INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Motus Freight 401(k) Plan
Bellevue, Kentucky
Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Motus Freight 401 (K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Motus Freight 401 (K) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section.

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Motus Freight 401 (K) Plan's ability to continue as a going concern for a reasonable period of time.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Motus Freight 401 (K) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Motus Freight 401 (K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules of schedules of Assets (Held at End of Year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MOTUS FREIGHT 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025

NOTE 1. DESCRIPTION OF THE PLAN

The following description of the Motus Freight 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the plan's provision.

General

The plan is a defined contribution plan covering eligible employees. The Plan is subject to the provisions of ERISA. All regular full-time and part-time employees of Motus Freight are eligible to participate after 60 days of service. Employees covered under a collective bargaining agreement and non-resident aliens who do not receive any compensation from U.S. sources are excluded from the plan.

Contributions

Each Year participants may contribute a portion of their compensation not to exceed the maximum allowable IRC 402(g) limit of \$23,500 for 2025. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also rollover amounts representing distributions from other qualified plans.

The employer may make discretionary matching contributions and discretionary non-elective contributions to the plan.

The maximum IRC 415 limit for total contributions made on behalf of a participant (deferrals and employer contributions) is \$70,000. Catch-up contributions can be made in excess of this limit.

Participants direct the investment of their contributions into various investment options offered by the plan.

Participant Accounts

Each participant's account is credited with the participant's elective deferrals and allocations of (a) the Company contributions and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on each participant's earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account balance.

Forfeitures

At December 31, 2025, forfeited non-vested accounts totaled \$0. Also in 2025, employer contributions and administrative expenses were reduced by \$0 from forfeited non-vested accounts.

MOTUS FREIGHT 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025

NOTE 1. DESCRIPTION OF THE PLAN (Continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the company's non-elective contribution portion of their accounts is based on 2-6 Year Graded schedule.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The distributable amount is equal to the value of the participant's vested interest in his or her account. Employees who elect to have their benefit payments deferred continue to share in allocations of investment income and losses but do not share in subsequent allocations of discretionary contributions. The plan also provides for hardship withdrawals from a participant's account for immediate and heavy financial need, as defined by the Plan, subject to certain limitations.

The plan also allows for in-service distributions upon attainment of age 59½ for any reason, and before age 59½ due to financial hardship, as defined in the plan document.

Notes Receivable from Participant

Participants may borrow up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as participant directed investments. Loan terms range from one to five years. Loan term may exceed five years only in the event the loan proceeds are used to purchase or construct the participant's principal residence. Loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing prime rates. Principal and interest is paid ratably through payroll deductions. A participant may have only one outstanding loan at a time.

NOTE 2. SUMMARY OF ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting. Employer contributions and income from investments are recorded when they are earned. Employee contributions are recorded when withheld from pay. Expenses are recorded in accounting period in which they are incurred.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded in the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investment bought and sold as well as held during the year.

Notes Receivables from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025. As of December 31, 2025, \$23 was recorded as interest income on notes receivable from participants.

Payments of Benefits

Benefits are recorded when paid.

**MOTUS FREIGHT 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025**

NOTE 2. SUMMARY OF ACCOUNTING POLICIES (Continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investments related expenses are included in net appreciation(depreciation) of the fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through August 25, 2026 the date the financial statements were available to be issued.

NOTE 3. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103 (a)(3)(C) pursuant to 29 CFR 2520.103-08 for the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company, a qualified Institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete accurate:

- (a) Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2025;
- (b) Total investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025; and
- (c) All information included in the schedule H, Line 4i – Schedule of Assets (Held at End of Year), as shown in the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment included in the financial statements and ERISA-related supplemental schedule.

NOTE 4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

MOTUS FREIGHT 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

The three levels of the fair value hierarchy under FASB ASC 820 as described as follows:

<i>Level 1</i>	<i>Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.</i>
<i>Level 2</i>	<i>Inputs to the valuation methodology include</i> • <i>quoted prices for similar assets or liabilities in active markets;</i> • <i>quoted prices for similar assets or liabilities in inactive markets;</i> • <i>inputs other than quoted prices that are observable for the asset or liability;</i> • <i>inputs that are derived principally from or corroborated by observable market data by correlation or other means.</i>
<i>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</i>	
<i>Level 3</i>	<i>Inputs to the valuation methodology are unobservable and significant to the fair value measurement.</i>

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of observable inputs.

The following is a description of the valuation methodologies used for asset measured at fair value.

Pooled Separate Accounts: The initial pricing input is the quoted price obtained for the underlying mutual fund which is then adjusted to apply the expense factor disclosed in the annuity contract. The formula-calculated unit value is then compared to an accounting-driven unit value the following morning. The accounting unit value is determined in a manner similar to a mutual fund NAV calculation: dividing the net assets by the number of units outstanding. Any discrepancies between the two-unit values are resolved to ensure the recordkeeping system reflects the accurate value for the day. These pooled separate accounts are classified as Level 2.

MOTUS FREIGHT 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

To the extent that the valuation is based on inputs that are less observable or unobservable, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is more significant for the investments categorized in Level 3. In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined based on the lowest level input that is significant to the fair value measurement in its entirety. Estimated values do not necessarily represent the amounts that may be ultimately realized due to the occurrence of future circumstances that cannot be reasonably determined. Because of the inherent uncertainty of valuation, those estimated values may be materially higher or lower than the values that would have been used had the securities been readily marketable. The Plan has no level 3 investments. There have been no changes in the valuation methodologies or inputs used to value Plan assets at December 31, 2025.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2025:

	<u>Asset at Fair Value as of December 31, 2025</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Pooled Separate Accounts	\$ -	\$ 1,440,749	\$ -	\$ 1,440,749
Total Investments at fair value	\$ -	\$ 1,440,749	\$ -	\$ 1,440,749

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. We evaluate the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2025, There were no significant transfers.

NOTE 5. NONPARTICIPANTS-DIRECTED INVESTMENTS

The Plan's participants direct all investments. There are no non-participant directed investments as of December 31, 2025.

MOTUS FREIGHT 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025

NOTE 6. RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTION

Certain Plan investments are managed by John Hancock Life Insurance Company. John Hancock Life Insurance Company is the custodian for the Plan and, therefore, these transactions qualify as party in interest transactions. The Plan also made direct payments to third party administrator of \$10,565. The Plan Sponsor pays directly any other fees related to the plan's operations. The Plan Custodian receives fees from administration and investment management.

NOTE 7. PLAN TERMINATION

Although it has not expressed any intent to do so, the company has the right under the plan to discontinue its operations at any time and to terminate the plan subject to the provisions of ERISA. In the event of the plan termination, participants will become 100 percent vested in their accounts. Any unallocated assets of the plan shall be allocated to participant accounts and distributed in such a manner as the company may determine.

NOTE 8. PLAN AMENDMENT AND TAX STATUS

The Plan obtained its latest determination letter in which the Internal Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9. RISK AND UNCERTAINTIES

The Plan invests in various securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.
