INDEPENDENT AUDITORS' REPORT

To the Retirement Plan Committee, Participants, and Beneficiaries
of the Veradigm LLC. Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Veradigm LLC. Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

"EisnerAmper" is the brand name under which EisnerAmper LLP and Eisner Advisory Group LLC and its subsidiary entities provide professional services.

EisnerAmper LLP and Eisner Advisory Group LLC are independently owned firms that practice in an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable law, regulations and professional standards. EisnerAmper LLP is a licensed CPA firm that provides attest services, and Eisner Advisory Group LLC and its subsidiary entities provide tax and business consulting services. Eisner Advisory Group LLC and its subsidiary entities are not licensed CPA firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

VERADIGM LLC. RETIREMENT SAVINGS PLAN

Notes to Financial Statements December 31, 2025 and 2024

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Veradigm LLC. Retirement Savings Plan (the "Plan"), formerly the Allscripts Retirement Savings Plan, provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

[1] General:

The Plan is a defined contribution plan covering all full-time employees of Veradigm LLC.; Babel Health, LLC; Allscripts Software, LLC dbMotion, Inc.; Allscripts Managed Services, LLC; 2bPrecise LLC f/k/a Precision Medicine, LLC; Allscripts Analytics, LLC; PF2 EIS LLC; Practice Fusion Inc.; and Allscripts Next, LLC (collectively, the "Company") who are age 18 or older, except for union employees, non-resident aliens, leased employees, employees who perform services substantially at a location outside of the U.S. and are covered by a retirement plan in the foreign jurisdiction, and any employee covered by another qualified retirement plan of the Company or an affiliated employer. Effective January 1, 2025, the Plan was amended to include Physicians Resources Ltd as an adopting employer, as well as to allow for participation of part-time and temporary/seasonal employees, if such employee is credited with at least 1,000 hours of service during the eligibility computation period. Eligible employees can begin participating in the Plan on the first day of the month following the date that eligibility requirements are satisfied. Charles Schwab Trust Bank (the "Trustee") serves as the Plan's trustee. Schwab Retirement Plan Services, Inc. is the recordkeeper (the "Recordkeeper"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

[2] Contributions:

Participants may contribute up to the lesser of 70% of pre-tax or after-tax annual compensation, as defined by the Plan, or the annual statutory limit determined by the Internal Revenue Code ("IRC"). The Plan also permits Roth contributions, and participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). The Plan also allows conversion of pretax contributions to Roth contributions.

The Plan includes an automatic enrollment provision, whereby newly eligible participants are automatically enrolled in the Plan at an initial contribution rate of 4% of their eligible compensation. Effective January 1, 2025, the Plan was amended so that, unless an employee affirmatively elects otherwise, deferral contributions for each active participant with automatic enrollment contributions made on their behalf shall increase by 1% annually until the contribution percentage reaches 10%.

The Company makes a safe harbor contribution in an amount equal to 100% of the participant's contribution that does not exceed 4% of eligible compensation. Additional discretionary non-safe harbor non-elective contributions may be made at the option of the Retirement Plan Committee. If participants are no longer employed on the last day of the allocation period, they must have been credited with 91 days of employment during the period in order to be eligible for the non-safe harbor non-elective contribution. The Company did not make any non-safe harbor non-elective contributions during 2025. Contributions are subject to certain limitations. Participants direct the investment of participant and employer contributions into various investment options offered by the Plan.

[3] Participant accounts:

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's safe harbor contributions and non-safe harbor non-elective contributions, if any, and (b) Plan earnings, and may be charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested balance.

VERADIGM LLC. RETIREMENT SAVINGS PLAN

Notes to Financial Statements December 31, 2025 and 2024

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

[4] Vesting:

Participants are vested immediately in their contributions, the Company's safe harbor contributions, and the Company's non-safe harbor non-elective contributions, plus actual earnings thereon.

[5] Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. The loan term is up to five years for a general-purpose loan and up to ten years for the purpose of purchasing a primary residence. The loans are secured by the vested balance in the participant's account and bear interest at a reasonable rate of interest to be determined based on current interest rates charged by persons in the business of lending money for similar loans at the time the loan is made. Interest rates on outstanding loan balances range from 4.25% to 9.50% at December 31, 2025 and 2024. Principal and interest are paid ratably through payroll deductions. A participant may have two loans outstanding. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan documents.

Effective November 15, 2024, the Plan elected to implement various provisions of the Secure 2.0 Act of 2022 for participants whose principal place of abode was located in a qualified disaster area and sustained an economic loss as a result ("Qualified Individual") at any time during the period specified by the Federal Emergency Management Agency that the disaster occurred ("Incident Period"). The provisions elected include suspension of loan repayment for Qualified Individuals beginning on the first day of the Incident Period and ending after 180 days and to change the maximum that Qualified Individuals can borrow during the applicable period from their fund accounts to the lesser of \$100,000 reduced by the excess of the highest outstanding balance of the participant's loans during the 1 year period to the new loan being made, or 100% of their vested account balance.

[6] Payment of benefits:

The Plan permits withdrawals when a participant terminates employment, retires, or becomes disabled or deceased. In-service withdrawals are also permitted for certain financial hardships or when a participant attains age 59½. Participants may elect to receive annual installments, partial distributions, or a lump-sum amount.

Effective November 15, 2024, the Plan elected to implement various provisions of the Secure 2.0 Act of 2022 for Qualified Individuals to allow them to take a qualified disaster recovery distribution up to \$22,000 and to permit recontributions of qualified disaster recovery distributions and certain qualified hardship withdrawals for home purchases beginning on the first day of the Incident Period and ending after 180 days.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of accounting:

The financial statements of the Plan are presented on the accrual basis of accounting.

Investments held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

VERADIGM LLC. RETIREMENT SAVINGS PLAN

Notes to Financial Statements December 31, 2025 and 2024

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

[2] Subsequent events:

The Plan Sponsor has evaluated subsequent events through August 17, 2026, the date the financial statements were available to be issued.

[3] Investment valuation and income recognition:

Investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

[4] Payment of benefits:

Benefits are recorded when paid.

[5] Plan expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants, hardship withdrawals, and the self-directed personal-choice retirement accounts ("PCRAs") are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

[6] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

[7] Reclassifications:

Certain amounts in the 2024 financial statements and disclosures have been reclassified to conform to the presentation in the 2025 financial statements.

NOTE C - INVESTMENT CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Charles Schwab Trust Bank, has certified to the completeness and accuracy of all investments and related investment activity and notes receivable from participants and related activity in the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, the statement of changes of net assets available for benefits for the year ended December 31, 2025, and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2025.

VERADIGM LLC. RETIREMENT SAVINGS PLAN

Notes to Financial Statements December 31, 2025 and 2024

NOTE D - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board's Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

PCRA accounts, self-directed brokerage accounts - Consists of investments in interest-bearing cash, common stock, mutual funds, exchange-traded funds, and money market funds which are valued on the basis of readily determinable market prices. The money market funds, mutual funds, and exchange-traded funds are required to publish their daily NAV and to transact at that price. The common stock is valued at the closing price reported on the active market on which the individual securities are traded.

Collective trust funds - Investment funds formed by the pooling of investments by institutional investors, such as a group of not-necessarily affiliated pension or retirement plans, typically with the intention of achieving cost savings over similar investment options such as mutual funds. Collective trusts are similar to mutual funds, with a named investment manager and documented investment objective. These investments, however, are not registered with the SEC (unlike mutual funds, which are registered) and participation is not open to the public. The NAV is measured by the custodian or investment manager as of the close of regular daily trading. These investments are classified within Level 2 of the fair value hierarchy. When measuring the fair value of such funds, the NAV, as provided by the fund sponsor, is corroborated with observable inputs provided by pricing services for the securities. In certain instances, NAVs may require adjustments to more appropriately reflect the fair value. No adjustments to NAVs were required.

The collective trust funds have a daily redemption frequency and a redemption notice period is not required. There are no unfunded commitments. The valuation of fund units is published daily and is the basis for current transactions.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

NOTE E - NEW YORK LIFE INSURANCE COMPANY ANCHOR ACCOUNT

The Plan invests in the New York Life Insurance Company Anchor Account IV Fund ("Pooled Separate Account #25" or "Anchor Account"), a stable value pooled separate account made available through a participating group annuity contract, which is designed to be an investment contract. The contract is reported at contract value.

The group annuity contract provides for two distinct accounts:

1. The Stable Value Account, a book value record of the amounts deposited to and withdrawn from the pooled separate account. The Stable Value Account is at all times equal to the contributions made to the contract plus interest credited, plus dividends, if any, minus expenses withdrawn and minus withdrawals, and
2. The Pooled Separate Account #25, the underlying investment account in which all contributions are invested.

NOTE E - NEW YORK LIFE INSURANCE COMPANY ANCHOR ACCOUNT (CONTINUED)

Because the Anchor Account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. Interest is accrued daily and credited monthly and the interest rates are guaranteed by New York Life Insurance Company to be no less than 0%. Participants transact at book value and there is a clause requiring 12-month advance notice of discontinuance of the investment offering by the Plan sponsor in order to avoid a market value adjustment charge, as defined. Participant transfers to a competing fund must first go through a non-competing investment option for at least 90 days.

The contract value of the New York Life Anchor Account IV Fund as of December 31, 2025 and 2024, was \$24,908,829 and \$26,655,534, respectively.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code;
2. Premature termination of the contracts;
3. Plan termination or merger;
4. Changes to the Plan's prohibition on competing investment options; or
5. Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations

The contract also limits the amount the Plan may withdraw for certain Plan sponsor-initiated events, such as a plan termination, merger, or layoff, to a percentage of the contract's assets in a given contract year. No such events have occurred during the year, and this limitation is not expected to have a material effect on the Plan's financial statements.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value such as:

1. An uncured violation of the Plan's investment guidelines;
2. A breach of material obligation under the contract;
3. A material misrepresentation; or
4. A material amendment to the agreements without the consent of the issuer.

VERADIGM LLC. RETIREMENT SAVINGS PLAN

Notes to Financial Statements December 31, 2025 and 2024

NOTE F - INCOME TAX STATUS

The Plan has adopted the non-standardized pre-approved profit sharing/money purchase/CODA sponsored by Schwab Retirement Plan Services, Inc. On September 21, 2020, the Internal Revenue Service ("IRS") stated in an opinion letter that the pre-approved plan adopted by the Plan, as then designed, was in compliance with applicable requirements of the IRC and, therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

NOTE G - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Charles Schwab Trust Bank is the Trustee of the Plan; therefore, transactions with the Trustee qualify as party-in-interest transactions that are allowable under ERISA. For the year ended December 31, 2025, fees paid by the Plan to the Trustee totaled \$258,893. The Plan also pays investment advisory fees. As service providers to the Plan, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to these service providers totaled \$184,319 for the year ended December 31, 2025.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2025 may not necessarily be indicative of amounts that could be realized in a current market exchange.

NOTE I - PLAN TERMINATION

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE J - MUTUAL FUND FEES

Certain investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940. These annual fees are used to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.
