INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Muller Martini 401(k) Super Savings Investment Plan

SCOPE AND NATURE OF THE ERISA SECTION 103(A)(3)(C) AUDIT

We performed audits of the accompanying financial statements of the Muller Martini 401(k) Super Savings Investment Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024, the related Statements of Changes in Net Assets Available for Benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management obtained a certification from a qualified institution as of December 31, 2025 and 2024 and for the years then ended stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

OPINION ON THE FINANCIAL STATEMENTS

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BASIS FOR OPINION

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

RESPONSIBILITIES OF MANAGEMENT FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

AUDITORS' RESPONSIBILITIES FOR THE AUDITS OF THE FINANCIAL STATEMENTS

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

SUPPLEMENTAL SCHEDULE REQUIRED BY ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and to certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the

certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Muller Martini 401(k) Super Savings Investment Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a participant-directed, defined contribution plan covering all employees of Muller Martini Corp (Company) who complete a two-month period of service and who are at least 18 years old. The Plan provides for retirement, disability, and death benefits and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participants in the Plan may elect to contribute no less than 1% of their income on a tax-deferred basis, not to exceed annual limits as specified by the Internal Revenue Code (Code). Participants who turn 50 years old before the end of the Plan year are eligible to make catch-up contributions. Participants who are between 60 and 63 years old before the end of the Plan year are eligible to make additional catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants' contributions are matched by the Company at 150% of the first 2% of deferrals and 20% of the next 5% of deferrals. The Company may also make an annual discretionary profit sharing contribution. Eligible participants who do not elect otherwise are automatically enrolled to make a 7% deferral and deferrals are automatically increased by 1% annually up to a maximum of 15%.

Participant Accounts

Each participant's account is adjusted to reflect any appreciation or depreciation in the fair value of the participant's share of each fund's investments and related share of investment income or loss. Company contributions are credited to each participant's account in accordance with the Plan's contribution policy, and administrative expenses, if not paid by the Company, are allocated in proportion to each participant's account balance, except for loan maintenance fees. The benefit to which each participant is entitled is the value that can be derived from the participant's vested account.

Notes Receivable From Participants

Participants may borrow against the balance in their accounts, up to the lesser of 50% of their vested balance or $50,000 with a minimum borrowing amount of $1,000. Loan terms require amortization of principal and interest over a period not to exceed five years. Loans used to acquire a principal residence may extend beyond a five-year term. Loans bear interest at the prime rate plus 1%. Loans are repaid through payroll deductions and may be repaid in full at any time.

(See Independent Auditors' Report)

Vesting

Participants are fully vested in their voluntary contributions. Vesting in Company contributions is based on years of service with full vesting being attained after three years. Full vesting also occurs upon a participant's death or total disability. In the event the Plan is terminated, participants will become 100% vested in their accounts.

Forfeitures

At December 31, 2025 and 2024, forfeited accounts totaled $22,271 and $49,442, respectively. These amounts are used to reduce future Company contributions and Plan expenses. During the years ended December 31, 2025 and 2024, approximately $53,000 and $38,000, respectively, of forfeited accounts were used to reduce Company contributions to the Plan.

Plan Termination

Although it has not expressed any intent to do so, the Company may terminate the Plan at any time in whole or part. In the event of Plan termination, the accrued benefits of all participants affected shall become fully vested and nonforfeitable, and the Custodian shall distribute to the participants or their beneficiaries or estates all assets remaining in the Plan after payment of any expenses properly chargeable to the Plan. Such distribution shall be equal to the value of the participants' accounts as of the date of the termination of the Plan, adjusted to reflect any increments or decrements occurring between such termination date and the date of distribution.

Payment of Benefits

Upon the normal retirement age of 59½ or termination of employment, a participant will be paid in a lump sum amount equal to the participant's account balance on any date selected through age 72. Upon termination of service due to death or disability, a participant or beneficiary may elect to receive an amount equal to the value of the participant's vested interest in the participant's account in a lump sum amount, installments, or as a life annuity.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Accounting Standards Codification

All references in the financial statements to the Codification refer to the Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles (GAAP) issued by the Financial Accounting Standards Board. The Codification is the single source of authoritative GAAP in the United States.

Basis of Accounting

The financial statements of the Plan are prepared in accordance with the accrual basis of accounting.

(See Independent Auditors' Report)

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Valuation of Investments

The Plan's investments are stated at fair value. See Note 4 for a discussion of fair value measurements.

Contributions and Related Receivables

Contributions from Plan participants are recorded in the year in which the participant contributions are withheld from compensation paid to participants. The employer contributions are recorded the year in which the employer designated the contribution.

Payments of Benefits

Benefits are recorded when paid.

Plan Expenses

The Company pays the majority of expenses associated with administering the Plan. Expenses paid by the Plan include recordkeeping and custodian fees.

Notes Receivable From Participants

Notes receivable from participants are carried at their unpaid principal balance plus accrued interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan agreement.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and those changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

Reclassifications

Certain prior year amounts were reclassified to conform with the current year presentation.

Subsequent Events

The Plan evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through August 6, 2026, the date the financial statements were available to be issued.

(See Independent Auditors' Report)

NOTE 3 – INFORMATION CERTIFIED BY THE CUSTODIAN

Voya Retirement Insurance and Annuity Company (Voya), the Custodian of the Plan as of December 31, 2025 and 2024, certified the completeness and accuracy of all investments reflected in the accompanying financial statements. This information was not audited by the Plan's independent auditors. As of December 31, 2025 and 2024, certified investment information consisted of the following:

	2025	2024
Pooled Separate Accounts	$ 56,976,554	$ 53,164,704
Collective Trust	4,607,488	3,726,773
Total Investments	$ 61,584,042	$ 56,891,477

During the years ended December 31, 2025 and 2024, certified investment income consisted of the following:

	2025	2024
Net Appreciation in Fair Value of Investments	$ 7,914,660	$ 6,554,459

NOTE 4 – VALUATION OF INVESTMENTS

Investments are recorded at fair value in accordance with the provisions of the Fair Value Measurements and Disclosures Topic of the Codification, which establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under the Codification are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets;

Quoted prices for identical or similar assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the asset or liability;

(See Independent Auditors' Report)

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Below are descriptions of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used at December 31, 2025 and 2024.

Pooled Separate Accounts: Valued at the net asset value (NAV) of shares held by the Plan at year end. NAV is quoted on a private market that is not active; however, the share price is based on underlying investments which are traded on an active market.

Collective Trust: Valued using NAV per unit. The NAV is based on the value of the underlying investments owned by each fund, minus its liabilities, and then divided by the number of units outstanding. Participant-initiated transactions may occur daily at NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	2025		
	Level 1	**Level 2**	**Total**
Pooled Separate Accounts	$ -	$ 56,976,554	$ 56,976,554
Collective Trust	-	4,607,488	4,607,488
Total	$ -	$ 61,584,042	$ 61,584,042

(See Independent Auditors' Report)

	2024		
	Level 1	Level 2	Total
Pooled Separate Accounts	$ -	$ 53,164,704	$ 53,164,704
Collective Trust	-	3,726,773	3,726,773
Total	$ -	$ 56,891,477	$ 56,891,477

NOTE 5 – TAX STATUS

The Plan adopted the Voya Retirement Insurance and Annuity Company Defined Contribution Non-Standardized Pre-Approved Plan (Pre-Approved Plan). The Internal Revenue Service (IRS) issued an opinion letter stating that the Pre-Approved Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan was subsequently amended and restated. The Plan Administrator believes the Plan is designed and operating in compliance with the applicable provisions of the Code. Therefore, no provision for income taxes was included in the Plan's financial statements.

GAAP requires Plan management to evaluate uncertain tax positions for recognition in the financial statements. The Plan Administrator concluded that there were no uncertain tax positions taken as of December 31, 2025.

NOTE 6 – RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by the Custodian of the Plan. These transactions qualify as parties-in-interest transactions. The Plan pays investment management and recordkeeping fees to parties-in-interest. The Plan paid approximately $47,000 and $46,000 to parties-in-interest for the years ended December 31, 2025 and 2024, respectively. These parties-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

In addition, administrative fees were paid indirectly through revenue sharing and are included in the net appreciation in fair value of investments.

NOTE 7 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits as stated in the accompanying financial statements as of December 31, 2025 and 2024 to Form 5500:

	2025	2024
