Report of Independent Auditor

To the Plan Trustee and Administrator
Wincorp International, Inc. 401(k) Profit Sharing Plan and Trust
Medley, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Wincorp International, Inc. 401(k) Profit Sharing Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise of the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Wincorp International, Inc.'s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

WINCORP INTERNATIONAL, INC. 401(k) PROFIT SHARING PLAN AND TRUST

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

Note 1—Description of the Plan

The following description of the Wincorp International, Inc. 401(k) Profit Sharing Plan and Trust (the “Plan”) is provided for general information purposes only. Participants should refer to the comprehensive Plan Document for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan covering all full-time employees of Wincorp International, Inc. and its related entities, International Poultry Breeders, LLC; International Poultry Breeders Hatcheries, Inc.; England Farms, Inc.; England Transport, Inc.; Wincorp Properties, Inc.; and The Best Dressed Chicken, Inc., (collectively the “Sponsor”, “Employer” or “Company”), as defined below. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Employees of the Company are considered eligible for participation when they have reached six months of service and are age 20.5 or older. An eligible employee may enter the Plan on the next semi-annual entry date after all entry requirements have been met.

Administration of Plan Assets – The Plan is administered by the Company. The Plan’s assets were maintained and administered by Bank of America, N.A. and Reliance Trust Company (the “qualified institutions”), as of and for the years ended December 31, 2025 and 2024, respectively. The Plan’s recordkeeping services and maintenance of participant account records are managed by Merrill Lynch Bank & Trust Co and ADP Retirement Services for the year ended December 31, 2025 and 2024, respectively. The Plan administrator is responsible for the oversight of the Plan and determines the appropriateness of the Plan’s investment offering and monitors investment performance.

Change in Trustee – Effective January 2025, the Plan completed the transfer of all assets from Reliance Trust Company to Bank of America, N.A. The transfer, which was initiated on December 31, 2024, in the amount of \$13,977,997, was completed during January 2025.

Employee Contributions – Plan participants contribute, on a pre-tax basis, up to 100% of their annual compensation to the Plan up to the maximum allowable pre-tax contribution, as determined by the Internal Revenue Service (“IRS”), which for the year ended December 31, 2025, was \$23,500 plus an additional catch-up contribution of \$7,500 for participants over age 50. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (i.e., rollover contributions).

Employer Contributions – The Company may make a matching contribution equal to 100% of salary deferrals that do not exceed 5% of individual participant compensation, with the Company determining the amount of the discretionary percentage each year. During the year ended December 31, 2025, employer matching contributions totaled \$614,903. The Company may also make a discretionary profit-sharing contribution to the Plan. All participants share in the allocation regardless of service completed during the Plan year or employment status on the last day of the Plan year. There was no discretionary profit-sharing contribution made for the year ended December 31, 2025. Contributions are subject to certain IRS limitations.

Participant Accounts – Each participant’s account is credited with the participant’s contributions, Employer contributions, and an allocation of net Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which participants are entitled is the vested portion of their accounts.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

Note 1—Description of the Plan (continued)

Investment Options – The Plan’s assets are held and managed by the qualified institution. The participants direct the investment of their account balance and may select from various investment options maintained by the qualified institution. Participants may change their investment option selections on any business day as defined by the Plan.

Vesting – Participants are 100% vested in their individual deferral and rollover contributions and the allocated earnings thereon. A participant’s vested interest in Employer’s contributions are based upon the participant’s years of continuous service. A participant is 100% vested after five years of credited service as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
1	20%
2	40%
3	60%
4	80%
5	100%

Participants become fully vested in the event of retirement, death, and disability, as defined by the Plan.

Notes Receivable from Participants – Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested portion of their accounts balance. The loans are secured by the balance in the participant’s account. Principal and interest is paid ratable through biweekly payroll. These loans are subject to certain restrictions as defined by the Plan Document and applicable restrictions under the Internal Revenue Code (“IRC”).

Payment of Benefits – A participant’s entire interest in the Plan is payable upon death, attainment of normal retirement age, becoming disabled, as defined, or termination of service. A participant may elect to receive a lump-sum amount equal to the vested portion of the participant’s account or annual installments. Participants may elect to rollover their vested balance to another qualified retirement plan or IRA. Immediate lump-sum distributions may be made to terminated participants if the participant’s vested account balance is \$5,000 or less. Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan. Participants may also withdraw an amount at age 59½ if certain criteria are met.

Forfeitures – Forfeitures may be used to pay Plan expenses or to reduce Employer contributions, if any. At December 31, 2025 and 2024, there were \$109,057 and \$-0- forfeited nonvested account balances, respectively. During the year ended December 31, 2025, no forfeitures were used to pay Plan expenses or Employer contributions.

Note 2—Summary of significant accounting policies

Basis of Accounting – The financial statements of the Plan are prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements as well as the reported amounts of changes in net assets during the reporting period. Such estimates include those regarding fair value of investments. Actual results could differ from those estimates.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

Note 2—Summary of significant accounting policies (continued)

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits – Benefits paid to participants are recorded upon distribution.

Administrative Expenses – Certain expenses of the Plan are paid by the Company and are not included in the statement of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants and for distributions are charged directly to the participant's account and are included in administrative expenses totaling approximately \$7,000. Investment related expenses are included in net appreciation of fair value of investments.

Investment Valuation and Income Recognition – Investments in the Plan are reported at fair value. U.S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value. A fair value hierarchy exists which requires an entity to maximize the use of observable inputs when measuring fair value.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Fair Value Measurements – U.S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability in the principal or most advantageous market for the asset and liability, in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value. U.S. GAAP defines three levels of inputs that may be used to measure fair value as follows:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

Note 2—Summary of significant accounting policies (continued)

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following are descriptions of the valuation methodologies used for Plan instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy, if applicable. There have been no changes in the methodologies used at December 31, 2025 or 2024.

Mutual Funds – Mutual funds are valued based on the same securities traded on a national exchange at the last reported sales price on the last business day of the Plan year; investments traded in the over-the-counter market and listed securities for which no sale was reported on the last day of the Plan year are valued at the last reported bid price. These assets are classified as Level 1 assets within the fair value hierarchy.

Common Collective Trust Fund – Investments in the common collective trust funds are stated at estimated daily net asset value ("NAV"), which has been determined based on the unit values of the funds. The investment is valued at a daily-calculated unit value, which is determined by the organization sponsoring such fund by dividing the funds' net assets at fair value by its units outstanding at each valuation date. As the investment is indirect, NAV is used as a practical expedient to estimate fair value and the trusts are shown outside the fair value hierarchy.

The Plan believes its valuation methods are appropriate and consistent with other market participants; however, the use of methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3—Information certified by the qualified institutions

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the qualified institutions have certified to the completeness and accuracy of the following data included in the accompanying financial statements and supplemental schedule:

- Investments at fair value and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Net appreciation in fair value of investments, interest and dividends, other income, and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2025.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

Note 4—Fair value of investments

The Plan's financial instruments carried at fair value are classified by the following fair value hierarchy levels as of December 31:

	2025			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total Fair Value
Mutual funds	\$ 12,038,006	\$ -	\$ -	\$ 12,038,006
Common collective trust fund measured at NAV ^(a)				704,325
Investments at fair value				<u>\$ 12,742,331</u>

	2024			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total Fair Value
Mutual funds	\$ -	\$ -	\$ -	\$ -
Common collective trust fund measured at NAV ^(a)				-
Investments at fair value				<u>\$ -</u>

- ^(a) Certain investments that are measured at fair value using NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits. As of December 31, 2025, common collective trust funds had no unfunded commitments and redemptions are processed daily with no notice period.

Note 5—Tax status

The underlying non-standardized profit-sharing plan has received an opinion letter from the IRS dated June 30, 2020, stating the written form of the underlying document is qualified under Section 401(a) of the IRC, and any employer adopting this form of the Plan will be considered to have a Plan qualified under Section 401(a) of the IRC. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator and the Plan's tax counsel have analyzed the tax positions taken by the Plan, and have concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken. Additionally, the Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

WINCORP INTERNATIONAL, INC. 401(k) PROFIT SHARING PLAN AND TRUST

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

Note 6—Parties-in-interest transactions

Certain Plan investments and the related transactions as of December 31, 2025 and 2024 and for the year ended December 31, 2025, were in investment funds managed by the qualified institutions; therefore, these investments and transactions qualify as party-in-interest transactions. Fees paid during the year for accounting and other services rendered by parties-in-interest were approximately \$7,000. Notes receivable from participants are also considered to be party-in-interest transactions because they are transacted with Plan participants.

Note 7—Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan's investments are diversified among various investment options; however, a significant portion of the Plan's investments are held in funds managed by a single investment provider. As a result, the Plan is subject to concentration risk associated with that investment provider.

Note 8—Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event such discontinuance results in termination of the Plan, the Plan provides that the assets be allocated among the participants and beneficiaries in the amounts credited to each participant's respective account at the effective date of such termination. In the event of Plan termination, participants will become 100% vested in their account balances.

Note 9—Subsequent events

The Plan's management has evaluated events through August 25, 2026, the date the financial statements were available to be issued. Subsequent to December 31, 2025, the Plan was amended effective January 1, 2026, to permit participants to make Roth elective deferrals and to allow in-plan Roth rollover contributions.
