Independent Auditor's Report

Board of Trustees
Stetson University Defined Contribution Plan
DeLand, Florida

Scope and Nature of the ERISA 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of Stetson University Defined Contribution Plan (the "Plan"), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements and supplemental schedule may have been affected by these conditions.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were unable to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter discussed in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to, and we do not express an opinion on this supplemental schedule.

Note 1. Plan Description

General

The following description of the Stetson University Defined Contribution Plan (the “Plan”) provides only general information regarding the Plan’s provisions. Participants should refer to the Plan’s adoption agreement for a more complete description of the Plan’s provisions.

The original Plan was established effective April 1, 1946, subsequently amended and restated, and is a defined-contribution plan covering substantially all full-time employees of Stetson University (the “University”). The University, as the Plan sponsor, is responsible for general administration of the Plan. Teachers Insurance and Annuity Association of America (“TIAA”) is the recordkeeper of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Audit and Investment Committees of the University Board of Trustees are responsible for overseeing the Plan, determining the appropriateness of the Plan’s investment offerings and monitoring investment performance.

Contributions

Upon full-time employment with the University, eligible employees (as defined) may elect to defer a portion of their pre-tax or after-tax (Roth), annual compensation to the Plan, up to the legally established limit (\$23,500 and \$23,000 for 2025 and 2024, respectively). Participants who have attained age 50 before the end of a Plan year, or who have worked for the University for at least 15 years, are eligible to make additional “catch-up” contributions (\$7,500 for both 2025 and 2024).

The Plan provides for discretionary employer contribution amounts. During the years ended December 31, 2025 and 2024, the University contributed 5% of base gross salary (as defined) for those with one year of service (as defined) at the University and 10% of base gross salary for those with two or more years of service, except for certain positions, as provided in the Plan document, that were immediately eligible to receive the University’s contributions. Additionally, employees who were hired on or before June 30, 2008 received supplemental University contributions in amounts based on the age of the eligible participants as of July 1, 2008.

All contributions are subject to certain limitations of the Internal Revenue Code (“IRC”).

Participant Accounts

Under the Plan, a separate account is maintained for each participant. Each participant’s account is credited with the participant’s and University’s contributions and an allocation of Plan investment earnings and is charged with an allocation of administrative expenses. Plan investment earnings are allocated based on the participant’s share of net investment earnings or losses of their respective elected investment options. Allocations of administrative expenses are based on the participants’ account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account.

Participant Investment Account Options

Participants direct their elective contributions and University contributions into various investment options offered by the Plan, including registered investment companies, fixed annuity contracts, and an insurance company pooled separate account, and can change their investment options on a daily basis.

Vesting

Participants are immediately vested in their contributions and the University’s contributions, plus actual earnings thereon.

Stetson University Defined Contribution Plan
Notes to Financial Statements
December 31, 2025 and 2024

Notes Receivable from Participants

Participants may borrow from their accounts held at TIAA, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, or 50%, of their vested account balance. Loan terms range from 1-5 years, or up to 15 years for the purchase of a principal residence. The loans are collateralized by the balance in the participant's account and bear a fixed rate of interest equal to the prime rate plus 1%, as determined in accordance with the Plan's loan policy. Principal and interest is paid ratably through payroll deductions. A participant may only have two loans outstanding from the Plan.

Participant Loans with TIAA

Participants also borrowed directly from TIAA using a portion of their Plan account as security for the loan. Such loans were issued as separate contracts by TIAA, they do not represent Plan assets and are subject to certain limitations. Participants with direct loans were required to pledge as collateral an annuity account value of 110% of the loan amount for the period of time the loan is outstanding. Participant loan balances outstanding to TIAA were approximately \$1,000 and \$9,000 as of December 31, 2025 and 2024, respectively. Approximately \$1,000 and \$10,000 of annuity account values serve as collateral for the related loans as of December 31, 2025 and 2024, respectively.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum payment equal to the value of the participant's account, partial payments, installments over a period of time, or an annuity contract.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan.

Plan Termination

Although it has not expressed any intent to do so, the University has the right, under the Plan, to discontinue its contribution at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, all participants' accounts will remain 100% vested, and the University will direct complete distribution of the assets of the Plan to the participants.

Note 2. Summary of Significant Accounting Policies

The following is a summary of significant accounting policies followed in the preparation of these financial statements, which have been prepared in conformity with accounting principles generally accepted in the United States of America.

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments other than fully benefit-responsive investment contracts are stated at fair value and are held in registered investment companies, fixed annuity contracts (non-benefit-responsive portion), and an insurance company pooled separate account (see Note 5). The fair value of the registered investment companies is based upon the reported net asset values of the individual funds on the last business day of the Plan year. Net asset value ("NAV") is based upon the fair market value of the funds' underlying investments, less any fund liabilities. The fair value of the fixed annuity contracts (non-benefit-responsive portion) approximates contract value and equals the accumulated cash contributions and interest credited to the Plan's contracts, less any withdrawals. The fair value of the pooled separate account is determined by the issuer, based upon the estimated fair value of the underlying assets, which are developed principally using external appraisals of real estate and real estate-related holdings.

Fixed annuity contracts held by the Plan consist of TIAA Traditional Annuity contracts and include both liquid and illiquid contracts. TIAA Traditional Annuity liquid contracts held by the Plan include the Supplemental Retirement Annuity contract and the Group Supplemental Retirement Annuity contract. These contracts have no liquidity restrictions and are, therefore, deemed fully benefit-responsive (see Note 4). Contract value is deemed to be the relevant measurement attribute for those contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions and reinvested income, less any withdrawals, plus accrued interest. The TIAA Traditional Annuity illiquid contracts (the Retirement Annuity contracts), are subject to withdrawal restrictions on certain participant-initiated transactions and, therefore, are deemed non-benefit-responsive.

The TIAA Traditional Annuity contracts are not available for sale or transfer on any securities exchange. Accordingly, transactions in similar investment instruments are not observable. The TIAA Traditional Annuity contracts are unallocated guaranteed annuities backed by TIAA claims-paying ability, which guarantees principal and a minimum annual interest rate for all premiums (generally 3%). Additions to the minimum interest rate may be declared by TIAA's Board of Trustees and are generally in effect for a 12-month period, March 1 through February 28 of the following year.

College Retirement Equity Fund ("CREF") and TIAA-CREF Funds are registered investment companies, which invest principally in equity securities, fixed-income instruments, other mutual funds, and short-term instruments, in accordance with each fund's investment objectives. Fund holdings are generally valued using market quotations determined in an active market. Each fund determines its share price or NAV each day. Shares of CREF and TIAA-CREF Funds are available for transactions at the closing NAV on any business day. In an effort to reduce market timing and excessive trading, shareholders will be locked out of a fund for 90 days if a purchase, sale, and repurchase of that fund is made within a 60-day period.

The TIAA Real Estate insurance company pooled separate account is a variable separate account, investing mainly in real estate and real estate-related investments. The account's value is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional's opinion. The account sometimes holds securities as well. These are generally priced using values obtained from independent pricing sources. Unit values are calculated each day.

Purchases and sales of marketable securities are recorded on a trade-date basis, and interest income is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Stetson University Defined Contribution Plan
Notes to Financial Statements
December 31, 2025 and 2024

Net Change in Fair Value of Investments

The Plan presents, in the statements of changes in net assets available for benefits, the net appreciation (depreciation) in the fair value of its investments, which includes unrealized appreciation (depreciation) on those investments.

Payment of Benefits

Benefits are recorded when paid. As of December 31, 2025 and 2024, there were no amounts allocated to the accounts of individuals who have elected to withdraw from the Plan but had not yet been paid.

Administrative Expenses and Revenue Credits

Plan administration costs are paid from the assets of the Plan, as provided by the Plan provisions, and include recordkeeping and trustee fees, as well as professional fees. Investment-related expenses are charged to the particular investment fund to which such expenses are related and are netted against net appreciation (depreciation) in the fair value of investments. Certain other administrative expenses are paid directly by the University and will not be reimbursed by the Plan.

The Plan receives revenue credits and fee-leveling credits from TIAA and CREF based on the Plan's investment income. These revenue credits are allocated to a dedicated revenue credit account within the Plan. The revenue and fee-leveling credits received during the years ended December 31, 2025 and 2024 of approximately \$137,000 and \$129,000, respectively, are recorded in other additions to the net assets available for benefits, and are earmarked to be used to pay certain eligible Plan administration expenses, such as legal, investment advisory, audit, and certain other professional fees. Approximately \$100,000 and \$116,000 of revenue and fee-leveling credit funds were used to pay eligible expenses during the years ended December 31, 2025 and 2024, respectively. The balances of unallocated revenue credit funds were approximately \$37,000 and \$12,000 as of December 31 2025 and 2024, respectively.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balance, plus accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Contributions

Company contributions to the Plan are recorded in the period in which they become obligations of the Company.

Note 3. Information Certified by the Plan Custodians

TIAA and CREF, and Fidelity Management Trust Company hold the majority of the Plan's investments and execute the investment transactions within those accounts. The Plan administrator has elected the method of compliance, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by TIAA and CREF, including the information TIAA certified on behalf of TIAA Trust, N.A., and Fidelity Management Trust Company (collectively, the Plan Custodians), except for comparing such information certified by the Plan Custodians with the related information included in the Plan's financial statements and supplemental schedule.

Note 4. Fully Benefit-Responsive Investment Contracts

The fully benefit-responsive portion of TIAA Traditional Annuity is a guaranteed fixed rate annuity contract offered to participants in employer-sponsored retirement plans. Participants who choose to allocate a portion of their retirement savings to TIAA Traditional Annuity make contributions that purchase a specific contractual or guaranteed amount of future benefits. TIAA Traditional Annuity guarantees principal and credits contracts a guaranteed minimum interest rate, generally 3%, but between 1% and 3% for some contracts. The participant's principal, plus a specified rate of interest, is guaranteed by TIAA's claims-paying ability. The TIAA Traditional Annuity also provides an opportunity for participants to receive additional amounts, which the TIAA Board of Trustees may declare on a year-by-year basis. These additional amounts, when declared, remain in effect for the 12-month "declaration year" that begins each March 1 for accumulating annuities, and January 1 for lifetime-payout annuities; they are not guaranteed for future years.

Notes to Financial Statements
December 31, 2025 and 2024

TIAA Traditional Annuity is offered through a variety of contracts, including, among others, Retirement Annuities, Group Retirement Annuities, and Group Supplemental Retirement Annuities. The type of contract through which a participant allocates to the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional amounts paid, the degree of liquidity of the participant's accumulation, and the options for receiving income upon retirement.

The benefit-responsive TIAA Traditional Annuity liquid contracts are reported at contract value, which is the relevant measurement attribute for the contracts that are considered to be fully benefit-responsive. The contract value equals the accumulated cash contributions, plus interest credited to the Plan's contracts, and transfers in (if any), less any withdrawals and transfers out.

The average crediting interest rates for the TIAA Traditional Annuity liquid contracts approximated 4.31% and 4.61% for the years ended December 31, 2025 and 2024, respectively.

Note 5. Disclosures About Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. The hierarchy comprises three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and that are significant to the fair value of the assets or liabilities

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. See the table below for inputs and valuation techniques used for Level 3 securities.

Unobservable (Level 3) Inputs

The following table presents quantitative information about significant, unobservable inputs related to the Plan's Level 3 fair value measurements at December 31, 2025 and 2024:

	Fair Value at December 31, 2025	Valuation Technique	Significant Unobservable Inputs	Range
TIAA Traditional (non-benefit- responsive)	\$ 46,303	Discounted cash flow theoretical transfer (exit value)	Risk-adjusted discount rate applied	3.00%-6.00%
	Fair Value at December 31, 2024	Valuation Technique	Significant Unobservable Inputs	Range
TIAA Traditional (non-benefit- responsive)	\$ 45,219	Discounted cash flow theoretical transfer (exit value)	Risk-adjusted discount rate applied	3.00%-6.00%

Note 6. Risks and Uncertainties

The Plan has investments that are exposed to risks, such as interest rate, credit, and market risks. Due to the level of risk associated with certain investment securities and due to recent market volatility, it is possible that changes in the value of investment securities may occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in these financial statements.

The value, liquidity, and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies, or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

The Plan's investments are not insured or protected by the Plan Custodians, the University, the Pension Benefit Guaranty Corporation, or any other governmental agency; accordingly, the Plan is subject to the normal investment risks associated with similar investments.

Note 7. Income Tax Status

The Plan operates under a standardized adoption agreement in connection with a volume submitter 403(b) Plan sponsored by TIAA. The prototype plan document has been filed with the appropriate agency and has obtained an opinion letter from the IRS dated August 7, 2017, stating that the prototype constitutes a qualified plan under Section 403(b) of the IRC and that the related trust was tax exempt as of the financial statement date. The Plan administrator believes that the Plan is qualified under Section 403(b) of the IRC and is, therefore, exempt from federal income taxes, provided that all terms of the Plan continue to be followed, and the eligibility requirements or benefit provisions are not more favorable for highly compensated employees. Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is currently being operated in compliance with the applicable requirements of the IRC and, therefore, the Plan is qualified.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Related-Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

Certain Plan investments are units of variable annuity accounts or a pooled separate account that is managed by an entity related to TIAA, which is the recordkeeper for the Plan. The Plan's traditional annuity contract is maintained in TIAA-CREF's general account.

Note 9. Subsequent Events

Subsequent events have been evaluated through August 14, 2026, the date the financial statements were available to be issued.

Effective January 1, 2026, the Plan was amended to include 3-year cliff vesting with respect to Employer nonelective contributions for employees hired after January 1, 2026.
