INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee and participants of the
Converge Technology Solutions US 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Converge Technology Solutions US 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements (the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of the report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified

investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Converge Technology Solutions US 401(k) Plan

Notes to Financial Statements December 31, 2025 and 2024

1. Description of Plan

The following description of the Converge Technology Solutions US 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document, copies of which are available from the plan administrator, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Converge Acquisition, LLC (the Company), who have completed one month of service and have attained the age of 18 as defined in the Plan document except for those employees who are members of a collective bargaining agreement, residents of Puerto Rico, or nonresident aliens. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was amended and restated effective April 1, 2024 to allow for In-Plan Roth rollovers and hardship withdrawals for In-Plan Roth rollover contributions originating from pre-tax 401(k) contributions. Effective January 1, 2025, the Plan was amended to allow for In-Plan Roth rollovers of matching contributions.

In April 2025, Converge Technology Solutions US was acquired by H.I.G. Capital and operates as Mainline Information Systems, LLC DBA Peller Technologies. As a result of the acquisition, effective January 1, 2026, plan assets of approximately \$242 million from the Converge Technology Solutions US 401(k) Plan merged into the Mainline Information Systems 401(k) Plan. Effective January 1, 2026, the Mainline Information Systems 401(k) Plan was amended and restated and the plan name was changed to Peller Technologies 401(k) Retirement Plan. T. Rowe Price Trust Company (T. Rowe Price) was the custodian and recordkeeper for the Plan and became the custodian and recordkeeper for the Peller Technologies 401(k) Retirement Plan. In connection with the plan merger, on January 2, 2026, plan assets of approximately \$106 million from the Mainline Information Systems 401(k) Plan were transferred from Principal Trust Company to T. Rowe Price to the Peller Technologies 401(k) Retirement Plan.

Contributions

Each participant may make pre-tax contributions and/or after-tax Roth contributions of up to 95% of eligible compensation, as defined by the Plan document, not to exceed a maximum of \$23,500 in 2025, plus up to an additional \$7,500 for participants who have reached at least 50 years of age by the end of the Plan year. Beginning in 2025, participants who turned age 60, but not older than age 63 by December 31, 2025, are eligible for catch-up contributions of \$11,250. Upon satisfying the eligibility requirements, participants are automatically enrolled in the Plan at 3% of eligible compensation, unless the employee elects otherwise. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Company may elect to make a discretionary matching contribution. The Company elected to make a discretionary matching contribution of 12.5% of

Converge Technology Solutions US 401(k) Plan

Notes to Financial Statements December 31, 2025 and 2024

each participant's contribution to the Plan, up to a maximum of 6% of the participant's total eligible compensation for the year ended December 31, 2025.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, the Company's contributions, and earnings and losses on the investments in their account, and is charged with certain administrative expenses. Upon enrollment in the Plan, a participant may direct any contributions to any of the investment options offered by the Plan. Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested in their contributions and rollovers plus actual earnings and losses thereon. Vesting in the Company contributions portion of their accounts is based on years of continuous service. A participant vests 33% per year and is fully vested after three years of credited service.

All amounts become fully vested upon the participant's attainment of normal retirement age, disability or death. Participants who previously participated in predecessor plans may be subject to different vesting schedules.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the vested balance of their account. A participant may have two notes outstanding at any time. The notes are secured by the balance in the participant's account and bear a reasonable rate of interest. During 2025, notes had fixed rates ranging from 3.25% to 9.50% for the term of the note, not to exceed five years unless used for the purchase of the participant's primary residence. Principal and interest are paid through payroll deductions. All notes must be repaid immediately after termination of employment.

Payment of Benefits

At the time of death, disability, termination of service, or retirement, the participant or their beneficiary may elect to receive a payment of the vested interest in their account in a lump-sum distribution or series of distribution payments. The participant's contributions may also be withdrawn in certain hardship situations. In-service withdrawals of all or part of the participant's vested account, are also permitted for participants who have attained age 59½. If a participant terminates employment and has an account balance less than \$7,000, the participant will automatically receive a lump-sum payment equal to the value of their account.

Converge Technology Solutions US 401(k) Plan

Notes to Financial Statements

December 31, 2025 and 2024

Forfeited Accounts

At December 31, 2025 and 2024, forfeited non-vested accounts totaled \$16,323 and \$17,455, respectively. Forfeitures may be used to pay Plan administrative expenses or to offset employer contributions. During 2025, the Company elected to use forfeitures totaling approximately \$36,459 to pay the discretionary matching contribution.

Administrative Expenses

The Plan document permits certain administrative expenses to be paid by the Plan. Expenses for transactions which are specifically attributable to a participant's account are charged directly to the participant's account. These expenses are paid to service providers of the Plan and therefore qualify as party-in-interest transactions. All other expenses are paid by the Company, and the Company does not expect reimbursement from the Plan for these expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Contributions

Participant contributions are considered payable to the Plan when withheld from the participant's paycheck. Company discretionary matching contributions are considered payable to the Plan when approved by the Company. Any unfunded participant or Company discretionary contributions are included in participant or employer contributions receivable on the statements of net assets available for benefits as of December 31, 2025 and 2024.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Net change in fair value of investments includes interest, dividends, and realized and unrealized gains and losses on those investments. Interest is recorded when received.

Converge Technology Solutions US 401(k) Plan

Notes to Financial Statements December 31, 2025 and 2024

Notes Receivable from Participants

Notes receivable from participants are carried at their outstanding balance. Interest income is recognized when received. If a participant ceases to make note repayments and the plan administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded. Notes receivable from participants also qualify as party-in-interest transactions.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through September 8, 2026, which is the date the financial statements were available to be issued.

3. Information Certified by the Qualified Institution

All investment information in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants as of December 31, 2025 and 2024, and the net change in fair value of investments and interest income for the year ended December 31, 2025, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by T. Rowe Price, the Plan's qualified institution.

4. Investments

Investments are exposed to various risks, such as market, currency, interest rate and credit risks. Market risks include U.S. and global events which could impact the value of Plan investments. Such events would include a healthcare crisis, such as a pandemic, international conflicts, supply chain disruptions, global monetary policy decisions, significant exogenous economic influences, significant cyber security attack, or other similar events. It is at least reasonably possible that changes in their fair value will occur in the near term and that such changes could materially affect participants' account balances.

Certain Plan investments include mutual funds, common trust funds, and a stable value fund that are managed by T. Rowe Price. Accordingly, transactions in these investments qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net change in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

Converge Technology Solutions US 401(k) Plan

Notes to Financial Statements December 31, 2025 and 2024

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other observable data, including quoted prices for identical assets or liabilities in inactive markets

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Investments in mutual funds are stated at quoted market prices for the identical security in an active market (Level 1).

The Plan invests in a stable value fund held in a common trust. The stable value fund invests in fully benefit-responsive guaranteed investment contracts (GICs), which are general obligations of the insurance companies that issue the contracts, as well as synthetic GICs. The stable value fund trades at the net asset value (NAV), which is based on the contract value of the underlying investments (Level 1). Participants transact at NAV daily in an active market. The stable value fund includes certain redemption restrictions. If the Plan chooses to redeem all or a significant portion of the stable value fund, the issuer may require a 12-month wait period to redeem.

Fair value of the common trust funds are determined by prices published daily by the trust manager, which is the NAV of the common trust fund (Level 1). Net asset value is determined by the fair value of the mutual funds, stocks, and other securities in the common trust funds. Participants can trade the common trust funds daily at the published NAV.

Investments in the self-directed brokerage accounts include mutual funds, money market funds, and common stock. All assets are traded through a broker and are considered Level 1 assets.

Converge Technology Solutions US 401(k) Plan

Notes to Financial Statements

December 31, 2025 and 2024

The following table summarizes the Plan's investments based on the inputs used to determine their fair values as of December 31, 2025 and 2024:

	Level 1	
	2025	2024
Common trust funds	\$ 175,020,280	\$ 153,809,849
Mutual funds	60,112,188	48,385,705
Stable value funds	2,976,026	4,531,222
Self-directed brokerage account	647,985	294,450
Total investments, at fair value	\$ 238,756,479	\$ 207,021,226

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their Company contributions.

6. Income Tax Status

The Plan uses a prototype plan document prepared by T. Rowe Price Retirement Plan Services, Inc. (TRPRPS), an affiliate of T. Rowe Price. The Internal Revenue Service has provided an opinion letter dated August 19, 2020, stating that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has not obtained an individual determination letter and has been amended since TRPRPS has received the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. The Plan's income tax returns for the past three years are subject to examination by taxing authorities and may change upon examination.

7. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500 at December 31, 2025 and 2024:

	2025	2024
Net assets available for benefits per the financial statements	\$ 242,215,225	\$ 209,873,844

Converge Technology Solutions US 401(k) Plan

Notes to Financial Statements

December 31, 2025 and 2024

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2025:

Net increase in net assets available for benefits per the financial statements	\$ 32,341,381
Plus prior year employer contributions receivable	1,108,678
Less current year employer contributions receivable	(1,156,574)
Less current year employee contributions receivable	(328,287)
<u>Net increase in net assets available for benefits per the Form 5500</u>	<u>\$ 31,965,198</u>

The Form 5500 is prepared on the cash basis method. The above reconciliations are included to show the difference between the cash basis Form 5500 and the accrual basis financial statements.
