Independent Auditor's Report

Board of Directors
Western Pennsylvania Conservancy Group Medical Plan

Opinion

We have audited the accompanying financial statements of Western Pennsylvania Conservancy Group Medical Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and of plan benefit obligations as of December 31, 2025 and 2024, the related statements of changes in net assets available for benefits for the years then ended, and of changes in benefit obligations and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan and plan benefit obligations as of December 31, 2025 and 2024, the changes in its net assets available for benefits and plan benefits obligations for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

WESTERN PENNSYLVANIA CONSERVANCY
GROUP MEDICAL PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE PLAN YEARS ENDED DECEMBER 31, 2025 AND 2024

1. Description of Plan

The following description of the Western Pennsylvania Conservancy (Conservancy) Group Medical Plan (Plan) provides only general information. The Conservancy is the Plan sponsor. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General

The Plan provides health benefits for the exclusive benefit of its full-time employees and their spouses or domestic partners and eligible dependents. Plan assets are held in a health benefit trust. The Plan and related trust were established on January 1, 2023. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA) of 1974, as amended.

Consortium

The Plan is a member of Veris Benefits Consortium, LLC (Consortium). The Consortium is designed to provide cost effective employee benefit programs for members and is a self-insured group-purchasing consortium that offers health coverage for its members. Coverage programs are developed specific to each member's healthcare needs and the related premiums for coverage are determined through the application of uniform underwriting criteria. Variable plan options are available to members. These plans vary primarily by deductibles, coinsurance levels, office visit co-pays, and out-of-pocket maximums.

The Consortium is a self-insured program with stop loss and aggregate reimbursement arrangements in place to limit the liability of its members. The premium charged and collected from each of the members is fully funded.

The members pay fees that are based on the number of employees enrolled monthly. These fees are charged to cover professional fees and other administrative expenses.

Members sign an agreement, which provides that each member agrees to pay all funding rates associated with the coverage they select; as such, funding rates are set and billed to the members by various carriers, and premiums are billed and paid on a monthly basis. The

assigned funding rates consist of administrative fees, stop loss and aggregate premium expense, expected claim costs, and reserves.

The Consortium has an agreement with The Benecon Group, LLC. (Benecon) to provide actuarial, financial, compliance, patient advocacy, and claims management services.

Consortium members have an obligation to reimburse for all paid claims (less specific stop loss) up to a cumulative maximum liability limit (aggregate). The obligation to reimburse for any excess over the cumulative maximum liability limit is only to the extent that in any month there is a positive difference (monthly surplus) between cumulative paid claims and the cumulative maximum liability limit (aggregate). There is no obligation to pay any excess to the aggregate (cumulative monthly liability limit) other than through this funding arrangement. Monthly timing of paid claims may be such that a Consortium member may need to advance a payment that exceeds cumulative claims funds deposited to date until an aggregate claim reimbursement is received.

Benefits

The Plan provides health benefits (medical and prescription drug) to full-time participants (with at least 26 hours per week) and to their spouses or domestic partners and eligible dependents. The Plan also provides continuation of certain benefits upon termination of employment through the Consolidated Omnibus Budget Reconciliation Act (COBRA).

Contributions

In addition to deductibles and copayments, participants contribute specified amounts based on applicable monthly premiums for their respective benefit elections. The Plan Sponsor pays the full cost of the stop loss insurance. The Plan is also funded by contributions by the Conservancy from its own general assets as needed to fund the Plan, as determined monthly by the Consortium based upon the number of employees, the applicable tier (i.e., single or family), and contract rate. Any deficiency of the Plan's net assets over benefit obligations is funded by the Plan Sponsor if required by the Consortium.

Self-Insured Benefits

The medical and prescription drug benefits are self-insured by the Conservancy via its participation in the Consortium. The claims for these self-insured benefits are processed by

the Plan's third-party administrators under administrative services only (ASO) arrangements. The third-party administrators pay claims directly to or on behalf of participants. The payments for these claims are paid from the Plan's health benefit trust, which is funded by the general assets of the Conservancy and participant contributions. Despite the Plan's utilization of third-party administrators for claims processing, the ultimate responsibility for payments to providers and participants is retained by the Plan.

Stop-Loss Coverage

The Plan has entered into stop-loss insurance arrangements with Crum & Forster for the Plan year ended December 31, 2025 and Unimerica Insurance Company for the Plan year ended December 31, 2024, in an effort to limit its exposure for self-insured benefits, including individual participant claims exceeding a specified dollar amount, as well as its aggregate exposure for all claims. The Plan's specific stop-loss coverage amount was $85,000 per individual member claim for each of the Plan years ended December 31, 2025 and 2024. Additionally, the Plan retained aggregate stop-loss coverage up to a maximum of $1,000,000 for each of the Plan years ended December 31, 2025 and 2024.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Payments made by the health benefit trust or the Plan sponsor to fund the Plan are recorded as employer contributions in the accompanying statements of changes in net

assets available for benefits. Claim payments are recorded when paid by the third-party claims' processor. Amounts due to claims processors that have not been reimbursed by the Plan are recorded as payable to claims administrators in the accompanying statements of net assets available for benefits. Payments due to the claim's administrator at December 31, 2025 and 2024 were $157,199 and $164,524, respectively.

Claims Incurred but Not Reported

Plan obligations at December 31 for claims incurred but not reported (IBNR) are estimated by the Plan's actuary in accordance with accepted actuarial principles based on claims data provided by the Plan's third-party claims administrator. These amounts are paid by the Plan only if claims are submitted and approved for payment.

Postemployment Benefit Obligations

For the years ended December 31, 2025 and 2024, no separate COBRA postemployment benefit obligation exists beyond normal claims and IBNR considerations.

COBRA premiums paid by participants for the years ended December 31, 2025 and 2024 were $15,506 and $4,064, respectively. These amounts are included as participant contributions in the statements of changes in net assets available for benefits. COBRA premiums paid by the employer for the years ended December 31, 2025 and 2024, pursuant to employee separation agreements, were $13,567 and $0, respectively. These amounts are included as employer contributions in the statements of changes in net assets available for benefits.

Stop Loss

Premiums for stop loss insurance are included in the accompanying statements of changes in net assets available for benefits. Stop loss reimbursements of $312,058 and $173,934 have been netted with claims paid in the accompanying statements of changes in net assets available for benefits for the Plan years ended December 31, 2025 and 2024, respectively. Stop loss reimbursements accrued as of December 31, 2025 and 2024 were $0 and $150,073, respectively.

Subsequent Events

Subsequent events have been evaluated through the Independent Auditor's Report date, which is the date the financial statements were available to be issued.

3. Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of inputs that may be used to measure fair value are as follows:

Level 1 - Inputs to the valuation methodology are observable inputs such as quoted prices for identical assets or liabilities in active markets the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets and inputs other than quoted prices in active markets, that are observable for the asset or liability, either directly or indirectly, and inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable in which there is little or no market data for that asset or liability, and which require the reporting entity to develop its own estimates and assumptions relating to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2025 and 2024. The following is a description of the valuation methodology used for assets:

The Health Benefit Trust is held in a commercial performance checking account and is not eligible to be measured in the fair value hierarchy.

4. Administrative Expenses

The Plan pays administrative expenses that consist primarily of administrative fees paid to the third-party administrator, Benecon, for Plan services. These expenses are reported on the statements of changes in net assets available for benefits as administrative expenses. Certain administrative expenses are paid by the Plan sponsor and are excluded from these financial statements (see Note 6).

5. Tax Status

The health benefit trust established under the Plan to hold the Plan's net assets was set up as a taxable trust and a de minimis amount of tax was paid by the trust for the plan years ended December 31, 2025 and 2024. In addition, the Plan is required to operate in conformity with the Internal Revenue Code and the plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if it has taken an uncertain position that more likely than not would not be sustained by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

6. Related Party Transactions

Certain administrative functions of the Plan are performed by officers or employees of the Plan sponsor. No officer or employee receives compensation from the Plan and certain other expenses related to the Plan are absorbed by the Plan sponsor and not passed on to

the Plan nor reflected in the Plan's financial statements. As described in Note 1, the Plan has arrangements with service providers. These transactions are party-in-interest transactions under ERISA.

7. Risks and Uncertainties

The Plan invests in an interest-bearing checking account. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the minimal level of risk associated with certain investments, it is unlikely, but remotely possible, that changes in the values of the investments could occur in the near-term, and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

The IBNR claims are reported based on actuarial estimates, which are subject to change. Due to uncertainties inherent in the estimations process, it is at least reasonably possible that changes in these estimates in the near-term would be material to the financial statements.

At December 31, 2025 and 2024, the Plan's sole investment was an commercial performance checking account held at Univest Bank and Trust Co. The bank balances of $213,187 and $17,195, respectively were fully insured under the FDIC's standard maximum deposit insurance coverage of $250,000. Accordingly, the Plan had no uninsured cash balance at December 31, 2025 or 2024.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31:

	2025	2024
Net assets available for benefits per the financial statements	$ 55,988	$ 2,744
Less:		
Current year IBNR	(243,072)	(199,996)
Net assets available for benefits per the Form 5500	$ (187,084)	$ (197,252)

The following is a reconciliation of the claims paid per the financial statements to the Form 5500:

	Year Ended December 31, 2025	Year Ended December 31, 2024
Claims paid per the financial statements	$ 2,185,947	$ 1,784,376
Plus:		
Current year IBNR	243,072	199,996
Less:		
Prior year IBNR	(199,996)	(176,890)
Claims paid per the Form 5500	$ 2,229,023	$ 1,807,482

Claims that have been processed and approved for payment at year-end, but not paid, and claims incurred but not reported are not considered liabilities under accounting principles generally accepted in the United States and, therefore, are not presented as liabilities or claims paid in the accompanying financial statements but are recorded on the Form 5500 as a liability.

9. Termination of the Plan

Although it has not expressed any intention to do so, the Conservancy has the right under the Plan to modify the benefits provided to, and contributions required of, participants to discontinue its contributions at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, remaining assets will be applied in a uniform and nondiscriminatory manner toward the provision of benefits for or on account of the participants. No assets of the Plan may revert to the Conservancy or be used for purposes other than for the exclusive benefit of the Plan's participants.
