INDEPENDENT AUDITOR'S REPORT

TO THE PARTICIPANTS AND ADMINISTRATOR OF SYRACUSE LABEL CO., INC. PROFIT SHARING PLAN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of **Syracuse Label Co., Inc. Profit Sharing Plan**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Syracuse Label Co., Inc. Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Syracuse Label Co., Inc. Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Syracuse Label Co., Inc. Profit Sharing Plan's ability to continue as a going concern within one year after the date of the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Syracuse Label Co., Inc. Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Syracuse Label Co., Inc. Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SYRACUSE LABEL CO., INC. PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

NOTE 1 – GENERAL DESCRIPTION OF THE PLAN

The following description of the Syracuse Label Co., Inc. Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Syracuse Label Company, Inc. (the “Company”) and its wholly owned subsidiary W.N. Van Alstine & Sons, Inc., which participates in the Plan as a participating employer. Employees are eligible to participate in the Plan on the first day of the quarter (January, April, July, or October) following completion of six months of service and a minimum of 800 hours. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Each year, participants may contribute pretax or taxed annual compensation, as defined in the Plan, subject to Internal Revenue Service (“IRS”) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catchup contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). The Company will match 25% of the first 10% of the participant’s contribution. Employer matching contributions totaled approximately \$197,000 and \$216,000 for the years ended December 31, 2025 and 2024, respectively. Participants direct the investments of their contributions into various options offered by the Plan.

In addition, the Company may also make discretionary profit-sharing contributions on the participants’ behalf. This type of contribution shall be within the discretion of the management of the Company. For both the years ended December 31, 2025 and 2024, the Company elected not to make a discretionary profit-sharing contribution.

Participant Accounts

Each participant’s account is credited with the participant’s contribution plus allocations of (a) the Company’s matching and discretionary profit-sharing contributions, (b) Plan earnings, (c) the participant’s loan activity, if applicable, and (d) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

NOTE 1 – GENERAL DESCRIPTION OF THE PLAN – Continued

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer's matching and discretionary profit-sharing contributions plus actual earnings thereon is based upon years of continuous service.

Vesting of employer contributions is as follows:

Years of Service	Vesting Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participants become 100% vested in Company matching and discretionary profit-sharing contributions if they die or become disabled while employed with the Company.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments, either annually or more frequently. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. A participant of at least 59 1/2 years of age may also be eligible to receive in-service distributions subject to other requirements.

Forfeited Accounts

At December 31, 2025 and 2024, forfeited non-vested accounts totaled approximately \$1,600 and \$24,700, respectively. Forfeitures can be utilized to reduce plan expenses or employer contributions. Employer contributions were reduced by forfeitures of approximately \$39,000 and \$0 for the years ended December 31, 2025 and 2024, respectively.

SYRACUSE LABEL CO., INC. PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

NOTE 1 – GENERAL DESCRIPTION OF THE PLAN – Continued

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loans fund. Loan terms range from 1-5 years or up to 25 years for the purchase of a primary residence. The loans are secured by the vested balance in the participant's account and bear interest at a fixed rate equal to the prime rate in effect at the time the loan is funded plus 1.50%. Participants are permitted to have only two loans outstanding at a time. Principal and interest are paid ratably through payroll deductions.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

The accounting principles and practices which affect the more significant elements of the financial statements are:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure on contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for the fully benefit-responsive investment contract with an insurance company, which is reported at contract value). Fair value is the price that would be received to sell or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurement.

Purchases and sales are recorded on trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net investment income includes the plan's gains and losses on investments bought and sold as well as held during the year.

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES – Continued

Risks and Uncertainties

The Plan provides for various investment options in any combination of a variety of mutual funds and investment contracts. Investments in mutual funds are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain mutual funds, it is at least reasonably possible that changes in values of mutual funds will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes Receivable from Participants

Loans to participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net investment gain.

Subsequent Events

Plan management has evaluated subsequent events from December 31, 2025 through August 24, 2026, which is the date the financial statements were available to be issued. Management has determined that no such events have occurred.

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

NOTE 3 – CHANGE IN CLASSIFICATION OF INVESTMENT CONTRACT

During the year ended December 31, 2024, the Plan re-evaluated the terms of its investment contract with Voya Retirement Insurance and Annuity Company and determined that the contract now meets the criteria to be classified as fully benefit-responsive under FASB ASC 962-325-35-9. As a result, the Plan changed the measurement of this investment contract from fair value to contract value in the statement of net assets available for benefits, effective January 1, 2024. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The change in classification was applied prospectively as the effect on prior periods was not material to the financial statements. Accordingly, prior period amounts have not been restated.

The total contract value of the investment contract as of December 31, 2024 was \$1,183,967.

NOTE 4 – FAIR VALUE

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of observable inputs. The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification No. 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

NOTE 4 – FAIR VALUE – Continued

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There has been a change in the methodologies used at December 31, 2024 in regard to the Voya Fixed Account. There have been no other changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds: Valued at the net asset value ("NAV") of shares held by the plan at year end. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Investment Contract with Insurance Company: Investment contract with Voya Retirement Insurance and Annuity Company that guarantees principal and a guaranteed minimum interest rate ("GMIR") for the life of the products as well as two declared interest rates; a current rate, determined at least monthly/quarterly, and a guaranteed minimum floor rate declared for a defined period (currently one calendar year). The current rate, the guaranteed minimum floor rate and the GMIR are expressed as annual effective yield. Plan Management had previously determined the investments are not fully benefit-responsive due to restrictions that apply to transfers and withdrawals from the accounts. The market value was determined by comparing the contract agreement to an applicable rate, the fixed account interest rate, and the date of contract issuance. As discussed in Note 3, Plan Management has reevaluated the contract as of January 1, 2024, and determined the contract to be fully benefit-responsive and is now reported at contract value for both the Plan years ended December 31, 2025 and 2024.

NOTE 4 – FAIR VALUE – Continued

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	December 31, 2025			Total
	Level 1	Level 2	Level 3

NOTE 5 – GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

Nationwide Life Insurance Company

Included in the plan merger with W.N. Van Alstine & Sons, Inc. & Macaran Printed Products 401(k) Plan was a guaranteed investment contract with Nationwide Life Insurance Company (“Nationwide”). W.N. Van Alstine & Sons, Inc. & Macaran Printed Products 401(k) Plan entered into a contract with Nationwide to transfer the assets remaining with Nationwide to Voya Retirement Insurance and Annuity Company over a five-year term. Per the terms of the contract, there is no market value adjustment made to these assets as they will be transferred at their contract value at the time of transfer for the applicable payout. The fourth of five transfers took place during the 2025 Plan year, with one remaining to be transferred in 2026. Therefore, the guaranteed investment contract with Nationwide is stated at contract value.

**NOTE 5 – GUARANTEED INVESTMENT CONTRACT WITH
INSURANCE COMPANY – Continued**

Voya Retirement Insurance and Annuity Company

The Plan invests in the Voya Fixed Account, a group annuity contract issued by Voya Retirement Insurance and Annuity Company. The Voya Fixed Account is a fully benefit-responsive investment contract, measured at contract value, which represents contributions made under the contract, plus credited earnings, less participant withdrawals and administrative expenses.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. While participant-initiated transactions (e.g., withdrawals, loans, distributions, and transfers to non-competing funds) are permitted at contract value, transfers to certain competing funds may be subject to an equity wash provision, which requires balances to first be transferred into a non-competing option for a stated period. Withdrawals initiated by the Plan (such as contract termination or bulk transfers not initiated by participants) may be subject to a market value adjustment (MVA) or surrender charge. These provisions do not affect the fully benefit-responsive status of the investment, as participants may access contract value for all plan-permitted transactions.

The interest credited to participant accounts is determined periodically by the insurance company and is not less than the guaranteed minimum rate specified in the contract.

NOTE 6 – INCOME TAX STATUS

The Company has adopted the Benefit Plans Administrative Services LLC Non-Standardized Pre-Approved Profit-Sharing Plan with CODA that has received an opinion letter from the IRS dated June 30, 2020, which states that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (“IRC”). Although the Plan has been amended since adopting the approved plan document, the Plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. As the Plan is tax-exempt, the Plan administrator has concluded that as of December 31, 2025, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.
