Plan Administrator

La Chiquita Tortilla Manufacturer 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C)

We have performed audits of the accompanying financial statements of La Chiquita Tortilla Manufacturer 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Independent Auditor's Report (continued)

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Independent Auditor's Report (continued)

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

LA CHIQUITA TORTILLA MANUFACTURER 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

1 – Description of Plan

General

The following description of La Chiquita Tortilla Manufacturer 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering eligible employees of Latino Enterprises, Inc. ("Plan Sponsor" or the "Company").

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility of Participants

Eligible employees, as defined, who have reached age 21 and who have completed one year of service, may contribute to the Plan upon meeting the entry date requirement. Entry dates are January 1, April 1, July 1, and October 1.

Contributions

Each pay period, participants may elect to make deferral contributions of their pretax and after-tax compensation, as defined, subject to limitations as to the amount under the provisions of the Internal Revenue Code (the "Code"). Participants who attain age 50 by the end of the plan year are eligible to make catch-up contributions. Beginning January 1, 2025, the SECURE 2.0 Act permits eligible participants who reach ages 60 through 63 during the calendar year to make enhanced "super catch-up" contributions.

The Company provides a safe harbor matching contribution of 100% of the first 3% of a participant's eligible compensation and 50% of more than 3% but not more than 5% of a participant's eligible compensation. The safe harbor matching contribution was \$358,712 for the 2025 Plan year.

The Company may also make a discretionary non-elective contribution to the Plan. No such contribution was made during the 2025 Plan year.

Participant Accounts

Each participant's account is credited with the participant's contributions, any Company contributions, and the allocation of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that the Plan pays. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined.

LA CHIQUITA TORTILLA MANUFACTURER 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS (continued)

1 – Description of Plan (continued)

Vesting

Participants are immediately vested in their contributions and the Company's contributions plus actual earnings.

Distributions

Upon death, disability, termination of service, or attainment of retirement age, a participant or his/her beneficiary is paid the value of the participant's vested interest in his/her account in a lump sum. An active participant is not entitled to make a withdrawal from his/her account until age 59 ½ or separation from service, unless the participant qualifies for a hardship withdrawal.

Notes Receivable from Participants

Participants may borrow up to the lesser of \$50,000 or 50% of the vested portion of their account balances, subject to certain restrictions, in accordance with interest rates established by the plan document. The loans are secured by the balances in the participants' accounts and bear interest at a rate commensurate with market rates for similar loans. Loan terms generally do not exceed 5 years. A participant may select a repayment term up to 30 years for loans used to purchase his/her principal residence.

2 – Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Company considers all highly liquid investments purchased with maturity dates of three months or less to be cash equivalents.

LA CHIQUITA TORTILLA MANUFACTURER 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS (continued)

2 – Summary of Significant Accounting Policies (continued)

Accounting Pronouncements

As of December 31, 2025, there were no new accounting pronouncements that had or were expected to have, including those not yet adopted, a significant impact on the financial statements or disclosures of the Plan.

The Plan assessed recent accounting pronouncements, noting none that would impact the financial statements or notes to the financial statements.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Administrative Expenses

Pursuant to provisions of the Plan, the Plan's expenses are paid either by the Plan or the Company. Certain expenses incurred in connection with the general administration of the Plan that the Plan pays are recorded as deductions in the accompanying statement of changes in net assets available for benefits. Expenses that are paid directly by the Company are excluded from these financial statements. Participant loan fees and investment-related expenses are paid from the Plan from participant accounts.

LA CHIQUITA TORTILLA MANUFACTURER 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS (continued)

3 – Fair Value Measurements

The Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1—Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2—Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level of an asset or liability within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in methodology used as of December 31, 2025 and 2024:

Mutual Funds—These investments are public investment vehicles valued using the Net Asset Value ("NAV") provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

NOTES TO FINANCIAL STATEMENTS (continued)

3 – Fair Value Measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's fair value measurements at December 31, 2025 and 2024:

	Level 1	Level 2	Level 3	Total
December 31, 2025:				
Mutual funds	\$ 5,518,998	\$ —	\$ —	\$ 5,518,998
	<u>\$ 5,518,998</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 5,518,998</u>
	Level 1	Level 2	Level 3	Total
December 31, 2024:				
Mutual funds	\$ 4,389,824	\$ —	\$ —	\$ 4,389,824
	<u>\$ 4,389,824</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 4,389,824</u>

4 – Information Certified by the Qualified Institution

All investment information disclosed in the accompanying financial statements and supplemental schedule of assets (held at the end of the year), including investments held at December 31, 2025 and 2024, net appreciation in fair value of investment, interest, and dividends income for the year ended December 31, 2025 was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Ascensus, LLC, as agent for Ascensus Trust Company, the trustee of the Plan.

5 – Party-in-Interest Transactions

Notes receivable from participants qualify as party-in-interest transactions. These transactions are not considered "prohibited transactions" under the Code and are not prohibited by ERISA.

6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in the Company contributions portion of their account.

7 – Operational Deficiency

During fiscal year 2025, management identified an operational deficiency related to employee deferral and employer matching contributions. Management has taken corrective action in accordance with applicable Internal Revenue Service (IRS) guidance and expects to complete the correction by restoring the remaining applicable earnings to the participant's account. Management believes the Plan continues to maintain its tax-qualified status. See Note 10 for additional information regarding the subsequent correction.

8 – Income Tax Status

On June 30, 2020, the IRS stated that the prototype adopted by the Plan, as then designed, qualifies under Section 401(a) of the Code. The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator believes that the Plan was designed and was being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that is more likely than not to be sustained upon examination by taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audits by taxing jurisdictions; however, there are currently no such audits in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2022.

9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10 – Subsequent Events

Subsequent to year-end, the Company substantially corrected the operational error related to employee deferral and employer matching contributions identified during fiscal year 2025. The Company expects to complete the correction by restoring the remaining applicable earnings to the participant's account. Management believes the correction is being completed in accordance with applicable IRS guidance and that the Plan continues to maintain its tax-qualified status.
