Plan Administrator
MGC, Inc. 401(k) Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the MGC, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions and maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2025, and the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MGC, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

Note 1 - Plan Description

The following brief description of the MGC, Inc. 401(k) Plan (the Plan) is provided for general information only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of Max Grigsby Company, Inc. (the Company and the plan administrator) and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was initially adopted by the Company on September 1, 1997 and has since been amended and restated. Empower Trust Company, LLC serves as the asset custodian of the Plan. The plan administrator is responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings, and monitoring investment performance. TI-TRUST, Inc. serves as the Plan's trustee.

Eligibility

Participation in the Plan is available for all eligible employees of the Company, as defined, who are at least 21 years of age, and have completed one year of service. Eligible employees may participate in the Plan on the first day of each plan quarter coinciding with or following the date at which the employee meets the eligibility requirements. The Plan includes a savings feature designed to permit the employees and the Company to contribute to the Plan, at amounts allowable under Section 401(k) of the Internal Revenue Code (IRC).

Contributions

Upon meeting eligibility requirements, employee pre-tax contributions are made to the Plan by electing to defer a percentage of their compensation in an amount equal to but not less than 1% and not more than 18%, subject to the maximum limits allowed by law. Participants who attain age 50 by the end of the plan year are eligible to make catch-up contributions of up to \$7,500 for 2025. Participants who attain ages 60 through 63 during a calendar year are eligible to make super catch-up contributions of up to \$11,250 for 2025, inclusive of the regular catch-up contribution limit. The Plan also accepts rollover contributions from other qualified plans or individual retirement accounts.

The Company makes employer matching contributions equal to 50% of the participant's contribution, excluding all catch-up contributions, not to exceed 2% of compensation on a payroll-by-payroll basis. The Company may also make discretionary nonelective contributions on behalf of eligible employees. For the year ended December 31, 2025, the Company did not make nonelective contributions.

MGC, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2025 and 2024

Vesting and Forfeitures

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in Company contributions is based on years of service. A participant's interest in Company contributions begins at 20% after one year of service and increases 20% for each additional year of service until the employee is 100% vested after five years. Regardless of the vesting schedule, participants become fully vested upon death, normal retirement or disability.

There were \$2,737 and \$185 of forfeited non-vested amounts available at December 31, 2025 and 2024, respectively. Forfeitures are used to reduce future matching contributions. For the year ended December 31, 2025, \$2,902 of forfeitures were utilized to reduce matching contributions.

Participant Accounts

Upon enrollment in the Plan, a participant may direct the asset custodian with regard to the investment of his or her account balance. Participants may change their investment options daily.

Each participant's account is credited with the participant's contributions, the Company's contributions, plan earnings and losses, and charged with certain transactional fees.

Notes Receivable from Participants

Notes receivables from participants are loans to participants secured by the vested portion of their accounts. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, reduced by the highest outstanding loan balance during the preceding 12 months, or 50% of their account balances. A participant may not have more than two loans outstanding at any time. Interest rates are based on the prime rate plus 1%. Principal and interest are generally repaid through payroll deductions. Loan terms are limited to five years unless for the purchase of a principal residence, in which case the term may be extended to 10 years.

Benefit Payments

Distributions may be made to participants or their beneficiaries upon termination of employment, retirement, disability or death, as applicable. In-service distributions are allowed for participants who have reached the age of 59½. Additionally, hardship withdrawals may be made to active participants who have demonstrated financial need, subject to the provisions of the Plan. Distributions from the Plan may be paid in the form of a lump sum distribution or installment payments for participants subject to lifetime required minimum distributions. Participant account balances below specified thresholds may be distributed automatically or rolled over into an individual retirement account in accordance with the Plan's provisions. Withdrawals from the Plan may be subject to income taxes on contributions and income earned.

NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2025 and 2024

Note 2 - Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of the investments includes realized gains and losses on investments bought and sold during the year, as well as unrealized gains or losses on the investments held at the end of the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. In general, notes receivable from participants are placed into default in the calendar quarter following the quarter in which no payment on the note is made, and such defaults are recognized as distributions based upon the terms of the plan document when a distributable event has occurred.

Excess Contributions Refundable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions.

Contributions

Contributions from participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation. The Company's discretionary non-elective contributions are recorded in the plan year in which participant compensation is paid.

Benefit Payments

Benefits paid to participants or beneficiaries are recorded when paid.

See independent auditor's report.

MGC, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2025 and 2024

Administrative Expenses

Loan fees and certain other transactional fees are paid by the participant. Administrative expenses not paid by the Company are charged to and paid by the Plan.

Risks and Uncertainties

The Plan provides for investments in mutual funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investments will occur in the near term and may impact participants' account balances and the amounts reported in the financial statements.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and the disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Subsequent Events

The plan administrator evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through August 26, 2026, which is the date the financial statements were available to be issued.

Note 3 - Information Certified by the Plan's Asset Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained certifications from Empower Trust Company, LLC as of December 31, 2025 and 2024, and for the year ended December 31, 2025, that all of the information provided is complete and accurate. Information included in the financial statements and the accompanying notes to the financial statements as to investments, notes receivable from participants, investment income, interest income on notes receivable from participants, and all of the related information in the supplemental schedule of assets (held at end of year), is presented in reliance solely upon these certifications.

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements, the accompanying notes to the financial statements and the supplemental schedule of assets (held at end of year).

Note 4 - Fair Value Measurements

GAAP provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2025 and 2024.

Mutual Funds: These funds are valued daily at their quoted market prices.

MGC, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2025 and 2024

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	December 31, 2025			Total
	Level 1	Level 2	Level 3	
Mutual funds	<u>\$ 10,413,374</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 10,413,374</u>
Total investments at fair value				<u>\$ 10,413,374</u>

	December 31, 2024			Total
	Level 1	Level 2	Level 3	
Mutual funds	<u>\$ 8,634,066</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,634,066</u>
Total investments at fair value				<u>\$ 8,634,066</u>

Note 5 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions.

Note 6 - Federal Income Tax

The pre-approved plan document received an opinion letter from the IRS dated June 30, 2020, stating that it was in compliance with the applicable requirements of the IRC. The pre-approved plan document has since been amended; however, the plan administrator believes that the Plan, through its adoption of the pre-approved plan document, is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Party-in-Interest Transactions

The Plan engages in transactions with participants related to notes receivable, which are party-in-interest transactions with respect to the Plan. These transactions are covered by an exemption from the "prohibited transactions" provisions of ERISA and the IRC.

Note 8 - Nonexempt Transactions

As disclosed in the supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2025, there were unintentional delays in remitting \$12,750 of participant contributions and \$2,122 of participant loan repayments to the Plan within the timeframe specified by the Department of Labor's Regulation 29 CFR 2510.3-102. Of these amounts, \$3,927 of participant contributions and \$390 of participant loan repayments relate to the 2025 plan year and \$8,823 of participant contributions and \$1,732 of participant loan repayments relate to the 2024 plan year. Lost earnings on these untimely remittances of \$97 and \$130 were remitted to the Plan during 2026 and 2025, respectively.

Note 9 - Reconciliation of the Financial Statements to the Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the net assets per the Form 5500 as of December 31, 2025 and 2024:

	December 31,
