To the Plan Committee of
Republic Plastics 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Republic Plastics 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

(Continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2025, and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

REPUBLIC PLASTICS 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 1 – DESCRIPTION OF PLAN

The following description of Republic Plastics 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan, which covers eligible employees of Republic Plastics, Ltd. (the Sponsor), American Film and Printing, Ltd. and Plastics Operations Management, LLC (Participating Employers), who have one month of service. The Plan was established effective on January 1, 2011, and most recently amended and restated as of February 24, 2022. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Employee Contributions: Employees may elect to contribute up to 90% of either pretax or after-tax (Roth) annual compensation through payroll deductions, as defined in the Plan. An employee's contribution cannot exceed the annual dollar limitation set forth by Internal Revenue Code (IRC) section 402(g). Participants may also contribute amounts representing distributions from other qualified retirement plans or an IRA. Participants who are age 50 or older may also make additional catch-up salary deferral contributions that are in addition to any limits that are imposed by the Plan and federal law. The Plan includes an automatic salary deferral feature. Upon eligibility, the Plan Sponsor will automatically enroll participants at a 6% contribution rate. Effective January 1, 2022, the automatic deferral amount will increase by 1% per year to a maximum of 10% of a participant's compensation. The Plan's entry date is the first day of the month coinciding with or following the date an employee satisfies the eligibility requirements.

Employee contributions are recorded in the period in which the related compensation is earned, and the amounts are withheld from participants' compensation. Rollover contributions are recorded when received by the Plan.

Employer Contributions: The Plan takes advantage of certain rules that provide alternative methods to pass the nondiscrimination tests required of 401(k) plans. Pursuant to these rules, the Sponsor has elected to provide a Qualified Automatic Contribution Agreement (QACA) Safe Harbor contribution equal to 100% of a participants' salary deferrals that do not exceed 1% of their compensation plus 50% of their salary deferrals for the next 5% of their compensation. For 2025, the Sponsor made QACA Safe Harbor contributions to eligible employees of \$782,328.

The Sponsor may also make additional matching and discretionary contributions to the Plan. The amounts of these contributions, if any, are determined each Plan year. Contributions are allocated to each eligible participant as outlined in the plan agreement.

Employer contributions are recorded in the period in which the related participant compensation is earned, and the contribution obligation arises under the provisions of the Plan.

Participant Accounts: Each participant's account is credited with the participant's contributions, the employer contributions, rollover contributions, and an allocation of Plan earnings (losses), and is charged with administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options: Participants direct the investment of their entire interest in the Plan. The Plan currently offers various mutual funds, collective trusts, and a money market fund as investment options for participants. Participants may make changes to their investment direction as allowed under the Plan, including transferring any contributions from one investment option to another at any time.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Vesting: Participants are immediately vested in their salary deferrals, including catch-up contributions and rollover contributions, plus actual earnings thereon. QACA Safe Harbor contributions and actual earnings thereon will be 100% vested after two years of service. Participants become fully vested in the Sponsors discretionary employer contributions after six years of service. Participants become fully vested in all accounts in the event of death, disability, or attainment of early (age 55) or normal retirement age (age 65) while actively employed.

Forfeitures: When participants separate from service, any amounts that are not vested will be forfeited. Forfeited funds may be used to pay administrative expenses of the Plan or used to reduce employer contributions.

Notes Receivable from Participants: As of January 1, 2018, notes receivable from participants are permitted by the Plan. Participants may request a participant loan from the Plan. No loan in an amount less than \$1,000 will be made. Any new loan will be limited to the lesser of \$50,000 reduced by the highest outstanding loan balance during the prior 12-month period or 50% of the participant's vested interest in the Plan. Loans are adequately secured by the vested interest in the participant's account and bear a reasonable rate of interest as determined by the Plan administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Loan terms may not exceed five years unless the loan is used to purchase a principal residence. Loan principal and interest repayments are made via payroll deductions.

Payment of Benefits: Upon termination of employment, early or normal retirement, disability, or death, a participant may receive a distribution of the vested portion of their accounts in the Plan. If a participant's vested account balance does not exceed \$7,000, the Sponsor will distribute their vested account balance in a single lump-sum payment. If a participant's vested account balance exceeds \$7,000, they may elect to receive a distribution in a single lump-sum payment or installments.

Participants who have attained age 59½ may receive an in-service distribution from all vested account balances. Hardship distributions may also be made to satisfy certain immediate and heavy financial needs that a participant may have.

Administrative Expenses: The Plan permits the payment of administrative expenses to be made from the Plan's assets and for them to be allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. However, substantially all administrative expenses of the Plan are paid by the Sponsor. Expenses that are paid by the Sponsor are excluded from these financial statements. Expenses relating to specific participant transactions (i.e., distribution request, etc.) are charged directly against the appropriate participant's account. Investment management fees are charged to the Plan as a reduction of investment return and are included in the investment income (loss) reported by the Plan.

Plan Termination: Although the Sponsor has not expressed any intent to terminate the Plan, it may do so at any time subject to the provisions of ERISA. If the Plan were terminated, contributions would cease, participants would become 100% vested, and money in the accounts would be distributed to the participants.

Subsequent Events: Plan management has evaluated subsequent events through August 19, 2026, the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024.

Payment of Benefits: Benefits were recorded when paid.

Risks and Uncertainties: The Plan invests in various investments. Investments are exposed to various risks such as interest rate, market, credit and risks related to global events. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 3 – CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments and interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (Fidelity).

NOTE 4 – FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

- *Level 1 – Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date*
- *Level 2 – Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.*
- *Level 3 – Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.*

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Money Market Fund: The fair value of the money market fund investment is based upon the closing net asset value per share of the fund on the day of the valuation as reflected on a national securities exchange (Level 1 inputs).

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Collective Trusts: The fair values of participation units held in collective trusts are based on the net asset values per unit as reported by the fund managers. The collective trusts provide for daily redemptions by the Plan at reported net asset value per unit, with no advance notice requirement. As of December 31, 2025, and 2024, the Plan had no unfunded commitments related to these investments. The Plan was not subject to any redemption restrictions, redemption gates, lock-up periods, or other limitations on its ability to redeem these investments at net asset value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2025			
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 2,054,386	\$ -	\$ -	\$ 2,054,386

* Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Sponsor.

Fidelity is a service provider to the Plan and manages certain Plan investments and, therefore, these transactions and the Plan's payment of fees to Fidelity qualify as party-in-interest transactions. Sageview Advisory Group LLC provides investment advisory services to the Plan and therefore, the Plan's payment of fees to this entity qualify as party-in-interest transactions. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibited transaction rules under ERISA. Notes receivable from participants also reflect party-in-interest transactions.

NOTE 6 – INCOME TAX STATUS

The Plan adopted a non-standardized pre-approved profit sharing plan with CODA sponsored by FMR LLC. The pre-approved profit sharing plan obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service (IRS) stated that the pre-approved profit sharing plan, as then designed, was acceptable under section 401 of the IRC for use by the employer for the benefits of its employees. Although the Plan has been amended from the original pre-approved document, Plan management believes that the Plan is currently being operated in accordance with the requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.
