INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the Draeger US Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of the Draeger US Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2025 Financial Statements").

Plan management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Plan management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2025 Financial Statements* section:

- the amounts and disclosures in the 2025 Financial Statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2025 Financial Statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2025 Financial Statements* section of our report. We are required to be independent of the Draeger US Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Plan Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Plan management's election of the ERISA Section 103(a)(3)(C) audit does not affect Plan management's responsibility for the financial statements.

In preparing the financial statements, Plan management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Draeger US Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Plan management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Draeger US Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Plan management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Draeger US Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2025 Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of Plan management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Auditor's Report on the 2024 Financial Statements

The financial statements of the Draeger US Retirement Savings Plan as of and for the year ended December 31, 2024, were audited by predecessor auditors, Torrillo & Associates, LLC, which was acquired by LBMC, PC. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated January 28, 2026, indicated that in their opinion (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedule, other than the information in the 2024 supplemental schedule that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Draeger US Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all full-time and part-time employees of Draeger, Inc. (the “Company”) and Draeger Medical Systems, Inc., except employees covered by a collective bargaining agreement, leased employees, non-resident aliens, and employees who are classified as interns. Salary deferral eligibility requirements for these employees have been modified to reflect provisions required by the Setting Every Community Up for Retirement Enhancement 2.0 Act of 2022 (“SECURE Act 2.0”). Employees are eligible to participate in the Plan on the first day of the month following their date of hire. Fidelity Management Trust Company is trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Contributions

Each year, participants may contribute up to 100% of their pre-tax annual compensation, as defined by the Plan and subject to limitations imposed by the Internal Revenue Code (“IRC”). Participants may designate contributions as Roth contributions and after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants who have attained ages of 60 to 63 before the end of the Plan year may elect to make additional catch-up contributions as permitted under the SECURE Act 2.0. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled into the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated age-appropriate Vanguard Target Date Retirement Trust until changed by the participant. The Plan also allows for deferral percentages for each active participant having automatic enrollment contributions made on his or her behalf to be increased annually by 1% of eligible compensation limited to 6% of eligible compensation.

The Plan provides for non-discretionary matching contributions to participants equal to \$0.50 for each \$1.00 contributed by a participant, up to a maximum of 6% of the participant’s compensation. At year-end, the Company performs a true-up calculation of the Company matching contribution for all participants and makes the necessary additional matching contribution in the subsequent year.

At its discretion, the Company may also make a discretionary non-elective (profit-sharing) contribution. In order to receive these discretionary contributions, a participant must be actively employed on the last day of the Plan year and have completed one year of service (except in cases of death, disability, or attainment of early retirement age (55 years) at the time of separation of employment). There were no discretionary non-elective contributions made for the year ended December 31, 2025. The Company made a discretionary non-elective contribution of \$3,628,972 during 2025 for the year ended December 31, 2024. For the year ended December 31, 2024, the discretionary non-elective contribution was 3% of the participant’s annual compensation limit.

Participants direct their deferral contributions and Company contributions into various investment options offered by the Plan.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, non-discretionary matching contributions, and allocations of discretionary non-elective contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of certain administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan

document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their elective deferral contributions and rollover contributions plus actual earnings thereon. Vesting in non-discretionary matching contributions and discretionary non-elective contributions portion of their accounts is based on years of continuous service and are subject to a 3-year cliff vesting schedule. A participant is 100% vested upon death, disability, or attainment of early retirement (age 55) while an employee.

Forfeited Amounts

Forfeitures shall be used for payment of plan expenses or used towards employer matching contributions. Total unallocated forfeitures were \$347,592 and \$189,823 at December 31, 2025 and 2024, respectively. Previously forfeited accounts used to pay expenses of the Plan were \$53,433 and \$179,953 for the years ended December 31, 2025 and 2024, respectively. Previously forfeited accounts used to offset employer contributions were \$0 and \$498,625 for the years ended December 31, 2025 and 2024, respectively.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000, up to a maximum generally equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the local prevailing interest rate at the time of borrowing, as determined by the trustee. Principal and interest are repaid ratably through payroll deductions over a period of five years or less, with the exception of loans made for the purchase of a primary residence, where the repayment period may be up to and including ten years. Participants may have up to two loans outstanding at any given time. Interest rates on notes receivable from participants ranged from 4.25% to 9.50% as of December 31, 2025 and 2024.

Payment of Benefits

Upon termination of service due to death, disability, normal retirement (age 65), or otherwise a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest. Partial payments may also be elected. If a participant's vested account balance is less than \$7,000 (\$5,000 prior to modification allowed by the SECURE Act 2.0) upon termination, the Plan administrator may authorize the benefit payment without the participant's consent. In circumstances when a terminated participant has a vested account balance less than \$1,000, the participant's vested account balance shall be distributed in a lump sum. In circumstances when a terminated participant has a vested account balance greater than \$1,000 but less than \$7,000 (\$5,000 prior to modification allowed by the SECURE Act 2.0), if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the Plan administrator will pay the distribution in a direct rollover to an individual retirement account designated by the Plan administrator. Under terms of the Plan, participants are eligible for in-service benefit payments from vested sub-accounts upon reaching age 59½. Hardship distributions are also permitted from participant accounts, based on the terms of the Plan document.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Draeger US Retirement Savings Plan
Notes to Financial Statements
As of and for the Years Ended December 31, 2025 and 2024

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's investment policies utilizing information provided by the investment advisors and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Contributions

Contributions from Plan participants and non-discretionary matching contributions are recorded in the year in which the employee contributions are withheld from compensation. Any discretionary non-elective contributions from the Company are recorded in the year in which the related participant compensation was earned.

Notes Receivable from Participants

Notes receivable from participants (participant loans for Form 5500 reporting purposes) are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to participant-specific transactions are charged directly to the participant's account and are included in administrative expenses. Certain investment-related expenses are included in the net appreciation in fair value of investments.

3. Information Certified by a Qualified Institution

The Plan administrator, having determined that it is permissible in the circumstances, elected to have the audits of the Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information included in the accompanying financial statements and ERISA-required supplemental schedule of assets (held at end of year) was obtained or derived from information obtained by the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company, trustee of the Plan and a qualified institution, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

- Investments, at fair value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Investment activity, including net appreciation in fair value of investments, interest and dividend income, other income and interest income on notes receivable from participants, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024.
- The information for all mutual funds (registered investment companies), common collective trusts, and participant loans listed in the schedule of assets (held at end of year) as of December 31, 2025, as shown in the ERISA-required supplemental schedule.

As of and for the Years Ended December 31, 2025 and 2024

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the Financial Accounting Standards Board Accounting Standards Codification are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used as of December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The shares of mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts: Valued at the net asset value or equivalent based on units of the common collective trust. The NAV, as provided by the trustee of the common collective trust, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the common collective trust less its liabilities. This practical expedient is not used when it is determined to be probable that the common collective trust will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of and for the Years Ended December 31, 2025 and 2024

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2025:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments, at fair value:				
Mutual funds	\$ 213,552,402	\$ 213,552,402	\$ -	\$ -

Total	<u>\$ 359,774,756</u>	<u>\$ 213,552,402</u>	<u>\$ -</u>	<u>\$ -</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2024:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments, at fair value:				
Mutual funds	\$ 200,225,708	\$ 200,225,708	\$ -	\$ -

Total	<u>\$ 333,391,365</u>	<u>\$ 200,225,708</u>	<u>\$ -</u>	<u>\$ -</u>

*In accordance with fair value measurement guidance, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented as investments in the statements of net assets available for benefits.

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31, 2025 and 2024.

<u>Investment Type</u>	<u>Fair Value</u> <u>December 31,</u> <u>2025</u>	<u>Fair Value</u> <u>December 31,</u> <u>2024</u>	<u>Unfunded</u> <u>Commitments</u>	<u>Redemption</u> <u>Frequency</u>	<u>Redemption</u> <u>Notice Period</u>
Common collective trusts	\$ 146,222,354	\$ 133,165,657	\$ -	Daily	Daily

The Plan's investment options include common collective trusts whose investment strategies are similar to target date funds and stable value funds. The objective of common collective trusts with target date strategies is to provide an age-based investment mix of stocks, bonds and short-term investments. The objective of the common collective trusts with a stable value strategy is to provide a predictable rate of return while preserving the safety of capital and minimizing market risk. These common collective trusts are redeemable at net asset value under agreements with the underlying common collective trusts. However, it is possible that these redemption rights may be restricted by the common collective trusts in the future in accordance with underlying common collective trust agreements. Due to the nature of the investments held by the common collective trusts, changes in market conditions and the economic environment may significantly impact the net asset value of the common collective trusts, and consequently, the fair value of the Plan's interest in the common collective trusts. Furthermore, changes in the liquidity provisions of the common collective trusts may significantly impact the fair value of the Plan's interest in the common collective trusts.

5. Related Party and Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds managed by an affiliate of Fidelity. Fidelity is the trustee and recordkeeper of the Plan. During the years ended December 31, 2025 and 2024, the Plan paid Fidelity \$209,769 and \$197,284, respectively, for recordkeeping and other direct costs. Therefore, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA. Fees incurred by the Plan for investment management services are included in the net appreciation in fair value of investments. Fees paid directly from participant accounts, including those for the administration of participant loans, are

Draeger US Retirement Savings Plan
Notes to Financial Statements

included in administrative expenses. Additionally, for participants who have elected to take a participant loan, the loans are secured by the respective participant's account balance.

Fidelity Management Trust Company or its affiliates generate income to the Plan through revenue sharing agreements. More specifically, Fidelity Management Trust Company or its affiliates may receive revenue from mutual fund and common collective trust service providers for services Fidelity Management Trust Company or its affiliates provide to the funds and common collective trusts. This revenue may be used to offset certain amounts owed to Fidelity Management Trust Company or its affiliates for administrative services to the Plan. If the revenue received by Fidelity Management Trust Company or its affiliates from such mutual fund or common collective trust service providers exceeds the amount owed as agreed to by Fidelity Management Trust Company and the Plan for administrative services, Fidelity Management Trust Company or its affiliates is to remit the excess to the Plan. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During the years ended December 31, 2025 and 2024, the related amounts deposited into the Plan were \$87,028 and \$88,400 respectively. Of the related amounts deposited into the Plan, during the years ended December 31, 2025 and 2024, amounts used to pay administrative expenses were \$67,168 and \$68,102, respectively. Of the related amounts deposited into the Plan, during the years ended December 31, 2025 and 2024, amounts allocated to participants were \$53,458 and \$43,609, respectively. At December 31, 2025 and 2024, the balance in this account totaled \$11,966 and \$44,186, respectively. The Plan or Plan sponsor may make a payment to Fidelity Management Trust Company or its affiliates for administrative expenses not covered by revenue sharing.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Tax Status

Effective October 15, 2021, through the adoption of a Fidelity Pre-Approved Defined Contribution Plan, the Plan was amended and restated. The Internal Revenue Service ("IRS") issued an opinion letter dated June 30, 2020, stating that the pre-approved defined contribution plan document was designed in accordance with applicable IRC requirements as of that date. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes the Plan, as amended, is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

As of and for the Years Ended December 31, 2025 and 2024

9. Subsequent Events

Effective January 1, 2026, the Plan was amended to remove eligibility service requirements for the discretionary non-elective contributions and to allow participants to elect distributions under a systematic withdrawal plan in the form of installment payments.

Effective January 1, 2026, the Plan was amended to change the vesting schedule in participants' non-discretionary matching contribution and discretionary non-elective contribution portions of their accounts from a 3-year cliff vesting schedule to a 3-year graduated vesting schedule.

The Plan has evaluated subsequent events through August 18, 2026, the date the financial statements were available to be issued.

INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the Draeger US Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of the Draeger US Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2025 Financial Statements").

Plan management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Plan management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2025 Financial Statements* section:

- the amounts and disclosures in the 2025 Financial Statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2025 Financial Statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2025 Financial Statements* section of our report. We are required to be independent of the Draeger US Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Plan Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Plan management's election of the ERISA Section 103(a)(3)(C) audit does not affect Plan management's responsibility for the financial statements.

In preparing the financial statements, Plan management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Draeger US Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Plan management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Draeger US Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Plan management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Draeger US Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2025 Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of Plan management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Auditor's Report on the 2024 Financial Statements

The financial statements of the Draeger US Retirement Savings Plan as of and for the year ended December 31, 2024, were audited by predecessor auditors, Torrillo & Associates, LLC, which was acquired by LBMC, PC. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated January 28, 2026, indicated that in their opinion (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedule, other than the information in the 2024 supplemental schedule that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Draeger US Retirement Savings Plan
Notes to Financial Statements
As of and for the Years Ended December 31, 2025 and 2024

1. Description of Plan

The following description of the Draeger US Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all full-time and part-time employees of Draeger, Inc. (the “Company”) and Draeger Medical Systems, Inc., except employees covered by a collective bargaining agreement, leased employees, non-resident aliens, and employees who are classified as interns. Salary deferral eligibility requirements for these employees have been modified to reflect provisions required by the Setting Every Community Up for Retirement Enhancement 2.0 Act of 2022 (“SECURE Act 2.0”). Employees are eligible to participate in the Plan on the first day of the month following their date of hire. Fidelity Management Trust Company is trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Contributions

Each year, participants may contribute up to 100% of their pre-tax annual compensation, as defined by the Plan and subject to limitations imposed by the Internal Revenue Code (“IRC”). Participants may designate contributions as Roth contributions and after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants who have attained ages of 60 to 63 before the end of the Plan year may elect to make additional catch-up contributions as permitted under the SECURE Act 2.0. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled into the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated age-appropriate Vanguard Target Date Retirement Trust until changed by the participant. The Plan also allows for deferral percentages for each active participant having automatic enrollment contributions made on his or her behalf to be increased annually by 1% of eligible compensation limited to 6% of eligible compensation.

The Plan provides for non-discretionary matching contributions to participants equal to \$0.50 for each \$1.00 contributed by a participant, up to a maximum of 6% of the participant’s compensation. At year-end, the Company performs a true-up calculation of the Company matching contribution for all participants and makes the necessary additional matching contribution in the subsequent year.

At its discretion, the Company may also make a discretionary non-elective (profit-sharing) contribution. In order to receive these discretionary contributions, a participant must be actively employed on the last day of the Plan year and have completed one year of service (except in cases of death, disability, or attainment of early retirement age (55 years) at the time of separation of employment). There were no discretionary non-elective contributions made for the year ended December 31, 2025. The Company made a discretionary non-elective contribution of \$3,628,972 during 2025 for the year ended December 31, 2024. For the year ended December 31, 2024, the discretionary non-elective contribution was 3% of the participant’s annual compensation limit.

Participants direct their deferral contributions and Company contributions into various investment options offered by the Plan.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, non-discretionary matching contributions, and allocations of discretionary non-elective contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of certain administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan

Draeger US Retirement Savings Plan
Notes to Financial Statements
As of and for the Years Ended December 31, 2025 and 2024

document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their elective deferral contributions and rollover contributions plus actual earnings thereon. Vesting in non-discretionary matching contributions and discretionary non-elective contributions portion of their accounts is based on years of continuous service and are subject to a 3-year cliff vesting schedule. A participant is 100% vested upon death, disability, or attainment of early retirement (age 55) while an employee.

Forfeited Amounts

Forfeitures shall be used for payment of plan expenses or used towards employer matching contributions. Total unallocated forfeitures were \$347,592 and \$189,823 at December 31, 2025 and 2024, respectively. Previously forfeited accounts used to pay expenses of the Plan were \$53,433 and \$179,953 for the years ended December 31, 2025 and 2024, respectively. Previously forfeited accounts used to offset employer contributions were \$0 and \$498,625 for the years ended December 31, 2025 and 2024, respectively.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000, up to a maximum generally equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the local prevailing interest rate at the time of borrowing, as determined by the trustee. Principal and interest are repaid ratably through payroll deductions over a period of five years or less, with the exception of loans made for the purchase of a primary residence, where the repayment period may be up to and including ten years. Participants may have up to two loans outstanding at any given time. Interest rates on notes receivable from participants ranged from 4.25% to 9.50% as of December 31, 2025 and 2024.

Payment of Benefits

Upon termination of service due to death, disability, normal retirement (age 65), or otherwise a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest. Partial payments may also be elected. If a participant's vested account balance is less than \$7,000 (\$5,000 prior to modification allowed by the SECURE Act 2.0) upon termination, the Plan administrator may authorize the benefit payment without the participant's consent. In circumstances when a terminated participant has a vested account balance less than \$1,000, the participant's vested account balance shall be distributed in a lump sum. In circumstances when a terminated participant has a vested account balance greater than \$1,000 but less than \$7,000 (\$5,000 prior to modification allowed by the SECURE Act 2.0), if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the Plan administrator will pay the distribution in a direct rollover to an individual retirement account designated by the Plan administrator. Under terms of the Plan, participants are eligible for in-service benefit payments from vested sub-accounts upon reaching age 59½. Hardship distributions are also permitted from participant accounts, based on the terms of the Plan document.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Draeger US Retirement Savings Plan
Notes to Financial Statements
As of and for the Years Ended December 31, 2025 and 2024

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's investment policies utilizing information provided by the investment advisors and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Contributions

Contributions from Plan participants and non-discretionary matching contributions are recorded in the year in which the employee contributions are withheld from compensation. Any discretionary non-elective contributions from the Company are recorded in the year in which the related participant compensation was earned.

Notes Receivable from Participants

Notes receivable from participants (participant loans for Form 5500 reporting purposes) are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to participant-specific transactions are charged directly to the participant's account and are included in administrative expenses. Certain investment-related expenses are included in the net appreciation in fair value of investments.

3. Information Certified by a Qualified Institution

The Plan administrator, having determined that it is permissible in the circumstances, elected to have the audits of the Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information included in the accompanying financial statements and ERISA-required supplemental schedule of assets (held at end of year) was obtained or derived from information obtained by the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company, trustee of the Plan and a qualified institution, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

- Investments, at fair value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Investment activity, including net appreciation in fair value of investments, interest and dividend income, other income and interest income on notes receivable from participants, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024.
- The information for all mutual funds (registered investment companies), common collective trusts, and participant loans listed in the schedule of assets (held at end of year) as of December 31, 2025, as shown in the ERISA-required supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the Financial Accounting Standards Board Accounting Standards Codification are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used as of December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The shares of mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts: Valued at the net asset value or equivalent based on units of the common collective trust. The NAV, as provided by the trustee of the common collective trust, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the common collective trust less its liabilities. This practical expedient is not used when it is determined to be probable that the common collective trust will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2025:

*In accordance with fair value measurement guidance, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented as investments in the statements of net assets available for benefits.

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31, 2025 and 2024.

The Plan's investment options include common collective trusts whose investment strategies are similar to target date funds and stable value funds. The objective of common collective trusts with target date strategies is to provide an age-based investment mix of stocks, bonds and short-term investments. The objective of the common collective trusts with a stable value strategy is to provide a predictable rate of return while preserving the safety of capital and minimizing market risk. These common collective trusts are redeemable at net asset value under agreements with the underlying common collective trusts. However, it is possible that these redemption rights may be restricted by the common collective trusts in the future in accordance with underlying common collective trust agreements. Due to the nature of the investments held by the common collective trusts, changes in market conditions and the economic environment may significantly impact the net asset value of the common collective trusts, and consequently, the fair value of the Plan's interest in the common collective trusts. Furthermore, changes in the liquidity provisions of the common collective trusts may significantly impact the fair value of the Plan's interest in the common collective trusts.

5. Related Party and Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds managed by an affiliate of Fidelity. Fidelity is the trustee and recordkeeper of the Plan. During the years ended December 31, 2025 and 2024, the Plan paid Fidelity \$209,769 and \$197,284, respectively, for recordkeeping and other direct costs. Therefore, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA. Fees incurred by the Plan for investment management services are included in the net appreciation in fair value of investments. Fees paid directly from participant accounts, including those for the administration of participant loans, are

included in administrative expenses. Additionally, for participants who have elected to take a participant loan, the loans are secured by the respective participant's account balance.

Fidelity Management Trust Company or its affiliates generate income to the Plan through revenue sharing agreements. More specifically, Fidelity Management Trust Company or its affiliates may receive revenue from mutual fund and common collective trust service providers for services Fidelity Management Trust Company or its affiliates provide to the funds and common collective trusts. This revenue may be used to offset certain amounts owed to Fidelity Management Trust Company or its affiliates for administrative services to the Plan. If the revenue received by Fidelity Management Trust Company or its affiliates from such mutual fund or common collective trust service providers exceeds the amount owed as agreed to by Fidelity Management Trust Company and the Plan for administrative services, Fidelity Management Trust Company or its affiliates is to remit the excess to the Plan. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During the years ended December 31, 2025 and 2024, the related amounts deposited into the Plan were \$87,028 and \$88,400 respectively. Of the related amounts deposited into the Plan, during the years ended December 31, 2025 and 2024, amounts used to pay administrative expenses were \$67,168 and \$68,102, respectively. Of the related amounts deposited into the Plan, during the years ended December 31, 2025 and 2024, amounts allocated to participants were \$53,458 and \$43,609, respectively. At December 31, 2025 and 2024, the balance in this account totaled \$11,966 and \$44,186, respectively. The Plan or Plan sponsor may make a payment to Fidelity Management Trust Company or its affiliates for administrative expenses not covered by revenue sharing.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Tax Status

Effective October 15, 2021, through the adoption of a Fidelity Pre-Approved Defined Contribution Plan, the Plan was amended and restated. The Internal Revenue Service ("IRS") issued an opinion letter dated June 30, 2020, stating that the pre-approved defined contribution plan document was designed in accordance with applicable IRC requirements as of that date. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes the Plan, as amended, is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

9. Subsequent Events

Effective January 1, 2026, the Plan was amended to remove eligibility service requirements for the discretionary non-elective contributions and to allow participants to elect distributions under a systematic withdrawal plan in the form of installment payments.

Effective January 1, 2026, the Plan was amended to change the vesting schedule in participants' non-discretionary matching contribution and discretionary non-elective contribution portions of their accounts from a 3-year cliff vesting schedule to a 3-year graduated vesting schedule.

The Plan has evaluated subsequent events through August 18, 2026, the date the financial statements were available to be issued.
