INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
PURIS, LLC 401(k) Plan
Conyers, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of PURIS, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of PURIS, LLC. 401(k) Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section.

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of PURIS, LLC 401(k) Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about PURIS, LLC. 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103 (a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the PURIS, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about PURIS, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PURIS, LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

NOTE 1 PLAN DESCRIPTION

The following description of PURIS, LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Effective March 1, 2022, the Plan name changed from Inland Pipe Rehabilitation, LLC 401(k) Plan to PURIS, LLC 401(k) Plan.

General

The Plan was adopted effective January 1, 2008, and is a defined contribution plan covering substantially all employees of the Company and Inland Waters Pollution Control, Inc. who are not covered by a collective bargaining agreement, excluding union members and non- resident aliens. Under the terms of the Plan, eligible employees start making salary deferral contributions on the first day of the month coinciding with or immediately following the date of hire. The Plan contains an automatic enrollment feature at an automatic deferral rate of three percent (3%) of compensation, unless the employee made a contrary election. The purpose of the Plan is to provide employees with retirement benefits. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year participants are permitted to make elective deferrals up to the maximum percentage of compensation and dollar amounts permissible under the Internal Revenue Service Code, not to exceed certain limits. Participants who have attained age fifty (50) by the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing Roth after-tax contributions or rollovers from other qualified plans and certain IRA's.

The Plan Sponsor may make matching contributions equal to a discretionary percentage of the participants' elective deferrals. For the year ended December 31, 2025, the Company elected to make matching contributions equal to 50% of the participant's deferrals up to 5% of the participant's pretax contributions. The Plan Sponsor's matching contribution totaled \$1,751,020 for the year ended December 31, 2025. The Plan Sponsor may also make discretionary profit-sharing contributions, to be determined by resolution of the Board of Directors. The Plan Sponsor did not elect to make discretionary profit-sharing contributions for the year ended December 31, 2025.

Participant Accounts

Each participant account is credited with pretax and rollover contributions made by the participant, the participant's portion of the Plan Sponsor's matching and discretionary contributions and income earned thereon. Income earned, which consists of interest, expenses, and gains and losses on investments, is allocated to participants' accounts at least annually based on participant account balances, as defined in the Plan Document.

Investment Options

Participants may direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers a registered investment companies and a guaranteed investment contract as investment options.

Vesting

Participants are immediately one hundred percent (100%) vested in their voluntary contributions, including rollover and transfer contributions from other qualified plans plus actual earnings thereon. Participants are one hundred percent (100%) vested in the remainder of their account (including employer matching and employer non-elective contributions).

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. The loan must be repaid within five (5) years through payroll deductions unless the loan is utilized for a principal residence, in which case the plan administrator may permit a longer repayment term. In the event of default, as described in the Plan, participants are considered to have received a distribution and are subject to income taxes on the distributed amount.

Payment of Benefits

On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or a distribution in the form of a rollover to another qualified plan. Upon reaching age fifty-nine and one-half (59 ½), participants may elect to receive in-service withdrawals. The Plan also maintains a provision for hardship withdrawals.

Forfeitures

When certain terminations of participation in the Plan occur, the non-vested portion of the participant's account represents a forfeiture. Forfeitures are used to reduce expenses related to the administration of the Plan or to reduce Employer contributions. As of December 31, 2025 and 2024, forfeitures amounted to \$1,795 and \$517, respectively. During 2025, forfeitures in the amount of \$2,019 were used to reduce expenses related to the administration of the Plan.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a description of the valuation methodologies used for assets measured at fair value.

Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Other administrative fees and expenses related to the administration of the Plan are charged directly to the participant's account and are included in administrative expenses.

NOTE 3 FAIR VALUE MEASUREMENTS

The Plan performs fair value measurements in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, which defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance. ASC 820 also establishes a fair value hierarchy that requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy establishes three (3) levels of inputs that may be used to measure fair value:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 –Inputs to the valuation methodology include significant inputs, other than Level 1 inputs, that are observable either directly or indirectly for substantially the full term of the asset through corroboration with observable market data. Level 2 inputs include quoted market prices in active markets for similar assets, quoted market prices in markets that are not active for identical or similar assets, and other observable inputs.

Level 3 – Inputs to the valuation methodology are unobservable inputs and significant to the fair value measurement.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Registered investment companies: Valued at the quoted market prices in active markets for shares held by the Plan at year end.

Common collective trust fund: Valued at the NAV of units of a collective investment trust. The NAV, as provided by the Fund's trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, a summary of the Plan's investments measured at fair value on a recurring basis as follows:

	Assets at Fair Value			
	Level 1	Level 2	Level 3	Total
<i>As of December 31, 2025</i>				
Registered Investment Companies:	<u>\$ 39,240,621</u>	<u>\$ ---</u>	<u>\$ ---</u>	<u>\$ 39,240,621</u>
Total Investments in the Fair Value Hierarchy	<u>\$ 39,240,621</u>	<u>\$ ---</u>	<u>\$ ---</u>	39,240,621
Common Collective Trust Fund Measured at Net Asset Value (a)				<u>701,466</u>
Total Assets at Fair Value				<u>\$ 39,942,087</u>

	Assets at Fair Value			
	Level 1	Level 2	Level 3	Total
<i>As of December 31, 2024</i>				
Registered Investment Companies	<u>\$ 26,458,944</u>	<u>\$ ---</u>	<u>\$ ---</u>	<u>\$ 26,458,944</u>
Total Investments in the Fair Value Hierarchy	<u>\$ 26,458,944</u>	<u>\$ ---</u>	<u>\$ ---</u>	26,458,944
Common Collective Trust Fund Measured at Net Asset Value (a)				<u>360,451</u>
Total Assets at Fair Value				<u>\$ 26,819,395</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

Investments Whose Fair Value is Calculated Using Net Asset Value Per Share

The following table sets forth additional disclosures for the investments whose fair value is estimated using net asset value per share (or its equivalent). The disclosures describe the nature and risks associated with such investments as well as whether it's probable those investments will be sold at amounts different from their reported net asset value per share based on redemption restrictions, if any.

	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common/Collective Trust - Stable Value Fund	<u>\$ 360,451</u>	<u>\$ ---</u>	See note (a)	See note (a)

- (a) Stable Value Fund: This class includes the Managed Income Portfolio Class 1 Fund. The fund is a collective investment trust for which the net asset value ("NAV) is based on the market value of its underlying investments. The fund seeks to maintain a stable net asset value (NAV) of \$1 per share, but it cannot guarantee that it will be able to do so. According to Fidelity, there were no unfunded commitments on the Fidelity stable value commingled pools as of December 31, 2025 and 2024. Participant level transactions (like a withdrawal) take place daily – typically the liquidation would be requested on one day and processed the next business day. Plan level liquidations (like a deconversion to another record-keeper) – require notice to Fidelity and could result in the plan's investment in MIP being placed into an investment only account for up to twelve (12) months. The fund files a Form 5500 as a Direct Filing Entity with the Department of Labor.

NOTE 4 CERTIFIED INVESTMENT INFORMATION

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA – required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024.
- Investment income and interest income from notes receivable from participants as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025.
- Investment information and participant loans included in the Schedule of Assets (Held at End of Year) as of December 31, 2025, as shown on the ERISA required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA required supplemental schedule.

NOTE 5 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate or partially terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will remain one hundred percent (100%) vested in their accounts.

NOTE 6 INCOME TAX STATUS

The Plan adopted a prototype non-standardized profit-sharing plan sponsored by Fidelity Management Trust Company which received a favorable opinion letter from the Internal Revenue Service dated June 30, 2020. The letter states that the Plan, as then designed, was acceptable in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the prototype sponsors and the Plan Administrator believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan. Management evaluated to Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2022.

NOTE 7 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan transactions are handled by Fidelity Management Trust Company, the record-keeper as defined by the Plan; therefore, such transactions qualify as party-in-interest transactions. Fidelity Management Trust Company is the trustee as defined by the Plan. The Plan also engages USI Advisors for investment management services. Fees incurred by the Plan for investment management services are paid through revenue sharing arrangements. Fees paid by the Plan for record-keeping and investment management fees amounted to \$150,399 for the year ended December 31, 2025.

Certain administrative functions are performed by officers or employees of the Company at no cost to the Plan. The Plan has notes receivable from participants subject to specific guidelines as defined in the plan document, see Note 1. These transactions are not deemed prohibited party-in-interest transactions, because they are covered by statutory or administrative exemptions from the IRC and ERISA's rules on prohibited transactions.

NOTE 9 – TRANSFER OF ASSETS

During the year ended December 31, 2025, the Company completed acquisitions of two businesses. Eligible employees of the acquired entities became participants in the Plan, and the assets of the acquired entities' defined contribution plans were transferred into the Plan. As a result, the Plan received transfers totaling \$4,725,793, which included participant-directed investments of \$4,558,640 and participant loan balances of \$167,153. The transferred assets were recorded at fair value as of the respective transfer dates.

NOTE 10 SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through August 26, 2026, the date the financial statements were available to be issued. The Plan is not aware of any subsequent events which would require recognition or disclosure in the financial statements.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
PURIS, LLC 401(k) Plan
Conyers, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of PURIS, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of PURIS, LLC. 401(k) Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section.

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of PURIS, LLC 401(k) Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about PURIS, LLC. 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103 (a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the PURIS, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about PURIS, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PURIS, LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

NOTE 1 PLAN DESCRIPTION

The following description of PURIS, LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Effective March 1, 2022, the Plan name changed from Inland Pipe Rehabilitation, LLC 401(k) Plan to PURIS, LLC 401(k) Plan.

General

The Plan was adopted effective January 1, 2008, and is a defined contribution plan covering substantially all employees of the Company and Inland Waters Pollution Control, Inc. who are not covered by a collective bargaining agreement, excluding union members and non- resident aliens. Under the terms of the Plan, eligible employees start making salary deferral contributions on the first day of the month coinciding with or immediately following the date of hire. The Plan contains an automatic enrollment feature at an automatic deferral rate of three percent (3%) of compensation, unless the employee made a contrary election. The purpose of the Plan is to provide employees with retirement benefits. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year participants are permitted to make elective deferrals up to the maximum percentage of compensation and dollar amounts permissible under the Internal Revenue Service Code, not to exceed certain limits. Participants who have attained age fifty (50) by the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing Roth after-tax contributions or rollovers from other qualified plans and certain IRA's.

The Plan Sponsor may make matching contributions equal to a discretionary percentage of the participants' elective deferrals. For the year ended December 31, 2025, the Company elected to make matching contributions equal to 50% of the participant's deferrals up to 5% of the participant's pretax contributions. The Plan Sponsor's matching contribution totaled \$1,751,020 for the year ended December 31, 2025. The Plan Sponsor may also make discretionary profit-sharing contributions, to be determined by resolution of the Board of Directors. The Plan Sponsor did not elect to make discretionary profit-sharing contributions for the year ended December 31, 2025.

Participant Accounts

Each participant account is credited with pretax and rollover contributions made by the participant, the participant's portion of the Plan Sponsor's matching and discretionary contributions and income earned thereon. Income earned, which consists of interest, expenses, and gains and losses on investments, is allocated to participants' accounts at least annually based on participant account balances, as defined in the Plan Document.

Investment Options

Participants may direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers a registered investment companies and a guaranteed investment contract as investment options.

Vesting

Participants are immediately one hundred percent (100%) vested in their voluntary contributions, including rollover and transfer contributions from other qualified plans plus actual earnings thereon. Participants are one hundred percent (100%) vested in the remainder of their account (including employer matching and employer non-elective contributions).

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. The loan must be repaid within five (5) years through payroll deductions unless the loan is utilized for a principal residence, in which case the plan administrator may permit a longer repayment term. In the event of default, as described in the Plan, participants are considered to have received a distribution and are subject to income taxes on the distributed amount.

Payment of Benefits

On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or a distribution in the form of a rollover to another qualified plan. Upon reaching age fifty-nine and one-half (59 ½), participants may elect to receive in-service withdrawals. The Plan also maintains a provision for hardship withdrawals.

Forfeitures

When certain terminations of participation in the Plan occur, the non-vested portion of the participant's account represents a forfeiture. Forfeitures are used to reduce expenses related to the administration of the Plan or to reduce Employer contributions. As of December 31, 2025 and 2024, forfeitures amounted to \$1,795 and \$517, respectively. During 2025, forfeitures in the amount of \$2,019 were used to reduce expenses related to the administration of the Plan.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a description of the valuation methodologies used for assets measured at fair value.

Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Other administrative fees and expenses related to the administration of the Plan are charged directly to the participant's account and are included in administrative expenses.

NOTE 3 FAIR VALUE MEASUREMENTS

The Plan performs fair value measurements in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, which defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance. ASC 820 also establishes a fair value hierarchy that requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy establishes three (3) levels of inputs that may be used to measure fair value:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include significant inputs, other than Level 1 inputs, that are observable either directly or indirectly for substantially the full term of the asset through corroboration with observable market data. Level 2 inputs include quoted market prices in active markets for similar assets, quoted market prices in markets that are not active for identical or similar assets, and other observable inputs.

Level 3 – Inputs to the valuation methodology are unobservable inputs and significant to the fair value measurement.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Registered investment companies: Valued at the quoted market prices in active markets for shares held by the Plan at year end.

Common collective trust fund: Valued at the NAV of units of a collective investment trust. The NAV, as provided by the Fund's trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, a summary of the Plan's investments measured at fair value on a recurring basis as follows:

	Assets at Fair Value			
	Level 1	Level 2	Level 3	Total
<i>As of December 31, 2025</i>				
Registered Investment Companies:	<u>\$ 39,240,621</u>	<u>\$ ---</u>	<u>\$ ---</u>	<u>\$ 39,240,621</u>
Total Investments in the Fair Value Hierarchy	<u>\$ 39,240,621</u>	<u>\$ ---</u>	<u>\$ ---</u>	39,240,621
Common Collective Trust Fund Measured at Net Asset Value (a)				<u>701,466</u>
Total Assets at Fair Value				<u>\$ 39,942,087</u>

	Assets at Fair Value			
	Level 1	Level 2	Level 3	Total
<i>As of December 31, 2024</i>				
Registered Investment Companies	<u>\$ 26,458,944</u>	<u>\$ ---</u>	<u>\$ ---</u>	<u>\$ 26,458,944</u>
Total Investments in the Fair Value Hierarchy	<u>\$ 26,458,944</u>	<u>\$ ---</u>	<u>\$ ---</u>	26,458,944
Common Collective Trust Fund Measured at Net Asset Value (a)				<u>360,451</u>
Total Assets at Fair Value				<u>\$ 26,819,395</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

Investments Whose Fair Value is Calculated Using Net Asset Value Per Share

The following table sets forth additional disclosures for the investments whose fair value is estimated using net asset value per share (or its equivalent). The disclosures describe the nature and risks associated with such investments as well as whether it's probable those investments will be sold at amounts different from their reported net asset value per share based on redemption restrictions, if any.

	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common/Collective Trust - Stable Value Fund	<u>\$ 360,451</u>	<u>\$ ---</u>	See note (a)	See note (a)

- (a) Stable Value Fund: This class includes the Managed Income Portfolio Class 1 Fund. The fund is a collective investment trust for which the net asset value ("NAV) is based on the market value of its underlying investments. The fund seeks to maintain a stable net asset value (NAV) of \$1 per share, but it cannot guarantee that it will be able to do so. According to Fidelity, there were no unfunded commitments on the Fidelity stable value commingled pools as of December 31, 2025 and 2024. Participant level transactions (like a withdrawal) take place daily – typically the liquidation would be requested on one day and processed the next business day. Plan level liquidations (like a deconversion to another record-keeper) – require notice to Fidelity and could result in the plan's investment in MIP being placed into an investment only account for up to twelve (12) months. The fund files a Form 5500 as a Direct Filing Entity with the Department of Labor.

NOTE 4 CERTIFIED INVESTMENT INFORMATION

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA – required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024.
- Investment income and interest income from notes receivable from participants as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025.
- Investment information and participant loans included in the Schedule of Assets (Held at End of Year) as of December 31, 2025, as shown on the ERISA required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA required supplemental schedule.

NOTE 5 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate or partially terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will remain one hundred percent (100%) vested in their accounts.

NOTE 6 INCOME TAX STATUS

The Plan adopted a prototype non-standardized profit-sharing plan sponsored by Fidelity Management Trust Company which received a favorable opinion letter from the Internal Revenue Service dated June 30, 2020. The letter states that the Plan, as then designed, was acceptable in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the prototype sponsors and the Plan Administrator believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan. Management evaluated to Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2022.

NOTE 7 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan transactions are handled by Fidelity Management Trust Company, the record-keeper as defined by the Plan; therefore, such transactions qualify as party-in-interest transactions. Fidelity Management Trust Company is the trustee as defined by the Plan. The Plan also engages USI Advisors for investment management services. Fees incurred by the Plan for investment management services are paid through revenue sharing arrangements. Fees paid by the Plan for record-keeping and investment management fees amounted to \$150,399 for the year ended December 31, 2025.

Certain administrative functions are performed by officers or employees of the Company at no cost to the Plan. The Plan has notes receivable from participants subject to specific guidelines as defined in the plan document, see Note 1. These transactions are not deemed prohibited party-in-interest transactions, because they are covered by statutory or administrative exemptions from the IRC and ERISA's rules on prohibited transactions.

NOTE 9 – TRANSFER OF ASSETS

During the year ended December 31, 2025, the Company completed acquisitions of two businesses. Eligible employees of the acquired entities became participants in the Plan, and the assets of the acquired entities' defined contribution plans were transferred into the Plan. As a result, the Plan received transfers totaling \$4,725,793, which included participant-directed investments of \$4,558,640 and participant loan balances of \$167,153. The transferred assets were recorded at fair value as of the respective transfer dates.

NOTE 10 SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through August 26, 2026, the date the financial statements were available to be issued. The Plan is not aware of any subsequent events which would require recognition or disclosure in the financial statements.
