, subject to certain exceptions.

Participants direct the investment of their contribution, Company matching contribution, fixed contribution and supplemental contribution into various investment options offered by the Plan. Under the Plan, compensation generally includes base salary, commission and annual discretionary cash bonus.

Contributions (and associated investment earnings) in excess of IRC limits, if applicable, are returned to participants.

### *(c) Participant Accounts*

Each participant's account is credited with the participant's contribution, and an allocation of the Company's contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### *(d) Vesting and Use of Forfeitures*

Participants are immediately vested in their contributions and supplemental contributions, if applicable, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is fully vested upon the completion of five years of service, upon attaining normal retirement age or death. Participants that are covered under the Company's long-term disability program are fully vested in the Company's matching contribution, fixed contribution and supplemental contribution. Prior to becoming fully vested, participants shall vest in the portion of their accounts attributable to the Company matching, fixed and supplemental contributions according to the following schedule:

| Completed years of service | Vested interest |
|---|---|
| 1 | 20 % |
| 2 | 40 |
| 3 | 60 |
| 4 | 80 |
| 5 and over | 100 |

Any amounts related to the Company's matching and fixed contributions and earnings thereon, which have been forfeited by participants, shall be used to reduce future Company contributions, pay eligible

plan expenses, or to restore forfeited balances for the terminated nonvested participants upon their reemployment. At December 31, 2025 and 2024, forfeited nonvested accounts totaled $7,754,834 and $7,662,109 respectively. For the year ended December 31, 2025, the amount of forfeitures used to reduce Company contributions was $7,046,362.

***(e) Investments***

The investment options as of December 31, 2025 and 2024 included collective investment trusts, registered investment companies (mutual funds), some of which are managed by the Company and its affiliates, and Synthetic GICs, which comprise the stable value fund. The investment options as of December 31, 2025 also included a separately managed account consisting of common stocks and short-term investments ("Hood River Account").

***(f) Benefit Payments***

On separation of service due to termination or retirement, a participant may elect to receive either a lump-sum amount equal to the value of vested interest in his/her accounts or annual installments over a period, which shall not exceed fifteen years or elect to leave his/her vested balance in the Plan. Upon termination due to death, a beneficiary may receive a lump-sum amount equal to the value of vested interest in his/her accounts or may elect to leave his/her vested balances in the Plan as long as it is greater than $1,000.

***(g) Participant Loans***

Participants may borrow up to 50% of their account balance, excluding the portion attributed to fixed contributions, for any reason subject to minimum and maximum limitations. The minimum loan amount is $1,000 and the maximum is $50,000. A participant may have up to two loans outstanding at a time with a combined maximum of $50,000. Loan proceeds are obtained by liquidation of the investment company shares attributable to the participant's account. The interest rate on a loan is fixed and equal to the prime rate plus 1% as of the date the loan is processed. A participant may repay a loan for a period of one, two, three, four or five years for general loans or extend the repayment period up to thirty years for home loans. Loan principal and interest are repaid ratably through after-tax payroll deductions. As of December 31, 2025 and 2024, the interest rate ranges on participant loans were 4.25% to 9.5%.

***(h) Administrative Expenses***

The Plan's administrative expenses are paid by either the Plan or the Company, in accordance with the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping, certain legal fees, investment management fees, and loan setup and maintenance fees. Other administrative expenses incurred by the Plan are paid for by the Company. Expenses that are paid by the Company are excluded from these financial statements.

**(2) Significant Accounting Policies**

***(a) Basis of Accounting***

The Plan's financial statements have been prepared on the accrual basis of accounting.

***(b) Investment Valuation and Income Recognition***

Investments held by the Plan are stated at fair value, except for the stable value fund which is stated at contract value. Fair value is defined as the price that would be received to sell an asset or paid to

transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

Contract value for the stable value fund represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Investment income of each investment fund is allocated to participant accounts based upon the ratio of each participant's account to the total of the investment fund balance.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on an accrual basis. Dividend income is recorded as of ex-dividend date. Net appreciation (depreciation) includes the Plan's gain and losses on investments bought and sold as well as held during the year.

***(c) Use of Estimates***

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results may differ from those estimates and assumptions.

***(d) Payment of Benefits***

Benefits are recorded when paid.

***(e) Notes Receivable from Participants***

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are recorded when they are incurred.

***(f) Plan Expenses***

Administrative expenses are shared between the Company and the Plan.

***(g) Risks and Uncertainties***

The Plan offers a number of investment options including a variety of investment funds. The underlying assets of those investment funds consist of U.S. equities, international equities, and fixed income securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is at least reasonable/possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

## (3) Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held and notes receivable from participants at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

## (4) Fair Value Measurement

US GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under US GAAP are as follows:

a) Level 1 – Investments that reflect unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date. The types of investments generally included in this category are listed mutual funds, common collective funds and common stocks.

b) Level 2 – Investments valued using observable inputs such as quoted prices for identical securities in inactive markets or quoted prices for similar securities in active markets. Level 2 investments included in this category are corporate bonds and certain over-the counter derivatives.

c) Level 3 – Investments valued using pricing inputs which are both unobservable and significant to the valuation.

Investments in registered investment companies (mutual funds) are valued at fair value based on the net asset value per fund reported in the active market where the fund is traded on a daily basis. The unit interests in the common collective trust funds are valued at the readily determinable net asset value per unit as reported by the sponsor of the common collective trust funds derived from the fair value of the underlying securities. Cash equivalents and short term investments are valued at cost, which approximate fair value. The Brokerage account Level 1 investments consist of mutual funds and short-term investment funds that are valued at quoted market prices. The Hood River separately managed account consists of common stocks valued at the closing market price reported on the major market on which the individual securities are traded and short term cash investments and are classified within Level 1 of the valuation hierarchy.

There were no transfers or reclassifications of investments between levels within the fair value hierarchy during the years ended December 31, 2025 and 2024, and there were no changes in valuation methodologies used to measure the fair value of the Plan’s investments as of and for the years ended December 31, 2025 and 2024.

The following tables summarize the valuation of the Plan’s portfolio investments based on US GAAP fair value hierarchy levels as of December 31, 2025 and 2024:

| | Assets at Fair Value as of December 31, 2025 | | | |

**(5) Investment Contracts with Insurance Companies and Other Financial Institutions**

The Plan offers an investment option called the Stable Value Fund. It consists of stable value products known as Synthetic GICs, and may also invest in Traditional GICs. A Synthetic GIC, also known as a wrap contract, is an investment contract issued by an insurance company or other financial institution, backed by a portfolio of bonds or other fixed income assets that are owned by the Stable Value Fund. These assets underlying the wrap contract are maintained separate from the contract issuer's general assets, usually by the Stable Value Fund trustee or a third party custodian. Unlike a Synthetic GIC, a Traditional GIC is backed by the assets of the insurance company's general account, and typically has a fixed crediting rate and designated maturity date.

GICs are agreements with insurance companies and other financial institutions which are designed to help preserve principal and provide a stable crediting rate. These contracts are fully benefit responsive and provide that plan participant initiated withdrawals permitted under the Plan will be paid at contract value. The contracts are included in the financial statements at contract value as reported to the Plan by the investment manager. Contract value represents contributions made under contract, plus earnings, less participant withdrawals and administrative expenses.

In addition, wrap contracts typically provide for an adjustment to contract value if a security that is part of the underlying assets defaults or otherwise becomes impaired as defined in the wrap contract. In the event of an impairment, generally contract value is decreased by the amortized cost of the impaired security and, if such security is subsequently sold, contract value is increased or decreased by the amount of such sales proceeds.

Wrap contracts are evergreen contracts that contain termination provisions. The termination provisions of wrap contracts permit the Stable Value Fund's investment manager to terminate upon notice at any time at market value and generally provide for automatic termination of the contract if the contract value or the market value of the contract equals zero. The issuer is not excused from paying the excess contract value when the market value equals zero if the market value was reduced to zero by qualified participant withdrawals. The contracts that permit the issuer to terminate at market value provide that the Stable Value Fund may elect to convert such termination to an Amortization Election. In addition, if the Stable Value Fund defaults in its obligations or representations under the agreement (including noncompliance with investment guidelines governing the underlying assets or the issuer's determination that the agreement constitutes a nonexempt prohibited transaction as defined under ERISA) and such default is not cured within any applicable cure period, then the contract may be terminated by the issuer and the Stable Value Fund will receive the market value as of the date of termination. Wrap contracts also define certain termination events that permit the issuer to terminate the contract at market value. Termination events typically include all or some of the following: (i) termination or replacement or "change in control" as defined in the contract of the investment adviser without the issuer's consent, (ii) the Plan or its trust is fully or partially terminated or fails to be exempt from federal income taxation, (iii) the plan merges with another plan, (iv) if a security is sold or subject to a lien other than as permitted under the contract, (v) the contract holder engages in fraud or other action that materially and adversely affects the risk profile of the contract, (vi) if there is any change in law, regulation, ruling, or accounting requirement applicable to the Plan, the Stable Value Fund or the Issuer that could cause substantial withdrawals from the Stable Value Fund or, in some cases, could have a material adverse effect on the Issuer's cost to perform under the contract or financial interests in the contract, (vii) performance of the issuer's obligations or, in some cases, another party's obligations under the contract becomes illegal, (viii) the bankruptcy of the Stable Value Fund, Trust, plan sponsor or investment adviser unless certain conditions are met, (ix) the level of impaired securities as defined in the contract exceeds an agreed upon amount of the portfolio, or (x) under accounting standards

applicable to any of the assets held in the Stable Value Fund, it is not permissible to account for one or more such assets (other than cash, cash equivalents and any other asset to which the issuer has provided its consent) on a book value basis unless certain conditions are met. The companies that issued the wrap contracts are all AA- – Rated or better. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

The following are the investments held by the Plan that are presented at contract value on the statement of net assets as of December 31, 2025 and 2024:

| | | 2025 | 2024 |
|---|---|---|---|
| Synthetic investment contracts | $ | 391,557,385 | 398,745,515 |

**(6) Tax Status**

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated March 20, 2014, stating that the Plan is qualified under Section 401(a) of the Code, and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended and restated. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**(7) Related Party and Party-in-Interest Transactions**

Certain Plan assets are or have been invested in shares of mutual funds that are managed by DWS Investments, an affiliate of the Company that receives management fees from the funds. In addition,

Fidelity is the trustee and the recordkeeper and certain Plan assets are invested in funds managed by Fidelity, and therefore, these transactions qualify as party-in-interest.

Fidelity provides administrative services to certain funds that participants invest in, and the Plan is compensated by the funds through revenue sharing credits. Revenue sharing credits funded quarterly are based on a fixed percentage of the average daily balance of assets invested in funds. Pursuant to the Trust Agreement between Fidelity and the Company, Fidelity passes the credits onto the Plan.

The Company directed Fidelity to use the proceeds to pay Plan administrative expenses. Certain Plan expenses are paid by the Company.

Revenue sharing credits of $110,284 for 2025 are included in the interest and dividend income in the statement of changes in net assets available for benefits.

**(8) Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

**(9) Plan Merger**

Effective October 13, 2023, Numis Corporation was acquired by the Company and the Numis 401(k) Plan was merged into the Plan effective May 27, 2025. The net assets transferred to the Plan are reflected on the statement of changes in net assets available for benefits as a transfer from other qualified plan.

**(10) Subsequent Events**

Management evaluated subsequent events for the Plan through September 1, 2026, the date on which the Plan's financial statements were issued.
