INDEPENDENT AUDITORS' REPORT

To the 401(k) Plan Administration Committee of
ASIC North 401(K) Plan
Williston, Vermont

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of ASIC North 401(K) Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors’ Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of ASIC North 401(K) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about ASIC North 401(K) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of ASIC North 401(K) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about ASIC North 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ASIC North 401(K) Plan
Notes to Financial Statements
December 31, 2025 and 2024

(1) Description of Plan

The following description of the ASIC North 401(K) Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

- (a) General – The Plan was established January 1, 2015 as a defined contribution plan covering all eligible employees of ASIC North, Inc. (the “Company”). Employees must attain the age of 21 to participate and will be eligible to make salary deferrals on the first day of the month on or after the day they have met the age requirement.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Board of Directors oversees governance of the Plan. The Plan's 401(k) Plan Administration Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Board of Directors.

- (b) Employee Contributions – Participants may contribute up to 100% of eligible compensation as defined in the Plan, limited to a maximum amount as set by the Internal Revenue Service (“IRS”). These contributions may be pre-tax or after-tax Roth contributions. Participants are automatically enrolled in the Plan at 3% once they have met the eligibility requirements, unless they opt out. Participants who have attained the age of 50 before the end of the year may contribute additional catch-up amounts as set by the IRS. Further, beginning in 2025 participants who are age 60 to 63 may contribute “super catch-up” contributions up to IRS limits. Participants may also contribute amounts representing rollovers from other qualified plans.
- (c) Employer Contributions – Participants are also eligible for safe harbor and profit-sharing contributions. These contributions are based on eligible compensation. The Company makes a safe harbor contribution of 3% and profit-sharing contribution of 7%. These contributions are allocated to participant accounts each payroll period.
- (d) Vesting – Participants are 100% vested in their accounts at all times.
- (e) Payment of Benefits – Upon termination of service due to death, disability, or retirement, a participant may elect to receive distributions equal to the value of the participant's account balance. The participant may choose either a lump sum distribution or partial payments. If a participant's vested balance is less than \$7,000, it is mandatory that the benefits be distributed from the Plan.

Hardship distributions are permitted under the Plan. The amount of hardship distributions may not exceed the balance of the account. Participants may take in-service distributions of their pre-tax, Roth, and profit-sharing deferrals once they reach the age of 59½. Participants can also withdraw rollover contributions at any time.

ASIC North 401(K) Plan
Notes to Financial Statements
December 31, 2025 and 2024

Description of Plan (continued)

- (f) Participant Accounts – Each participant's account is credited with the participant's contribution, allocations of the Company's contributions, and Plan earnings and expenses. Allocations are based on participant earnings, compensation, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from their vested account. Each participant determines the investment strategy of their account as provided by the Plan.
- (g) Notes Receivable – Participants are permitted to have two outstanding loans at any time. Participants may borrow from their accounts, less Roth deferrals, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Participants may only take loans from those accounts invested in mutual funds. The loans are secured by the balance in the participant's account and bear interest at the prime rate as specified in the Wall Street Journal.

(2) Summary of Significant Accounting Policies

- (a) Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.
- (b) Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.
- (c) Investment Valuation and Income Recognition – Plan investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.
- (d) Benefit Payments – Benefits are recorded when paid.
- (e) Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Certain investment and administrative expenses regarding distributions and loans are charged to participant accounts or deducted from check proceeds.
- (f) Notes Receivable – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

ASIC North 401(K) Plan
Notes to Financial Statements
December 31, 2025 and 2024

Summary of Significant Accounting Policies (continued)

- (g) Subsequent Events – The Plan has evaluated subsequent events through August 18, 2026, the date the Plan’s financial statements were available to be issued.

(3) Information Certified by the Plan’s Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus, LLC, the trustee of the Plan, has certified to the completeness and accuracy the investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, the schedule of assets held for investment purposes as of December 31, 2025, and the related investment activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024.

(4) Income Tax Status

The Plan is based on a prototype plan that obtained an opinion letter dated June 30, 2020, stating that the form of the prototype plan is acceptable under Section 401 of the Internal Revenue Code (“IRC”). The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

(5) Related Parties

The Plan has a number of service providers. Such parties are considered parties-in-interest under ERISA.

(6) Withdrawing Participants

All participants who have withdrawn from the Plan and requested their benefits have been paid as of December 31, 2025.

(7) Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination and payment of all expenses, the assets of the Plan would be distributed to participants based upon amounts outstanding in their account as of the date of liquidation. Additionally, the Company may amend the Plan at any time without the consent of any participant or beneficiary, provided that no amendment deprives any participant of the participant's accrued benefit.

(8) Fair Value Measurements

Accounting principles generally accepted in the United States of America establish a framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value:

Mutual funds, money market funds, and self-directed brokerage accounts: Valued at the closing price reported on the active market on which the individual securities are traded.

Fair Value Measurements (continued)

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:
