Independent Auditor's Report

To the Plan Administrator of
Renesas Electronics America Inc. Short Term Disability Plan

Opinion

We have audited the financial statements of Renesas Electronics America Inc. Short Term Disability Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and statements of benefit obligations as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits and statement of changes in benefit obligations for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits and benefit obligations of Renesas Electronics America Inc. Short Term Disability Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits and benefit obligations for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Renesas Electronics America Inc. Short Term Disability Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Renesas Electronics America Inc. Short Term Disability Plan’s ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Baker Tilly Advisory Group, LP and Baker Tilly US, LLP, trading as Baker Tilly, are members of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities. Baker Tilly US, LLP is a licensed CPA firm that provides assurance services to its clients. Baker Tilly Advisory Group, LP and its subsidiary entities provide tax and consulting services to their clients and are not licensed CPA firms.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Renesas Electronics America Inc. Short Term Disability Plan’s internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Renesas Electronics America Inc. Short Term Disability Plan’s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions and Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), as of and for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor’s (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including its form and content, is presented in conformity with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedules are fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Renesas Electronics America Inc. Short Term Disability Plan

Notes to Financial Statements

December 31, 2025 and 2024

1. Description of Plan

The following description of the Renesas Electronics America Inc. Short Term Disability Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a self-insured health and welfare benefit plan available to full-time and part-time U.S. employees of Renesas Electronics America Inc. (the Company) who reside in states with no short-term disability state program. The Plan provides salary replacement payments to participants in the event of a short-term disability.

Administration

Under the terms of the Plan, a group of designated officers of the Company act as the trustee. The Company has appointed certain employees of the Company to manage the operation and administration of the Plan. The Company has contracted with California Bank and Trust (the Custodian) to act as the custodian, and has appointed the TRISTAR Benefit Administrators, Inc. (TRISTAR) to act as the third-party administrator to process and maintain the records of participant claims.

Funding Policy

In addition, the Company is obligated to satisfy funding deficiencies in plan assets that may arise if claims incurred exceed participant contributions and Plan assets.

Contributions

The Plan provides for participant contributions to be made in the form of payroll withholdings. Participant contributions made to the Plan are at the discretion of the Plan administrator, and were 0.6% of participants' annual earnings, up to a maximum of $153,164 for the year ended December 31, 2025.

Self-Insured Benefits

Participants are eligible to receive salary replacement payments upon disability, as defined in the Plan, up to 70% of the participant's weekly eligible salary, up to a maximum amount of $2,308, for the first 180 days of disability, as described in the Plan.

Participants are eligible to receive Paid Family Leave, up to 70% of the participant's weekly eligible salary for the first 70 days of family leave, as described in the Plan.

Benefit payments are paid directly from the Plan VEBA trust.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investment is stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 2 for discussion of fair value measurements.

Interest income is recorded on the accrual basis.

Payment of Benefits

Claim payments are recorded when paid by TRISTAR.

Expenses

Substantially, all expenses incurred for administering the Plan are paid by the Company.

Cash

The Plan holds non-interest-bearing cash, which recognized activity at the time that cash is either deposited or disbursed.

The Plan maintains its cash in bank deposit accounts, which, at times, exceed federally insured deposit limits. If any of the financial institutions with whom the Plan does business were to be placed into receivership with the Federal Deposit Insurance Corporation, the Plan may be unable to access the cash on deposit with such institutions. If the Plan were unable to access its cash and cash equivalents as needed, the Plan's financial position and ability to complete transactions could be adversely affected.

Claims Incurred But Not Reported

Plan obligations at December 31, 2025 and 2024, for disability claims payable and claims incurred by active participants but not reported at that date, and for future disability payments to participants considered disabled at December 31, 2025 and 2024, are estimated by the Plan based on an analysis of actual payments subsequent to the Plan's year end. Future payments to participants considered disabled, and disability claims incurred by active participants but not reported at December 31, 2025 and 2024, were approximately $149,000 and $39,000, respectively.

Subsequent Events

Subsequent events were evaluated through August 24, 2026, the date the financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2025 and 2024.

Certificate of deposit: this investment is stated at cost, which approximates fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Assets at Fair Value as of December 31, 2025	**Level 1**	**Level 2**	**Level 3**	**Total**
Certificate of deposit	$ 21,329	$ -	$ -	$ 21,329
Total investments at fair value	$ 21,329	$ -	$ -	$ 21,329

Assets at Fair Value as of December 31, 2024	Level 1	Level 2	Level 3	Total
Certificate of deposit	$ 21,211	$ -	$ -	$ 21,211
Total investments at fair value	$ 21,211	$ -	$ -	$ 21,211

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

4. Related-Party and Party in Interest Transactions

The certificate of deposit is managed by the Custodian, and therefore, these transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Upon termination of the Plan, participants whose disability commenced prior to termination are entitled to their full benefits under the terms of the Plan. Any remaining undistributed funds are to be disposed of for the benefit of covered individuals. In the event that benefits due and payable exceed available funds, the Company will contribute to the Plan such amounts as may be necessary to ensure continuance of such benefit payments.

6. Tax Status

The Voluntary Employee Beneficiary Association (VEBA) trust received an exemption letter from the Internal Revenue Service dated May 21, 1992, stating that the VEBA trust is tax-exempt under the provisions of Section 501(c)(9) of the Internal Revenue Code (the Code). In addition, the Plan and the related VEBA trust are required to operate in conformity with the Code to maintain the tax-exempt status of the VEBA trust. The Plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the related VEBA trust is tax- exempt.

The Plan administrator believes that the Plan is operated in accordance with, and qualifies under, the applicable requirements of the Code and related state statutes, and that the VEBA trust, which forms a part of the Plan, is exempt from federal income and state franchise taxes. In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan’s tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of the investment security such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

8. Delinquent Participant Contributions

For the year ended December 31, 2025, the Company did not remit certain participant contributions to the Plan on a timely basis as defined by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Untimely remittances identified on the Schedule of Delinquent Participant Contributions, which totaled $35.
