Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of St. Paul Eye Clinic Cash Balance Pension Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 (in liquidation) and 2024 (ongoing), and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of St. Paul Eye Clinic Cash Balance Pension Plan as of December 31, 2025 (in liquidation) and 2024 (ongoing), and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of St. Paul Eye Clinic Cash Balance Pension Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter—Plan Termination and Plan of Liquidation

As discussed in Note 1 and 2 to the financial statements, the Board of Directors approved a plan of liquidation in 2025, and Plan management determined liquidation is imminent. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the ongoing basis used in presenting the 2024 financial statements to the liquidation basis used in presenting the 2025 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of St. Paul Eye Clinic Cash Balance Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The schedule of reportable transactions as of and for the year ended December 31, 2025 (in liquidation) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

ST. PAUL EYE CLINIC CASH BALANCE PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 (IN LIQUIDATION) AND 2024 (ONGOING)

NOTE 1 DESCRIPTION OF PLAN

The following description of St. Paul Eye Clinic Cash Balance Pension Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a noncontributory defined benefit pension plan that was originally effective January 1, 2010 and was last restated on August 6, 2020. The Plan covers substantially all employees of the Employer who have attained age 18 and completed one year of service. The Plan excludes specific employees pursuant to action by the Employer, employees of any related employer that has not adopted the Plan, leased employees and employees who are part of a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Plan Termination and Plan of Liquidation

The Board of Directors of the Company passed a resolution to terminate the Plan effective December 31, 2024 and approved a plan of liquidation in 2025. Participants became 100% vested in their accrued benefits as of the termination date. Required notices to participants and filings to regulatory agencies were completed under the standard termination process. The Plan administrator notified participants of their distribution options, subject to amended plan provisions. As of December 31, 2025, all accumulated benefit obligations have been settled and substantially all assets of the Plan have been liquidated.

During the year ended December 31, 2025, excess contributions of \$285,478 were transferred from the Plan to St. Paul Eye Clinic Profit Sharing Plan as a result of the Plan Termination.

The following Plan provisions were in effect prior to the decision to terminate.

Contributions

St. Paul Eye Clinic, P.A. (the Employer) makes annual contributions to the Plan as determined by an independent consulting actuary. The required contributions are determined based on the unit credit cost method. In 2025 and 2024, the Plan met the minimum funding requirements of ERISA.

Pension Benefits

Participants are entitled to a fully vested and nonforfeitable normal retirement benefit in an amount equal to the participant's accrued benefit. The participant's accrued benefit consists of pay credits and investment credits added to the participant's account balance and is reduced by any benefit payments made to the participant or beneficiary.

ST. PAUL EYE CLINIC CASH BALANCE PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 (IN LIQUIDATION) AND 2024 (ONGOING)

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Each participant who completes a year of service (1,000 hours) earns a pay credit. For each participant who is a shareholder, the pay credit is calculated as a percentage of the participant's covered compensation and will vary depending on the participant's years of service as a shareholder and the shareholder's accrual election as of January 1 of each Plan year. The pay credit for non-shareholder executive participants equals 6.00% of compensation, and the pay credit for non-shareholder non-executive participants equals 3.50% of compensation.

Interest credits are equal to the product of the participant's account balance as of the first day of the Plan year multiplied by a percentage equal to the greater of 4.00% or the average annual rate on 10-year treasury bonds for the November preceding the Plan year. For the year of termination, the interest credit rate will be equal to the average of the interest crediting rates for the preceding five-year period ending on the plan termination date.

Death Benefits

If an active participant dies prior to normal retirement, a death benefit equal to the value of the employee's accumulated pension benefits is paid to the participant's beneficiary. Benefits are payable in the form of a lump sum payment or a single life annuity, if unmarried, or a qualified pre-retirement survivor annuity, if married, unless otherwise elected.

Vesting

Accrued benefits are 100% vested after attaining three years of credited service. Notwithstanding the above, participants shall become 100% vested upon their death or disability, as defined by the Plan.

Benefit Payments

If the value of the pension benefit is \$7,000 or less, it is automatically distributed as a single lump sum payment. Benefits in excess of \$7,000 are payable in the form of a lump sum, single or joint and survivor life annuity if unmarried, or a 50% surviving spouse life annuity if married, unless otherwise elected.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

As discussed in Note 1, the Board of Directors approved a plan of liquidation in 2025 and management determined liquidation is imminent. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the ongoing basis used in presenting the 2024 financial statements to the liquidation basis used in presenting the 2025 financial statements. Under the liquidation basis of accounting, assets are stated at their estimated cash value expected to be collected in settling or disposing of assets during the liquidation process and liabilities are stated at their anticipated settlement amounts. Investments are stated at fair value which approximates the amount the Plan expects to collect.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for fair value of investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Costs

Administrative costs (consisting of actuarial, audit and trust administration fees) associated with operation of the Plan are paid directly by the Employer and are not included in the financial statements. Investment related fees are included in the net appreciation in fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through August 26, 2026, the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 (IN LIQUIDATION) AND 2024 (ONGOING)

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to:

- a. retired or terminated employees or their beneficiaries,
- b. beneficiaries of employees who have died, and
- c. present employees or their beneficiaries.

The actuarial present value of accumulated plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in determining the actuarial present value of accumulated plan benefits as of December 31, 2025 and 2024 were:

- a. Life expectancy of Participants (PRI-2012 total dataset projected with mortality improvement scale MP-2021).
- b. Retirement Age Assumptions (age 65).
- c. Weighted Average Discount (Long-Term Funding) Rates of 4.10%.

NOTE 3 FUNDING POLICY

The Employer's funding policy is to make annual contributions to the Plan in amounts equal to the minimum required contribution under ERISA. The Employer may increase its contribution above the minimum if appropriate to its tax and cash position and the Plan's funded position.

ST. PAUL EYE CLINIC CASH BALANCE PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 (IN LIQUIDATION) AND 2024 (ONGOING)

NOTE 4 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2025 and 2024.

Mutual Funds: Valued at the daily closing price as reported by the fund. The mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish the daily net asset value (NAV) and to transact at that price. The fund held by the Plan is deemed to be actively traded.

US Treasuries: Valued based on the closing prices reported in the active market in which the individual securities are traded.

Interest Bearing Cash: Valued based on cost, which approximates fair value in a noninflationary economy and is protected by the Federal Deposit Insurance Corporation (FDIC).

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2024 (Ongoing)			Total
	Level 1	Level 2	Level 3	
Mutual Funds	\$ 1,334,640	\$ -	\$ -	\$ 1,334,640
US Treasuries	6,799,628	-	-	6,799,628
Interest Bearing Cash	12,048	-	-	12,048
Total Investments at Fair Value	<u>\$ 8,146,316</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,146,316</u>

NOTE 5 PLAN TERMINATION

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

1. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding plan termination.
2. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. governmental agency) up to the applicable limitations.
3. All other vested benefits (that is, vested benefits not insured by the PBGC).
4. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

NOTE 5 PLAN TERMINATION (CONTINUED)

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan Sponsor and the level of benefits guaranteed by the PBGC.

As disclosed in Note 1, the Plan was terminated and is sufficiently funded to settle 100% of accumulated benefit obligations.

NOTE 6 ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

The following is a summary of actuarial present value of accumulated plan benefits as of December 31:

	2025 (in Liquidation)	2024 (Ongoing)
Actuarial Present Value of Accumulated Plan Benefits		
Vested Benefits		
Active Participants	\$ -	\$ 7,634,452
Other Participants	-	284,633
Total Vested Benefits	-	7,919,085
Total Actuarial Present Value of Accumulated Plan Benefits	\$ -	\$ 7,919,085

The changes in the actuarial present value of accumulated plan benefits are summarized as follows for the year ended December 31:

	2025 (in Liquidation)	2024 (Ongoing)
Actuarial Present Value of Accumulated Plan Benefits - Beginning of Year	\$ 7,919,085	\$ 6,831,631
Increase (Decrease) Attributable to:		
Benefits Accumulated and (Gains) Losses	(36,430)	922,861
Increase for Interest	324,682	304,314
Benefits Paid	(8,207,337)	(139,721)
Actuarial Present Value of Accumulated Plan Benefits - End of Year	\$ -	\$ 7,919,085

The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2025, and 2026. Had the valuations been performed as of December 31, 2025 and 2026, there would be no material differences.

NOTE 7 PLAN TAX STATUS

The IRS has determined and informed the Company by a determination letter, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Management applied for, and received, a determination letter from the IRS that stated the Plan termination does not affect the qualified status of the Plan.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE 9 PARTY-IN-INTEREST TRANSACTIONS

The Plan investments are held and managed by Charles Schwab Trust Bank, the custodian as defined by the Plan and, therefore, the investment transactions qualify as party-in-interest transactions as defined by ERISA.
