Independent Auditors' Report

To the Plan Administrator of
The Original Mowbray's Tree Service, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Original Mowbray's Tree Service, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Original Mowbray's Tree Service, Inc. 401(k) Plan

Notes to Financial Statements

1. Description of Plan

The following description of The Original Mowbray's Tree Service, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by The Original Mowbray's Tree Service, Inc. (the Plan Sponsor, employer, and Company) under the provisions of Section 401(a) of the United States Internal Revenue Code (the IRC), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company and any adopting employer. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as well as certain provisions of the federal income tax laws.

The following adopting employees are allowed to participate in the Plan:

- Pino Tree Service, Inc.
- Phoenix Traffic Management, Inc.

All employees of the Company and participating employers are subject to the following eligibility requirements:

- Service: 3 months
- Status Exclusions:
 - a. Employees who are members of a specific union
 - b. Non-resident aliens with no U.S. earned income
 - c. Leased employees

Upon satisfying the eligibility requirements, employees may participate in the Plan on the first day of the next month.

Contributions

The Plan is funded through employee elective deferrals and Company contributions. Each year, participants may elect to contribute a portion of their compensation, subject to certain maximum limitations imposed by Section 402(g) of the IRC. At the discretion of the Plan Administrator, participants may be permitted to deposit or "rollover" into the Plan distributions they have received from other plans and certain Individual Retirement Accounts (IRAs). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The following contribution types are allowed by the Plan:

- Elective deferrals
- Employer matching
- Roth deferrals
- Rollover contributions
- Employer other discretionary nonelective contributions (i.e. employer profit sharing)
- Qualified Matching Contributions (QMAC)
- Qualified Non-Elective Contributions (QNEC)

Notes to Financial Statements

1. Description of Plan (Continued)

Contributions (Continued)

The Company, at its discretion, may make Company other discretionary contributions to the Plan. For purposes of the Company other discretionary contributions, the Company may establish various allocation groups and may contribute separate Company other discretionary contributions to each allocation group. Participants must be employed on the last day of the plan year and have earned 1,000 hours of service to be eligible to receive other discretionary Company contributions. For the year ended December 31, 2024, the Company elected not to make any other discretionary contributions.

The Company and participating employers may make QMAC and QNEC contributions to the Plan. QMAC and QNEC contributions are to be determined by the Company or participating employers and allocated according to the provisions of the Plan document. For the year ended December 31, 2024, the Company and participating employers elected not to make any QMAC or QNEC contributions to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocation of the Company's and participating employer's contributions, and Plan earnings or losses and charged with an allocation of administrative expenses that are paid by the Plan. Allocations may be charged based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100 percent vested in their elective deferrals including catch-up contributions, rollover contributions from other plans, and actual earnings thereon. The method for crediting vesting service for Company matching and other discretionary contributions is based on years of vesting service. Participants are credited with a year of vesting service for each year the participant performs a 1,000 or more hours of service. If participants are employed on or after their Normal Retirement Age or if they terminate employment on account of death or disability, they are 100 percent vested in their Company matching and profit sharing contributions.

Notes to Financial Statements

1. Description of Plan (Continued)

Forfeited Accounts

Forfeitures represent unvested portions of terminated participants' accounts. The Plan allows forfeitures of non-vested employer contributions to be used as follows:

- Pay plan expenses
- Reduce Company or participating employer contributions
- Reallocated as additional Company contributions

As of December 31, 2024 and 2023, forfeited non-vested accounts totaled \$232,996 and \$156,310, respectively. During the year ended December 31, 2024, forfeited non-vested accounts of \$41,089 were used to pay employer matching contributions.

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan, for or on behalf of the participant, to any one or more of the investment funds determined at the discretion of the Plan Administrator and Plan Sponsor and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Notes Receivable from Participants

Participants who are active employees may borrow against their vested account balances a minimum of \$1,000 up to a maximum equal to the lesser of 50 percent of their vested account balance or \$50,000. The notes receivable from participants, in the form of promissory notes, are secured by the balance in the participant's account, and bear interest at reasonable rates, which are commensurate with local prevailing rates as determined by the Plan Administrator. Interest rates on notes receivable from participants range from 5.25 percent to 10.50 percent. Principal and interest are paid ratably through payroll deductions and are generally repaid within 5 years unless related to the purchase of a principal residence, in which case the terms of the notes receivable may not exceed twenty years. Any outstanding notes receivable balance will become due and payable in its entirety upon occurrence of a distributable event.

Benefits Paid to Participants

Upon termination of service, disability, or retirement, a participant is entitled to receive a distribution equal to the value of the participant's vested interest in his or her account. Distribution of a deceased participant's account will be made to the designated beneficiary.

The following types of distributions are also allowed by the Plan:

- Hardship
- Involuntary cash-outs
- In service

The Original Mowbray's Tree Service, Inc. 401(k) Plan

Notes to Financial Statements

1. Description of Plan (Continued)

Plan Expenses

The Plan's expenses are paid by the Company or participating employer, as provided by the Plan document. Expenses paid directly by the Company or participating employer are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment-related expenses are included in net appreciation in fair value of investments.

Termination of the Plan

Although it has not expressed any intent to do so, the Company and participating employer's have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination, no further contributions will be made to the Plan and all amounts credited to the participant's account will become 100 percent vested. The Company will direct the distribution of the participant's account in a manner permitted by the Plan as soon as practicable.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of these financial statements in accordance with U.S. GAAP requires Plan management to make estimates and assumptions. Those estimates and assumptions affect the reported amounts of net assets available for benefits, net appreciation in fair value of investments, as well as the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Going Concern and Management's Plans

The accompanying financial statements have been prepared assuming the Plan will continue as a going concern. As of December 31, 2024, the Plan Sponsor was a defendant in a lawsuit related to a vehicle accident involving one of the Plan Sponsor's vehicles. In July 2025, the trial of the lawsuit concluded, and an \$83.8 million judgment was awarded to the plaintiff. As a result of the substantial loss incurred during 2023 and at December 31, 2024, the Plan Sponsor's liabilities exceeded its assets by \$84.5 million and the Plan Sponsor had negative working capital of \$89.9 million, and will not have the liquidity or access to financing to pay the judgment should the Plan Sponsor not be successful in having the judgment reversed or substantially reduced.

On October 18, 2024, the Company filed a voluntary petition for relief (the Bankruptcy Petition) under Chapter 11 of Title 11 of the United States Code (the Bankruptcy Code) in the United States Bankruptcy Court for the Central District of California (the Bankruptcy Court). The Plan Sponsor operated its businesses as a debtor-in-possession (DIP) under the jurisdiction of the Bankruptcy Court, in accordance with the applicable provisions of the Bankruptcy Code and the orders of the Bankruptcy Court. The Plan Sponsor was discharged from Chapter 11 bankruptcy on April 10, 2026.

The Original Mowbray's Tree Service, Inc. 401(k) Plan

Notes to Financial Statements

2. Summary of Significant Accounting Policies (Continued)

Going Concern and Management's Plans (Continued)

We considered the Plan's available resources, and note that, at December 31, 2024, the Plan had unallocated forfeitures of approximately \$233,000 which could be used to pay QNEC contributions and administrative expenses not absorbed by the Plan Sponsor. We note that the Plan's administrative expenses averaged approximately \$52,000 for 2023 and 2024.

Management evaluated the significance of these conditions and events in relation to the Plan's ability to meet its obligations as they become due. The Plan is a defined contribution plan, and Plan assets are held separately from the assets of the Plan Sponsor for the benefit of participants. The Plan's obligations are generally limited to net assets available for benefits. Management also considered the Plan's liquidity, expected benefit payment activity, administrative requirements, and the availability of Plan assets to satisfy participant-directed benefit obligations.

Based on this evaluation, management believes the Plan has sufficient net assets available for benefits to meet its obligations as they become due for one year and one day after the date the financial statements are available to be issued. Accordingly, management's evaluation and the factors described above alleviated substantial doubt about the Plan's ability to continue as a going concern.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on the trade-date basis. Net appreciation in fair value of investments, including realized gains and losses on sales during the year and current changes in unrealized appreciation in the market value of investments held at year end, is presented in the statement of changes in net assets available for benefits.

Contributions

Contributions from Plan participants are recognized in the year in which the participant contributions are withheld from compensation. Company and participating employer contributions are recognized in the same period as the related participant contributions.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make scheduled repayments and the Plan Administrator deems the participant note receivable to be in default, the participant note receivable balance is recorded as a distribution based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Plan management has considered events occurring through July 31, 2026 in its evaluation of the conditions on which estimates were based or for changes in conditions subsequent to the date of the statement of net assets available for benefits, which should be disclosed. The financial statements were available to be issued.

3. Certified Investments (Unaudited)

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by John Hancock Life Insurance Company (U.S.A.) (John Hancock), the custodian of the Plan.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability; and

The Original Mowbray's Tree Service, Inc. 401(k) Plan

Notes to Financial Statements

4. Fair Value Measurements (Continued)

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Pooled Separate Accounts: Valued at the net asset value of the underlying assets of the separate account.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024:

	<u>Level 1</u>	<u>Leve 2</u>	<u>Level 3</u>	<u>Total</u>

5. Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions and earnings. The Plan will distribute excess contributions and earnings for the year ended December 31, 2024 to the applicable participants in 2026 under the Employee Plans Compliance Resolution System.

6. Prohibited Transactions

As required by ERISA Section 2510.3-102, the Plan Sponsor and participating employers are required to segregate employee contributions and loan repayments from its general assets as soon as practicable. During the years ended December 31, 2024, 2023, and 2022, there were unintentional delays by the Company and participating employers in submitting participant contributions and loan repayments of \$1,199, \$25,062, and \$2,591, respectively. These are considered prohibited transactions.

7. Related Party Transactions and Transactions with Parties-in-Interest

A related party is any party who can control or significantly influence Plan management or operating policies. Parties-in-interest are defined under DOL regulations as employees of the Plan, fiduciaries of the Plan, service providers to the Plan, the employer whose employees are covered by the Plan, and certain significant owners of the employer and their relatives. Service providers may include, but are not limited to, the custodian, trustee, third-party administrator (TPA), investment managers, investment advisors, legal counsel, and Plan auditor.

During the year ended December 31, 2024, the Plan made direct payments of \$48,080 to certain parties-in-interest for administration and investment advisory fees, as allowed by ERISA. The Plan Sponsor pays directly any other fees related to the operation of the Plan.

Fees incurred by the Plan for the investment management services are included in the net appreciation in fair value of the related investment, as they are paid using investment earnings rather than a direct payment.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is, at least, reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Tax Status

The Plan sponsor adopted a prototype plan document which received a favorable opinion letter, from the IRS dated June 30, 2020, which states that the Plan is designed in accordance with the applicable sections of the IRC and is, therefore, not subject to tax under present income tax law. The Plan is required to operate in conformity with the IRC to maintain its qualification.

The Plan did not satisfy the nondiscrimination testing requirements under the IRC for the 2023 and 2024 plan years. As of July 31, 2026, the Plan has not completed the corrective actions required to bring the Plan back into compliance with the IRC, and therefore the Plan remains out of compliance with applicable nondiscrimination rules. The Plan Sponsor represents that it intends to complete the required corrections during 2026. Because the corrective distributions for the 2023 and 2024 plan years were not made by the statutory deadlines, the Plan Sponsor may be subject to excise taxes, and other potential compliance consequences under IRS and Department of Labor regulations until the failures are fully corrected.

9. Tax Status (Continued)

Except for not yet satisfying its discrimination testing for 2023 and 2024 as described above, management is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not, based on the technical merits, would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024 there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, the statute of limitations for the IRS to assess taxes on a plan expires three years from the due date of the return or the date on which it was filed, whichever is later.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation to the Form 5500 of net assets available for benefits per the financial statements at December 31:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits per financial statements	\$ 5,048,552	\$ 4,994,693
Payables – refund of excess contributions and earnings	<u>64,454</u>	<u>34,963</u>
	<u><u>\$ 5,113,006</u></u>	<u><u>\$ 5,029,656</u></u>

The following reconciles the change in net assets available for benefits per the financial statements to the net income per the Form 5500 for the year ended December 31, 2024:

Change in net assets available for benefits per the financial statements	\$ 53,859
Current year payable for refund of excess contributions and earnings	<u>29,491</u>
Net income per the Form 5500	<u><u>\$ 83,350</u></u>
