Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Lake Shore, Inc. Steelworkers Pension Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits – modified cash basis as of November 30, 2025 and 2024, and the related statements of changes in net assets available for benefits – modified cash basis for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended November 30, 2025 and 2024 stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of Lake Shore, Inc. Steelworkers Pension Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2: this includes determining that the modified cash basis of accounting is an acceptable basis for preparation of the financial statements and circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Lake Shore, Inc. Steelworkers Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Lake Shore, Inc. Steelworkers Pension Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

LAKE SHORE, INC. STEELWORKERS PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
NOVEMBER 30, 2025 AND 2024

NOTE 1 DESCRIPTION OF PLAN

The following description of Lake Shore, Inc. Steelworkers Pension Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a noncontributory defined benefit pension plan established November 1, 1958. The Plan was amended and restated throughout the years to comply with tax legislation.

The Plan covers certain union employees of Lake Shore, Inc. (Lake Shore) who have met requirements as to length of service and age. During 1989, Lake Shore shut down two facilities at which Plan participants were employed. Accordingly, the Plan was frozen to new participants and related employees ceased accruing benefits under the Plan effective May 16, 1989, for one facility, and effective August 30, 1989, for the other facility. During 1990, Lake Shore shut down another facility at which Plan participants were employed. Accordingly, the Plan was frozen to new participants and related employees ceased accruing benefits under the Plan effective July 23, 1990. Consistent with the vesting requirements described below, participants who satisfied the eligibility requirements per the Plan as of the respective dates are fully vested in the Plan. To qualify for benefits, a participant must have satisfied the eligibility requirements per the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and amendments.

The Plan is administered by the Oldenburg Group Incorporated Benefits Committee.

Pension Benefits

Participants are entitled to monthly pension benefits beginning at normal retirement age (65) based on years of credited service, as defined in the Plan document. There is also an option to receive reduced early retirement benefits upon reaching the age of 60.

Death and Disability Benefits

If an active employee dies prior to their earliest retirement date, a death benefit equal to the amount under a qualified joint and survivor annuity is paid to the employee's beneficiary. Active employees who become totally disabled receive monthly disability benefits. Disability benefits are paid until normal retirement age at which time disabled participants begin receiving normal retirement benefits based on years of credited service as of the date the participant terminated employment as the result of the disability.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Funding

The Plan is funded by annual contributions by Oldenburg Group Incorporated (the Company), in amounts necessary to provide assets sufficient to meet the benefits to be paid to Plan participants. The Company's annual contribution to the Plan is determined by an actuary based on anticipated earnings of the Plan, mortality, turnover experience, and years of credited service of the participants. It is the policy of the Company to fund normal cost on a current basis and to fund initial past services liabilities and additional past service liabilities, as may arise from Plan amendments, over a seven-year period. The yield (interest, dividends, and net realized and unrealized gains) on invested assets of the Plan serves to reduce future contributions that would otherwise be required to provide for the defined level of benefits under the Plan. Company contributions for the years ended November 30, 2025 and 2024 met the minimum funding requirements of ERISA.

Vesting

Participants are eligible for a deferred vested benefit upon completion of five years of eligible service and termination prior to their normal or early retirement date.

Master Trust Managed by U.S. Bank National Association

The Company has established the Oldenburg Group, Inc. Defined Benefit Master Trust (the Master Trust) with U.S. Bank National Association for the Plan and another retirement plan sponsored by the Company. The purpose of the Master Trust is to pool investment transactions and achieve uniform rates of return on comparable funds under all the Company's plans. The Plan deposits funds in the Master Trust and owns an undivided interest in the net assets of the Master Trust.

Payment of Benefits

If a participant is married when pension payments commence, payment will be made in the form of a joint and 50% surviving spouse annuity, unless the participant elects an optional benefit in the form of a life annuity or co-pension. If a participant is not married when pension payments commence, payment will be made in the form of a life annuity, unless the participant elects an optional benefit in the form of a co-pension. Benefit payments to participants are recorded upon distribution.

Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions set forth in ERISA.

NOTES TO FINANCIAL STATEMENTS
NOVEMBER 30, 2025 AND 2024

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

As permitted under the Department of Labor's Rules and Regulations, the Plan prepares its financial statements based on modified cash receipts and disbursements. Consequently, certain additions to net assets and the related assets are recognized when received rather than when earned, and certain deductions from net assets are recognized when paid rather than when the obligation is incurred. Accordingly, the financial statements are not intended to present net assets and changes therein in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's interest in the Master Trust represents the fair value of the Plan's proportionate share of the underlying net assets of the Master Trust. The pro rata share of investment income (loss) represents the Plan's proportionate share of total investment income (loss) of the Master Trust. Investment income (loss) includes recognition and allocation of interest income, dividend income, and realized and unrealized gains and losses, based upon each participating plan's share of the underlying net assets. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Investment income (loss) is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses and other fees are paid by the Plan.

Subsequent Events

The Plan has evaluated subsequent events through September 2, 2026, the date the financial statements were available to be issued.

NOTE 3 ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to:

- a) retired or terminated employees or their beneficiaries,
- b) beneficiaries of employees who have died, and
- c) present employees or their beneficiaries.

Benefits are based on the average monthly earnings of the participant for the five consecutive full Plan years in the last 10, in which the largest amount of such compensation was paid. Benefits payable under all circumstances - retirement, death, and termination of employment - are included, to the extent they are deemed attributable to employee service rendered to the valuation date. The actuarial present value of accumulated plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment. The actuarial present value of accumulated plan benefits is determined by the Plan's actuary using the Unit Credit Cost Method.

The significant actuarial assumptions used in the valuation as of November 30, 2024 were:

- a. Life expectancy of Participants (the 2024 Combined – Internal Revenue Code (IRC))
- b. Retirement Age Assumptions (Average retirement age of 65 years).
- c. Investment Return 5.31%.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The following is a summary of actuarial present value of accumulated plan benefits as of November 30, 2024:

Vested Benefits:

Participants or Beneficiaries Currently	
Receiving Payments	\$ 2,911,852
Other Participants (Active and Inactive Participants)	167,748
Total Vested Benefits	<u>3,079,600</u>
Nonvested Benefits	<u>-</u>

Accumulated Plan Benefits	<u><u>\$ 3,079,600</u></u>

LAKE SHORE, INC. STEELWORKERS PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
NOVEMBER 30, 2025 AND 2024

NOTE 3 ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS (CONTINUED)

The changes in the actuarial present value of accumulated plan benefits are summarized as follows from December 1, 2023 to November 30, 2024:

Actuarial Present Value of Accumulated	
Plan Benefits – Beginning of Year	\$ 3,336,915
Increase (Decrease) During the Year Attributable to:	
Decrease in Discount Period	160,863
Change in Actuarial Assumptions	(99,600)
Experience Gains and Losses	9,578
Benefits Paid	(328,156)
Net Decrease	<u>(257,315)</u>
Actuarial Present Value of Accumulated	
Plan Benefits – End of Year	<u>\$ 3,079,600</u>

The computations of the actuarial present value of accumulated plan benefits were made as of December 1. Had the valuations been performed as of November 30, there would be no material differences.

The change in actuarial assumptions was due to a revision of the interest rate.

NOTE 4 INTEREST IN MASTER TRUST

Certain information related to investments disclosed in the accompanying financial statements and as shown below, including interest in Master Trust held at November 30, 2025 and 2024 and net investment income (loss) from interest in Master Trust for the years ended November 30, 2025 and 2024, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by U.S. Bank National Association, the Plan's trustee.

The Plan's investments are in a Master Trust, which was established for the investment of assets of the Plan and another Company sponsored retirement plan. Each participating retirement plan has an undivided interest in the Master Trust. The assets of the Master Trust are held by U.S. Bank National Association.

The assets of the Plan are commingled with the Lake Shore, Inc. Truck Drivers Pension Plan in the Oldenburg Group Inc. Defined Benefit Master Retirement Trust (the Master Trust). Each plan is allocated its respective share of commingled assets based on the number of units owned by the respective plan. The value of the Plan's interest in the Master Trust is based on the beginning of year value of the Plan's interest in the Master Trust plus actual contributions and allocated investment income (loss) less actual distributions and allocated administrative expenses. Investment income (loss) and administrative expenses relating to the Master Trust are allocated to individual plans based upon the amount of time the plan's assets were invested in the Master Trust.

NOTE 5 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

LAKE SHORE, INC. STEELWORKERS PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
NOVEMBER 30, 2025 AND 2024

NOTE 5 FAIR VALUE OF INVESTMENTS (CONTINUED)

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at November 30, 2025 and 2024.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Funds: Valued at \$1 cost, which is the value at which the fund is actively traded and approximates fair value based on the fair value of the fund's underlying investments.

The following tables set forth by level, within the fair value hierarchy, the assets of the Master Trust at fair value as of November 30, 2025 and 2024:

2025			
	Level 1	Level 2	Level 3
Money Market Funds	\$ -	\$ 61,269	\$ -
Mutual Funds	3,236,957	-	-
Total Investments at Fair Value	<u>\$ 3,236,957</u>	<u>\$ 61,269</u>	<u>\$ -</u>

NOVEMBER 30, 2025 AND 2024

NOTE 6 PLAN TERMINATION

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

1. Participants and beneficiaries of the Plan in accordance with provisions of ERISA, and
2. To the extent unfunded vested benefits exist, ERISA provides that such benefits are payable by the Pension Benefit Guaranty Corporation to the participants, up to specified limitations, as described in ERISA.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan Sponsor and the level of benefits guaranteed by the PBGC.

NOTE 7 PLAN TAX STATUS

The Plan obtained its latest determination letter on November 1, 2016, in which the Internal Revenue Service (IRS) states that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

The modified cash basis of accounting requires Plan management to evaluate if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTES TO FINANCIAL STATEMENTS
NOVEMBER 30, 2025 AND 2024

NOTE 8 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits – modified cash basis.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would-be material to the financial statements.

NOTE 9 PARTY-IN-INTEREST

The Plan investments are managed by U.S. Bank National Association, the trustee of the Plan and, therefore, the investment transactions qualify as party-in-interest transactions.

CLA (CliftonLarsonAllen LLP) is a network member of CLA Global. See CLAGlobal.com/disclaimer. Securities and investment advisory services are offered through CliftonLarsonAllen Wealth Advisors, LLC, an SEC-registered investment advisor, member FINRA/SIPC.
