Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Kay Manufacturing Company, LLC 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

KAY MANUFACTURING COMPANY, LLC 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 1 – DESCRIPTION OF PLAN

The following description provides only general information on the provisions of the Kay Manufacturing Company, LLC 401(k) Profit Sharing Plan (the “Plan”). Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General: The Plan is a defined contribution plan established by Kay Manufacturing Company, LLC (the “Company”) under the provisions of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Effective January 1, 2025, the Sigma Machine 401(k) Retirement Plan and the Empire Die Casting Company 401(k) Profit Sharing Plan were merged into the Plan as part of a corporate restructuring and integration initiative, resulting in the transfer of approximately \$5,612,000 in net assets. As a result of this merger, eligible employees of Sigma Machine Holdings LLC and Empire Die Casting Co., Inc. became participants in the Kay Manufacturing Company, LLC 401(k) Profit Sharing Plan, subject to the same terms and provisions of the Plan. Their eligibility, vesting, and other relevant service with Sigma Machine Holdings LLC and Empire Die Casting Co., Inc. will be credited as service with Kay Manufacturing Company, LLC, to the extent permitted under the Plan and applicable law.

Eligibility and Participation: All non-union employees who have completed at least 90 days of service and have attained the age of 21, as defined in the Plan, are eligible to participate in employee contributions and employer matching contributions.

Contributions: Participants may elect to contribute up to 100% of their pre-tax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). Upon meeting eligibility requirements, employees are automatically enrolled at a 5% deferral rate. The deferral rate is subject to auto escalation at 1% annually up to 10%. The employee may change, stop or resume deferring at any time.

The Company may, in its sole discretion, make employer matching contributions to eligible participants. For the 2025 plan year, the Company made discretionary matching contributions equal to 75% of employee elective deferrals, up to a maximum of 6% of eligible compensation. The Company may also make discretionary non-elective contributions to eligible participants. No discretionary non-elective contributions were made during the year ended December 31, 2025. Prior to January 1, 2025, the Plan was a safe harbor 401(k) plan. Effective January 1, 2025, the safe harbor matching contribution was eliminated pursuant to a Plan amendment.

Participant Accounts: Individual accounts are maintained for each participant to reflect the participant’s contributions and related employer matching contributions, as well as the participant’s share of the Plan’s income (loss) and any related administrative expenses. Allocations are based on the participant’s eligible compensation or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

KAY MANUFACTURING COMPANY, LLC 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Vesting: Participants are immediately 100% vested in their employee contributions, rollover contributions, and qualified non-elective contributions, including related earnings. Employer matching contributions and discretionary non-elective contributions, including related earnings, vest based on the following schedule:

<u>Years of Service</u>	<u>Percentage</u>
Less than 1	0%
1-2	20
2-3	40
3-4	60
4-5	80
5 or more	100

Vesting under the Plan is based upon the 'hours of service' method. The participant will receive a year of service upon completion of 1,000 hours of service during the Plan year.

Retirement, Death, and Disability: A participant (beneficiary) is entitled to 100% of his or her account balance upon attainment of normal retirement age, early retirement age, death, or disability.

Participant Hardship Withdrawals: Participants may withdraw from the Plan that portion of their account resulting from salary deferrals in the event of undue financial hardship. The maximum hardship withdrawal is the total of a participant's elected deferral, rollover, and transfer accounts.

Forfeitures: The Plan did not have forfeitures at December 31, 2025 and 2024. Forfeited amounts are used to offset future Company contributions or to reduce the Plan's administrative expenses. In 2025, no forfeitures were used to offset Company contributions.

Payment of Benefits: Upon termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account. Participants in service may make hardship withdrawals from their vested contributions upon demonstration of immediate and heavy financial need. Participants in service may also make in service withdrawals upon reaching normal retirement age. The form of payment is a lump-sum distribution or substantially equal periodic installments over a period of time selected by the participant not to exceed the participant's life expectancy.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the plan agreement to discontinue contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company discretionary contributions and earnings thereon.

Notes Receivable from Participants: Participants may borrow from their accounts a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans in the form of notes receivable are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest are paid through payroll deductions.

Investment Options: Upon enrollment in the Plan, a participant may direct employer and employee contributions to any of the applicable investment options available under the Plan.

December 31, 2025 and 2024

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Administrative and Investment Management Expenses: Certain administrative expenses and transaction fees are paid for by the Plan and are reflected in the financial statements as administrative expenses of the Plan. All fees and expenses paid for by the Plan are allocated proportionally against all participant accounts, unless allocable to the accounts of particular participants. Certain other administrative fees are paid by the Company.

Subsequent Events: Management has performed an analysis of the activities and transactions subsequent to December 31, 2025 to determine the need for any adjustments to or disclosure within the financial statements for the year ended December 31, 2025. Management has performed their analysis through September 3, 2026, which was the date that the financial statements were available to be issued and has determined there were no subsequent events to disclose.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements have been prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Investment Valuation and Income Recognition: The Plan's investments, except for the fully benefit responsive contract disclosed in Note 5, are reported at fair value as further described in Note 4. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Contract value is the relevant measure for the Plan's fully benefit-responsive group annuity contract, because contract value is the amount Plan participants generally receive when executing transactions under the terms of the contract and Plan provisions.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits: Benefit payments to participants are recorded when paid.

Estimates: The preparation of financial statements in conformity with US GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Risks and Uncertainties: The Plan holds various investments. The underlying investments are exposed to various risks, such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participants' individual account balances.

(Continued)

NOTE 3 – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the trustee of the Plan.

NOTE 4 – FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following presents of the valuation methods and assumptions used by the Plan to estimate the fair values of investments period.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Pooled Separate Accounts: The fair values of participation units held in pooled separate accounts are based on the net asset values ("NAV") reported by the fund managers as of the financial statement dates and recent transaction prices. The pooled separate accounts invest mainly in domestic stock, with the majority of the underlying securities valued using quoted prices on nationally recognized securities exchanges. Each pooled separate account provides for daily redemptions by the Plan with no advance notice requirements, and has redemption prices that are determined by the fund's NAV per unit. The plan no longer offers pooled separate accounts as investment options as of November 1, 2024.

Collective Trusts: The fair values of participation units held in collective trusts are based on the net asset values per unit as reported by the fund managers. The collective trusts provide for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below:

Fair Value Measurements at December 31, 2025 Using				
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Investments:				
Mutual funds	\$ 5,818,735	\$ 5,818,735	\$ -	\$ -
Collective trusts	<u>4,327,494</u>	<u>-</u>	<u>4,327,494</u>	<u>-</u>
	<u>\$ 10,146,229</u>	<u>\$ 5,818,735</u>	<u>\$ 4,327,494</u>	<u>\$ -</u>
Fair Value Measurements at December 31, 2024 Using				
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Investments:				
Mutual funds	\$ 3,870,141	\$ 3,870,141	\$ -	\$ -
Collective trusts	<u>3,324,990</u>	<u>-</u>	<u>3,324,990</u>	<u>-</u>
	<u>\$ 7,195,131</u>	<u>\$ 3,870,141</u>	<u>\$ 3,324,990</u>	<u>\$ -</u>

NOTE 5 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds a fully benefit-responsive group annuity contract with Principal Life Insurance Company (the “Issuer”) that is reported at contract value, which is the relevant measure for fully benefit-responsive investment contracts. The contract value represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Although the group annuity contract was originally issued by the Issuer on March 1, 2019, the Plan did not acquire an interest in the contract until September 25, 2024, when the interest was formally executed through a Joinder Agreement by Delaware Charter Guarantee & Trust Company, d/b/a Principal Trust Company, acting solely in its capacity as contract holder. The contract became available to Plan participants only upon the effective date of this Joinder.

(Continued)

KAY MANUFACTURING COMPANY, LLC 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 5 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (Continued)

The contract value of the group annuity contract as of December 31 is as follows:

	<u>2025</u>	<u>2024</u>
Custodial guaranteed option group annuity contract	\$ 3,334,833	\$ 1,691,118

Under the terms of the contract, Principal Life Insurance Company maintains the Plan's interest in its general account, and guarantees principal and a minimum interest rate, as described in the contract's provisions. Interest is credited using a composite crediting rate, declared periodically by the Issuer, and is guaranteed not to be less than the contractually stated minimum rate. These crediting rates are based on the performance of the underlying general account investments and are reduced for administrative fees.

Participants may generally direct the withdrawal or transfer of their investments at contract value. Benefit payments and transfers are processed in accordance with the Plan and contract terms. The group annuity contract includes certain limitations that may apply to Plan-level withdrawals, early terminations, or changes to Plan structure. These include possible installment payout schedules, early termination charges, and restrictions tied to changes in Plan fiduciary, recordkeeper, or qualification status. Currently, management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Transactions with parties-in-interest during the plan year are included in investment management and administrative services. Certain administrative functions were performed by employees or officers of the Plan Sponsor. No such officer or employee receives compensation from the Plan for these services. Investment management fees are paid by the Plan to investment managers that qualify as parties-in-interest, including Principal Life Insurance Company, Principal Global Investors Trust Company, Global Retirement Partners, LLC, Creative Planning, Inc., and Wellth Advisory Services, LLC. These investment management fees are reflected in the financial statements as a reduction of the return on the Plan's investments. The majority of administrative fees of the Plan are paid for by the Company. The Plan holds a group annuity contract managed by Principal Life Insurance Company, an affiliate of Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, the current Plan trustee, and similarly qualify as parties in interest. Notes receivable from participants also qualify as party in interest transactions.

NOTE 7 – TAX STATUS

The IRS issued an opinion letter dated June 30, 2020 indicating that the volume submitter plan adopted by the Plan, as then designed, was in compliance with applicable requirements of the IRC. Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the IRC.

NOTE 7 – TAX STATUS (Continued)

US GAAP requires plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2023.
