INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the Hensel Phelps Hourly Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Hensel Phelps Hourly Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Empower Annuity Insurance Company and Empower Trust Company, LLC, qualified institutions, as of December 31, 2025 and 2024, and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical

requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HENSEL PHELPS HOURLY RETIREMENT PLAN

Notes to Financial Statements

December 31, 2025 and 2024

(1) Description of the Plan

The following description of the Hensel Phelps Hourly Retirement Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan established effective June 1, 1985, and amended and restated effective January 1, 2020. Nonunion hourly paid, non-highly compensated employees of Hensel Phelps Construction Co. and Hensel Phelps Development, L.L.C. (collectively, the Company) become eligible to participate in the Plan upon being an employee of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Empower Annuity Insurance Company and Empower Trust Company, LLC (collectively, the Trustees or Empower) have been designated to invest the Plan's assets and perform other record-keeping functions. The Company is the administrator of the Plan. The Hensel Phelps Retirement Plan committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

(b) Contributions

Participants may contribute up to 75% of their eligible compensation on a pre-tax or post-tax (Roth) basis from the Company, subject to annual Internal Revenue Code (IRC) limitations. Participants may contribute "rollover" contributions from another qualified plan. Participants aged 50 and over may also contribute catch-up contributions subject to certain IRC limitations. The Company may make a discretionary annual contribution to eligible participants upon completing two years of service, employed at year-end, and have worked 1,000 hours. The discretionary annual contribution amount is to be determined by resolution of the Board of Directors of the Company. During the years ended December 31, 2025 and 2024, all eligible participants received a discretionary annual Company contribution of 15% of eligible compensation, which was funded to the Plan subsequent to year-end. The discretionary annual contribution is reduced by a participant's prevailing wage contribution, if any, described below.

Effective December 6, 2023, the Company makes a contribution in an amount required by the Davis-Bacon Act or other applicable prevailing wage law according to the hourly contribution rate determined by each participant's employment classification for applicable construction projects. The amount contributed for a participant cannot be greater than 100% of the participant's pay. Federal law limits the total amount the Company can contribute on behalf of each participant to the lesser of 100% of the participant's pay or \$69,000 for the year ended December 31, 2025. The minimum funding requirements were met for the year ended December 31, 2025 and for the period ended December 31, 2024. Prevailing wage contributions are calculated on a monthly basis, and remitted to the Plan in the last payroll cycle of each month.

Notes to Financial Statements

December 31, 2025 and 2024

(c) Participant Accounts

Participants may elect to invest their account balances in any combination of the available investment options. Each participant's account is credited with participant and rollover contributions, an allocation of the Company's contribution as determined by the applicable provisions of the plan agreement and plan earnings (losses). Earnings (losses) are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. Participants are charged with certain administrative fees that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested balance.

(d) Vesting

Participants shall have a fully vested, nonforfeitable interest in all his or her accounts at all times.

(e) Distributions

Distributions from the Plan may be made as follows:

- Upon retirement, disability, or death, the participant or beneficiary may receive the entire balance in the participant's account, arrange to receive a series of payments over time, or leave the balance in the Plan. The participant must begin withdrawing the account balance from the Plan by the time he or she reaches age 73;
- Terminated participants are entitled to distributions of their vested account balances in the form of a lump-sum distribution, installments, or direct rollover. Balances above \$1,000 may be left in the Plan until the participant requests a distribution, except in the case of a participant meeting the 73 year minimum distribution requirement.

(f) Forfeited Accounts

Forfeitures result from participants failing to take a distribution that they are entitled to within two years of notification by the plan administrator. However, the forfeited amounts are restored if subsequently claimed by the participant. At December 31, 2025 and 2024, forfeited accounts totaled \$1,459,872 and \$1,937,849 respectively. These accounts are used to restore prior forfeitures for qualifying participants who claim their previously forfeited accounts. Any remaining forfeitures can be used to reduce employer contributions or to pay plan expenses. Forfeitures were used for the year ended December 31, 2025 and 2024, in the amount of \$199,999 and \$500,000, respectively, to reduce employer contributions remitted in March 2026 and 2025, respectively. Forfeitures in the amount of \$20,775 and \$10,143 were used to pay plan expenses for the years ended December 31, 2025 and 2024. During the year ended December 31, 2025 and 2024, respectively, \$2,655 and \$9,249 of forfeitures were restored to qualifying participants who claimed their previously forfeited amounts after the two-year notification period.

HENSEL PHELPS HOURLY RETIREMENT PLAN

Notes to Financial Statements

December 31, 2025 and 2024

(g) *Administrative Fees*

Administrative fees for participant-directed transactions are charged against the participant's account. In addition, certain investment related expenses reduce investment income in the accompanying statements of changes in net assets available for benefits. During the years ended December 31, 2025 and 2024, Empower remitted to the Plan certain amounts which were used to pay plan expenses, including investment advisory and auditing fees. These amounts are presented net of expenses on the statements of changes in the net assets available for benefits. Administrative fees, not paid directly by participants or the Company, are paid by the Plan. Administrative fees paid by the Company are excluded from these financial statements.

(h) *Transfer of Assets*

If an employee changes employment status from an hourly employee to a salaried employee, or vice versa, the participant becomes eligible for another Plan sponsored by the Company, and if the employee elects, their accounts are transferred between the plans.

(2) *Summary of Accounting Policies*

(a) *Basis of Accounting*

The Plan's financial statements are prepared on the accrual basis of accounting. Contributions from plan participants and non-elective contributions from the Employer are recorded in the year in which the related compensation is paid to participants.

(b) *Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted (GAAP) in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates and could be material to the Plan's financial statements.

(c) *Valuation of Investments and Income Recognition*

Investments in pooled separate accounts and mutual funds are recorded at fair value as further described in Note 4 – *Fair Value Measurements*. The Guaranteed Income Fund is recorded at contract value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net realized and unrealized gains and losses are reflected in the accompanying statements of changes in net assets available for benefits as net appreciation or depreciation in fair value of investments, which is determined as the difference between fair value at the beginning of the year (or date purchased during the year) and selling price or year-end fair value.

HENSEL PHELPS HOURLY RETIREMENT PLAN

Notes to Financial Statements

December 31, 2025 and 2024

The Plan has entered into a fully benefit-responsive investment contract (the Guaranteed Income Fund) with Empower. Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described above, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent upon the third-party issuer's ability to meet its contractual obligations and may be affected by future economic and regulatory requirements. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 2.10%. Such interest rates are reviewed on a semiannual basis for resetting.

Certain events could limit the ability of the Plan to transact at contract value with the issuer. Such events include the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exempt under ERISA. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, a breach of material obligation under that contract allows the issuer to terminate the contract and settle at an amount different from contract value. Upon full liquidation of the investments by the Plan, there could be a redemption period of up to 90 days imposed by the issuer.

Effective September 19, 2025, the Guaranteed Income Fund (GIF) disclosed in footnote 2(c) has been amended and restated, and a Group Annuity Contract was entered into with Empower Annuity Insurance Company effective September 21, 2025. The restatement included amendments to the following provisions of the contract:

- The crediting interest rate has been modified with a new minimum set at 1.00%.
- In the event of full liquidation of the Contract, the redemption period has been increased to a maximum of 6 months.

(d) *Benefits Paid to Participants*

Benefits paid to participants are recorded when paid.

HENSEL PHELPS HOURLY RETIREMENT PLAN

Notes to Financial Statements

December 31, 2025 and 2024

(e) Contributions Receivable and Current Expected Credit Losses

Historical write-off rates continue to be the basis for the Company's allowance for current expected credit losses. To calculate the reserve, the Company considered the processes surrounding the contributions receivable since the inception of the Plan. The Company has not historically written off the contributions receivables that were accrued at Plan year-end. The Company expects business conditions for the Plan calendar year ended December 31, 2026, the collection period for the contributions receivables, to remain consistent with current conditions. As a result, the Company has recorded expected credit losses of \$0 as of December 31, 2025 and 2024.

(3) Investment Information Certified by Plan Trustees

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(c) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustees, qualifying institutions, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024, and Note 4;
- Net realized and unrealized appreciation in fair value of investments and interest and dividend income, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024;
- The schedule of assets (held at end of year) as of December 31, 2025, as shown in the supplemental schedule.

As such, we instructed the Plan's independent auditors to not perform any auditing procedure with respect to this information, except for comparing such information to the related information included in the financial statements and ERISA required supplemental schedule.

(4) Fair Value Measurements

U.S. GAAP has established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 – Quoted prices (unadjusted) for identical assets or liabilities that the reporting unit can access at the measurement date;
- Level 2 – Inputs with quoted prices for similar assets or liabilities in active or inactive markets, or inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly;
- Level 3 – Unobservable and significant inputs for the asset or liability.

HENSEL PHELPS HOURLY RETIREMENT PLAN

Notes to Financial Statements

December 31, 2025 and 2024

The Plan's investments in mutual funds are classified as Level 1 investments and are valued daily at the closing price as reported by the funds. Mutual funds held by the Plan are open-ended and registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value "NAV" and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The Plan's investments in pooled separate accounts are investment vehicles valued using the NAV of the units held by the Plan as of year-end as determined and certified by the Plan Trustees. These NAVs are the result of the accumulated values of the underlying investments, which are traded on an active market. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date. The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value measured on a recurring basis as of December 31, 2025 as certified by Empower Trust Company, LLC:

	<u>Level 1</u>		<u>Level 2</u>		<u>Level 3</u>		<u>Total</u>
Mutual funds	\$ 39,610,793	\$	—	\$	—	\$	39,610,793
Total assets in the fair value hierarchy	<u>\$ 39,610,793</u>	\$	<u>—</u>	\$	<u>—</u>	\$	<u>39,610,793</u>
Investments measured at net asset value (a)							<u>6,250,498</u>
Total investments, at fair value						\$	<u>45,861,291</u>

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value measured on a recurring basis as of December 31, 2024 as certified by Empower Trust Company, LLC:

	<u>Level 1</u>		<u>Level 2</u>		<u>Level 3</u>		<u>Total</u>
Mutual funds	\$ 37,182,508	\$	—	\$	—	\$	37,182,508
Total assets in the fair value hierarchy	<u>\$ 37,182,508</u>	\$	<u>—</u>	\$	<u>—</u>	\$	<u>37,182,508</u>
Investments measured at net asset value (a)							<u>3,214,244</u>
Total investments, at fair value						\$	<u>40,396,752</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

HENSEL PHELPS HOURLY RETIREMENT PLAN

Notes to Financial Statements

December 31, 2025 and 2024

In accordance with the fair value measurements and disclosures guidance above, the following table presents the investment category, fair value, redemption frequency, and redemption notice period for Plan investments, the fair values of which are estimated using the NAV per share as of December 31, 2024 and 2023:

	Fair Value 2025	Fair Value 2024	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled Separate Accounts:	\$ 6,250,498	\$ 3,214,244	Daily	Daily

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

(5) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, plan assets would be distributed in accordance with the plan agreement.

(6) Income Tax Status

The Plan has received a favorable opinion letter from the Internal Revenue Service (IRS) dated December 4, 2020, as to the qualified status of the Plan. Although the Plan has been amended since receiving the opinion letter, Plan management is of the opinion that the Plan fulfills the requirements of a qualified plan and the trust established under the Plan is not subject to income tax. Accordingly, the financial statements contain no provision for federal and state income taxes.

GAAP in the United States of America requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) Reconciliation of Plan Financial Statements to Form 5500

The Plan's Form 5500 for the years ended December 31, 2025 and 2024, does not include employer contributions receivable in the amount of \$4,252,025 and \$3,283,188 respectively. For the years ended December 31, 2025 and 2024, employer contributions reported in the Plan's Form 5500 differ from the amounts in the accompanying financial statements by (\$968,837) and (\$342,784), respectively, due to the employer contributions receivable.

Notes to Financial Statements

December 31, 2025 and 2024

(8) Concentrations, Risks and Uncertainties

The Plan provides for various investments in mutual funds, pooled separate accounts, and a Guaranteed Income Fund. Investments, in general, are exposed to various risks, such as significant world events, interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

The Plan's investment funds may invest in securities with contractual cash flows, such as asset-backed securities, collateralized mortgage obligations, and commercial mortgage-backed securities, and could potentially include securities backed by subprime mortgage loans. The value, liquidity, and related income of those securities are sensitive to changes in economic conditions, including real estate values, delinquencies, or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

As of December 31, 2025 and 2024, there were two and two investments, respectively, which individually represented 10% or more of investments held. See the supplemental schedule of assets (held at end of year) as of December 31, 2025 for a listing of all investments held.

(9) Related-Party and Party-in-Interest Transactions

Certain plan investments are shares of pooled separate accounts and a Guaranteed Income Fund managed by Empower. During the years ended December 31, 2025 and 2024, the Plan paid fees to the investment advisor, Plan auditor, and Empower; some of these fees were paid through an expense account funded by Empower through a revenue sharing arrangement. These transactions qualify as party-in-interest, which are exempt from the prohibited transaction rules.

(10) Subsequent Events

Management has evaluated the need for disclosure and/or adjustments resulting from subsequent events through September 2, 2026, the date the financial statements were issued, and determined that there were no subsequent events that necessitated disclosure and/or adjustments to the financial statements.
