Independent Auditors' Report

The Plan Administrator, those in charge of governance and Participants

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the InMode 401K Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the InMode 401K Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern for a period of one year.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500, Schedule H, Part IV, Line 4(i)—Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INMODE 401K PLAN
NOTES TO THE FINANCIAL STATEMENTS

Note 1. Plan Description

The following description of the InMode 401K Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General: The Plan, established on October 1, 2018, is a defined contribution 401K plan covering substantially all employees of Invasix, Inc. (the “Company” or the “Sponsor”), who have attained the minimum age of 21 years and completed one month of service. A month of service is defined as any month in which an employee completes one hour of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants could have elected to defer a minimum of 1% of annual compensation up to a maximum of 90% of annual compensation as defined in the Plan. The Plan also provided a matching contribution of 100% on the first 3% of a participant’s compensation and 50% on the next 2% of your eligible earnings that was deferred as an elective contribution. The Plan provides for the acceptance of rollover contributions from other plans qualified under Internal Revenue Code (the “Code”). The Plan also provides for catch-up contributions for participants who reach the age of 50 by the end of the Plan year.

Participant accounts: Each participant’s account was credited with the participant’s deferrals and allocations of (1) the Company’s matching contribution, (2) Plan earnings and (3) Plan expenses. Allocations were based on eligible participant compensation or participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

Vesting: Participants were immediately vested in their contributions plus actual earnings thereon. Vesting in discretionary employer matching and profit-sharing contributions plus actual earnings thereon is based on years of continuous service at a rate of 20% per year after the first year of service. Participants are fully vested in their discretionary employer matching contributions after six years of credited service. During the year ended December 31, 2025, there were no discretionary employer matching or profit-sharing contributions.

Payment of benefits: Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant’s vested interest in his or her account, annual installments over a period of not more than the participant’s life expectancy, or a group annuity contract, when applicable. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan may distribute account balances below \$5,000 without participant consent in the case of participant termination. Participants who leave the Company with a vested balance greater than \$5,000 as of the applicable valuation date as provided under the Plan can choose to receive installment payments, partial withdrawal or deferred payments. In-service distributions are allowed under the Plan from all or part of the nonforfeitable portion of accounts of participants when participants reach the age of 59 1/2. Hardship distributions are allowed from all accounts of participants subject to hardship provisions more fully described in the Plan’s literature.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$500, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are repaid at a reasonable rate of interest through payroll deductions within five years or, in the event the loan is used to acquire a principal residence, at a term not to exceed 30 years. The loans are secured by the vested balance in the participant’s account. Principal and interest are paid ratably through payroll deductions.

INMODE 401K PLAN
NOTES TO THE FINANCIAL STATEMENTS

Participants' investment options: Participants are able to direct their salary deferral contributions and their share of the Company's contributions into various investments as made available and determined by the Plan Administrator, which are more fully described in the Plan's literature.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates: The preparation of the Plan's financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Certain administrative expenses are assessed against participant accounts, including transaction fees paid by the Plan from assets in the respective participant's account. Certain administrative functions are performed by employees of the Company. No such officer or employee received compensation from the Plan.

Forfeitures: Forfeitures are used to reduce discretionary employer contributions or to pay Plan expenses. There were no forfeitures for the year ended December 31, 2025.

Fair value measurements: The Plan's assets are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The authoritative guidance describes a fair value hierarchy based on three levels of inputs, of which the first two are considered observable and the last unobservable, that may be used to measure fair value:

Level 1: Quoted prices in active markets for identical assets or liabilities.

Level 2: Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. The methods described below may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Plan Administrator determines the Plan's valuation policies utilizing information by ADP Retirement Trust Services, LLC and Reliance Trust Company (Reliance), the trustees. See Note 4 for further discussion of fair value measurements. Furthermore, while the Plan believes

INMODE 401K PLAN
NOTES TO THE FINANCIAL STATEMENTS

its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurements at the reporting date. There have been no changes in the methodologies used at December 31, 2025 or 2024.

Collective trust: The Plan has a common collective trust, the Invesco Stable Asset Fund, which is fully benefit-responsive. Contract value, as reported to the collective trust by the manager of the Fund, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Since the investments are reported at contract value, these investments are omitted from the fair value hierarchy as disclosed in Note 4.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded as earned.

Mutual funds: The Plan holds mutual funds valued at the daily closing price (at fair value) as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Income recognition: Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued daily. Dividends are recorded on the ex-dividend date. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Employer contributions: The employer has a safe harbor match contribution program, and the match formula is 100% of employee deferrals up to 3% of compensation, plus 50% of employee deferrals between 3% - 5% of compensation. All eligible participants who make salary deferrals are eligible to receive matching contributions. Employees are always fully vested under safe harbor.

Employee contributions: Contributions from Plan participants are recorded in the year in which participant contributions are withheld from amounts paid or earned and not paid. Participants direct the investment of their contributions into various options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as deemed distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. As of December 31, 2025, interest rates on outstanding loans ranged from 5.25% to 10.50% per annum, with various maturities through January 2055.

Risks and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 3. Information Certified by the Plan's Trustees (Unaudited)

Information related to investments and notes receivable from participants presented in the accompanying

INMODE 401K PLAN
NOTES TO THE FINANCIAL STATEMENTS

financial statements and supplemental schedule, including investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by ADP Retirement Trust Services, LLC and Reliance Trust Company for each year, respectively.

Note 4. Fair Value Information

As of December 31, 2025, the Plan's investments measured at fair value consisted of the following instruments and classifications within the fair value hierarchy:

	Level 1	Level 2	Level 3	Total
Investments in Mutual Funds	\$ 15,257,957	\$ -	\$ -	\$ 15,257,957
Total	\$ 15,257,957	\$ -	\$ -	\$ 15,257,957

As of December 31, 2024, the Plan's investments measured at fair value consisted of the following instruments and classifications within the fair value hierarchy:

	Level 1	Level 2	Level 3	Total
Investments in Mutual Funds	\$ 12,840,936	\$ -	\$ -	\$ 12,840,936
Total	\$ 12,840,936	\$ -	\$ -	\$ 12,840,936

Note 5. Collective Trust, at Contract Value

The Plan invests in the Invesco Stable Asset Fund (the "Fund"), a collective trust maintained by Invesco Trust Company. The Fund is designed to preserve principal while providing a stable rate of return and daily liquidity for participant-directed transactions. The Fund invests substantially all of its assets in the Invesco Stable Asset Fund, which, as of December 31, 2025, invested approximately 97.02% of its assets in synthetic guaranteed investment contracts ("synthetic GICs") and 2.98% in short-term investment funds.

Synthetic GICs consist of portfolios of fixed-income securities supported by benefit-responsive wrap contracts issued by financial institutions. The wrap contracts are intended to provide liquidity at contract value for participant-directed transactions that meet the terms of the contracts. The trustee values the underlying synthetic GICs at contract value, which generally represents principal invested, plus accrued interest, less participant withdrawals.

The Plan's investment in the Invesco Stable Asset Fund is reported at contract value, which approximates the net asset value of the units held by the Plan and represents the amount participants would ordinarily receive upon initiating permissible transactions under the terms of the Plan.

At December 31, 2025 and 2024, the Plan's investment in the Invesco Stable Asset Fund, reported at contract value, was \$317,063 and \$274,265, respectively.

The trustee requires participating plans to provide 12 months' irrevocable written notice before redeeming all or a portion of their participation in the Fund. This restriction applies at the Plan level and does not ordinarily affect participant-directed withdrawals or transfers made in accordance with the terms of the Plan.

Certain events limit the ability of the Plan to transact at contract value with the issuer. These events include

INMODE 401K PLAN
NOTES TO THE FINANCIAL STATEMENTS

termination of the Plan, a material adverse change to the provisions of the Plan, if the Invesco Stable Asset Fund elects to withdraw from a wrapper contract in order to switch to a different investment provider, or if the terms of a successor plan (in the event of the spin-off or sale of a division) do not meet the wrapper contract issuer's underwriting criteria for issuance of a clone wrapper contract. The events described above that could result in the payment of benefits at market value rather than contract value, are not probable of occurring in the foreseeable future. It is the policy of the Fund to use its best efforts to maintain a stable net asset value of \$1.00 per unit; although, there is no guarantee that the Fund will be able to maintain this value.

Note 6. Tax Status

The Plan has adopted a pre-approved plan document for which the Internal Revenue Service (IRS) issued an opinion letter dated Oct. 6, 2020, stating that the form of the plan is acceptable under the applicable provisions of the Internal Revenue Code (IRC). Although the Plan has been amended since adopting the pre-approved plan document, the Plan Administrator believes the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Accordingly, the Plan Administrator believes the Plan continues to qualify under the IRC, and the related trust remains tax-exempt.

Note 7. Administrative Expenses and Party-In-Interest Transactions

The Plan's administrative expenses are assessed against participant accounts, including transaction fees paid by the Plan from assets in the respective participant's account. Transaction fees include loan issuance and withdrawal fees which totaled \$6,337 for the year ended December 31, 2025. All other expenses were paid by the plan sponsor. Certain expenses incurred in connection with the administration of the Plan were paid to the trustee and are therefore considered exempt party-in-interest transactions and recorded as deductions in the accompanying statement of changes in net assets available for benefits. Certain administrative functions are performed by employees of the Company. No such officer or employee receives compensation from the Plan. Notes receivable from participants represent party-in-interest transactions and are considered exempt transactions under ERISA.

Note 8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will be 100% vested in all accrued benefits.

4e			
4f			
4g			
4h			
4i			
4j			
4k			
4l			
4m			
4n			

b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)

c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)

d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)

e Was this plan covered by a fidelity bond?

f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?

g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?

h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?

i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)

j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)

k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?

l Has the plan failed to provide any benefit when due under the plan?

m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)

n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☐ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year
