Independent Auditor's Report

Plan Administrator
International Shoppes, Inc. 401(k) Profit Sharing Plan
Valley Stream, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of International Shoppes, Inc. 401(k) Profit Sharing Plan (Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2025 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Basis of Accounting

We draw attention to Note 2 in the financial statements, which describes the basis of accounting. The financial statements and the supplemental schedule are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date of the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements on the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of Plan

The following description of the International Shoppes, Inc. 401(k) Profit-Sharing Plan (Plan) provides only general information. Participants should refer to the Plan Documents for a more complete description of the Plan's provisions.

General

The Plan, established on January 1, 1987, amended and restated in April 2022, is a defined-contribution 401(k) plan covering all eligible employees who are over the age of 21 and have completed 1,000 hours or 12 months of service, as defined, of International Shoppes, Inc., International Shoppes, LLC, International Shoppes Shekinah Group IAH, LLC, and Diplomatic Duty Free Shoppes of New York, Inc., which are all affiliated companies (Company). The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). The board of trustees is responsible for oversight of the Plan. Plan management determines the appropriateness of the Plan's investment offerings and monitors investment performance. Effective January 1, 2025, the Plan's trustee changed from Reliance Trust Company (Reliance) to ADP Retirement Trust Services, LLC (ADP).

Contributions

Each year, participants may contribute up to 90% of their annual compensation not to exceed \$23,500 for 2025. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions as permitted under the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified plans (rollover). The Company matches participant contributions up to a maximum of 3% of their compensation, as defined, provided that the participant is employed by the Company at the end of the Plan year, as defined. The Company may also make discretionary contributions. The Company makes matching contributions once a year. Forfeited balances of unvested participant accounts are used to reduce future contributions from the Company. Participants direct the investments in their account into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with (i) the participant's contributions, (ii) the Company's matching contribution, (iii) their share of the Company's additional discretionary contributions, if any, (iv) net earnings (loss) on their account, and (v) charged with an allocation of administrative/investment expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's matching and discretionary contributions, plus actual earnings thereon, shall be 20% after two years of service with an additional 20% vesting for each additional year of service thereafter, up to a maximum vesting in accrued benefit of 100%. Upon reaching normal retirement, disability or death, a participant's account also becomes fully vested.

Participant Investment Account Options

Investment account options available include various mutual funds, or into self-managed brokerage accounts. Each participant has the option of directing contributions into any of the investment account options selected by the Sponsor and may change the allocation to the extent permitted by the individual agreements.

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 and up to a maximum equal to the lesser of 50% of their vested account balance, as adjusted, or \$50,000. Loans are payable over no more than five years (except for loans to acquire a principal residence, which are repayable over no more than 30 years), are secured by the participant's account, and bear interest at rates ranging from 4.25% to 9.5% per annum. Principal and interest are paid ratably through biweekly payroll deductions.

Payment of Benefits

Upon normal retirement, disability, death, or separation from service, a participant may elect to receive their vested benefit in a lump-sum or installment payments, as defined. For termination of service for other reasons, a participant may receive their vested interest in his or her account as a lump sum distribution, as defined.

Forfeited Accounts

The Plan provides that forfeitures, the unvested portion of employer contributions for terminated participants, may serve to reduce future Company contributions. As of December 31, 2025 and 2024, forfeited nonvested accounts totaled \$15,540 and \$32,000, respectively. Also, in 2025, employer contributions were reduced by \$24,470 from forfeited nonvested accounts.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan maintains its accounts on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under this basis, certain revenue and the related assets are recognized when received rather than when earned, and certain expenses are recognized when paid rather than when the obligation is incurred. Investments are recorded at fair value.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires Plan management to make estimates and assumptions that affect the reported amounts of net assets, changes in net assets, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Quoted market prices, if available, are used to value investments. Common stocks are valued at the closing price reported on the active market on which the individual securities are traded. Corporate bonds are valued on the basis of yields currently available on comparable securities of issuers with similar credit ratings. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end. The Plan's management determines plan valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest and dividend income is recorded when received. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

International Shoppes, Inc. 401(k) Profit Sharing Plan
Notes to Financial Statements (Modified Cash Basis)
December 31, 2025 and 2024

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are paid. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. No allowance for losses has been recorded as of December 31, 2025 and 2024. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan Document.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lumpsum amount equal to the value of their account. A participant may elect to receive a distribution of their rollover contributions at any time. Withdrawals other than for termination are permitted under circumstances provided by the Plan.

Contributions

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Administrative Expenses

Substantially all expenses of the Plan are paid directly by the Plan and allocated to the participant's account. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative fees. Investment related expenses are included in net appreciation in fair value of investments.

Note 3. Certification of Plan Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, qualified institutions, ADP and Reliance for December 31, 2025 and 2024, respectively, have certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024
- Investment income and interest income from notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2025

The Plan's independent auditor did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

Note 4. Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of

International Shoppes, Inc. 401(k) Profit Sharing Plan
Notes to Financial Statements (Modified Cash Basis)

observable inputs and minimize the use of unobservable inputs. The hierarchy comprises three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and that are significant to the fair value of the assets or liabilities

Recurring Measurements

The following tables present the fair value measurements of assets and liabilities recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2025 and 2024:

Fair Value Measurement Using				
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Other Unobservable Inputs (Level 3)	Fair Value
2025				
Mutual funds	\$ 14,304,482	\$ -	\$ -	\$ 14,304,482
Self-directed brokerage accounts	1,236,371	100,016	-	1,336,387
	<u>\$ 15,540,853</u>	<u>\$ 100,016</u>	<u>\$ -</u>	<u>\$ 15,640,869</u>

Fair Value Measurement Using				
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Other Unobservable Inputs (Level 3)	Fair Value
2024				
Mutual funds	\$ 11,839,750	\$ -	\$ -	\$ 11,839,750
Self-directed brokerage accounts	1,010,074	-	-	1,010,074
	<u>\$ 12,849,824</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 12,849,824</u>

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2025 and 2024. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections, and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. The Plan had no Level 3 investments at December 31, 2025 and 2024.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Note 6. Tax Status

The IRS has determined and informed the Plan Sponsor by a letter dated October 06, 2020, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, The Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified.

However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related Trust was tax exempt as of the financial statement date.

Accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of both December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Related-Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, or a person who owns more 50% or more of such an employer or employee association or relatives of such persons.

Certain Plan investments are shares of mutual funds managed by ADP. ADP is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Additionally, the Plan incurred direct fees for investment advisory fees paid to UBS Financial Services, Inc. Fees paid by the Plan for administrative and investment management services amounted to \$28,373 for the year ended December 31, 2025.

December 31, 2025 and 2024

Additionally, indirect fees charged by the following funds at rates ranging from 0.10% to 0.25% of the average daily assets for accounts invested in Calamos Advisors LLC, and indirect fees charged by the following funds at rates ranging from 0-100 basis points for accounts invested in Allianz Global Investors Distributors, Blackrock Funds V, Columbia, Fidelity Distributors Corp., and T. Rowe Price.

Notes receivable from participants also qualify as party-in-interest transactions.

The Company provides certain accounting and administrative services to the Plan for which no fees are charged.

Note 8. Risks and Uncertainties

The Plan invests in various investments which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Subsequent Events

Subsequent events have been evaluated through September 2, 2026, which is the date the financial statements were available to be issued.
