Independent Auditors' Report

To the Trustee of
The Original Mowbray's Tree Service, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Original Mowbray's Tree Service, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements related to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but it is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules contained on pages 14 through 15 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplemental information required by the DOL Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL Rules and Regulations for Reporting and Disclosures under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Original Mowbray's Tree Service, Inc. 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following description of The Original Mowbray's Tree Service, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan providing benefits to all employees of The Original Mowbray's Tree Service (Plan Sponsor), Phoenix Traffic Control, Inc., and Pino Tree Service, Inc. (the Company) who have completed three months of service with at least 1 hour of service worked. The Plan excludes all union employees, nonresident aliens, and leased employees. Eligible employees may begin contributing to the Plan beginning on the first day of the calendar month coinciding with or the first day of the next calendar month following the satisfaction of the eligibility requirements.

Contributions

Under the provisions of the Plan, each active participant may enter into a salary deferral agreement with the Company, deferring up to 100 percent of compensation, up to the maximum allowable amount as determined yearly by the Internal Revenue Service (IRS). Participants age 50 and older may contribute catch-up contributions as allowed per IRS limitations. Participants are permitted to make Roth after-tax contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company matching contribution to the Plan for a particular Plan year is determined by the Administrative Committee at their sole discretion. For the year ended December 31, 2023, the Company elected to match participant's elective deferrals up to three percent of eligible earnings. For the year ended December 31, 2023, the Company elected to match 100 percent of the participant's elective deferrals on the first three percent of eligible earnings.

The Company, at its discretion, may make Company other discretionary contributions to the Plan. For purposes of the Company other discretionary contributions, the Company may establish various allocation groups and may contribute separate Company other discretionary contributions to each allocation group. Participants must have a minimum of three months of service with 1,000 hours and be employed on the last day of the Plan year to be eligible for Company other discretionary contributions. For the year ended December 31, 2023, the Company elected not to make a Company other discretionary contribution to the Plan.

The Company may make Qualified Matching Contributions (QMAC) and Qualified Non-Elective Contributions (QNEC) to the Plan. QMAC and QNEC contributions are to be determined by the Company and allocated according to the provisions of the Plan document. For the year ended December 31, 2023, the Company elected not to make any QMAC or QNEC contributions to the Plan.

Participant Account

An account is maintained for each participant. Each participant's account is credited with the participant's contributions, Company matching contributions, Company other discretionary contributions, Company QMAC, Company QNEC, and participant's Plan earnings and losses.

The Original Mowbray's Tree Service, Inc. 401(k) Plan

Notes to Financial Statements

1. Description of Plan (Continued)

Vesting

Participants are immediately vested in their contributions, Company QMAC, and Company QNEC plus earnings thereon. Vesting in the remainder of the account is based on years of service. A year of service is given for each Plan year in which a participant performs 1,000 or more hours of service. After two years of service, a participant becomes 20 percent vested. Each service year thereafter will increase the participant's vesting by 20 percent, with 100 percent vesting after six years.

Investment Options

Each participant directs employee and Company contributions to his or her account through investment options offered by the Plan. The investment options are comprised of pooled separate accounts.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of the participant's vested account balance. A participant may only have one note receivable outstanding at any time. The notes receivable are secured by the vested balance in the participant's account and bear interest at prime plus two percent. Interest rates on notes receivable from participants range from 5.25 percent to 10.50 percent. Principal and interest are repaid ratably through payroll deductions. Notes receivable terms cannot exceed five years, unless related to the purchase of a principal residence, in which case the terms of the notes receivable may not exceed twenty years. Any outstanding notes receivable balance will become due and payable in its entirety upon occurrence of a distributable event.

Payment of Benefits

Upon termination of service due to termination of employment, death, disability, or retirement, a participant is entitled to a lump-sum distribution equal to the value of the vested interest in his or her account. If the value of the vested interest in the participant account is \$1,000 or less, the Plan mandates the payment of a lump-sum distribution to the participant. If the value of the vested interest in the participant account is \$5,000 or less, but more than \$1,000, the Plan allows the payment of a lump-sum distribution to the participant or a rollover into an individual retirement account for the participant.

Forfeited Accounts

At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$156,310 and \$39,200, respectively. These funds are available to pay Plan expenses, reduce Company contributions, or allocate as additional Company contributions. During the year ended December 31, 2023, \$169,596 of forfeitures were used to reduce Company contributions.

The Original Mowbray's Tree Service, Inc. 401(k) Plan

Notes to Financial Statements

2. Summary of Accounting Policies

The preparation of these financial statements requires Plan management to make estimates and assumptions. Those estimates and assumptions affect the reported amounts of net assets available for benefits, net appreciation in fair value of investments, as well as the disclosure of contingent assets and liabilities. Actual results could differ from those estimates. Plan management has considered events occurring through July 6, 2026 in its evaluation of the conditions on which estimates were based or for changes in conditions subsequent to the date of the statements of net assets available for benefits, which should be disclosed. The financial statements were available to be issued at this date.

Plan management also determines the accounting principles to be used in the preparation of financial statements. A description of the significant accounting policies employed in the preparation of these financial statements follows:

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Going Concern and Management's Plans

The accompanying financial statements have been prepared assuming the Plan will continue as a going concern.

As of December 31, 2024, the Plan Sponsor was a defendant in a lawsuit related to a vehicle accident involving one of the Plan Sponsor's vehicles. In July 2025, the trial of the lawsuit concluded, and an \$83.8 million judgment was awarded to the plaintiff. In addition, the Plan Sponsor incurred a net loss of \$113.6 million for the year ended December 31, 2023 (which \$83.8 million related to the accrual of the loss on the aforementioned litigation matter). As a result of the substantial losses incurred during 2023 and at December 31, 2024, the Plan Sponsor's liabilities exceeded its assets by \$84.5 million and the Plan Sponsor had negative working capital of \$89.9 million, and will not have the liquidity or access to financing to pay the judgment should the Plan Sponsor not be successful in having the judgment reversed or substantially reduced.

On October 18, 2024, the Company filed a voluntary petition for relief (the Bankruptcy Petition) under Chapter 11 of Title 11 of the United States Code (the Bankruptcy Code) in the United States Bankruptcy Court for the Central District of California (the Bankruptcy Court). The Plan Sponsor operated its businesses as a debtor-in-possession (DIP) under the jurisdiction of the Bankruptcy Court, in accordance with the applicable provisions of the Bankruptcy Code and the orders of the Bankruptcy Court. The Plan Sponsor was discharged from Chapter 11 bankruptcy on April 10, 2026.

These conditions and events related to the Plan Sponsor raised substantial doubt about the Plan's ability to continue as a going concern before consideration of management's plans and mitigating factors.

Management evaluated the significance of these conditions and events in relation to the Plan's ability to meet its obligations as they become due. The Plan is a defined contribution plan, and Plan assets are held separately from the assets of the Plan Sponsor for the benefit of participants. The Plan's obligations are generally limited to net assets available for benefits. Management also considered the Plan's liquidity, expected benefit payment activity, administrative requirements, and the availability of Plan assets to satisfy participant-directed benefit obligations.

Based on this evaluation, management believes the Plan has sufficient net assets available for benefits to meet its obligations as they become due for one year and one day after the date the financial statements are available to be issued. Accordingly, management's evaluation and the factors described above alleviated substantial doubt about the Plan's ability to continue as a going concern.

The Original Mowbray's Tree Service, Inc. 401(k) Plan

Notes to Financial Statements

2. Summary of Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisors. See Note 4 for fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as investments held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan Document.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions and earnings. The Plan will distribute excess contributions and earnings for the year ended December 31, 2023 to the applicable participants in 2026 under the Employee Plans Compliance Resolution System.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events, such as a pandemic or international conflict, which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expenses, and fees for recordkeeping, the Plan's Registered Investment Advisor, and investment related expenses are charged to the participant accounts on a pro-rata basis, based on participant account balances, and are included in administrative expenses.

Reclassification

Certain amounts for 2022 have been reclassified to conform to the presentation for the year ended December 31, 2023.

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, dividends, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by John Hancock Life Insurance Company (U.S.A.) (John Hancock, JH), the Custodian of the Plan. Certain plan assets and related activity were held with Reliance Trust Company (RH) through the date of transfer of March 8, 2023.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the Accounting Standards Codification Topic 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

The Original Mowbray's Tree Service, Inc. 401(k) Plan

Notes to Financial Statements

4. Fair Value Measurements (Continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs, other than quoted prices, that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2023 and 2022.

Pooled separate accounts: Valued at the net asset value of the underlying assets held by the separate account.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Pooled separate accounts	\$ —	\$ 4,776,993	\$ —	\$ 4,776,993

Notes to Financial Statements

5. Related-Party and Party-in-Interest Transactions

The Plan invests in units of pooled separate accounts managed by John Hancock. John Hancock acts as Custodian for only those investments as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules. Fees incurred by the Plan for investment management services are included as a reduction of the return earned on each investment, as the fees are paid through revenue sharing, rather than paid as a direct payment. As described in Note 2, the Plan made direct payments to third party service providers of \$55,435 for services related to the Plan, which was not covered by revenue sharing. The Company directly pays any other fees related to the Plan's operations.

6. Tax Status

The Company obtained an opinion letter dated June 30, 2020 in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the Plan Trustees and Plan management believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2020.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Company matching contributions and Company other discretionary contributions.

8. Nonexempt Transactions

During the year ended December 31, 2023, there were unintentional delays by the Company in submitting participant contributions and loan repayments of \$25,062. During the year ended December 31, 2022, there were unintentional delays by the Company in submitting participant loan repayments of \$2,591.

9. Plan Merger

On July 1, 2022, the Company acquired Pino Tree Service, Inc. On December 12, 2022, the Trustees of the Plan, as permitted by the Plan document, approved the merger of the Pino Tree Service, Inc. 401(k) Profit Sharing Plan and Trust (Pino Plan) into the Plan effective December 31, 2022. As a result, the assets from the Pino Plan were transferred to the Plan and a receivable for transfer of assets related to the plan merger was recorded on the statement of net assets available for benefits as of December 31, 2022. The transfer of all Pino Plan assets was completed on March 8, 2023.
