INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of the
Missouri Bankers Association
Voluntary Employees' Beneficiary Association
Jefferson City, Missouri

Opinion

We have audited the financial statements of the Missouri Bankers Association Voluntary Employees' Beneficiary Association (the VEBA), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and of plan benefit obligations as of December 31, 2025 and 2024, the related statements of changes in net assets available for benefits and of changes in plan benefit obligations for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits and plan benefit obligations of the VEBA as of December 31, 2025 and 2024, and the changes in its net assets available for benefits and plan benefit obligations for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the VEBA and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the VEBA's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the VEBA, and determining that the VEBA's transactions that are presented and disclosed in the financial statements are in conformity with the VEBA's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the VEBA's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the VEBA's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held at end of year as of December 31, 2025, and the supplemental schedule of reportable transactions for the year then ended, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Other Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules on pages 15 and 16 are presented for additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of Missouri Bankers Association Voluntary Employees' Beneficiary Association (the VEBA) provides only general information. Participants should refer to the plan agreement for a more complete description of the VEBA's provisions.

General: The VEBA was established February 1, 1976, to provide life, sickness, accident, disability and other benefits for officers, employees and their dependents of Missouri Bankers Association (MBA) member organizations that elect to participate in the program. The VEBA is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Benefits: The VEBA provides health benefits (medical, vision, dental, and prescription drugs), life insurance, disability, and accidental death and dismemberment benefits.

Disability, vision, accidental death and dismemberment, and felonious assault benefits are fully insured through premium payments by the VEBA to insurance carriers.

Life coverage benefits are fully insured through premium payments by VEBA to the life insurance carrier under a minimum premium arrangement that combines an element of partial self-funding with a pooled risk transfer. Individual life amounts up through $100,000 are covered under the minimum premium portion. If claims are not incurred during the accounting period, the VEBA pays only the carrier's fixed expenses and profit margin in any given month (minimum premium). If claims are incurred, the VEBA pays the claim up to a fixed (insured) premium maximum each month, and any deficits are carried forward until the liability is satisfied. This smooths out the financial impact of larger claim payments. For life claim amounts in excess of $100,000, the risk is fully insured by the carrier in a pooled transfer under a fixed monthly premium.

Effective January 1, 2024, group health and prescription drugs are fully insured through premium payment by the VEBA to the insurance carrier. The VEBA retained 100% of the liability for dental benefits through December 31, 2024. Effective January 1, 2025, dental coverage became fully insured. The VEBA Trust contracts with specialized third-party claim administrators for the health, prescription drug, and dental coverages.

Contributions: A common monthly premium rate for each benefit and level of service selected by the participant is determined annually for the VEBA as a whole by the board of trustees. Each member remits contributions to the VEBA based on these rates and the coverage selected by its employees. The members withhold any applicable amounts from employee payroll and include with their remittances to the VEBA.

Administration: Effective July 1, 2025, AssuredPartners of Central Missouri, a Gallagher company, became the administrator and broker for the VEBA insurance plans under an agreement between MBA Bankers Service Corporation and AssuredPartners that was approved by the VEBA's board of trustees. AssuredPartners is compensated by the insurance carriers whose products are offered to VEBA members. The VEBA's board of trustees reviews and adjusts the plans offered and the rates charged to members annually.

Prior to July 1, 2025, the VEBA contracted with MBA Bankers Benefit Corporation (BBC) to administer VEBA operations. BBC was a wholly owned subsidiary of MBA Bankers Service Corporation, which is a wholly owned subsidiary of the Missouri Bankers Association (MBA), a trade association serving Missouri banks. The VEBA paid BBC a monthly administration fee for services provided under the contract. The VEBA's board of trustees reviewed the fee and adjusted it, as appropriate, for changes in inflation and pass-through expenses.

Other: Although it has not expressed any intention to do so, the VEBA has the right under the plan to modify the benefits provided to active employees and to terminate the VEBA subject to the provisions set forth in the plan document, provided the termination does not diminish or eliminate any claim for any benefit to which a participant has become entitled prior to the termination of the VEBA.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and use of estimates: The accompanying financial statements have been prepared using the accrual basis of accounting. The preparation of financial statements in accordance with U.S. generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of benefits: Premiums paid by the VEBA are recorded as insurance premium payments in the accompanying statements of changes in net assets available for benefits. Claim payments are recorded when paid by the third-party claims processor. Amounts due to claims processors that have yet to be reimbursed by the VEBA are recorded as a payable in the accompanying statements of net assets available for benefits. These payments are recorded as claims paid in the accompanying statements of changes in net assets available for benefits.

Refunds and rebates: Refunds and rebates due from third parties are recorded when earned. Refunds and rebates due as of the financial statement date have been reported as a receivable, with the offset being netted against claims paid. Claim and pharmacy rebates totaling $88,043 and $41,061 for the years ended December 31, 2025 and 2024, respectively, and stop-loss reimbursements and subrogation refunds of $5,594 and $12,341 for the years ended December 31, 2025 and 2024, respectively, have been netted with claims paid in the accompanying statements of changes in net assets available for benefits.

Investments: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade date basis. Realized investment gains and losses are determined on the specific identification basis. Dividends are recorded on the declaration date. Interest is recorded when earned. The VEBA's investments are held by a bank-administered trust fund. Substantially all of the investments are restricted for specific use in the event of coverage termination.

Investment securities of the VEBA are exposed to various risks, such as interest rates, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect amounts available to provide benefits and the amounts reported in the statements of net assets available for benefits.

Claims incurred but not reported: The VEBA has transitioned health and dental plans to fully insured coverage, with no expected material future obligations for incurred claims. The VEBA has evaluated its exposure to life claims incurred but not reported as of the balance sheet date. Due to the characteristics of the VEBA's life insurance policies, its current claim reporting and payment processes, as well as historical reporting patterns, management concluded that any incurred but not reported amount would not be material to the financial statements, and therefore, no estimated liability for life claims has been recorded at December 31, 2025.

Subsequent events: Events that have occurred subsequent to December 31, 2025, have been evaluated through August 31, 2026, which represents the date the VEBA's financial statements were approved by management and, therefore, were available to be issued.

3. INVESTMENTS

The following table presents the amortized cost and the fair values of the VEBA's investments at December 31, 2025 and 2024.

	December 31, 2025	
	Cost	Fair Value
Cash equivalents	$ 151,408	$ 151,408
	$ 151,408	$ 151,408

	December 31, 2024	
	Cost	Fair Value
Cash equivalents	$ 408,376	$ 408,376
	$ 408,376	$ 408,376

U.S. GAAP provides a framework for measuring fair value, which is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to the unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to the unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1	Valuation is based upon quoted prices (unadjusted) in active markets for identical assets or liabilities that the VEBA has the ability to access.
Level 2	Valuation is based upon quoted prices for similar assets or liabilities in active markets, quoted market prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. Observable inputs may include interest rates, foreign exchange rates, and yield curves that are observable at commonly quoted intervals.
Level 3	Valuation is based on methodologies that are unobservable and significant to the fair value measure. These may be generated from model-based techniques that use at least one significant assumption based on unobservable inputs for the asset or liability, which are typically based on an entity's own assumptions, as there is little, if any, related market activity.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The VEBA's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment, and considers factors specific to the asset or liability. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of valuation methodologies used for assets recorded at fair value.

Cash equivalents: Valued at cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the VEBA believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The table below presents the VEBA's assets measured at fair value on a recurring basis as of December 31, 2025 and 2024, aggregated by the level in the fair value hierarchy within which those measurements fall:

	Level 1	Level 2	Level 3	Total
2025				
Cash equivalents	$ -	$ 151,408	$ -	$ 151,408
Total	$ -	$ 151,408	$ -	$ 151,408
2024				
Cash equivalents	$ -	$ 408,376	$ -	$ 408,376
Total	$ -	$ 408,376	$ -	$ 408,376

4. TAX STATUS

The trust established under the VEBA to hold the VEBA's assets is intended to qualify pursuant to Section 501(c)(9) of the Internal Revenue Code. The trust has obtained a favorable tax determination letter from the Internal Revenue Service, and the VEBA's administration believes that the trust continues to qualify and to operate in accordance with applicable provisions of the Internal Revenue Code. However, as a result of the VEBA's funding, from time to time the trust may be subject to income taxes. Income tax expense is based on statutory rates applied to investment income that has been received and is taxable under Federal and Missouri laws. There were no federal or state income taxes recorded for 2025 or 2024.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the VEBA has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service (IRS). The VEBA is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include transactions with fiduciaries or employees of the VEBA, any person providing services to the VEBA, an employer whose employees are covered by the VEBA, a person who owns 50% or more of such an employer, and relatives of parties-in-interest. The VEBA has various parties-in-interest. Investments are held with parties-in-interest and certain fees are paid to parties-in-interest.

The VEBA has entered into an affiliate operations liquidity program agreement with MBA, MBA BBC, and MBA Bankers Service Corporation, Inc. (affiliated entities) to provide liquidity for the purpose of paying ordinary operating expenses and claims. Any advances are non-interest bearing and are unsecured. There were no advances under the agreement during 2025 and 2024. A total of $1,200,000 was available to the VEBA under the affiliate operations liquidity program agreement as of December 31, 2025 and 2024.

As described in Note 1, the VEBA paid administrative fees of $619,532 and $925,290 during the years ended December 31, 2025 and 2024, respectively, to MBA BBC to administer the operations of the VEBA. The VEBA transferred net premiums of $377,933 from July 2025 through December 2025 to AssuredPartners. The transfer occurred in conjunction with the transition of administration and operations to AssuredPartners.
