Independent Auditor's Report

Plan Committee
Bridgewater Bank 401(k) Safe Harbor Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Bridgewater Bank 401(k) Safe Harbor Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4i-schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Bridgewater Bank 401(k) Safe Harbor Plan
Notes to Financial Statements
December 31, 2025

(1) Description of the Plan

The following description of the Bridgewater Bank 401(k) Safe Harbor Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of Bridgewater Bank (the "Company"). Eligible employees are employees who have attained the age of 21 or older. Upon satisfying the eligibility requirements, an employee is eligible to participate in the Plan on the first day of the quarter on or after the employee's hire date. Newly eligible employees are automatically enrolled in the Plan at a pretax deferral rate of 4% of eligible compensation unless the employee affirmatively elects a different percentage or opts out of participation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute a percentage of pretax and roth after-tax annual compensation (as defined by the Plan), not to exceed federal limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans as well as Individual Retirement Accounts.

The Company contributes a safe harbor matching contribution equal to 100 percent of participant salary deferrals up to 4% of compensation. The Company may also contribute a discretionary profit-sharing contribution to the Plan as determined annually by the Company's Board of Directors. Discretionary profit-sharing contributions are allocated to eligible participants in accordance with the Plan document. Participants generally must be employed on the last day of the plan year to receive an allocation, subject to certain exceptions. For the year ended December 31, 2025, discretionary profit-sharing contributions were made in the amount of \$1,043,006.

Investment Options

Participants direct the investment of contributions into various investment options offered by the Plan. The Plan currently offers investments in various mutual funds and common collective trusts. Contributions are subject to certain limits.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of a) the Company's contributions, b) Plan earnings and c) Plan expenses. Allocations are based upon participant compensation, contributions and/or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary and safe harbor matching contributions plus actual earnings thereon. Vesting in the Company discretionary profit-sharing contribution portion of their accounts plus earnings thereon become 20% vested after two years of credited service. The vesting percentage increases an additional 20% each year thereafter, with 100% vesting after six years of credited service. Participants will vest 100% upon death, disability or retirement while employed by the Company.

(1) Description of the Plan (Continued)

Notes Receivable from Participants

The Plan generally does not permit participant loans, which are referred to as notes receivable from participants in these financial statements; however, notes may be issued in limited circumstances with prior written approval. Notes are secured by the balance in the participant's account. As of December 31, 2025, the Plan had one note receivable from a participant. The note bears interest at a rate of 10.9%. Principal and interest are paid ratably through payroll deductions through November 2028.

Payment of Benefits

Upon termination of service, a participant will receive a lump-sum amount if the total of their vested account balance does not exceed \$1,000. If the vested account balance exceeds \$1,000, the assets will generally continue to be held in the Plan until the participants' normal or early retirement date. However, terminated participants may elect to receive their vested account balance at any time. Upon death, disability, or retirement, a participant or beneficiary may elect to receive a lump-sum payment or partial payments. The Plan also allows for certain in-service hardship withdrawals of elective deferrals, including earnings.

Plan Termination

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Administrative Expenses

Processing fees of the Plan are charged against the individual participant account balance that was responsible for the expense. Administrative expenses are paid by the Plan or may be paid by the Company at the Company's discretion.

Forfeited Accounts

Forfeitures are based on the non-vested portion of the Company's profit-sharing contribution upon employee termination. Forfeited amounts are used to reduce administrative expenses and Company contributions. For the year ended December 31, 2025, no forfeitures were used to reduce administrative expenses, and \$66,838 was used to reduce Company contributions. The balance of unallocated forfeitures available to offset future administrative expenses and employer profit-sharing contributions amounted to \$-0- and \$66,476 at December 31, 2025 and 2024, respectively. Subsequent to year-end, \$3,414 of forfeitures were applied to the payment of profit-sharing contributions.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

(2) Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note Receivable from Participant

Note receivable from participant is measured at its unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan provides for investments in various investment securities that in general are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(3) Information Certified by the Qualified Institution

The following is a summary of the Plan's asset information as of December 31, 2025 and 2024 and for the year ended December 31, 2025, included throughout the Plan's financial statements and ERISA - required supplemental schedule, that was prepared by or derived from information provided by Ascensus, LLC, an authorized representative of Ascensus Trust Company and Newport Trust Company, LLC (collectively, "Ascensus") and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the qualified institution that the information provided to the Plan Administrator by the qualified institution related to the following assets is complete and accurate.

	December 31, 2025	December 31, 2024
Investments, at Fair Value		
Mutual Funds	\$ 44,009,643	\$ 32,971,152
Common Collective Trusts	<u>8,367,231</u>	<u>7,964,978</u>
	<u>\$ 52,376,874</u>	<u>\$ 40,936,130</u>

Ascensus also certified the completeness and accuracy of \$6,432,638 of net appreciation in fair value of investments, \$941,987 of interest and dividends related to the aforementioned investments, and \$2,040 of note repayment interest for the year ended December 31, 2025.

(4) Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include; quoted prices for similar assets or liabilities in active markets; quotes prices for identical or similar assets or liabilities in inactive markets; inputs or other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for Plan assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2025 and 2024, and there have been no transfers between fair value levels.

Mutual Funds: Valued at the net asset value ("NAV") of shares held by the Plan at year-end, quoted in an active market.

Common Collective Trusts: The fair values of participation units held in common collective trusts are based on the NAV reported by the fund managers as of the financial statement dates and recent transaction prices. Under ordinary market conditions, redemptions of investments in collective trusts are permitted as of daily or monthly valuation dates, as applicable, and are executed at NAV as a practical expedient.

The methods described above might produce a fair value calculation that might not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of December 31, 2025 and 2024:

December 31, 2025	Level 1	Level 2	Level 3	Other¹	Total
Mutual Funds	\$ 44,009,643	\$ —	\$ —	\$ —	\$ 44,009,643
Common Collective Trusts	—	—	—	8,367,231	8,367,231
Total Investments at Fair Value	\$ <u>44,009,643</u>	\$ <u>—</u>	\$ <u>—</u>	\$ <u>8,367,231</u>	\$ <u>52,376,874</u>

December 31, 2024	Level 1	Level 2	Level 3	Other¹	Total
Mutual Funds	\$ 32,971,152	\$ —	\$ —	\$ —	\$ 32,971,152
Common Collective Trusts	—	—	—	7,964,978	7,964,978
Total Investments at Fair Value	\$ <u>32,971,152</u>	\$ <u>—</u>	\$ <u>—</u>	\$ <u>7,964,978</u>	\$ <u>40,936,130</u>

¹ Asset fair value is measured at NAV as a practical expedient and therefore excluded from the fair value hierarchy.

(5) Tax Status

The Company has adopted the Plan based on a non-standardized pre-approved plan document sponsored by Ascensus. Ascensus has received an opinion letter from the Internal Revenue Service ("IRS") that states that the form of the pre-approved prototype plan is acceptable under applicable sections of the Internal Revenue Code ("IRC"). The Company and the plan administrator believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has confirmed that there are no uncertain positions taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) Party-in-Interest Transactions

During the course of the year, the Plan may enter into certain party-in-interest transactions with the Company or its holding company, Bridgewater Bancshares, Inc. The Company may provide a discretionary contribution to the Plan's participants, which is based on the earnings of Bridgewater Bancshares, Inc. A discretionary profit-sharing contribution of \$1,043,006 was made for the year ended December 31, 2025.

Fees paid to Ascensus, the trustee, and The Vanguard Group, the recordkeeper, qualify as party-in-interest transactions under ERISA. Fees paid directly by the Plan to The Vanguard Group, Inc. for recordkeeping and other administrative services totaled \$33,800 for the year ended December 31, 2025.

(7) Subsequent Events

Subsequent events have been evaluated through August 31, 2026, the date the financial statements were available to be issued.
