Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☐ Unmodified (2) ☐ Qualified (3) ☒ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **RYAN, GUNSAULS, & O'DONNELL, LLC**

(2) EIN: **45-5297192**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		750000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

5b(1) Name of plan(s)	5b(2) EIN(s)	5b(3) PN(s)

5c Was the plan a defined benefit plan covered under the PBGC insurance program at any time during this plan year? (See ERISA section 4021 and instructions.) ☐ Yes ☐ No ☐ Not determined

If "Yes" is checked, enter the My PAA confirmation number from the PBGC premium filing for this plan year _____.

Independent Auditors' Report

To the Administrative Committee of
the Samuel Engineering, Inc. 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Samuel Engineering, Inc. 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Samuel Engineering, Inc. 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information as described in Note 10 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statement section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Samuel Engineering, Inc. 401(k) Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter

As discussed in Note 12 to the financial statements, the Plan's financial statements as of and for the year ended December 31, 2024 have been restated to correct an overstatement of corrective distributions expense and the related excess contribution liability. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Samuel Engineering, Inc. 401(k) Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Samuel Engineering, Inc. 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Samuel Engineering, Inc. 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at year end) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and related directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information in the supplemental schedule that agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Samuel Engineering, Inc. 401(k) Savings Plan
Notes to Financial Statements
December 31, 2025 and 2024

Note 1: Description of Plan

The following description of Samuel Engineering, Inc.'s (the Company) 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Company who are age 21 or older with 1 year of service. Participants may enter the Plan on the first monthly entry date after meeting the participation requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The custodian, trustee and plan administrator are responsible for oversight of the Plan. The trustee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan administrator. The Plan's custodian is Principal Life Insurance Company.

Certification

The Plan custodian has certified to the accuracy of the investment transactions, recognition of income, expenses, and assets held as of December 31, 2025 and 2024.

Contributions

Each year, participants may contribute pretax annual compensation to the Plan, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan currently offers various mutual funds, domestic and international stocks, and short-term and fixed securities in pooled separate accounts, and guaranteed investment contracts as investment options for participants. The Company may make discretionary matching contributions based on certain formulas as defined in the Plan. Contributions are subject to certain statutory limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's discretionary profit-sharing contribution, (b) Plan earnings or losses, (c) forfeitures of terminated participants' nonvested accounts, and (d) charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after 3 years of credited service.

Notes to Financial Statements
December 31, 2025 and 2024

Note 1: Description of Plan, continued

Payment of Benefits

On termination of service due to death, disability, retirement, or withdrawal from the Plan, a participant may elect to receive a lump-sum cash payment, one of various annuity contracts, or a direct rollover to another qualified retirement plan, in an amount equal to the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 5.25 – 10.50%. Principal and interest are paid ratably through monthly payroll deductions. Each participant can have only two loans outstanding at a time. During the year ended December 31, 2025, the Plan issued 20 loans to participants. At December 31, 2025 and 2024, balances of notes receivable from participants totaled \$442,285 and \$401,350, respectively.

Forfeitures

In accordance with Plan provisions, forfeitures may first be used to pay administrative expenses, or reduce employer contributions, and any remaining will be reallocated to participant accounts. At December 31, 2025 and 2024, forfeitures were \$23,130 and \$3,797, respectively. These amounts will be reallocated to participants in the same manner as employer contributions after paying administrative expenses. At December 31, 2025 and 2024, no amounts were reallocated to participants.

Hardship Distribution

Under certain circumstances, a participant may qualify for certain hardship distributions if a participant has an immediate and significant financial need, subject to certain usage requirements and other conditions. The participant may receive a lump sum payment equal to the vested amount of the participant's account balance.

Administration of Plan Assets

Contributions are held and managed by the custodian, who invests cash received allocates interest and dividend income, and makes distributions to participants. Employees of the Company perform certain administrative functions for the Plan. Such employees do not receive compensation from the Plan.

Note 2: Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes

Use of Estimates, continued

therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with U.S. GAAP.

Investments held by a defined contribution plan are required to be reported at fair value. Contract value is the relevant measurement for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan has no fully benefit-responsive investment contracts at December 31, 2025 and 2024.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2025 and 2024, no allowance for credit losses has been recorded. If a participant ceases to make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and a delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment Valuation and Income Recognition

The Plan's guaranteed investment contract is stated at fair value. All other investments are stated at fair value based on readily available market information. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan presents, in the statements of changes in net assets available for benefits, the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains and losses and the unrealized appreciation (depreciation) on those investments.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2025 excess contributions to the applicable participants after April 15, 2026.

Samuel Engineering, Inc. 401(k) Savings Plan
Notes to Financial Statements
December 31, 2025 and 2024

Note 2: Summary of Significant Accounting Policies, continued

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) in fair value of the investments. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account. Total administrative expenses paid by the Plan for the year ended December 31, 2025 was \$66,841.

Note 3: Fair Value Measurement

Some of the Plan's investments are reported at fair value in the accompanying statements of net asset available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 consist of observable inputs other than quoted prices for identical assets. Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. The Plan had no Level 2 investments at December 31, 2025 and 2024.

Level 3 Fair Value Measurements

Level 3 securities consist of guaranteed investment contracts. The fair market value of the contracts is the value paid when the funds are withdrawn. The fair market value represents current market interest rates to the extent such market rates exceed crediting rates. The adjustment to reduce contract value to fair value for financial statement presentation was \$5,743 and \$23,895 at December 31, 2025 and 2024, respectively.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025, are as follows:

	<u>Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Separate accounts	\$ 31,770,021	\$ 31,770,021	\$ -	\$ -

Fair value measurements for assets recorded at fair value on a recurring basis at December 31, 2024, are as follows:

	<u>Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Separate accounts	\$ 27,633,425	\$ 27,633,425	\$ -	\$ -

Total investments	<u>\$ 28,209,645</u>	<u>\$ 27,633,425</u>	<u>\$ -</u>	<u>\$ 576,220</u>

The following table reconciles the beginning and ending balances of fair value measurements using significant unobservable inputs (Level 3) of the guaranteed investment contract with the insurance company for the years ending December 31, 2025 and 2024:

	<u>2025</u>	<u>2024</u>
Beginning balance	\$ 576,220	\$ 567,108
Total gains	18,152	12,078
Interest credited	14,756	11,048
Purchases	87,901	12,950
Sales	<u>(90,517)</u>	<u>(26,964)</u>
Ending balance	<u>\$ 606,512</u>	<u>\$ 576,220</u>

The amount of total gains for the year included in changes in net assets available for benefits attributable to the changes in unrealized gains relating to assets held at year end

\$ 18,152 \$ 12,078

Gains included in changes in net assets available for benefits for the year ended December 31, 2025, are reported in net appreciation in fair value of investments. Unrealized gains from the guaranteed investment contracts are reported in the statement of changes in net assets available for benefits in the net appreciation line.

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2025 and 2024, there were no transfers into or out of Level 3.

The following table represents the significant unobservable inputs and the ranges of values for those inputs used to measure fair value of the Plan's Level 3 financial instruments using the income approach.

Note 4: Guaranteed Investment Contract with Custodian

Guaranteed investment contracts (GICs) transact at contract value. Fair value is determined annually for financial statement reporting purposes only. GICs are valued at fair value by the insurance company by evaluating the applicable interest rate to the interest rate in the contract. If the applicable interest rate is equal to or lower than the contract interest rate, the fair market value is the contract value. If the applicable interest rate is higher than the contract interest rate, the fair market value is the contract value reduced by a percentage. This percentage is equal to the difference between the applicable interest rate and the contract interest rate multiplied by the number of years until the maturity rate.

In determining the reasonableness of the methodology, the Investment Committee evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit rating. Certain unobservable inputs are assessed through review of contract terms while others are substantiated utilizing available market data. The custodian maintains guaranteed investment contracts. These contracts provide a guaranteed interest rate for a specified period of time as determined by the Plan. All contracts are 5 years and range in maturity from December 31, 2025 through 2029 at December 31, 2025, and December 31, 2024 through 2028 at December 31, 2024. There were no unfunded liabilities at December 31, 2025 and 2024.

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 5: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan termination, participants would become 100% vested in their accounts.

Note 6: Tax Status

The IRS has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving its determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision of income taxes has been included in the Plan's financial statements. The Plan is a qualified plan as described in Section 401(a) of the IRC and is therefore exempt from federal and state income taxes. Income generated by activities that would be considered unrelated to the Plan's purpose would be subject to tax which, if incurred, would be

recognized as a current expense. No such tax has been recognized as of December 31, 2025 and 2024.

U.S. GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator and sponsor believe the Plan's tax position would be upheld under examination. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits of any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2022.

Note 7: Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds and securities managed by Principal Financial Group, which includes the custodian Principal Life Insurance Company. The custodian executes transactions as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amount to \$66,841 for the year ended December 31, 2025. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

Note 10: Summary of Information Furnished by Custodian (Unaudited)

In accordance with Section 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA, the Plan administrator has received certification from the custodian of the Plan as to the accuracy and completeness of certain financial information of the Plan. The following items were provided by, or were derived from data provided by the custodian of the Plan:

- Statements of Net Assets available for Plan Benefits at December 31, 2025 and 2024:

Investments including separate account assets and their valuation.
- Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2025:

Interest, dividends, and realized and unrealized appreciation (depreciation) in the fair value of investments; and

Changes in net assets arising from investment activities.
- Supplemental Schedule for the year ended December 31, 2025:

All information included in the schedule.

Note 11: ERISA Bond Requirements

The ERISA requires that every person who handles funds or other property of the Plan be bonded. The bond coverage is to be determined by the balance of the total plan assets and is required to be at least equal to the lesser of 10% of the Plan's assets at the beginning of the Plan year or \$500,000. For the year ended December 31, 2025, the Plan's sponsor-maintained bond coverage in the amount of \$500,000.

Note 12: Prior-Period Adjustment

During 2025, the Plan received information from its third-party administrator and custodian indicating that corrective distributions expense and the related excess contribution liability previously reported as of and for the year ended December 31, 2024 were overstated by \$199,828. Accordingly, the Plan restated its previously issued 2024 financial statements to correct the error.

The effect of the restatement was to decrease corrective distributions expense by \$199,828 and decrease the excess contribution liability by \$199,828 as of and for the year ended December 31,

2024. The adjustment did not affect contributions, investment income, or benefits paid to participants.

Note 13: Subsequent Events

The Plan has evaluated subsequent events and transactions for potential recognition or disclosure through the date the financial statements were available to be issued, which was the date of the independent auditors' report. The Plan has determined no events required disclosure.
