Independent Auditors' Report

The Plan Administrator
MGA Home Healthcare 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the MGA Home Healthcare 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management has determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued or are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, and the schedule of delinquent participant contributions for the year ended December 31, 2025, are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedule agreed to or is derived from the certified investment information, are presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MGA HOME HEALTHCARE 401(K) PLAN

Notes to the Financial Statements

December 31, 2025 and 2024

(1) Description of plan

The following description of the MGA Home Healthcare 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan which was adopted on June 1, 2020 to provide retirement benefits for employees of MHH Holdings III, LLC (the "Employer"). The Plan has been amended and restated since adoption to modify certain Plan provisions and to comply with regulations. The Plan was most recently amended and restated effective May 2, 2023, to allow for notes receivable from participants. The Plan covers substantially all employees (participants). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Each employee is eligible to participate in the Plan on the earliest monthly entry date, following the date the employee completes one month of service and has attained the age of 21.

(b) Contributions

Participants may voluntarily make qualified retirement contributions to the Plan which are deductible by the participants for federal income tax purposes under Section 401(k) of the Internal Revenue Code (IRC). Participants are permitted to designate a portion or all of their deferral contributions as Roth 401(k) contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participant contributions are permitted up to 50% of compensation subject to certain IRC limitations. Participants may make modifications to their contributions and terminate their contributions at their discretion.

The Plan allows for employer discretionary matching contributions equal to a uniform percentage of each participant's elective deferrals, as determined each year, if any. For the years ended December 31, 2025 and 2024, the Plan Sponsor made matching contributions of \$580,861 and \$461,929, respectively.

Plan Sponsor and participant contributions may not exceed the maximum amount allowable for federal income tax purposes.

(c) Participant accounts

Each participant's account is credited or charged with the participant's contributions, and allocations of Plan Sponsor contributions, investment earnings or losses and administrative expenses. Allocations are based on each participant's compensation or account balances as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

MGA HOME HEALTHCARE 401(K) PLAN

Notes to the Financial Statements

December 31, 2025 and 2024

(d) Vesting

Participants are vested immediately in their participant contributions, plus actual earnings (losses) thereon. Vesting in the Employer's matching contributions, plus actual earnings thereon, is based on years of continuous service. A participant vests 30% after one year, 60% after two years, and is 100% vested after three years of credited service.

(e) Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes receivable from participants are secured by the vested balances in the participant's account and bear interest at fixed rates ranging from 7.75% to 9.50%, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest are paid ratably through payroll.

(f) Payment of benefits

On termination of service, as defined, or upon attaining age 59½ while still employed (in-service), a participant may elect to distribute an amount equal to the value of the participant's vested interest in their account as a lump-sum payment or rollover payment into another qualified plan or account.

On termination of service due to death, permanent disability, or retirement, a participant may take a distribution of his or her entire account balance in a single lump sum or elect to receive annual installments over a specified period. For termination of service due to other reasons, a participant will be entitled to receive only the vested interest in his or her account balance.

(g) Forfeited accounts

Forfeitures are created when participants terminate employment prior to becoming fully vested in the Plan Sponsor discretionary contribution portion of their accounts. Such forfeitures are used to reduce employer matching contributions or pay administrative expenses. During 2025 and 2024, forfeitures of \$48,358 and \$33,529, respectively, were used to reduce employer matching contributions. At December 31, 2025 and 2024, forfeited non-vested accounts totaled \$62,689 and \$51,406, respectively.

(h) Hardship withdrawals

The Plan permits distributions in the event of a hardship, as defined in the Plan document. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals are limited to the participant's elective account balance.

MGA HOME HEALTHCARE 401(K) PLAN

Notes to the Financial Statements

December 31, 2025 and 2024

(i) Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the plan audit, recordkeeping, investment advisory, and the administration of distributions are included in administrative expenses and charged directly to the applicable participants' accounts. Investment related expenses are included in net appreciation in fair value of investments.

(j) Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(2) Summary of significant accounting policies

(a) Basis of accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

(b) Investment valuation and income recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor's Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisers. See Note 4 and Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as, held during the year.

(c) Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the plan agreement.

(d) Payment of benefits

Benefits are recorded when paid.

MGA HOME HEALTHCARE 401(K) PLAN

Notes to the Financial Statements

December 31, 2025 and 2024

(e) Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(f) Events occurring after reporting date

The Plan Sponsor has evaluated events and transactions that occurred between December 31, 2025, and August 28, 2026, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Certified information

Certified information related to investments reported and disclosed in the accompanying financial statements and schedule of assets (held at end of year), including investments at fair value and contract value and notes receivable from participants at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable for participants for the years ended December 31, 2025 and 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company and Principal Life Insurance Company (collectively, "Principal").

(4) Fair value measurements

The Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

MGA HOME HEALTHCARE 401(K) PLAN

Notes to the Financial Statements

December 31, 2025 and 2024

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2025 and 2024.

- (i) *Mutual funds*: Valued at the net asset value (NAV) of shares held by the Plan at year end in an active market. The funds are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Fair Value Measurements as of December 31, 2025 Using the Following Inputs

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments at fair value:				
Mutual funds	\$ <u>29,149,831</u>	\$ _____ -	\$ _____ -	\$ <u>29,149,831</u>

Fair Value Measurements as of December 31, 2024 Using the Following Inputs

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ <u>20,193,676</u>	\$ _____ -	\$ _____ -	\$ <u>20,193,676</u>
Investments measured at NAV as a practical expedient (a)				<u>180,587</u>
Investments at fair value				\$ <u>20,374,263</u>

- (a) Certain investments are measured at NAV as a practical expedient to estimate fair value and, therefore, have not been classified in the fair value hierarchy.

MGA HOME HEALTHCARE 401(K) PLAN

Notes to the Financial Statements

December 31, 2025 and 2024

The following table summarizes investments for which the fair value is measured using the NAV as a practical expedient as of December 31, 2025 and 2024, respectively. The redemption period is for Plan level transactions only.

<u>Description</u>	<u>Fair Value</u> <u>12/31/2025</u>	<u>Fair Value</u> <u>12/31/2024</u>	<u>Unfunded</u> <u>Commitments</u>	<u>Redemption</u> <u>Frequency (if</u> <u>Currently Eligible)</u>	<u>Redemption</u> <u>Notice Period</u>
Collective trust fund	\$ -	\$ 180,587	N/A	Daily	12 months

(5) Investment contract with insurance company

The Plan holds a fully benefit-responsive investment contract with Principal totaling \$188,908 as of December 31, 2025. The insurance company maintains the Plan's contribution in a general account which is credited with a fixed rate of interest and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1%. The crediting rate is reviewed on a semiannual basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the insurance company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

MGA HOME HEALTHCARE 401(K) PLAN

Notes to the Financial Statements

December 31, 2025 and 2024

Certain events might limit the ability of the Plan to transact at contract value with the issuers. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. In addition, certain events allow the issuers to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuers. No events are probably of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

(6) Income tax status

The Plan Sponsor adopted a non-standardized pre-approved Profit Sharing Plan, which received a favorable opinion letter from the Internal Revenue Service (IRS) on June 30, 2020, which stated that the Profit Sharing Plan was designed in accordance with the applicable sections of the IRC. The Plan itself did not receive a determination letter from the IRS stating that the Plan was qualified under Section 401(a) of the IRC. However, the plan administrator believed that the adopted pre-approved plan was designed and was being operated in compliance with the applicable requirements of the IRC and was therefore qualified and exempt from taxation.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) Untimely remittance of participant contributions

The Plan Sponsor is required by Department of Labor regulation to remit participant contributions and participant loan repayments as soon as practicable, but by no later than the fifteenth business day following the end of the month in which the amounts were withheld from wages. For certain contributions amounting to \$1,351 withheld in 2025, the funds were not remitted timely and will be corrected in 2026. For certain contributions amounting to \$580 and \$2,939 withheld in 2024 and 2021, respectively, the funds were not remitted timely and were corrected in 2025.

MGA HOME HEALTHCARE 401(K) PLAN

Notes to the Financial Statements

December 31, 2025 and 2024

(8) Related party and party-in-interest transactions

Certain Plan investments are units in a collective trust fund in 2024 and an investment contract in 2025 which are managed by an affiliate of Principal Life Insurance Company, and, therefore, these transactions qualify as party-in-interest transactions under ERISA. As described in Note 1, the Plan paid expenses to various service providers and holds notes receivable from participants which also qualify as party-in-interest transactions.

(9) Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2025 and 2024:

	<u>2025</u>	<u>2024</u>
Net assets available for benefits per the financial statements	\$ 29,812,822	\$ 20,769,722
Unpaid accrued loan interest	<u>2,048</u>	<u>761</u>
Net assets available for benefits per the Form 5500	<u>\$ 29,814,870</u>	<u>\$ 20,770,483</u>

The following is a reconciliation of the change in net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31, 2025 and 2024:

	<u>2025</u>	<u>2024</u>
Change in net assets available for benefits per the financial statements	\$ 9,043,100	\$ 5,158,646
Change in unpaid accrued loan interest	<u>1,287</u>	<u>761</u>
Change in net assets available for benefits per the Form 5500	<u>\$ 9,044,387</u>	<u>\$ 5,159,407</u>

(10) Risks and uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.
