INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
George F. Young of Florida, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of George F. Young of Florida, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 (in liquidation) and 2024 (ongoing), and the related statement of changes in net assets available for benefits for the year ended December 31, 2025 (in liquidation), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in **Note C** to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT- CONTINUED

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of George F. Young of Florida, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As discussed in **Note F** to the financial statements, the governing body of George F. Young of Florida, Inc. 401(k) Plan approved a plan of liquidation effective September 29, 2025, and management determined liquidation is imminent. As a result, the Plan has changed its basis of accounting from going concern basis used on presenting the 2024 financial statements to the liquidation basis used in presenting the 2025 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

CONTINUED

INDEPENDENT AUDITOR'S REPORT- CONTINUED

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of George F. Young of Florida, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplementary Schedule Required by ERISA

The supplementary schedule of Schedule H, line 4i – Schedule of Assets at December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

CONTINUED

INDEPENDENT AUDITOR'S REPORT- CONTINUED

For information included in the supplementary schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary schedule, we evaluated whether the supplementary schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

GEORGE F. YOUNG OF FLORIDA, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 (LIQUIDATION BASIS) AND 2024 (ONGOING BASIS)

NOTE A - DESCRIPTION OF PLAN

Plan Description - The following description of George F. Young of Florida, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan, as amended is a defined contribution plan covering all employees of George F. Young of Florida, Inc., and its participating employers (Company) who has completed sixty days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Subject to certain limitations on annual additions, each participant's account is credited with employee elective deferrals, Company contributions, and an allocation of Plan earnings and charged with certain administrative expenses. The allocations are based on participant account balances, as defined. Participants may modify investment elections, transfer existing account balances, and obtain information regarding the investments on a daily basis.

Contributions - Each year, participants may contribute a portion of their pre-tax annual compensation as defined in the Plan document. Contributions are subject to the maximum allowable deferral per the Internal Revenue Service (IRS). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Any eligible employee will be automatically enrolled with a contribution rate of 3%, and an increase of 1% annually up to 8% of compensation, unless otherwise requested. Roth elective deferrals are allowed. Employees have the option to change their percentage or opt-out of participation. Participants direct the investment of their contributions into various investment options offered by the Plan; however non-participant directed contributions under automatic enrollment will be directed to the Plan's default investment.

The Plan also allows for employer discretionary matching contributions for eligible participants at an amount that is determined annually. Participants must be employed on the last day of the Plan year and have completed at least 1,000 hours of service during the Plan year to be eligible for matching contributions. The Company elected to make matching contributions of \$0 and \$191,318 for the 2025 and 2024 plan years, respectively.

Excess Contributions - The Plan undergoes an annual Actual Deferral Percentage test (ADP) that will show excess contributions, if any, made by Plan participants. Such contributions are to be distributed from the Plan to the respective participants. There was \$0 and \$3,706 excess contributions at December 31, 2025 and 2024, respectively.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their elective deferrals and rollover contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. The participant is vested 20% per year beginning at two years of qualified service and is 100% vested at six years of qualified service or upon occurrence of the participant's retirement, death, or disability, as defined by the Plan document.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 (LIQUIDATION BASIS) AND 2024 (ONGOING BASIS)

NOTE A - DESCRIPTION OF PLAN - CONTINUED

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's vested account and bear interest based at the prime rate plus 1%. Notes receivable from participants, as of December 31, 2025 and 2024 have rates at 4.25 to 8.5%. Principal and interest are paid ratably through payroll deductions and are reinvested in the participant accounts according to individual investment elections. The Plan had outstanding loans of \$13,725 and \$104,925 at December 31, 2025 and 2024, respectively.

Payment of Benefits - Upon normal retirement age, death, disability, or termination of employment, a participant's benefit is payable in a lump-sum amount equal to 100% of the participant's vested account balance. The participant also has the option of transferring his or her vested interest to another retirement account. Hardship withdrawals are permitted by the Plan in the event of immediate and heavy financial need. Hardship withdrawals from the Plan are allowed up to a maximum of the vested portion of the participant's account balance. Hardship withdrawals and withdrawals for those that have not attained age 59 ½ are subject to income tax.

Forfeited Accounts - At December 31, 2025 and 2024, forfeited non-vested accounts totaled \$7,189 and \$8,758, respectively. These accounts will be used to reduce future employer contributions or used towards Plan expenses.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). A plan of liquidation was approved effective September 29, 2025, and management determined liquidation is imminent. As a result, the Plan has changed its basis of accounting from going concern basis to the liquidation basis.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See **NOTE D** for discussion of fair value measurements.

DECEMBER 31, 2025 (LIQUIDATION BASIS) AND 2024 (ONGOING BASIS)

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Investment Valuation and Income Recognition - Continued

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Company pays administration expenses except for transaction-based fees, which are paid for directly by participants. Expenses paid by the Plan amounted to \$52,285. Investment fees and commissions are netted against the net appreciation in fair value of investments.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 (LIQUIDATION BASIS) AND 2024 (ONGOING BASIS)

NOTE D - FAIR VALUE MEASUREMENT OF FINANCIAL INSTRUMENTS

The financial statements are prepared in accordance with an accounting standard which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under the standard are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing quoted market price as reported by the fund. Mutual funds held in the Plan are open-end mutual funds that are registered with the SEC. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 (LIQUIDATION BASIS) AND 2024 (ONGOING BASIS)

NOTE D - FAIR VALUE MEASUREMENT OF FINANCIAL INSTRUMENTS - CONTINUED

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Description	Fair Value Measurements at Reporting Date Using:			
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
	12/31/2025			
Mutual funds	\$ 3,148,273	\$ 3,148,273	\$ -	\$ -
Total investments at fair value	<u>\$ 3,148,273</u>	<u>\$ 3,148,273</u>	<u>\$ -</u>	<u>\$ -</u>

Description	Fair Value Measurements at Reporting Date Using:			
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
	12/31/2024			
Mutual funds	\$ 10,554,474	\$ 10,554,474	\$ -	\$ -
Total investments at fair value	<u>\$ 10,554,474</u>	<u>\$ 10,554,474</u>	<u>\$ -</u>	<u>\$ -</u>

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2025 and 2024, there were no transfers between Levels 1 and 2 and no transfers into or out of Level 3.

NOTE E - GROUP FIXED ANNUITY CONTRACT WITH INSURANCE COMPANY

The Plan held a traditional fully benefit-responsive guaranteed investment contract with Voya Retirement Insurance and Annuity Company (VRIAC) totaling \$579 at December 31, 2025 and totaling \$386,665 at December 31, 2024. The insurance company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The Stable Value Option has a floating rate of return that is adjusted periodically, but not below zero to reflect the performance of the underlying investment portfolio. The interest rates are analyzed and may be reset by the issuer semi-annually for the Contract. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

GEORGE F. YOUNG OF FLORIDA, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 (LIQUIDATION BASIS) AND 2024 (ONGOING BASIS)

NOTE E - GROUP FIXED ANNUITY CONTRACT WITH INSURANCE COMPANY - CONTINUED

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by VRIAC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with VRIAC. Such events include: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (e) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (a) an uncured violation of the Plan's investment guidelines, (b) a breach of material obligation under the contract, (c) a material misrepresentation, or (d) a material amendment to the agreement without the consent of the issuer.

NOTE F - PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. The Plan Sponsor was acquired on September 29, 2025. As part of the transaction, the Company's Plan was terminated and all assets will be distributed within one year of the acquisition date.

NOTE G - TAX STATUS

The Plan was based on a Non-Standardized Pre-Approved Profit Sharing/Money Purchase/CODA plan developed by Voya Retirement Insurance and Annuity Company and has received a favorable opinion letter dated June 30, 2020, from the IRS, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC) for the Plan. The Company believes the Plan, as adopted and amended, is designed and is currently being operated in compliance with the applicable requirements of the IRC.

GEORGE F. YOUNG OF FLORIDA, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 (LIQUIDATION BASIS) AND 2024 (ONGOING BASIS)

NOTE G - TAX STATUS - CONTINUED

U.S. GAAP require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's federal returns are generally open for examination for three years following the date filed.

NOTE H - RELATED PARTY TRANSACTIONS

Certain Plan investments are units of a cash equivalent account or shares of mutual funds managed by VITC, the trustee of the Plan. These transactions are party-in-interest transactions that qualify as exempt prohibited transactions as defined by the Department of Labor.

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
