Independent Auditor's Report

To the Participants and Board of Trustees
Baton Rouge Christian Education Foundation
Defined Contribution Retirement Plan
Baton Rouge, Louisiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of the Baton Rouge Christian Education Foundation Defined Contribution Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section:

- The amounts and disclosures in the 2025 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the 2025 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of the Baton Rouge Christian Education Foundation Defined Contribution Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management on the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate that raise substantial doubt about the Baton Rouge Christian Education Foundation Defined Contribution Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Baton Rouge Christian Education Foundation Defined Contribution Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Baton Rouge Christian Education Foundation Defined Contribution Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2025 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2024 Financial Statements

The financial statements of the Baton Rouge Christian Education Foundation Defined Contribution Retirement Plan as of December 31, 2024, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investments of the plan that were certified by a qualified institution. Their report dated July 25, 2025 indicated that in their opinion (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BATON ROUGE CHRISTIAN EDUCATION FOUNDATION DEFINED CONTRIBUTION RETIREMENT PLAN

Notes to Financial Statements

Note 1. Description of the Plan

The following description of the Baton Rouge Christian Education Foundation Defined Contribution Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Baton Rouge Christian Education Foundation, Inc., dba The Dunham School (the Plan Sponsor) adopted the 403(b) defined contribution plan to provide employees with a systematic means of saving and investing for the future. All eligible employees of the Plan Sponsor are entitled to participate in the Plan upon hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Each year, participants may contribute up to 100% of their eligible compensation to the Plan, up to the maximum allowable by the Plan's provisions. Rollover contributions from qualified retirement plans or traditional individual retirement accounts are allowed. The Plan allows catch-up contributions for participants that attain the age of 50. The Plan Sponsor contributed a discretionary match equal to 100% of elective deferrals up to 4% of compensation to eligible employees who have completed one year of service and have attained age twenty-one or older. Participants direct the investment of their contributions into various options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Plan Sponsor's contribution, plan gains or losses, and certain administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in all contributions, plus actual earnings and losses.

Payment of Benefits

Withdrawals of account balances prior to attaining the normal retirement age are not permitted, except in the event of termination or disability. Certain income tax penalties may apply to withdrawals or distributions prior to the normal retirement age. At the time of a participant's termination, if the total balance of the participant's account is less than \$5,000, the benefits will be paid automatically in a lump-sum payment.

Notes to Financial Statements

Note 1. Description of the Plan (Continued)

Risks and Uncertainties

The Plan's investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination or partial termination of the Plan, or the complete discontinuance of contributions, the rights of all affected participants to their accrued benefits shall be fully vested and non-forfeitable.

Plan Expenses

The Plan permits the allocation of administrative expenses among the accounts of all participants in the Plan. Additionally, the Plan Sponsor may, at its discretion, pay any or all administrative expenses.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold, as well as held during the year.

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Tax Status

The Plan Administrator believes the terms of the Plan have been designed to meet the requirements of the applicable sections of the Internal Revenue Code (IRC) and is currently being operated in conformity with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Contributions

Contributions from plan participants and the matching contributions from the Plan Sponsor are recorded in the year in which the employee contributions are withheld from compensation.

Payment of Benefits

Benefits are recorded when paid.

Note 3. Information Certified by TIAA-CREF

The following table is a summary of the Plan's asset information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified as complete and accurate by Teachers Insurance and Annuity Association of America (TIAA) - College Retirement Equities Fund (CREF) and by TIAA, as agent, on behalf of TIAA Trust, N.A., qualified institutions:

Note 3. Information Certified by TIAA-CREF (Continued)

TIAA-CREF also certified to the completeness and accuracy of \$1,874,436 of net appreciation in fair value of investments and \$278,842 in interest and dividends related to the aforementioned assets for the year ended December 31, 2025.

Note 4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

BATON ROUGE CHRISTIAN EDUCATION FOUNDATION DEFINED CONTRIBUTION RETIREMENT PLAN

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds: Valued at the daily closed price as reported by the fund. Mutual funds are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Insurance Company Pooled Separate Account: Valued at the daily unit value published on National Association of Securities Dealers Automatic Quotation System (NASDAQ). The fund is not traded on this exchange. The value of the unit holder's investment rises and falls with the return on the underlying assets in the account.

Insurance Company General Account - Non-Fully Benefit-Responsive: These funds are not actively traded, and significant other observable inputs are not available. As a result, the fair value amount as reported is equal to the contract value.

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan Sponsor believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

December 31, 2025	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 5,703,680	\$ -	\$ -	\$ 5,703,680
Insurance Company Pooled Separate Account	8,678,134	-	-	8,678,134

Total Investments, at Fair Value	\$ 14,381,814	\$ -	\$ 976,704	\$ 15,358,518

December 31, 2024	Level 1	Level 2	Level 3	Total

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Changes in Fair Value of Level 3 Assets

There were no transfers into or out of the Plan's Level 3 assets for the year ended December 31, 2025. Purchases of Level 3 assets totaled \$484,841 for the year ended December 31, 2025.

Note 5. Insurance Company General Accounts

Traditional Annuity

The Plan invests in unallocated guaranteed fixed annuity contracts with TIAA-CREF. TIAA-CREF maintains the contributions in the TIAA General Account. TIAA groups the premium dollars it receives over defined time periods into vintages, typically composed of one or more contiguous calendar months, for the purpose of determining the crediting rate to participant's accounts. The crediting rate for each vintage is determined, in part, by the net investment earnings rate of the TIAA assets supporting that vintage, minus a charge for administrative expenses and an amount set aside for contingency reserves.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Because a portion of the traditional annuity with TIAA-CREF is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to this guaranteed investment contract. The fully benefit-responsive portion of the investment contract is included in the financial statements at contract value as reported to the Plan by TIAA-CREF and totaled \$80,056 and \$107,948 at December 31, 2025 and 2024, respectively. The non-fully benefit-responsive portion of the investment contract is included in the financial statements at fair value as reported to the Plan by TIAA-CREF (\$976,704 and \$974,004 at December 31, 2025 and 2024, respectively).

The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate, generally 3%, that is guaranteed to the Plan.

The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 3%. The TIAA Board of Trustees may declare additional amounts on a year-by-year basis. These additional amounts, when declared, remain in effect for the 12-month declaration year that begins each March 1 for accumulating annuities and January 1 for lifetime payout annuities; they are not guaranteed for future years.

Certain events limit the Plan's ability to transact at contract value with TIAA-CREF. Such events include the following: (a) amendments to the Plan Documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

**BATON ROUGE CHRISTIAN EDUCATION FOUNDATION
DEFINED CONTRIBUTION RETIREMENT PLAN**

Notes to Financial Statements

Note 5. Insurance Company General Accounts (Continued)

Traditional Annuity (Continued)

The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with plan participants are probable of occurring.

The guaranteed investment contract does not permit TIAA-CREF to terminate the agreement prior to the scheduled maturity date.

Stable Value

The Plan invests in the TIAA Stable Value fund, which is a fixed rate group annuity contract issued by TIAA-CREF. Contributions are deposited into a non-unitized separate account. The contract provides a guaranteed minimum rate of interest of between 1% and 3%. Although the liability to provide contract guarantees and accumulations is backed by the assets in the separate account, any amount to be credited above the minimum guaranteed rate is determined by TIAA. Contract holders and plan participants do not participate in, and do not receive the earnings of, the assets in the separate account. All guarantees are based upon TIAA-CREF's claims-paying ability.

TIAA Stable Value is reported at contract value. The contract value of TIAA Stable Value equals the accumulated cash contributions, interest credited, and transfers, if any, less any withdrawals and transfers, if any. The valuation considerations for the TIAA Stable Value are similar to those discussed above for the TIAA Traditional Annuity.

The TIAA Stable Value investment contains certain restrictions:

- (a) Direct transfers to competing funds in a plan's investment lineup are prohibited (industry standard "equity wash"). Transfers may be made to a competing fund following a 90-day waiting period after being transferred to a noncompeting fund.
- (b) Transfers into TIAA Stable Value may not be made for 30 days following a transfer out.
- (c) Plan Sponsors choosing to terminate a plan's investment in the TIAA Stable Value contract will receive contract value in, at most, two years. If the two-year payout applies, a discontinuance fee will be assessed which has the effect of reducing the interest credited during the two-year period by, at most, seventy-five basis points.

There are no transaction fees associated with the TIAA Stable Value investment.

The Plan's investment in the TIAA Stable Value contract equaled \$56,862 and \$70,975 at December 31, 2025 and 2024, respectively.

**BATON ROUGE CHRISTIAN EDUCATION FOUNDATION
DEFINED CONTRIBUTION RETIREMENT PLAN**

Notes to Financial Statements

Note 6. Related-Party and Party-in-Interest Transactions

Certain plan investment options are managed by TIAA-CREF, the Plan's custodian and agent of the Plan's custodian. Therefore, these transactions qualify as party-in-interest. The Plan pays administrative fees to these parties, which totaled \$31,678 for the year ended December 31, 2025, and is included in the accompanying statement of changes in net assets available for benefits.

Note 7. Subsequent Events

The Plan Administrator has evaluated subsequent events through the date that the financial statements were available to be issued, August 27, 2026, and determined that no other events require disclosure. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.
