INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
VJS Construction Services, Inc. Profit Sharing and 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of VJS Construction Services, Inc. Profit Sharing and 401(k) Plan ("the plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2025 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2025 Financial Statements section,

- the amounts and disclosures in the accompanying 2025 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying 2025 financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of the plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the 2025 financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of 2025 financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the 2025 financial statements.

In preparing the 2025 financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the 2025 financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2025 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the 2025 financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

ERISA-Required Supplementary Information

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the 2025 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the 2025 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the 2025 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2025 financial statements or to the 2025 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Plan management is responsible for the preparation and fair presentation of the accompanying 2024 financial statement of the plan, which comprise the statement of net assets available for benefits as of December 31, 2024 and the related notes to the financial statement, in accordance with GAAP. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the 2024 financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, or provide any form of assurance on the 2024 financial statement.

Notes to Financial Statements

December 31, 2025 and 2024

(2024 compiled - see independent auditors' report)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of accounting - The VJS Construction Services, Inc. Profit Sharing and 401(k) Plan ("the plan") follows the accrual method of accounting wherein additions and deductions are reflected in the period earned or incurred.

Accounting estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent events - The financial statements include management's evaluation of the events and transactions occurring subsequent to December 31, 2025 through July 15, 2026, which is the date the financial statements were available to be issued.

Risks and uncertainties - The plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Key parties of the plan - VJS Construction Services, Inc. is the plan sponsor, employer and plan administrator. Transamerica Life Insurance Company Inc. is the agent that holds the plan's stable value strategy option investment. Transamerica Trust Company is the trustee that holds the plan's mutual fund investments. Transamerica Retirement Solutions, LLC is the plan's recordkeeper that maintains investment and participant records and tax counsel that performs various compliance tests. The related Transamerica entities discussed above are collectively referred to as "Transamerica". Morgan Stanley is the plan's investment advisor.

Investments - The plan sponsor determines the investments available to plan participants. The participants allocate their contributions and transfer existing balances among the available investment options. The net appreciation (depreciation) in the fair values of investments bought, sold or held during the year is reflected in the accompanying statement of changes in net assets available for benefits. Participants should refer to the investment account summaries and prospectuses for more information.

Fair value measurements - GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows.

- Level 1 - Valuation is based upon quoted prices in active markets for identical investments.
- Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).
- Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

Following is a description of the valuation methodology used for investments measured at fair value.

Mutual funds - The mutual funds held by the plan are valued at the daily quoted market prices as reported by the funds. The mutual funds are registered with the U.S. Securities and Exchange Commission, are required to publish their daily net asset value and are deemed to be actively traded.

VJS Construction Services, Inc. Profit Sharing and 401(k) Plan

Notes to Financial Statements

December 31, 2025 and 2024

(2024 compiled - see independent auditors' report)

The plan administrator determines by level, within the fair value hierarchy, the plan's investments at fair value as set forth below.

Investments at fair value as of December 31, 2025

	Level 1	Level 2	Level 3	Total
Mutual funds	\$27,466,984	\$ -	\$ -	\$27,466,984
Total investments at fair value	\$27,466,984	\$ -	\$ -	\$27,466,984

Investments at fair value as of December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual funds	\$22,447,423	\$ -	\$ -	\$22,447,423
Total investments at fair value	\$22,447,423	\$ -	\$ -	\$22,447,423

Investment at contract value - The plan has a fully benefit-responsive investment contract through a group annuity contract issued by Transamerica. This is an investment based on the general unallocated account of Transamerica. Transamerica pays interest and guarantees the plan's capital deposit regardless of the activity in the general account. The investment is not considered a Guaranteed Investment Contract or Common Collective Trust as there are no specific underlying securities and no stated minimum or maximum interest rate. The investment, as a deposit liability of Transamerica with no underlying assets, has no direct investments on behalf of the plan. The investment value is based on the general unallocated account of Transamerica and the risk of investment is based on Transamerica's insurance ratings. The effective annual interest rate is established every six months. Interest is credited, based upon the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the six month period.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Contract value, as reported to the plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants are able to ordinarily direct the withdrawal of all or portions of the investment at contract value at any time. Amounts are able to be transferred from the participants' account balances in the fund at any time.

The contract does not have a maturity date and there are no contract provisions that require a distribution at contract value at any specified time. Although plan participants may direct withdrawals at any time without restrictions, a hold can apply in the event the plan sponsor requests a full distribution from the investment. As of the date these financial statements were available to be issued, the plan has no intention to request a full distribution.

The plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the plan to transact at contract value with the issuer. As of the date these financial statements were available to be issued, the plan sponsor is not aware of any events that are probable of occurring that may limit the ability of the plan to transact at contract value with the contract issuer or limit the ability of the plan to transact at contract value with the participants.

2. DESCRIPTION OF PLAN

The following description of the plan provides only general information. Participants should refer to the plan documents for a more complete description of the plan's provisions.

General - The plan was adopted effective October 1, 1987 as a defined contribution plan with a 401(k) salary deferral arrangement. It is subject to provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

Eligibility - Employees are eligible for elective deferrals and employer contributions once they have completed 3 months of service and have reached age twenty-one. An employee will be deemed a participant and allowed to enter the plan on the first day of the month immediately following completion of the eligibility requirements.

Contributions - Contributions are recorded in the year in which the eligible compensation is paid. Contributions to the plan can be made in the following ways:

- a. Participants may contribute a percentage of their compensation subject to certain limitations (elective deferral contributions). The plan also permits Roth elective deferral contributions. Newly eligible employees are automatically enrolled in the plan and have 6% of compensation withheld as elective deferral contributions. These participants' deferral percentages will automatically increase by 2% each year until they reach a maximum of 16%. Participants have the option to increase, decrease or stop by completing the necessary documentation.
- b. Rollover contributions are accepted by the plan from other qualified plans.
- c. Employer discretionary matching contributions can be made. No such contributions were made in 2025.
- d. Employer discretionary nonelective contributions can be made annually. The discretionary nonelective contribution was 5% of eligible compensation for 2025. To be eligible for such contributions, participants must have completed one year of service and be employed on the last day of the plan year, for which the contribution relates. These requirements are waived upon death, disability or attainment of normal retirement age (defined as 65) while employed during the year to which the contribution relates.

Participant accounts - Earnings, including the fair value appreciation (depreciation), are allocated to participant accounts on a daily basis based upon the performance of the investment options selected. Each participant's account is credited with the participant's elective deferral and rollover contributions and an allocation of the employer's contribution. Participants are allowed to change their investment options on a daily basis and change their deferral percentage each pay period.

Vesting - Participants are always 100% vested in their elective deferral contributions, rollover contributions and related earnings. Participants begin vesting in any employer contributions and related earnings upon two years of service, at which time they are 20% vested. The participant then vests at the rate of 20% for each year thereafter. Upon death, disability, or attainment of normal retirement age while employed, participants become 100% vested.

Payment of benefits - Benefits are recorded when paid. Benefit payments may commence upon termination of employment, death, disability or attainment of normal retirement age. Distributions are generally in the form of a single lump sum or installments. In addition, hardship withdrawals are permitted under certain circumstances and in-service withdrawals are allowed upon attaining the age of 59 1/2.

Administrative expenses - Certain administrative expenses of the plan are paid by the employer. Certain other administrative fees are paid by the plan from plan assets and recorded as administrative expenses in the accompanying financial statements. Such expenses include participant directed charges for distribution fees and non-participant directed charges for service, administrative and advisory fees. Non-participant directed fees are allocated to the participants on an account value basis.

Notes to Financial Statements

December 31, 2025 and 2024

(2024 compiled - see independent auditors' report)

Forfeitures - Forfeited nonvested accounts may be used to reduce employer contributions or pay plan expenses. During 2026, \$34,000 of forfeitures attributable to the 2025 plan year were used to reduce employer contributions. Unapplied forfeitures were \$35,000 and \$9,000 as of December 31, 2025 and 2024.

Notes receivable from participants - Participant loans are not permitted under the plan.

3. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investment offerings are managed by Transamerica. Transamerica is also a plan custodian that holds plan investments and is the plan's investment agent. Therefore, any transactions between the plan, plan sponsor and Transamerica qualify as party-in-interest transactions. All such party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Transamerica provides certain administrative services to the plan pursuant to a services agreement between the plan sponsor and Transamerica. Transamerica receives revenue from mutual fund service providers in the form of indirect compensation for services Transamerica provides to the funds. This revenue is used to offset certain amounts that would otherwise be owed by the plan to Transamerica for its administrative services to the plan. There are certain other plan expenses that Transamerica charges that are paid directly by the plan. Direct fees paid by plan to Transamerica were \$12,000 in 2025. All such party-in-interest transactions are exempt from the prohibited transactions of ERISA.

4. TERMINATION OF PLAN

Although it has not expressed any intent to do so, the plan sponsor has the right to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in any employer contributions and related earnings.

5. INCOME TAX STATUS

The plan is operating under a Transamerica Retirement Solutions LLC non-standardized pre-approved profit sharing plan that received a favorable opinion letter on June 30, 2020. The favorable opinion letter from the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator has not obtained a separate Internal Revenue Service opinion or determination letter for the plan, however, the plan administrator and tax counsel believe the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize tax liabilities (or assets) for any uncertain tax positions taken by the plan that more likely than not would not be sustained upon examination by the applicable authorities. Plan management analyzed the requirements for accounting for such uncertain tax positions taken and determined the plan was not required to recognize any tax liabilities (or assets) related to uncertain tax positions taken as of December 31, 2025 and 2024. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

6. INFORMATION CERTIFIED BY TRANSAMERICA

Management has obtained certifications from Transamerica, qualified institutions under the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, that state the following information with respect to assets held for investment of the plan is complete and accurate.

- a. Investments held and the fair values and contract values of such as of December 31, 2025 and 2024;
- b. Dividends and interest income from investments and net appreciation (depreciation) in fair values of investments during 2025; and
- c. Contributions to, withdrawals from, administrative expenses, purchases, sales and inter-fund transfers between accounts during 2025.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

As discussed in Note 1, the plan follows the accrual method of accounting for financial statement purposes. The Form 5500 was prepared on a cash basis in 2025 and 2024. As a result, the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024 and the related statement of changes in net assets available for benefits for the year ended December 31, 2025 differ from the Form 5500. The following are reconciliations.

	<u>2025</u>	<u>2024</u>
Net assets available for benefits per the financial statements	\$28,510,321	\$23,800,742
Current year employer contributions receivable	(572,247)	(565,125)
Net assets available for benefits per Form 5500	<u>\$27,938,074</u>	<u>\$23,235,617</u>

	<u>2025</u>
Net changes in net assets available for benefits per the financial statements	\$4,709,579
Current year employer contributions receivable	(572,247)
Prior year employer contributions receivable	565,125
Net income per Form 5500	<u>\$4,702,457</u>
