Independent Auditor's Report

To the Plan Committee for the
Bonaventure 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Bonaventure 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in

accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions and Schedule H, Line 4(i) – Schedule of Assets as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Bonaventure 401(K) Plan

Notes to Financial Statements

Note 1—Description of Plan

The following description of the Bonaventure 401(k) Plan (formerly known as the Bonaventure Property Management Services, LLC Retirement Savings Plan) (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: Effective January 1, 2024 the Plan changed its name from the Bonaventure Property Management Services, LLC Retirement Savings Plan to the Bonaventure 401(k) Plan. The Plan began April 24, 2021 and serves the following related entities - Bonaventure Shared Services, LLC and Bonaventure Executive Services, LLC all of whom are related through common ownership (collectively, the Sponsor). The Plan removed the Bonaventure Property Management Services, LLC entity effective January 1, 2024. The Plan is a defined contribution plan covering all employees of the Sponsor who have at least 1 month of service and who have attained the age of 18 years. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year participants may contribute a portion of their compensation, not to exceed the amount allowed under current law. Participants who have reached age 50 before the end of the Plan year are eligible to make catch-up contributions. The Sponsor provides a matching contribution based on the participant's elective deferral. The Sponsor matches 50% of the Participants' elective deferrals up to 6% of their compensation. The Sponsor may also make an additional discretionary contribution. Participants direct the investment of all contributions into various investment options offered by the Plan. Contributions are subject to certain limitations.

Administrative expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Sponsor. Expenses related to the administration of notes receivable from participants and investment related expenses are charged directly to the participant's account and are included in administrative expenses.

Participant accounts: Each participant's account is credited with the participant's contribution, the Sponsor's matching contribution, the Sponsor's discretionary contribution, if any and an allocation of Plan earnings. Each participant's account is also charged with an allocation of administrative expenses, where applicable. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus earnings thereon. Vesting in the Sponsor's contribution is based on years of service, as defined.

The following table shows the vesting schedule by years of service:

Years of Service	Vesting Percentage
Less than 1 Year	0%
1-2 Years	33%
2-3 Years	66%
3+ Years	100%

Bonaventure 401(K) Plan

Notes to Financial Statements

Note 1—Description of Plan (continued)

Forfeitures: Forfeited non-vested accounts may be used to reduce employer contributions or pay Plan expenses. Forfeitures were used to reduce employer contributions or Plan expenses for the year ended December 31, 2025. During 2025, forfeitures of \$239,475 were used to reduce employer contributions. As of December 31, 2025 and December 31, 2024, there were \$101,476 and \$198,687 in forfeited non-vested balances outstanding.

Payment of benefits: Distribution of a participant's account is in the form of a single lump sum payment in the amount of their fully vested balance.

Hardship distributions: Hardship distributions from the Plan are permitted for medical expenses, the purchase of a principal residence, tuition and other post-secondary expenses, amounts necessary to prevent eviction, funeral expenses and certain qualifying repairs to the participant's primary residence. Distributions for this reason are subject to approval by the Plan administrator.

Notes receivable from participants: Participants may borrow from their accounts up to \$50,000. Only two loans are permitted to be outstanding at one time. Interest rates on outstanding loans as of December 31, 2025 and 2024 ranged from 8.50 percent to 9.50 percent. Principal and interest are paid ratably through payroll deductions. The loans are secured by the participant's account balance in the Plan.

Note 2—Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (US GAAP) requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition: The Plan's investments are stated at fair value. In accordance with US GAAP, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits: Benefits are recorded when paid.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are deemed as distributions based upon the terms of the Plan document.

Related party and party in interest transactions: Plan fees are paid to ADP Retirement Trust Services, LLC, the trustees of the Plan. Therefore, these transactions qualify as party-in-interest transactions. The Plan paid \$26,133 to this party for the year ended December 31, 2025.

Bonaventure 401(K) Plan

Notes to Financial Statements

Note 2—Summary of Significant Accounting Policies (continued)

Plan termination: Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants would become 100 percent vested in their accounts.

Note 3—Information Certified by the Trustees

Certain information disclosed in the accompanying financial statements and Schedule H, Line 4i, Schedule of Assets (Held at End of Year), related to investments and notes receivable from participants held as of December 31, 2025 and 2024 and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by ADP, a qualified institution.

Note 4—Summary of Fair Market Value Measurements

Fair value measurements: In accordance with US GAAP, a fair value hierarchy for inputs is used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are those that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Plan or Trustee. Unobservable inputs reflect the Plan's assumptions about the inputs market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The fair value hierarchy is categorized into three levels based on the inputs as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets or quoted prices for identical or similar assets and liabilities in inactive markets.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. The funds are required to publish their daily net asset value (NAV). The mutual funds held by the Plan are deemed to be actively traded.

Notes to Financial Statements

Note 4—Summary of Fair Market Value Measurements (continued)

Self-directed brokerage account: Holds shares of registered investment companies and are valued at the closing price reported on the active market on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 9,064,288	\$ -	\$ -	\$ 9,064,288
Self-directed brokerage account	322,041	-	-	322,041
Total assets at fair value	\$ 9,386,329	\$ -	\$ -	\$ 9,386,329

The following table presents by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 8,417,100	\$ -	\$ -	\$ 8,417,100
Self-directed brokerage account	83,157	-	-	83,157
Total assets at fair value	\$ 8,500,257	\$ -	\$ -	\$ 8,500,257

Note 5—Tax Status

The Internal Revenue Service (IRS) has determined and informed the Sponsor by the letter dated October 6, 2020 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of an asset, liability, or disclosure in the financial statement.

Notes to Financial Statements

Note 6—Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and amounts reported in the statements of net assets available for benefits.

Note 7—Partial Plan Termination

During the year ended December 31, 2024, the Plan experienced a significant reduction in the number of participants as a result of employer-initiated terminations. Management has determined that this reduction constituted a partial plan termination under Internal Revenue Code Section 411(d)(3). As a result, all affected participants became fully vested in their account balances as of December 31, 2024. There was no significant impact on plan assets or liabilities as a result of the partial termination.

Note 8—Delinquent Participant Contributions

During the Plan year ended December 31, 2025, participant contributions totaling \$44,816, were not remitted to the Plan within the period prescribed by DOL regulations. These transactions constitute non-exempt party-in-interest transactions or prohibited transactions as defined by ERISA. The Sponsor plans to deposit the lost earnings to the Plan during 2026.

Note 9—Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through August 6, 2026, the date the financial statements were available to be issued.
