Plan Administrator
Dick Family, Inc. 401(k) Plan
Sauk Rapids, MN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Dick Family, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Dick Family, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note G to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Dick Family, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Dick Family, Inc. 401(k) Plan's ability to continue as a going concern for at least one year following the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Dick Family, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Dick Family, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year), as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Dick Family, Inc. 401(k) Plan
Notes to the Financial Statements
December 31, 2025 and 2024

A. Description of Plan

The following description of the Dick Family, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, under section 401(k) of the Internal Revenue Code (IRC), covering all employees of Dick Family, Inc. who are age twenty-one or older and have completed one year of service as defined in the Plan document. An eligible employee begins to participate in the Plan on January 1st or July 1st after meeting eligibility requirements. The Plan Sponsor's management is responsible for the oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participant contributions may not exceed an amount greater than that permitted by the Secretary of the Treasury under the IRC, as defined in the Plan document. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may, at the discretion of the Plan Administrator, also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). The Company may elect to make a matching contribution, a profit sharing contribution, or both, to the Plan. For the year ended December 31, 2025, the Company elected to make a matching contribution equal to 50% on the first 10% of eligible earnings contributed by the participant to the Plan. In order to share in the Company's profit sharing contributions, eligible participants must complete 1,000 hours of service during the Plan Year and be employed on the last date of the Plan Year. No profit sharing contributions were made for the year ending December 31, 2025. The assets of the Plan, both employee and employer, are allocated to various investment options at the direction of the participants. Several investment options are available for the investment of participants' elective contributions, employer matching, and profit sharing contributions. Participants may change their investment options on a daily basis. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's voluntary contributions and allocations of (a) the Company's matching contributions and profit sharing contributions and (b) Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participants account.

Vesting

All employee and employer contributions, plus actual earnings thereon, are immediately 100% vested.

Notes Receivable from Participants

As stated in the Plan document, participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest at prime rate at the time of loan issuance. Loan terms range from one to five years or up to fifteen years for the purchase of a primary residence. The maximum number of loans outstanding that a participant may have is two. Principal and interest is paid ratably through payroll deductions.

A. Description of Plan (Continued)

Payment of Benefits

Upon termination of service due to death, disability, retirement, or for termination of service due to other reasons, if a participant's account balance is \$5,000 or less, a lump-sum cash payment may be made in the amount of the participant's vested account without the participant's consent. If the value is greater than \$5,000, a participant's account may be paid out in the form of substantially equal installments, rollover to another qualified retirement plan, or lump-sum payment. Participants may leave their account under the Plan if their vested account balance is more than \$5,000.

Plan Administration

Plan assets are managed by the Plan custodian, who is a party in interest. Plan fees are paid by the participants via a reduction of Plan assets.

Forfeited Accounts

There are no forfeited accounts due to all contributions being immediately 100% vested.

B. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Contributions

Plan participant and employer matching contributions are recorded in the year in which the contributions are withheld from employee compensation.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor's management determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note C for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gain and losses on investments purchased and sold as well as held during the year.

Notes to the Financial Statements
December 31, 2025 and 2024**

B. Summary of Accounting Policies (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. In the event of default, notes receivable from participants are reportable to plan participants as taxable income but remain outstanding and continue to accrue interest until repaid by the plan participant or the participant becomes eligible to receive a distribution under the terms of the Plan. The Plan Administrator has concluded that these loans are not plan assets and that such arrangements are exempt transactions. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Plan expenses, such as audit fees, accounting fees, legal fees, and trustee administrative fees are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments. Certain employees and officers of the Plan Sponsor, who are also participants in the Plan, perform administrative services to the Plan at no cost to the Plan.

Income Taxes

In accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 740, *Uncertainty in Income Taxes*, Plan management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. The Plan is open and subject to income tax examinations by the U.S. federal, state, and local tax authorities, generally for three years after the filing date. The Plan Administrator believes it is no longer subject to income tax examination for years prior to 2022.

Subsequent Events

In accordance with FASB ASC Topic 855, *Subsequent Events*, the Plan Administrator has evaluated subsequent events through August 25, 2026, which is the date these financial statements were available to be issued, and have determined there are no subsequent events that require recognition or disclosure.

C. Fair Value Measurements

FASB ASC Topic 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC Topic 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant of the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Money market funds: Valued using quoted market prices in active markets for identical assets.

Mutual funds: Valued using the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

C. Fair Value Measurements (Continued)

The investments at fair value by level, within the fair value hierarchy, are as follows:

		December 31, 2025	
		Level 1	Total
Money Market Funds	\$	6,813	\$ 6,813
Mutual Funds		24,567,487	24,567,487
Total Assets in the Fair Value Hierarchy		24,574,300	24,574,300
Investments Measured at Net Asset Value*		-	111,663
Total Investments at Fair Value	\$	24,574,300	\$ 24,685,963

		December 31, 2024	
		Level 1	Total
Mutual Funds	\$	25,107,355	\$ 25,107,355
Total Assets in the Fair Value Hierarchy		25,107,355	25,107,355
Investments Measured at Net Asset Value*		-	131,707
Total Investments at Fair Value	\$	25,107,355	\$ 25,239,062

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Gains and losses (realized and unrealized) included in changes in net assets for the year ended December 31, 2025 are reported in net appreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

The following table summarizes investments measured at fair value based on net asset value (NAVs) per share as of December 31, 2025 and 2024, respectively.

		Unfunded	Redemption Frequency	
December 31, 2025	Fair Value	Commitments	(If currently Eligible)	Redemption Notice
Stable Value Fund	\$ 111,663	N/A	Daily	None

		Unfunded	Redemption Frequency	
December 31, 2024	Fair Value	Commitments	(If currently Eligible)	Redemption Notice
Stable Value Fund	\$ 131,707	N/A	Daily	None

The stable value fund's primary objective is to be a principal preservation fund and is comprised of multiple contracts issued by an insurance company or other financial service provider, providing book value benefit responsiveness to plan participants, and protecting market volatility. The fund invests in synthetic guaranteed investment contracts (GIC), GICs, and cash and equivalents to achieve its objective of maintaining principal stability and generating a stable rate of return.

D. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will remain 100 percent vested in their entire account.

Dick Family, Inc. 401(k) Plan
Notes to the Financial Statements
December 31, 2025 and 2024

E. Tax Status

The Plan adopted a standardized form of a prototype plan sponsored by Capital Bank and Trust Company, the third-party administrator. The prototype plan has received an opinion letter from the IRS stating that the Plan is designed in accordance with applicable sections of the IRC. The prototype plan opinion letter has been relied upon by this Plan. Although the Plan has been amended and restated since receiving the opinion letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believe that the Plan is qualified and tax-exempt.

F. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits. The value, liquidity, and related income of securities held are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

As of December 31, 2025 and 2024, the Plan has investments of \$2,478,630 and \$2,721,736, respectively, that are concentrated in one fund.

G. Information Prepared and Certified by the Custodian

The following is a summary of the Plan's asset information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and supplemental schedule, that was derived from information provided by Capital Bank and Trust Company, the custodian, and furnished to the Plan Administrator. The Plan Administrator has obtained certification from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan Auditor not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	December 31,	
	2025	2024
Investments at Fair Value	<u>\$ 24,685,963</u>	<u>\$ 25,239,062</u>
Receivables		
Notes Receivable From Participants	<u>\$ 330,191</u>	<u>\$ 396,169</u>

For the year ended December 31, 2025, Capital Bank and Trust Company, the custodian, also certified to the completeness and accuracy of \$2,236,553 of net appreciation in fair value of investments, \$1,989,645 of interest and dividends, and \$24,739 of interest related to the notes receivable from participants.

H. Related-Party and Party In Interest Transactions

Certain plan investments are managed by the Plan custodian, Capital Bank and Trust Company, who is a party in interest. All Plan expenses are paid by the participants via a reduction of Plan assets or by the Plan Sponsor. Total fees paid by the participants of the Plan or the Plan Sponsor to the custodian are \$15,810 for the year ended December 31, 2025.
