Henny Penny Corporation Employees 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Henny Penny Corporation Employees 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA
The supplemental schedules of Schedule H, 4a—schedule of delinquent participant contributions for the year ended December 31, 2025, and Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of the Plan

The following description of the Henny Penny Corporation Employees 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of the Henny Penny Corporation (referred to as the Company or Employer) and its wholly owned subsidiary, Wood Stone Corporation, who are age 18 or older to participate and receive the Employer match. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participant contributions to the Plan are made by employees within limitations stipulated in Section 401(k) of the Internal Revenue Code (IRC). Eligible employees may contribute any whole percent up to the lesser of 75% of their compensation or the maximum dollar amount permitted by the IRC, which is adjusted for inflation and provides for higher contribution limits for employees who are age 50 or older (effective September 16, 2024, the whole percent was changed to 75% from 60%). Eligible employees may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company contributes 50% of the first 3% of eligible compensation that a participant contributes to the Plan and 25% of the next 3% of eligible compensation contributed by the participant. Additionally, the Company makes a safe-Harbor nonelective contribution in the amount of 3% of eligible compensation regardless of whether the participant is contributing to the Plan. Effective January 1, 2022, an additional nonelective contribution in the amount of 3% of eligible compensation is credited to certain participants who, as of December 31, 2007, were credited with at least 10 years of service in a former defined benefit plan.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of the Employer's contribution and plan earnings and charged with an allocation of transaction expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately fully vested in their contributions plus all employer matching contributions and actual earnings thereon. Vesting in the Employer's nonelective contribution portion of their accounts plus actual earnings thereon is based on years of continuous service and is subject to a three-year cliff vesting schedule. Effective January 1, 2024, the Plan was amended and there is no longer a service requirement for the non-elective contribution.

Notes receivable from participants: Participants may borrow from their Plan accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan transactions are treated as a transfer to/from the investment fund from/to the loan fund. Loan terms range from one to five years or up to 15 years for the purchase of a primary residence. Loans are collateralized by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions. Interest rates ranged from 4.25% to 9.50% as of December 31, 2025 and 2024.

Payment of benefits: Benefits are recorded when paid and consist of distributions to participants in accordance with Plan provisions. Participants may elect to receive distributions in lump-sum or installment forms based on their vested account balances. Effective January 8, 2025, the Plan permits pass-through installment payments, which represent periodic distributions derived from underlying investment payments and may vary based on investment performance.

Note 2. Summary of Significant Accounting Policies

Forfeited accounts: Forfeited nonvested account balances are used to pay administrative expenses with remaining amounts used to offset future employer contributions. Forfeited, nonvested accounts totaled $157,888 and $30,326 at December 31, 2025 and 2024, respectively. Forfeited amounts of $45,396 were used to reduce employer contributions during 2025.

Basis of presentation: The accompanying financial statements are prepared in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) in accordance with the Financial Accounting Standards Board Accounting Standards Codification.

Contributions: Participant and employer matching contributions are recognized when earned. Employer non-elective contributions are recognized on an annual basis.

Investment valuation and income recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Capital gain distributions are included in dividends and interest income.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are paid by the participants. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: A significant portion of the administrative expenses are paid by the Employer.

Use of estimates: The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts and disclosures reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

Subsequent events: The Plan Administrator has evaluated subsequent events through August 27, 2026, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by the Plan's Trustee

All information related to investments and notes receivable from participants that is included throughout the Plan's financial statements and supplemental schedule as of December 31, 2025 and 2024, and for the year ended December 31, 2025, was prepared by or derived from information provided by T. Rowe Price Trust Company, the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to these assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information in Note 4 and supplemental schedule related to the Plan's assets.

Note 3. Information Certified and Provided by the Plan's Trustee (Continued)

T. Rowe Price Trust Company certified to the completeness and accuracy of $19,398,806 of net appreciation in fair value of investments, $800,781 of dividends related to investments and $174,657 of interest income on notes receivable from participants for the year ended December 31, 2025.

Note 4. Fair Value Measurements

The Plan has determined the fair value of certain assets and liabilities through application of accounting guidance that establishes a framework for measuring fair values. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under this standard are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the closing price reported on the active market on which they are traded.

Common/collective trust funds: Valued based on the net asset value (NAV) of units of the common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Note 4. Fair Value Measurements (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value on a recurring basis: The following tables summarize assets measured at fair value on a recurring basis as of December 31, 2025 and 2024, segregated by level of the valuation inputs within the fair value hierarchy utilized to measure fair value.

	2025			
Description	Level 1	Level 2	Level 3	Total
Investments measured at fair value:				
Mutual funds	$ 47,251,256	$ -	$ -	$ 47,251,256
Investments measured at fair value	$ 47,251,256	$ -	$ -	47,251,256
Investments measured at NAV as a practical expedient (a)				96,995,445
Total investments at fair value				$ 144,246,701

	2024			
Description	Level 1	Level 2	Level 3	Total
Investments measured at fair value:				
Mutual funds	$ 47,535,187	$ -	$ -	$ 47,535,187
Investments measured at fair value	$ 47,535,187	$ -	$ -	47,535,187
Investments measured at NAV as a practical expedient (a)				80,696,962
Total investments at fair value				$ 128,232,149

(a) Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and the size of the transfer relative to total net assets available for benefits.

The table below discloses the fair value and redemption frequency for those assets whose fair value is estimated using the NAV per unit as of December 31, 2025 and 2024.

	Fair Value		Unfunded Commitment		Redemption	Redemption
Investment	2025	2024	2025	2024	Frequency	Notice Period
Common/collective trust funds	$ 96,995,445	$ 80,696,962	None	None	Immediate	None

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 6. Income Tax Status

The Plan adopted a standardized form of a volume submitter plan sponsored by T. Rowe Price Trust Company. The volume submitter plan obtained its latest determination letter on August 19, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC.

The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

The Plan Administrator evaluated the Plan's tax positions and concluded that there are no uncertain tax positions that require recognition or disclosure in the financial statements.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 8. Related-Party and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by T. Rowe Price Trust Company. T. Rowe Price Trust Company is the trustee as defined by the Plan for the year ended December 31, 2025, and therefore, these transactions qualify as party-in-interest transactions. Everhart Advisors serves as advisor to the Plan in which the advisor fees also qualify as party-in-interest transactions. Fees paid by the Plan for investment management and advisory services totaled $229,263 for the year ended December 31, 2025.
