Independent Auditors' Report

To the Plan Administrator or Administrative Committee
of Tibbetts Lumber Co. LLC 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of Tibbetts Lumber Co. LLC 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at end of Year) December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TIBBETTS LUMBER CO. LLC 401(K) PLAN

Notes to Financial Statements

December 31, 2025 and 2024

(1) Description of Plan

The following description of the Tibbetts Lumber Co. LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document or Summary Plan Description for a more complete description of the Plan’s provisions.

(a) General

The Plan is a defined contribution plan covering all eligible employees of Tibbetts Lumber Co. LLC (“Company”, “Plan Administrator”, and “Plan Sponsor”) who have completed one year of service, which is defined as 1,000 hours in a twelve-month period and are age 21 or older. Effective January 1, 2020, employees are eligible for the Plan after completing six months of service with no age requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan operates under an agreement with ADP, LLC (“ADP”) to act as recordkeeper of the Plan. ADP enters into a trust agreement with a third-party trustee to hold the investments and execute investment transactions of the Plan during the year. Reliance Trust Company (“RTC”) served as trustee at December 31, 2024. Effective January 1, 2025, ADP Retirement Trust Services, LLC (“ADP RTS”) became the trustee of the Plan. The change in trustee did not result in any changes to the Plan's available investment options.

Effective January 1, 2022, the Plan was amended and restated in accordance with the Internal Revenue Service’s (“IRS”) mandatory restatement cycle.

(b) Contributions

Each year, participants may contribute up to 90% of annual compensation as pre-tax or Roth contributions, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions. The catch-up contribution limit was \$7,500 for most eligible participants and \$11,250 for eligible participants ages 60 through 63 under the SECURE 2.0 Act enhanced catch-up provisions. Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 1% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Company contributes 25% of the first 10% of base compensation that a participant contributes to the Plan. Contributions are subject to certain Internal Revenue Code (“IRC”) limitations.

(c) Participant Investment Account Options

The Plan currently offers various mutual funds as investment options for participants. Each investment option has its own investment strategy, which can be obtained through the prospectus of the respective fund. Participants may change their investment options at any time.

(d) Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution, and plan earnings. The Plan allows participants to direct their contributions to any investment option available to the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

(e) Vesting

Participants are immediately vested in their elective contributions plus actual earnings. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after 5 years of credited service.

<u>Years of Service</u>	<u>Vested %</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

(f) Notes Receivable from Participants

Participants may borrow from their vested account balance a minimum of \$500 and maximum of the lesser of 50% of their vested account balance or \$50,000. The loans are secured by the balance in the participant's account and bear interest at the prime rate in effect in the month the loan is effective, plus two percentage points. Principal and interest are paid ratably through payroll deductions. The interest rates on all outstanding loans ranged from 7.50% to 10.50% at December 31, 2025.

Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. If a participant ceases to make loan repayments, the loan balance is reduced, and a benefit payment is recorded.

(g) Payment of Benefits

On termination of service due to death, disability or retirement, a participant shall be 100% vested in their accounts under the Plan. Normal retirement age under the Plan is 65. The Plan provides for benefit distributions by lump-sum payment. The Plan also allows for in-service withdrawals for those 59 ½ or older. Benefits are recorded when paid.

The Plan allows participants to withdraw a portion of their account balance in the event of immediate and heavy financial need. Any hardship withdrawal is limited to the amount needed to meet the financial need and must qualify with respect to plan provisions.

(h) Forfeited Accounts

The Plan had \$21 and \$8,171 of forfeiture amounts available at December 31, 2025 and 2024, respectively, to reduce future Company matching contributions or pay plan expenses. During 2025, the Plan utilized \$31,550 in available forfeitures to reduce employer contributions.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The financial statements of the Plan are prepared on the accrual method of accounting.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

(c) Investment Valuation and Income Recognition

Investments are reported at fair value. Shares of registered investment companies are valued at quoted market prices. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment trustees. See Note 4 for discussion of fair value measurements.

Net appreciation in fair value of investments includes both realized gains and losses on investments sold during the year and unrealized gains and losses on investments held at the end of the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

(d) Contributions

Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation.

(e) Administrative Expenses

Administrative expenses of the Plan may be paid from the forfeiture account or directly by the Company. Participants of the Plan may be charged with administrative and transaction-based fees on a quarterly basis.

(2) Summary of Significant Accounting Policies - Continued

(f) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(g) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

(h) Payment of Benefits

Benefits are recorded when paid.

(i) Excess Contributions Payable

Excess contributions payable represent amounts due to participants for contributions in excess of applicable Internal Revenue Code limits. Such amounts are recorded as a liability with a corresponding reduction to contributions. Excess contributions related to the 2025 and 2024 plan years, including applicable earnings, were distributed to affected participants in accordance with applicable IRS regulations.

(3) Trustees Certification of Plan Investments

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, ADP RTS and RTC, the Plan's trustees, have certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

- Investments
- Notes receivable from participants
- Total investment income
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) Fair Value Measurements

ASC 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy under ASC 820 are described below.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement:

Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date;

Level 2: Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets or liabilities in active markets, quoted prices for identical assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability (such as interest rates, volatilities, prepayment speeds, credit risks, etc.), or inputs that are derived principally from or corroborated by market data by correlation or other means;

Level 3: Unobservable inputs for determining the fair values of assets and liabilities that reflect assumptions that market participants would use in pricing the assets or liabilities.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in methodologies used at December 31, 2025 and 2024.

Registered Investment Companies: valued at the daily closing price as reported by the fund and are classified as Level 1 investments.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

Description	Assets Measured at Fair Value at December 31, 2025	Fair Value Measurements at December 31, 2025 Using		
		Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Registered investment companies	\$ 12,138,415	12,138,415	-	-

Notes to Financial Statements - Continued

(4) Fair Value Measurements - Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

Description	Assets Measured at Fair Value at December 31, 2024	Fair Value Measurements at December 31, 2024 Using		
		Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Registered investment companies	\$ 9,645,131	9,645,131	-	-

(5) Party-in-Interest Transactions

The Plan paid approximately \$10,900 during the year to ADP for recordkeeping services provided. These transactions, in addition to participant loan transactions, qualify as party-in-interest transactions, however are expressly exempted from the prohibited transaction rules.

(6) Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate, at any time, the Plan subject to provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

(7) Tax Status

Effective January 1, 2022 the Plan has adopted the ADP pre-approved plan which received an opinion letter dated October 6, 2020, in which the Internal Revenue Service stated that the pre-approved plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The pre-approved plan document has been amended since receiving the opinion letter; however, the plan administrator and Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(8) Excess Contributions Payable

The Plan's statements of net assets available for benefits as of December 31, 2025 and 2024 includes \$156,873 and \$158,285, respectively, of excess contributions payable to certain active participants to return to them excess deferrals required to satisfy the relevant nondiscrimination provisions of the Plan.

(9) Subsequent Events

The Plan's management has evaluated events and transaction for potential recognition or disclosure in the financial statements through August 31, 2026, the date the financial statements were available to be issued.
