December 31, 2025 and 2024
With Independent Auditor's Report

INDEPENDENT AUDITOR'S REPORT

The 401(k) Committee of
Enterprise Bank and Trust Company 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Enterprise Bank and Trust Company 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 (in liquidation) and 2024 (ongoing), and the related statements of changes in net assets available for benefits for the years ended December 31, 2025 (in liquidation) and 2024 (ongoing), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with U.S. generally accepted auditing standards (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Terminating Plan and Liquidation Basis of Accounting

As further discussed in Note 1 to the financial statements, the Board of Directors of the Enterprise Bank and Trust Company, the Plan's sponsor, voted on June 30, 2025 to terminate the Plan. In accordance with U.S. GAAP, the Plan has changed its basis of accounting from the ongoing plan basis used in presenting the 2024 financial statements to the liquidation basis used in presenting the 2025 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

The 401(k) Committee of
Enterprise Bank and Trust Company 401(k) Plan

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

The 401(k) Committee of
Enterprise Bank and Trust Company 401(k) Plan

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ENTERPRISE BANK AND TRUST COMPANY 401(K) PLAN

Notes to Financial Statements

December 31, 2025 and 2024

1. Description of Plan

The following description of Enterprise Bank and Trust Company 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Enterprise Bank and Trust Company (the Company) covering substantially all employees who are 18 years of age or older, with the exception of interns, leased employees, and temporary employees (defined as employees who will not reach 1,000 hours of service within their first year of employment or any subsequent Plan year). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On June 30, 2025, the Company approved the termination of the Plan in connection with the merger of the Company with Rockland Trust Company. As of that date, no additional contributions or deferrals were permitted. Assets were fully distributed to participants based on their direction, in July 2026.

The 401(k) Committee is responsible for the oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Effective January 1, 2020, participants may contribute up to 70% of their eligible compensation, as defined in the Plan, in the form of pre-tax or Roth contributions (was previously 50% of eligible compensation). Effective January 1, 2020, the Plan allows after-tax contributions between 1% and 5% of eligible compensation for highly compensated employees (was previously 1% to 2%) and between 1% and 70% of eligible compensation for non-highly compensated employees (was previously 1% to 50%). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation. During March of each calendar year, the automatic deferral percentage is increased by 1%, up to a maximum of 15%.

The Company contributes 70% of the first 6% of eligible compensation that a participant contributes to the Plan. Each plan year, the Company may elect to make a discretionary profit sharing contribution to employees who are 18 years of age or older and are employed by the Company on the last day of the Plan year. No profit sharing contribution was made in 2025 and 2024.

ENTERPRISE BANK AND TRUST COMPANY 401(K) PLAN

Notes to Financial Statements

December 31, 2025 and 2024

Each participant shall direct the investment of his or her account and shall elect among various mutual funds, common collective trust funds, and a self-directed brokerage account. Each participant has the ability to change his or her investment allocations at any time. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching and profit sharing contributions, and an allocation of Plan earnings, and charged with an allocation of Plan losses and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are at all times fully vested in their participant accounts with respect to their contributions. Participants vest in discretionary employer matching contributions and profit sharing contributions based on years of service, beginning after one year of service and become fully vested after four years of credited service.

Forfeitures

Forfeitures represent the non-vested portion of terminated participants' account balances, plus related earnings. These amounts can be used to reduce employer contributions or pay administrative expenses. As of December 31, 2025 and 2024, forfeited non-vested accounts totaled \$1 and \$800, respectively. During the years ended December 31, 2025 and 2024, forfeited non-vested accounts of \$113,426 and \$91,198, respectively, were used to reduce employer matching contributions. During the years ended December 31, 2025 and 2024, forfeited non-vested accounts of \$10,443 and \$7,738, respectively, were used to fund administrative expenses.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested balance. The notes receivable from participants are secured by the balance in the participant's account. Participants are limited to two loans outstanding at any time during the Plan year. No loan shall be for a term exceeding five years, unless the loan proceeds are used for the purchase of a primary residence.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a single lump-sum payment or installment payments in excess of \$5,000 on a determined basis over a maximum of 20 years. If a participant terminates service, the entire vested amount in his or her account may be distributed or rolled over into another qualified plan, as directed by the participant. Participants who are eligible for a hardship withdrawal or have attained age 59½ may elect to withdraw all or a portion of their vested account. All distributions are subject to the applicable provisions of the Plan. The Plan can elect to distribute funds out of the Plan when a participant terminates employment and has a vested balance of less than \$5,000.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the liquidation method of accounting, as asset liquidation is imminent as a result of the Plan termination.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion of fair value measurement.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Notes to Financial Statements

December 31, 2025 and 2024

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent Events

For purposes of the preparation of these financial statements in conformity with U.S. GAAP, management has considered transactions or events occurring through August 20, 2026, which is the date that the financial statements were available to be issued. Management has not evaluated subsequent events after that date for inclusion in the financial statements.

3. Income Tax Status

The Plan obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the prototype Plan document, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the Code). The Plan has been amended since receiving the opinion letter; however, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

Management has determined that the Plan has no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision for income taxes has been included in the Plan's financial statements.

4. Information Prepared and Certified by the Trustee

The investments, investment transactions, net appreciation in fair value of investments, notes receivable from participants and interest and dividends were obtained by management and agreed to or derived from the information certified by John Hancock Trust Company LLC (John Hancock), the trustee, as complete and accurate. This information is included in the following:

- Statements of Net Assets Available for Benefits;
- Statements of Changes in Net Assets Available for Benefits; and
- Schedule H, line 4i - Schedule of Assets (Held at End of Year).

5. Parties-in-Interest

Certain distributions made from the Plan are in the form of loans to the Plan's participants. These loans are considered exempt from the prohibited transaction rules and qualify as party-in-interest transactions under ERISA.

Certain participants have elected to invest in Enterprise Bancorp, Inc., the holding company of the plan sponsor, through the self-directed brokerage window. At December 31, 2025 the Plan did not hold any shares of Enterprise Bancorp, Inc. At December 31, 2024, the Plan held 13,419 shares, of Enterprise Bancorp, Inc. with a fair value of \$530,555. During the years ended December 31, 2025 and 2024, the Plan recognized interest and dividends related to Enterprise Bancorp, Inc. totaling \$6,254 and \$12,460, respectively. During the years ended December 31, 2025 and 2024, the Plan recognized net appreciation in the fair value of shares of Enterprise Bancorp, Inc. totaling \$329,158 and \$109,993, respectively.

The administrative expenses of maintaining the Plan, including Plan recordkeeping fees paid to the Plan trustee and audit fees, totaled \$61,974 and \$88,574 for the years ended December 31, 2025 and 2024, respectively.

6. Plan Termination

The Plan was terminated effective June 30, 2025, in connection with merger of the Company with Rockland Trust Company. Although the Plan legally terminated on that date, all assets will remain in the trust until distributions are completed at the direction of the individual participants.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Fair Value Measurement

The Financial Accounting Standards Board's Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

ENTERPRISE BANK AND TRUST COMPANY 401(K) PLAN

Notes to Financial Statements

December 31, 2025 and 2024

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024:

Mutual funds: Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust fund: Valued at the NAV of units of the collective trust. The NAV, as provided by John Hancock, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Transactions of investments or withdrawals may occur on a daily basis and there are no redemption restrictions on these funds. There are no unfunded commitments at December 31, 2025 and 2024.

Self-directed brokerage account: This account consists of interest bearing cash, non-interest bearing cash, common stocks, and mutual funds valued at the closing price reported in the active markets on which the individual securities are traded, and is classified as Level 1.
